STAR-BULLETIN GIVES YOU TODAY'S NEWS TODAY.

BY AUTHORITY. BILL NO. 137. ORDINANCE NO. AN ORDINANCE TO AMEND ORDINANCE NO. 41 OF THE CITY AND COUNTY OF HONOLULU, ENTITLED "AN ORDINANCE ESTABLISHING RULES AND REGULATIONS FOR THE PLUMBING AND DRAINAGE OF BUILDINGS AND THE CONSTRUCTION OF HOUSE SEWERS IN THE CITY AND COUNTY OF HONOLULU, TERRITORY OF HAWAII; PROVIDING FOR THE APPOINTMENT OF PLUMBING INSPECTORS OF THE CITY AND COUNTY OF HONOLULU, AND PRESCRIBING THEIR POWERS AND DUTIES; PROVIDING FOR THE EXAMINATION, REGISTRATION, LICENSING AND BONDING OF PLUMBERS IN THE CITY AND COUNTY OF HONOLULU; AND PRESCRIBING PENALTIES FOR VIOLATIONS OF THE PROVISIONS OF THE ORDINANCE," AS AMENDED BY ORDINANCES NO. 49 AND NO. 86; AND ADDING NEW SECTIONS KNOWN AS 26A AND 26B.

Be it Ordained by the People of the City and County of Honolulu: SECTION 1. Section 8 of said Ordinance is hereby amended to read as follows: "Section 8. Plans of house plumbing and house sewers and application for connections to be filed. It shall be unlawful for any person or persons, partnership or corporation to do any plumbing work of any description in any building or upon any property or to do any sewer work in the City and County of Honolulu, except in case of stoppage in pipes or repair of leaks in drains, vent pipes, waste pipes, faucets, valves and water supply pipes, without first having filed with the plumbing inspector plans and specifications which shall clearly show and indicate the entire work to be done, the number and character of all fixtures, the size and locations of all drains, waste, soil and vent pipes, traps and clean-outs, and whether connection is to be made with the sewer or with a cesspool.

"It shall be unlawful for any person, partnership or corporation to connect or to aid in, or to cause a connection to be made, or to make use of the public sewer system of the City and County of Honolulu without first having filed an application, written in ink, and obtained the written approval of the plumbing inspector. "Application shall be signed by the owner or by some one on his behalf, thereunto duly authorized, and the application shall upon such form answer truthfully without concealment all pertinent questions put to him by authority of this or any other ordinance of the City and County of Honolulu, or the sanitary code of the territorial board of health, or general orders governing the use of the sewer system of the City and County of Honolulu."

SECTION 2. Section 9 of said Ordinance is hereby amended to read as follows: "Section 9. Fees for permits. No permits shall be issued to any person or persons, partnership or corporation for doing plumbing work in the City and County of Honolulu until the fee therefor have been paid to the general manager of the water and sewer works department, or his duly authorized agents or representatives, according to the following schedule: The fee for the installation of fixtures shall be fifty (50) cents for each fixture; and for the inspection of any house sewer one dollar (\$1.00); provided that this section shall not apply to the repair of leaks in drains, vent pipes, waste pipes, faucets, valves or water supply pipes or to the removal of obstructions in pipes."

SECTION 3. Section 12 of said Ordinance is hereby amended to read as follows: "Section 12. House sewer. The term 'house sewer' as used in this Ordinance designates that part of the drain between the 'clean-out' at or near the property lines, or a cesspool, and to within five (5) feet of the building connected or to be connected with the sewer or cesspool.

"House sewers shall not be less than four (4) inches in diameter, and shall be of cast iron pipe or salt glazed vitrified pipe, and shall be laid to a true grade, at least one foot underground. Changes in directions shall be made by 'Y' branches and 1-6, 1-8 or 1-16 bends. Salt glazed vitrified pipe will not be allowed under any building. If salt glazed vitrified pipe is used in the construction of any sewer, it shall have a fall of at least one-quarter of an inch to the foot, the joints shall be made of mortar, composed of equal parts of Portland or other good standard cement and clean-sifted sand, and said joints shall be covered with cloth in laying. A disc entirely filling the house sewer pipe shall be kept in the pipe and drawn forward as each length is laid. When salt glazed vitrified pipe is used in tide or surface water, the same shall be concreted entirely around the pipe to a thickness of at least four (4) inches. When cast iron pipe is used all joints shall be packed with pickled oakum and run with molen lead, and shall be caulked, and shall have a fall of not less than three-sixteenths of an inch to the foot. In the construction of any house sewer no intermediate section of salt glazed vitrified pipe shall be used between sections of salt glazed vitrified pipe. The free flow of air shall not be obstructed in any house sewer when connected with any cesspool or sewer."

SECTION 4. Section 14 of said Ordinance is hereby amended to read as follows: "Section 4. Soil pipe. The term 'soil pipe' as used in this Ordinance shall designate the vertical pipe to which one or more water closets or other fixtures are connected. All soil pipe shall be of cast iron or galvanized wrought iron pipe not less than four (4) inches in diameter, and, if of cast iron, in buildings of over three (3) stories, shall be of extra heavy grade. All soil pipe shall be

continued unobstructed and undiminished in size not less than one (1) foot above the roof of the building. All soil pipe shall be run on as straight a line as possible and shall not terminate within ten (10) feet of any window or opening. If galvanized wrought iron pipe is used all the fittings must be re-cased and the pipe reamed to full bore.

"In the construction of soil pipes, all cast iron pipes and fittings shall be covered inside and outside with a coating of asphaltum. Changes in direction of soil pipes shall be made by 'Y' branches, and 1-6, 1-8 or 1-16 bends; and in no case shall double hubs be used except for vent fittings where the fittings are to be inverted. Sanitary 'T's' may be used in vertical runs. Tin pipes and pipes made from sheet metal shall not be used in the construction of soil or waste pipes.

"No four by two (4x2) or other heel outlet fittings shall be allowed to act as a waste or vent pipe through the heel opening, except on vertical lines. The use of cements of any description to repair splits or breaks in cast iron pipes or fittings shall not be allowed.

"Not more than the following number of water closets may be connected on the various sizes of soil pipes designated below: "12 water closets on 4-inch soil or branch pipe.

"25 water closets on 5-inch soil or branch pipe.

"60 water closets on 6-inch soil or branch pipe.

"No soil or drain pipe shall be more than six (6) inches in diameter, and when a greater number than sixty (60) water closets are in one building, two (2) soil or drain pipes must be run to the main sewer in the street, and shall be continued up to and through the roof in full size; and where vertical lines of soil pipes extend to water closets on the third floor the same must extend full size through the roof."

SECTION 5. Section 16 of said Ordinance is hereby amended to read as follows: "Section 16. Traps. All fixtures shall be separately and independently trapped as near the opening thereof as is practicable. All traps shall have a water seal of not less than one and one-half (1 1/2) inches in depth and shall be set true to water seal. The size of every trap shall be the same as the waste pipe it serves.

"No grease traps shall in any case be placed under a building or structure. Grease traps shall be used only for restaurants, hotels, tenements and boarding houses. All grease traps shall have a capacity of not less than thirty (30) gallons and shall be constructed subject to the approval of the plumbing inspector.

"No bell trap shall be used in any case. "Anti-siphon traps shall be used only where the plumbing inspector finds that it is impracticable to use any other.

"All traps in the ground or in concrete shall be of galvanized or cast iron pipe coated with asphaltum.

"All traps with internal partitions or any mechanism forming a seal are strictly prohibited.

SECTION 6. Section 19 of said Ordinance is hereby amended to read as follows: "Section 19. Water closets. The use of pan, hopper or plunger closets is prohibited. No water closet, slop sink or urinal shall be placed or maintained in any room in which there is not a window opening direct to the external atmosphere; provided that, in lieu thereof, such may be ventilated by means of a shaft or air duct at least eight (8) inches in diameter or of equal area and as near the ceiling as possible, and carried thence through the roof. Stop cocks shall be placed on all supply pipes to water closet tanks, between the tank and the floor.

"In factories, workshops, tenements and rooming houses there shall be provided one (1) water closet for each ten (10) persons, or fraction thereof, of each sex.

"Range closets are strictly prohibited; provided, however, that an exception may be made, by special permission of the Board of Supervisors, in the case of hospitals for insane persons.

"Toilets shall be separate in all cases. All residences shall be provided with at least one water closet and one sink.

"All water closets, earthen or iron, having traps above the floor, using lead connections, shall be fastened to the floor and made perfectly tight with lead putty connections, or by such other method as may be approved by the plumbing inspector. And when iron connections to water closet traps are used, they shall be cast or galvanized wrought iron pipe with case brass flanges not less than one-eighth of an inch thick and the flanges either caulked or screwed on.

"Rubber gaskets shall not be used."

SECTION 7. Section 22 of said Ordinance is hereby amended to read as follows: "Section 22. Clean-outs. "(a) General provisions for all clean-outs. All 'clean-outs' shall be so placed as to be accessible, and where a cement floor is laid said clean-out shall be brought up flush with the floor.

"All 'clean-outs' shall be sealed to the satisfaction of the plumbing inspector and shall not be used as floor drains or for purposes other than the cleaning of fixtures, house or side sewers."

"(b) Clean-outs for plumbing fixtures. 'Clean-outs' shall be installed in all soil and waste pipes, and shall be so placed as to be accessible, and where a cement floor is laid, said clean-outs shall be brought up flush with the floor.

"(c) Clean-outs for house and side sewers. A 'clean-out' for house and side sewer shall be installed in each sewer line between the 'house and the side sewer'; and said 'clean-out' shall be used only for the purpose of cleaning house and side sewer."

SECTION 8. Section 26 of said Ordinance is hereby amended to read as follows: "Section 26. Exhaust, blow-off and drip pipes. No steam exhaust, blow-off or drip pipe shall be connected to the public sewer except upon the written approval of the plumbing inspector."

SHIP-OWNERS OF PHILIPPINES ARE WARNED

The Philippines are having trouble over a recent ruling of the attorney general of the islands forbidding ship-owners operating vessels in inter-island trade from selling or leasing their ships when it deprives people in the islands of their services as common carriers. A news story in the Manila Bulletin says:

"Although the attorney general of the Philippine islands has handed down an opinion to the effect that total ship-owners are liable to a fine of not more than P25,000 for selling, leasing or otherwise disposing of vessels owned by them and operated in the inter-island trade, when such sale, lease or disposal will deprive the people here of their services as common carriers, it was learned recently that the government has no intention of initiating prosecutions in any case where real and material inconvenience to the traveling and shipping public is not occasioned, and that, except in the latter case, the board of public utilities commissioners will be inclined to grant authority for such sales or charters as local owners may desire to make.

"Government officials maintain that the organic act creating the board of public utilities commissioners unquestionably confers upon that body the right to demand that its consent be secured by shipowners operating vessels as common carriers in the inter-island trade before disposing of their ships, but in spite of this fact the present intention seems to be to go slow in the matter of prosecutions."

More than 75 persons, several of them women, were arrested in Detroit, when the police there began a roundup of Eastern gunmen who have made Detroit their headquarters lately.

LEGAL NOTICES.

IN THE UNITED STATES DISTRICT COURT for the Territory of Hawaii, The United States of America, Plaintiff, vs. A. HANEBERG, et al., Defendants.

Action brought in said District Court, and the Petition filed in the office of the Clerk of said District Court, in Honolulu.

The President of the United States of America, greeting: A. HANEBERG; JOHN H. ESTATE, Limited, a corporation organized and existing under and by virtue of the laws of the Territory of Hawaii; E. C. PETERS; J. A. MAGOON; KAM SHEE; YOUNG TAU; SEE SUNG WAI; OAHU SUGAR COMPANY, Limited, a corporation organized and existing under and by virtue of the laws of the Territory of Hawaii; HING CHONG; THE TERRITORY OF HAWAII; JOHN BROWN, JAMES BLACK, TOM WHITE, RICHARD ROE, JOHN DOE, MARY BROWN, SARAH BLACK, MARY ROE, JANE DOE and CARRIE ROE, unknown owners and claimants;

You are hereby directed to appear and answer the Petition in an action entitled as above, brought against you in the District Court of the United States, in and for the Territory of Hawaii, within 20 days from and after service upon you of a certified copy of Plaintiff's Petition herein, together with a certified copy of this summons.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment of condemnation of the lands described in the Petition herein and for any other relief demanded in the Petition.

WITNESS THE HONORABLE SANFORD B. DOLE and THE HONORABLE CHARLES F. CLEMONS, Judges of said District Court, this 27th day of November, in the year of our Lord one thousand nine hundred and fifteen and of the Independence of the United States the one hundred and fortieth.

(Signed) F. L. DAVIS, Clerk.

(Memo—By order of Court:) The foregoing suit seeks to condemn for military purposes land situated at north end of Waipio Peninsula, Waipio and Waikalea District, Island of Oahu, Territory of Hawaii, as shown on map 224-15, office Department Engineer, U. S. Army, Honolulu, including 10.63 acres rice; 2.76 acres sugar; 1.18 acres salt marsh; and 5.46 acres of other land; this tract as described in the petition has its point of beginning on east side of road running in southerly direction from Wai-pahu Railroad station and at a distance of about 1,970 feet along said road from railroad crossing at a station marked by a 3-inch iron pipe, from which station Ewa Territorial Triangulation Station bears by true azimuth 232 degrees 23 minutes 30 seconds.

6362-Jan. 4, 11, 18, 25, Feb. 1, 8, 15, 22, 29, Mar. 7, 14, 21, 28 Apr. 4.
