PRODUCING ALL-AROUND GIRLS AIM OF Y. W. C. A. AT HOME AND ABROAD

Special Vesper Service to Be Held at Local Association Tomorrow Afternoon

In celebration of the semi-centennial anniversary of the founding of the Young Women's Christian Association, the Y. W. C. A. of Honolulu has announced a special vesper service to be held tomorrow afternoon in the Y. W. C. A. auditorium. Dr. James Monroe Taylor, president emeritus of Vassar college, will be the principal speaker and a musical program of unusual merit is being prepared. Because of the prominent work Doctor Taylor has done in women's education, his address on this occasion will be of much interest.

At this time of the completion of 50 years of its growth and service as an organization much attention is being given the broad scope of the activities of the association.

One of the most conspicuous lines of service along with the educational, social and religious activities has been in the contribution the Y. W. C. A. has made in the promotion of wholesome physical exercise and recreation for women and girls.

At the present time the local organization has nearly 200, 188 to be exact, girls and women in its gymnasium classes taking regular exercise. Tennis and swimming, as outdoor activities, are also features. The advent of the new building, with its large, airy gymnasium has caused a great increase of interest in this phase of the activity of the association.

It is this sort of physical work that is sponsored and promoted by the Y. W. C. A.'s everywhere. Concerning the value of this work the international committee of the association has the following to say: **The All-Around Girl.**

"The girl who can paddle a canoe, win a tennis match, bowl, skate on ice or rollers, play basket-ball and do the hundred and one other physical 'stunts' works harder, plays fairer and is more help to her family, her friends, her employer and her community than her sister who is not acquainted with any of the all-the-year-around activities of recreation and sport life.

Active Agency for Women. "The Young Women's Christian Association has been one of the most active agencies in popularizing physical education as the foundation of health and happiness in the lives of girls and women. There is now regular class work in more than 191 association gymnasiums and the registration in 1914 showed an increase of 18,000. The statistics for 1915 have not yet been fully compiled, but the increase for last year bids fair to be well over the mark for 1914.

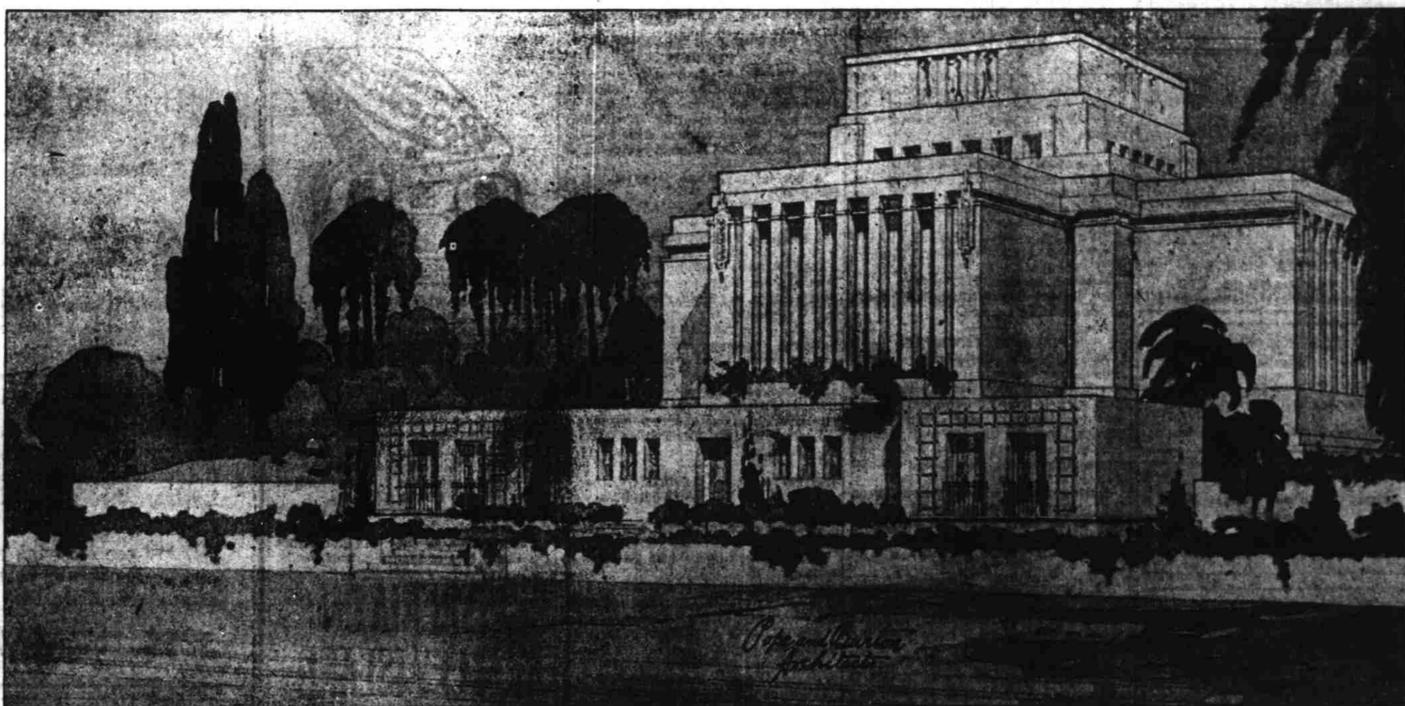

"Ten years ago the associations had no swimming pools. Today there are 54 in active operation. 'Health and safety' is the slogan that is fast making the swimming pool a rival of the gymnasium in the favor of young women everywhere.

"Then there are the summer camps which are bringing girls the outdoor joys and privileges which their more fortunate brothers have had for several years. The military tactics, the 'likes,' and the cooperative spirit enjoyed there are as essential to recreation, health and character-building during the summer months as are the games and athletics of the winter season.

Emphasize Good Posture. "Wide-spread attention has been focused on the need of emphasizing good posture as fundamental to health and a great aid in promoting cheerfulness of spirit, capacity for work and powers of endurance. The standards approved by the national board of the Young Women's Christian Association was the basis of a national posture contest for which prizes were awarded at the Panama-Pacific International Exposition.

"All the activities whether in the nature of social or physical training are based upon practical hygiene in dress, diet, care of the person, exercise and rest. The department hopes to be in a position soon to lay down tried and true types of physical training for women adapted to age, occupation and living conditions; and underlying these it hopes to develop a well defined code on the ethical use of physical powers and the responsibility of all women to give equal thought to their physical, intellectual and spiritual well-being and efficiency, for only under such well-balanced conditions can they attain their best and be of the most service to those with whom they come in contact either personally or through any medium by which they are enabled to express themselves."

New Mormon Temple at Laie Will Be First of Kind Built in Tropics

The new Mormon Temple at Laie, this island, according to architect's drawings. Work has already been begun, and the structure will be finished within one year.

Hawaii will soon be in a position to boast of the only Mormon temple in a tropical country, and the second building of its kind to be erected outside of mainland United States. Reproductions of the architect's drawings of the new temple, which is to be located at Laie, this island, reached Honolulu this week.

The new temple, for which the foundation is now being laid, will be situated on an eminence overlooking the Pacific ocean, as shown above, and, according to the architects, Messrs. Pope and Burton of Salt Lake City, Utah, the style of construction will be similar to that used in the

temple now being erected in Canada. It will consist of a predominating central feature with four wings, one on each side, the annex containing the business offices, forming a terraced effect in front. Supporting columns of a simplicity and sturdiness comparable to those of the old Greek

temples are to be placed in such a manner as to provide a maximum amount of window space, most necessary because of the warm climate. Art glass will be used in the windows with ornamental lattice screens. A bas relief in the upper part of the central feature will depict principal

events in church history. The interior will be finished in native hardwood. A creamy white color scheme will prevail in the building, which it is thought will be most effective against the luxuriant tropical foliage of the surrounding gardens. It is expected that the building will be finished within a year.

MARRIAGE AND DIVORCE WILL BE DISCUSSED

Rev. A. A. Ebersole to Explain Attitude of Church on These Questions

"The Family, Marriage and Divorce" will be the topic for Rev. A. A. Ebersole's second discussion on "What Jesus Says About Social-Questions," next Tuesday evening. This is the second in a series being offered at the Y. M. C. A. for the men of the city.

The attitude of the church on the question of divorce and remarriage will constitute much of Mr. Ebersole's discussion. Those men who are present may contribute their views on the subject.

The fact that Jesus Christ considered the family as the fundamental in social organization will be brought out and illustrated by Mr. Ebersole. There has been much breaking down of the family under the stress of modern conditions. How it can be more strongly reestablished will be considered at the Tuesday session.

"Woman's Place in Society" will be the topic for April 4. Seven other interesting subjects will follow. The class meets in Cooke hall, Y. M. C. A., at 6:45 o'clock and adjourns within an hour.

SPECIAL LENTEN SERVICES FOR CENTRAL UNION

A series of special Lenten services will be held at Central Union church as given in the following outline:

- March 29.—"The Conversation with James, John and Salome." Leader, the minister.
- April 5.—"Jesus and Bartimeus." Leader, the associate minister.
- April 12.—"The Encounter with Zaccheus." Leader, the minister.
- April 18.—"The Personal Interviews of Tuesday in Holy Week." Leader, the associate minister.
- April 19.—"At the House of Lazarus." Leader, the minister.
- April 20.—"In the Upper Room." Leader, the minister.
- April 21.—"On the Cross." Leader, the associate minister.

FATHERS AND SONS TO DINE NEXT FRIDAY

Will Meet at Central Union Church for Banquet and Program of Sports

The executive committee of the Men's League of Central Union church, of which former Governor Walter F. Frear is chairman, has issued the following announcement:

"The next meeting of the Men's League of Central Union church Friday evening, March 31, will be 'Father and Son Night.' If you have a son 12 years old or older, bring him as your guest. If you haven't a son, invite some other boy. We have at the church office the names of the boys who ought to be there, and we shall be glad to advise with you in selecting one of them whom you can invite."

Following is the program: 6:30 to 6:35—Assembly in church parlors. Musical novelties. 6:35 to 7:30—Supper in the parish house. Fifty cents a plate (man and his boy, \$1). Music, songs and stories while we eat.

7:30 to 9:00—An indoor father and son athletic meet. Tables and chairs will be removed and mats brought in, changing the parish house into a gym. Glenn Jackson, physical director of the Y. M. C. A., will have charge. Here are some of the events: 1. Relays—run and roll. 2. Black and white—five throws. 3. Hit the monkey. 4. Ride the boom. 5. Are you there, Casey? 6. Wrestling and boxing. 7. Tug-of-war.

GIRLS' VESTED CHOIR WILL SING TOMORROW

Last Sunday for the first time the new girls' vested choir took part in the worship of the First Methodist church. For nearly two months Mrs. William Henry Fry has been selecting the material for this organization and drilling the girls and their work last Sunday was received most favorably. There are 16 girls in the organization and they will have charge of the music at the morning services of the church during the coming months. Their appearance in their new vestments was striking and their voices were most pleasing.

The three Americans, Mrs. Farwell, Miss Mitchell and Dr. Henry Forbes, reported to have been mistreated by the Bulgarians and interned at Mostar, have been released.

World's Strides In Temperance

California. The "drys" have won their first skirmish in the fight for state-wide prohibition. The victory came when they compelled the adoption of a ballot title for the liquor traffic restriction amendment which sets forth what the amendment is, and not what the wets are attempting to make it out to be. There are two dry amendments to come before the voters this November; one providing for absolute prohibition after January 1, 1920; the other that after January 1, 1918, no alcoholic liquor shall be kept, given away or sold in any saloon, store, hotel, restaurant, club, dance hall or other public resort.

Denver Gains Families. Three thousand families moved to Denver from other parts of the United States and elsewhere during the last six months of 1915. They did this with the knowledge that prohibition was to become effective January 1. Nearly all the families rented or purchased houses and established homes. Every state in the union, and several foreign countries, was represented.

Did Not Know State Was Dry. A prohibition Rip Van Winkle turned up in Colorado a few days ago. He dropped into a drug store and asked for a quart of alcohol. The clerk laughed. The proprietor was called and he joined in the laugh. When the man was finally convinced that he could obtain no alcohol there or in fact at any drug store in the state, he explained that he had been prospecting and that he had heard no mention of the state-wide prohibition law which went into effect December 1.

Workhouse Poorly Patronized. Wheeling, West Virginia, is maintaining a nice comfortable workhouse where three square meals are served

every day, but it now appears that it may have to be closed for want of patronage owing to the lack of saloons. In a report to the board of control the superintendent lists but nine inmates, the poorest showing for February in the history of the institution. Ordinarily at this season of the year the workhouse has from 90 to 100 inmates.

Cuba to Regulate Drinking. The Cuban department of health is reported to be planning to regulate the consumption of alcoholic liquors and the secretary of sanitation has requested the board of sanitation to recommend ways and means. It has been suggested that the sale of all alcoholic drinks be restricted to certain hours, and that the sale be absolutely forbidden to persons apparently intoxicated.

Justice for Brewers. The fight was taken out of the brewers in Pennsylvania when 101 indictments were returned against them recently. A wild stampede to Atlantic City followed, where it was announced that plans for defense would be laid.

High Spots in Line-up. High spots of the program the dry forces of Illinois will present to the next general assembly were announced by the superintendent of the Anti-Saloon League, at a meeting of field workers at the Hotel La Salle. The first class of the wet and dry forces will come on April 4, when about 150 towns in the state will vote on local option.

Norristown, Pa. Records in the office of the clerk of courts show that 14,000 barrels of beer fewer than in 1914 were manufactured last year in the leading breweries of the county and about 3300 fewer barrels of whisky in the one distillery.

CHURCH BUILDING AT KALUAHA WILL HAVE EXTENSIVE REPAIRS

[Special Star-Bulletin Correspondence.] WAILUKU, Maui, March 22.—Leaving on Saturday's Mikahala for Molokai, Rev. Henry P. Judd, Rev. Norman C. Schenck, Rev. Willis B. Coale and Rev. Rowland B. Dodge arrived in Molokai that afternoon. Services were held Sunday morning at the Kaluaaha Church, Pukoo, at Waialua in the early part of the afternoon and at Halawa in the evening.

The trip was both a preaching tour of this side of Molokai and also an inspection of church buildings. It was decided at an important meeting of the deacons of the Kaluaaha Church that the old building should be further repaired. George P. Cooke, H. Rexford Hitchcock and Theodore T. Meyer will be the committee in charge of the repairs and will act for the church and the Maui Aid Association. The parsonage of Rev. Isaac D. Ica will be undertaken as soon as the church is finished. It is hoped that both buildings, together with the new Wailua Church edifice may be completed during this fiscal year.

BISHOPS VISIT HERE ON WAY TO COAST TO ATTEND CONFERENCE

Among the passengers on the Nippon Maru today are Bishop John W. Robinson of India and Bishop William P. Eveland of Manila. Both ecclesiastics are superintendents of the work of the Methodist church in their respective fields and are on their way home to attend the sessions of the general conference of the Methodist Episcopal Church, which will be in session during the month of May in Saratoga Springs, N. Y. In local Methodist circles it was hoped that the departure of the Nippon Maru would be at such an hour that these great missionary leaders could be heard in the local pulpits. In that case Bishop Robinson would speak in the First Methodist church and Bishop Eveland would address the Filipino people at the Filipino mission on Queen street.

Turkey is considering a proposal to prohibit all exports of tobacco.

Y. W. C. A. WILL OBSERVE 50TH ANNIVERSARY

Dr. T. M. Taylor Will Speak During Jubilee Vesper Service in City Tomorrow

In celebration of the fiftieth anniversary of the organization of the Young Women's Christian Association the local association will hold a "jubilee vesper service" tomorrow afternoon in the Y. W. C. A. building. Dr. James Monroe Taylor, president emeritus of Vassar College, will speak and a girls' chorus, under the direction of Miss Edith Gattfield, will sing. The month of March closes the first 50 years of the history of the worldwide Y. W. C. A. During this period the association has grown from a small group of 30 women in the city of Boston to a present membership of 343,000 women and girls in the United States and a total of 780,000 throughout the world. The local branch, together with all other branches around the world, is observing this notable milestone in the history of the organization.

Dr. Taylor to Speak. The religious work committee of the association, which is in charge of tomorrow's meeting, is fortunate in being able to secure as the speaker for the occasion a man so prominent in educational work among women. Because of his long association with Vassar College Dr. Taylor has been in touch with the great organizations of women among which, as a religious organization, the Y. W. C. A. stands in the forefront. He is peculiarly fitted to present a message on an occasion of such significance in the history of this organization, which has made such a great record in its work for the highest welfare of young womanhood.

The Y. W. C. A. chorus, which has been trained by Miss Gattfield, is made up of members of the various girls' clubs. Special musical numbers will be given by the chorus and a club of Hawaiian girls will sing an old Hawaiian hymn in Hawaiian.

Girls' Clubs to Attend. The girls' clubs of the Y. W. C. A., which are under the direction of Miss Annette Dieckmann, are planning to attend in groups with their various leaders. Members from the various clubs will act as ushers at the service. The clubs and their leaders as they will attend are: Tsi Min, Mrs. Mollie Yap; Girls' Guardian, Miss MacFrazier; Kailani, Miss Mary Apo; Jolly McKinleyites, Thelma Wickander; Lei Mamo, Nancy Panewa; Business Girls' Club, Miss M. Nelson; Nanihi, Yoshi Tseyi; Hui Holomua, Miss Rose Holt; Aloha Club, Miss Norma Adams; Maile Club, Miss Lenora Andersen.

TEACHING OF BOYS FORMS SERIES TOPIC

Ten Interesting Lessons Will Be Given at Y. M. C. A. By Charles T. Fitts

With a large enrolment of students, including representatives from the Methodist, Portuguese Evangelical, Christian, Kamehameha Schools and Central Union Sunday schools, and from the various Bible class groups of the Y. M. C. A., the teacher training class under C. T. Fitts was organized at the Y. M. C. A. last Wednesday evening.
"Teaching Boys' Classes" is the general subject for study in the 10-lesson course which the instructor has outlined. Following a standard text, the methods of teaching and the psychology of "teen age" boys will be studied. Because of the experience of the instructor in both day school and Bible school instruction the class promises to be of high standard and of large practical value to the students.
This class will meet each Wednesday evening from 6:30 to 7:30 o'clock for a period of 10 weeks. At the first meeting of the class the topics, "What is Teaching?" and "The Teacher's Qualifications" were taken up. This lesson will be thoroughly reviewed at the beginning of the hour next Wednesday. This will make it possible for new students to enroll for the class and enter at that time.
