STUART'S PLAN UTTER FAILURE, SAYS BRECKONS

Declares Scheme for Taking Away Popular Franchise Won't Get Anywhere

Strong condemnation of Judge Stuart's proposal for a commission government for Hawaii is voiced by Robert W. Breckons, who points to it as a scheme for taking away the franchise from the electorate of the territory.

Mr. Breckons said today: "Judge Stuart's proposition for a commission form of government will be relegated to the archives in short order and will be remembered only as a Democratic plan for the taking away of the franchise and a Democratic claim that we cannot govern ourselves."

"The plan is a bad one, but fortunately hopeless of fruition. Republicans will see to it that the politics of its author are known."

BRIEF BITS ON MEN, PLANS AND EVENTS AT HONOLULU'S "Y"

Members of the Dormitory Club of the Y. M. C. A. honored St. Patrick Friday evening in a program which was featured with Irish skits and Irish acts.

In addition to being St. Patrick's night it was ladies' night as well.

C. A. Pease and H. C. Alexander were the star performers in the games hall, giving exhibitions on the horizontal bar, featuring the giant swing.

Rev. Mr. Ebersole will select as his first topic "The Organization of Society."

"What Jesus Says About Present Day Social Questions" will be the new course of study offered by Rev. A. A. Ebersole of the Central Union church before the members of the Y. M. C. A. Bible class.

Rev. Mr. Ebersole will select as his first topic "The Organization of Society." He has outlined a number of interesting phases of the New Testament ideas on labor, capital and the home.

AMERICAN SCHOOLS BEST FOR JAPANESE WHO WILL LIVE HERE

Japanese children of Hawaii, who are to become subjects of the emperor, should return to Japan when they are still under school age.

This is the opinion of Rear Admiral K. Ide, expressed in an interview granted Friday, when the two warships, Tokiwa and Chitose, of which he is in command, called here for supplies.

Two English scientists, who are experimenting, expect to solve the problem of producing electricity directly from coal without using a steam engine and dynamo.

BEGINS SIXTH YEAR OF WORK AS MINISTER

David Cary Peters yesterday began his sixth year as pastor of the local Christian church. His sermon to the members of the congregation was entitled "The Measure of the Divine Equipment."

The speaker pointed out that the fourth and most intimate work of the minister is that of a pastor. The first, second and third work, he explained, show the minister as evangelist, prophet and director.

"This is a tremendous task," he added. "Who is equal to these things? Five years ago, I came to you with this vision of the work of the minister. It has been my constant aim to reach this goal."

HILO MAN'S RELATIVE FIRST BRITISH SOLDIER TO WIN FRENCH MEDAL

Drummer H. A. Eldridge, a relative of F. J. Benny of Hilo, is the first British soldier to win the Victoria Medal—the Victoria Cross of France.

He held a trench for an hour and a half alone, holding off a force of Germans by means of bombs.

The remains, which have been cremated, will be taken back to the former eastern home of Mrs. Renear.

TRIBUTE PAID TO MEMORY OF MRS. T. G. THURM

Funeral services for Mrs. Thomas G. Thurm, who had lived in Honolulu for almost half a century, were held at the Central Union church yesterday.

Mrs. Thurm was a charter member of the church and Dr. Scudder, in referring to this fact, declared that she "more than any other had given her whole soul into the upbuilding of the church."

The pallbearers were: C. H. Atherton, W. Charlock, C. H. Merriam, A. Lindsay, Jr., F. C. Atherton and John Watt.

SERVICES HELD YESTERDAY FOR MRS. E. W. RENEAR

Friends of Mrs. Eunice Whitaker Renear filled to overflowing the Bible class room in Central Union church during the services held there yesterday afternoon in her memory.

Rev. Mr. Horl, pastor of the River street church, Rev. Akana, pastor of the Young People's League church, and Dr. Doremus Scudder of Central Union church spoke of the loftiness of purpose that had actuated the life of the Christian worker.

The remains, which have been cremated, will be taken back to the former eastern home of Mrs. Renear.

HAWAIIAN PAPER IS NOW PLANNED BY ASSOCIATION

Hawaiian Protective Organization May Soon Launch Public Organ

The Hawaiian Protective Association, launched by Hawaiians nearly two years ago, largely as a result of Delegate Kuhio's speeches during the political campaign, is to have an official organ.

For some time there has been rumors that the leaders of the association would publish a weekly or monthly paper. William J. Sheldon, former member of the legislature from Kauai and now practicing law in the district courts, was mentioned as one of those interested in the new venture, and Sheldon this morning confirmed the rumors.

"The new paper has not been established, but matters will be in more tangible shape soon," he said. "There is some talk of calling the paper the Holomua and John Wise may be editor."

Wise ran the Hawaii Holomua a few years ago, the title signifying "Progressive Hawaii," but without any Bull Moose affiliations or implications. "The object of the paper," Sheldon continued, "will be to stimulate Hawaiian development and impress on them the benefits of belonging to the association. The paper will be non-political."

Among those he mentioned as being interested are Delegate Kuhio and Mayor Lane. He denied the report that the old Holomua, run by Wise, has been bought, saying that this is an entirely new venture.

DOUGHNUTS SHOULD NOT BE EATEN

Doughnuts are hard to digest and may cause appendicitis. Honolulu people should know that simple buckthorn bark, glycerine, etc., as mixed in Adler-ka, often relieves or prevents appendicitis. This simple remedy acts on BOTH upper and lower bowel, removing such surprising foul matter that ONE TEASPOONFUL relieves almost ANY CASE constipation, sour stomach or gas.

The Gas range has been called "the cook stove with a college education."

The use of GAS for cooking instead of slow, dirty, expensive wood or coal is as much an advance as that from "the little red schoolhouse" to the modern university.

Let our representative call on you—just call 3424.
