## CUBA EXPECTING 5,000,000 TONS IN THREE YEARS

### C. G. Owen Tells of Sugar Prospects in Island; Don't Want Tariff Removed

Cuba doesn't want her sugar to come into the United States duty free. That is the rather paradoxical situation found by Clinton G. Owen, superintendent of the Hawaiian Fertilizer Company's factory, who returned last week from a six months' trip which included Cuba and Mexico. On this trip he noticed a number of things of interest to Hawaii.

"Strange as it may seem, Cuba isn't in favor of the free-sugar bill, but a moment's thought will show why," he said. "Under the present tariff law Cuba enjoys a 20 per cent preferential or differential, that is, her sugar comes into the United States at 20 per cent less tariff than does other foreign sugar. Cuba can make money at the present tariff rate, she has to pay and the differential gives the Cuban planters a marked advantage over other foreign sellers."

"Cuba's crop is developing fast. I was told while in Havana that in three years the Cuban crop will reach 5,000,000 tons. The sugar industry there is flourishing, but the tobacco planters are depressed because the war has hit their markets, particularly the German market. However, Cuba has some consolation in the fact that a large copper deposit has been located and is being developed."

Incidentally, Mr. Owen says that the passenger rates between Tampa and Havana on the steamers are very steep and that people who object to the inter-island rates should experience the Cuban charge to be appreciative of local blessings.

Crossing the United States border into Juarez, Mexico, he found many evidences of the recent "revolutions" and of wild and reckless shooting, in the form of bullet holes and field-gun shell holes in buildings, windows shot out, etc. He says that the Mexican population displays no particular animosity toward the Americans.

Mrs. Owen accompanied her husband on most of the trip, her health improving during their mainland travels. She is now in Boston and will come on later.

They had the experience of being held up by the Yuma flood last winter, making a long detour by rail necessary to reach Tucson, one of the objectives of their trip.

## WESTERN SHIPOWNERS TO CONSULT WITH MEN ON UNION DEMANDS

SAN FRANCISCO, Cal., April 20.—The Shipowners' Association of the Pacific Coast last night appointed un-instructed delegates to meet and confer with representatives of the sailors, cooks, waiters, marine firemen and water tenders unions tomorrow.

## THAW GETS DIVORCE

Associated Press by Federal Wireles. PITTSBURGH, Pa., April 20.—Harry K. Thaw has been granted his divorce from Evelyn Nesbit Thaw.

BABY TALK NO. 4. GERMS positively no not cause infantile paralysis; our work proves it. In paralysis, wasting, etc., from this disease, Chiropractic often works wonders. Consultation free.

F. C. NIGHTON, D. C., 304 Boston Bldg., Tel. 5585. Evenings by appointment.

## NATION WIDE PRESS COMMENTS BACK WILSON'S STAND AGAINST GERMANY

### President's Action Indorsed as Only Course Compatible With Honor of Nation

Associated Press by Federal Wireles. WASHINGTON, D. C., April 20.—Practically every English newspaper of any importance in the United States comes to the support of the president in his stand on the submarine question.

The New York World, which has been an ardent supporter of President Wilson in the past, comes once more to his assistance. It says: "It is for Germany to say whether she wants war with the United States, whether she wishes most that we should be a friend or a foe. She now knows our terms. We await her action."

The New York Herald says editorially: "This is not the time for political division anywhere in the United States. The president is right. Any criticism of him or his action is now the worst of bad business."

The Philadelphia Inquirer: "The president's note to Germany is a practical ultimatum, although a reply is expected. It is a pity that it should come so late. Mr. Wilson should have sent that note after the sinking of the Lusitania."

Philadelphia Press: "The president has had ample justification for the stand he now takes. The whole country is behind him."

Philadelphia Public Ledger: "President Wilson has been most patient

under unprecedented provocation. Now that he has acted he has the united approval of the whole nation."

Staats Zeitung: "President Wilson does not represent humanity, as he pretends. Instead he represents the ammunition manufacturers. The nation does not want war with Germany."

Chicago Tribune: "Meeting this test may make us a real nation, unified and strengthened."

Cleveland Leader: "Congress will support Mr. Wilson, and the people will stand by their representatives in Congress."

San Francisco Chronicle: "Conditions do not justify war with Germany, in which we have nothing to gain, and will but add to the horrors against which we are protesting."

Los Angeles Times: "We are unable longer to submit to the assassination of Americans. Factions must now be hushed. One hundred million people are now behind President Wilson."

Los Angeles Express: "Even though one may criticize those who have been responsible for involving us in the quarrel in Europe, we are intensely partisan as Americans, and as Americans we cannot be otherwise."

Throughout the South the papers are almost a unit in their approval of what Mr. Wilson has done and said. The Baltimore Sun voices this stand, when it says:

"If Germany thinks that President Wilson is weak, she will quickly realize her mistake."

## ALLEGED PLOTTER NOT ATTACHE OF TEUTON EMBASSY

### New York District Attorney Declares Igel Not Immune From Process of Law

Associated Press by Federal Wireles. NEW YORK, N. Y., April 20.—Wolf von Igel, formerly secretary to Count von Papen, one time military attache at the German embassy in Washington, is still behind the bars of the Tombs, charged with criminal conspiracy against the peace and neutrality of the United States in connection with the plot to dynamite the Welland canal.

United States district attorney Marshall, last night announced that "the legality of von Igel's arrest has now been definitely settled. He was not a member of the embassy staff at the time he is alleged to have entered into the conspiracy to destroy the Canadian canal. Therefore he is not immune to arrest. He did not join the staff of the embassy until December, 1915. Indeed I have my doubts if he was ever a legal member of the staff. We have restored the official documents found in his room."

## NILES LOOPED LOOP WITH 18 YEAR OLD GIRL

"Looping the loop is the newest way of acquiring a husband," says the San Francisco Examiner of April 11, telling of the flight Aviator Charley Niles made with a Japanese spinster, in order to prove that it is an easy matter to loop the loop accompanied by a passenger. The story is as follows:

"He selected an 18-year-old school girl to assist him in the demonstration."

"She was willing, but as the women of Japan have not yet obtained that emancipation which has been granted to their American sisters, she had to ask permission of her mother."

"No, no," said the mother, "I have not been able to find a husband for my daughter, and if she loops the loop I am sure no one will even want to marry her."

"You can't tell. Looping the loop might change her luck," suggested Niles.

"Like all Orientals the mother was willing to gamble a little and she gave her consent."

"The girl became so famous as a result of her flight that proposals fairly poured in upon the astonished and delighted mother and she had almost as much trouble in selecting a husband from the multitude as she had had in trying to get a man to propose to her daughter before the flight."

## HOUSTON TO BUY HORSES.

Lieut.-col. James B. Houston, Quartermaster Corps, U. S. A., together with officers of the 1st Field Artillery and the 4th Cavalry, left yesterday on the Mauna Kea for the Island of Hawaii to buy horses for the government.

One hundred persons were killed when an ammunition factory at Welsdorf, Austria, blew up.

## SENATE YIELDS TO HOUSE CONFEREES ON SUGAR TARIFF

### House Bill, Repealing Free Sugar Clause, Reported Agreed Upon

Associated Press by Federal Wireles. WASHINGTON, D. C., April 20.—The Democratic senators conferred on the free sugar repeal bill yesterday afternoon, and later it was announced that they have decided to enact the house bill, definitely repealing the free sugar clause of the Underwood tariff, and continuing the duty now in force indefinitely instead of for but four years, as the Simmons senate measure provided.

## IN WAR ARENA

### SLAV STRATEGY WINS VICTORY AT TREBIZOND.

LONDON, Eng., April 20.—Despatches from Petrograd report that the Russian Black Sea fleet was the factor responsible for the fall of Trebizond. While the Grand Duke Nicholas was slowly hemming in the port on the landward side, and had reached a point less than 16 miles from its outer fortifications, the fleet struck without warning, landing troops and opening a terrific bombardment.

Believing themselves hemmed in and surrounded the Turkish army defending Trebizond broke under the charges of the Russian marines and bluejackets and abandoned the city. The official Petrograd report adds that in military circles in the czar's capital, the defeat of the Ottomans there means the "total defeat of the Sultan, with the immediate result that the Russian and British forces in Turkey will be released for action against the Austrians and Germans."

Slavs Press on to Victory.

Following up their victory at Trebizond, and in their effort to straighten out their lines, by connecting with the forces operating in the eastern end of the province of Erzerum, the Russians have beaten the Turks in a series of hot encounters among the hills in the north of the province. Several strongly organized hills have been taken in a night attack upon the Turks entrenched near the little town of Aschakia. In their flight the Turks left hundreds of dead, and the Russians say that they took large numbers of prisoners and considerable booty.

Fierce Fighting on West.

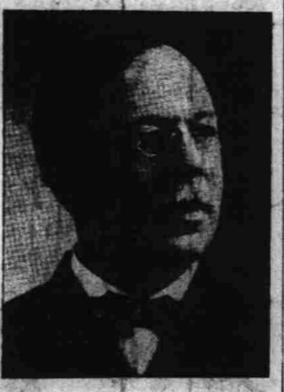

At Les Eparages, on the western front, the Germans, following a series of three desperate attacks, succeeded in gaining a slight foothold in about 200 yards of French trenches, but they were immediately evicted by an equally fierce counter attack with the loss of hundreds of men.

The Russians attacked the Austrian lines in Galicia, and although they made repeated attempts to win were repulsed each time by the heavy fire from the Austrian guns. They are reported to have suffered severely.

Yesterday the Italians battered down the Austrian positions at Monte Fume pass, captured them and cleared the positions they had won. They also defeated the Austrians in heavy fighting, on the western peak of Monte Anacora, shattering the trenches of the enemy and inflicting heavy casualties upon the defenders.

GERMANY PERSISTS SUSSEX NOT TORPEDOED BY TEUTON RAIDER. BERLIN, Germany, April 20.—The German foreign office last night transmitted to the American embassy a

## HIS ARMY BILL HAS CHANCE TO BE PASSED

Senator G. E. Chamberlain, chairman military committee of upper house. The Chamberlain army bill has been adopted by the senate and may replace the Hay bill of the lower house in the perfected legislation.

## ANTI-AMERICAN FEELING BREAKS OUT AT TORREON

### Carranza Troops Disperse Big Crowd Gathered to Protest U. S. Invasion

Associated Press by Federal Wireles. TORREON, Mexico, April 20.—The intense feeling against Americans broke out in riots last night and Carranza troops were called in to disperse crowds at an anti-American demonstration in this city. The trouble was started by copies of a proclamation scattered broadcast in Torreon, Laredo and Gomez del Palacio, calling upon "all loyal Mexicans to meet at the theater in Gomez del Palacio to discuss measures against the invaders of our country."

## GEN. GAVIRA SURE OF VILLA'S DEATH

WASHINGTON, D. C., April 20.—In a formal statement issued last night Gen. Gavira, commanding the Carranza garrison at Juarez, declared that he is sure that the failure to secure confirmation of Villa's death is due to the fact that Col. Carranza is taking the body of the chieftain to Santa Ysabel, instead of to Cuzuhriachi, as was first intended.

It is feared, added the general, that Col. Carranza may have fallen into a trap set by the Villistas, and the body spirited away.

Honest advertising, backed up through good window displays, attractive interior displays and well-considered sales talk, becomes an absolutely irresistible business builder. —THE AD MAN.

## WRIT WILL NOT STAND, POLICE JUDGE HOLDS

"How can a judge of a circuit court or anybody else issue a writ of ne exeat when just one year ago the legislature of Hawaii abolished the writ of ne exeat in the territory?"

This is the question that stumped Police Judge J. M. Monsarrat, the prosecuting attorney, and the counsel for the defense in the case of Jose P. Sanches being sued by his wife for divorce. Attorney J. Magson, fearing that Sanches would take "French leave," had the writ issued by Circuit Judge T. B. Stuart April 18, attested by the clerk of the court, Mr. Henry Smith; and to make doubly sure had a warrant sworn out for the man's arrest.

The decision of the police magistrate, concurred in by opposing counsel, was that such a writ couldn't be issued. But there was the writ offered as evidence. "Then that writ is null and void, and I hereby so declare," said the court. The act to abolish the writ is known as Act 99 of the regular session of 1915, approved by Governor Pinkham April 16, 1915.

Bond was fixed at \$100, and later reduced to \$75. The libellant is Antonia Garcia Sanches.

Representative Bailey of Pennsylvania introduced a resolution for a constitutional amendment fixing the president's term at 6 years, and barring re-election.

supplementary note on the attack upon the Channel steamer Sussex. The note contained an affidavit of a Swiss passenger, and a formal statement of an American passenger that the steamer was not torpedoed.

## PROGRAM FOR BABY WEEK READY; INTERESTING EVENING FEATURES

Announcement was made yesterday that the program for Baby Week, April 24-29, is virtually complete. Among the features are:

Every evening the numerous exhibits will be open from 7 to 9 p. m., so that parents and young people may have an opportunity of seeing them; but the committee wishes to make it plain that no examinations of babies will be made on any evening. Examinations are during the daytime and can be arranged for by calling Mrs. Doremas Seudder, 910 Prospect street, or Mrs. Rath at Palama Settlement.

At 7:15 each evening Miss Ethel Mills, in charge of the music department of Kawaiahao Seminary, will provide a short musical program with the assistance of the following well-known artists:

Monday—Mr. A. G. French will direct the music for the evening.

Tuesday—Mr. A. Hudson.

Wednesday—Mr. G. Andrus and Miss G. Knowles, both of Kamehameha school musical faculty.

Thursday—Normal School girls of Kawaiahao Seminary.

Friday—Mrs. C. L. Hall and Miss E. G. Gifford.

Saturday—Mr. J. Rosenstein. Immediately following each evening

ing short musical program, those in charge of the anti-tuberculosis exhibit will begin the lectures and moving picture films for the evening, ending the program at 8:15. Dr. A. N. Sinclair originally intended to conduct these lectures himself, but his absence from the city to the mainland will prevent him from doing so.

The Monday lecture will be in English; the Tuesday lecture in Japanese; Wednesday, Chinese; Thursday, Portuguese; Friday, Hawaiian; and Saturday, English again.

Mrs. James A. Rath of the executive committee is urgently appealing for funds. All that is needed is the modest little total of \$400 to pay the expenses of the extensive campaign that is being waged such as the building of booths, printing, etc. So many are giving their services free that this amount is considered a very small minimum.

The executive committee appeals to every mother of a baby under five years of age to enter that baby in the contest. If prominent women of Honolulu having infants will take the lead in this matter, it is felt that a much larger use will be made of the excellent and exhaustive free examinations offered.

## FILIPINOS MAY AID JAPANESE FOR MORE PAY

Filipinos may join the Japanese in case there is a strike or labor troubles on the sugar plantations, according to the report that was in circulation in Japanese labor circles today. Representatives of the Filipino laborers have already called upon Japanese, asking what the Japanese were going to do on the labor movement.

"Japanese laborers should be mindful of not creating trouble in Hawaii," said Y. Soga, editor of the Nippon Jiji, this morning. "Also the planters should realize that the sentiment among the Japanese is entirely in favor of an increase in wages. It would be better for all if the planters and laborers could get together on some working basis."

"Whether or not the Filipinos join with the Japanese is a question, but in case of trouble it is thought that the Filipino laborers would join in the movement for higher wages. This situation is one that should not be treated lightly by those interested. It may become a big question in Hawaii."

## WALDRON EXPRESSES REGRET OF CITY AT LOSING HILL LINER

On arriving at San Francisco on the Great Northern's au revoir voyage from this port, Fred L. Waldron, president of Fred L. Waldron, Ltd., broke into print in the Examiner of April 11, as follows:

"Fred L. Waldron, a leading importer of Honolulu, who has been in charge of the island office of the Great Northern Pacific Steamship Company, arrived yesterday on the Great Northern from Honolulu.

"According to Waldron, Honolulu merchants and residents are keenly disappointed in the withdrawal of the Great Northern from the San Francisco-Honolulu run.

"While the selling out of the Pacific Mail of its transpacific vessels has hurt Honolulu, the withdrawal of the Great Northern will have the effect of causing a congestion of freight and passengers in the next few months."

## WHAT IS URIC ACID?

The Cause of Backache, Rheumatism, Gravel and Sudden Death.

Ever since the discovery of uric acid in the blood by Scheele, in 1775, and the bad effect it had upon the body, scientists and physicians have striven to rid the tissues and the blood of this poison. Because of its overabundance in the system it causes backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica. It was Dr. Pierce who discovered a new agent, called "An-uric," which will throw out and completely eradicate this uric acid from the system. "An-uric" is 37 times more potent than lithia, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. Send to Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., for a pamphlet on "An-uric," and send 10 cents for a trial package of "An-uric" Tablets.

If you feel that tired, worn-out feeling, backache, neuralgia, or if your sleep is disturbed by too frequent urination, go to your best drug store and ask for Dr. Pierce's "An-uric" Tablets.

Dr. Pierce's reputation is back of this medicine and you know that his "Pleasant Pellets" for the liver and his "Favorite Prescription" for the kidneys of women have had a splendid reputation for the past 50 years.—Adv.

According to a report from Berlin, contributions to the fourth German war loan now amount to \$2,097,000.

## CATHOLIC CHURCH OBSERVES HOLY WEEK SERVICES

### Calendars and Programs Are Announced for Cathedral and Other Churches

Beginning today, the Catholic convent, Fort street; St. Augustine's chapel, Waikiki, and the convent of the Sacred Heart, Kaimuki, will inaugurate a series of Holy Week services which will continue to and include Easter Sunday. The local Episcopal churches have been holding special services since Monday.

The services at the cathedral will be as follows:

Thursday—Adoration of the blessed sacrament during the day. At 3 p. m. ceremony of washing the feet. At 7 p. m., sermon on the Passion in Portuguese.

Good Friday—Adoration of the cross and mass at 9 a. m. Stations, in English, at 2 p. m. Sermon in Hawaiian, and stations, at 3 p. m. Stations, in Portuguese, at 7 p. m. Sermon on the Passion at 8 p. m. by Reverend Father Lenehan, chaplain of the 4th Cavalry, U. S. A.

Holy Saturday—Blessing of the fire and baptismal font, and high mass at 7 a. m.

Easter Sunday—General communion of the junior branch of the Holy Name Society at 7 a. m. Pontifical high mass at 10:30 a. m. Confirmation and benediction of the blessed sacrament at 3 p. m.

At 7:30 o'clock on the evening of Good Friday, there will be a sermon and stations of the cross at St. Augustine's chapel, Waikiki, of which Rev. Father H. Valentin is pastor. On Easter Sunday there will be high mass, with special music by the O. P. Glee Club at 9 o'clock in the morning. Sacred Hearts', Kaimuki.

During Holy Week services will be held at the Academy of the Sacred Hearts, Kaimuki, on Thursday, Friday and Saturday mornings, beginning at 7 o'clock. On Easter Sunday, low mass and communion will be celebrated at 7 o'clock in the morning, with solemn high mass at 9 o'clock. On both occasions special music will be rendered by the sisters and pupils. St. Andrew's Cathedral.

Services at St. Andrew's cathedral, Emma street, are to be held the balance of this week as follows:

Maundy Thursday—Service with the Gospel for the day, 5:30 p. m.; service every morning at 8:45.

Good Friday—Morning prayer, litany and ante-communion, 10 a. m.; three hours' service, 12 to 3 p. m.; conducted by the bishop.

Easter evening—Holy communion, 7 a. m.; even song, 7:30 p. m.

Easter Day—Holy communion, 6 a. m.; holy communion, 7 a. m.; Anasina Hemolele ne Himele, 9:15 a. m.; morning prayer and holy communion, 11 a. m.; United Sunday school service and Lenten offering for missions, 3:30 p. m.; even song, 7:30 p. m.

## NATIONAL DEFENSE IS SUBJECT OF REFERENDUM

National defense is the subject of the fifteenth referendum of the National Chamber of Commerce to its member bodies throughout the United States, according to a letter received by Secretary R. C. Brown yesterday.

The referendum itself has not yet been received, but in pursuance of an agreement between the national chamber and Mr. Brown, this chamber is given advance notice of all such referendums as early as possible because of the great mailing distance and time which separates us in the light of the latest news from Washington, the nature of this referendum is awaited with much interest.

Ten trolley cars were wrecked and many passengers injured in rioting by strikers at Wilson, Pa.

## WAIHAOLE NOT FEASIBLE FOR MILITARY USE

### Tunnel Too Small for Carrying Big Guns Through to Windward Side of Oahu

Plans of local military enthusiasts for using the big tunnel of the Waihaole Water Company as a means of conveniently and rapidly transporting field artillery from Schofield Barracks to the windward side of the island are not considered feasible by Capt. Charles G. Mettler, head of the Hawaiian ordnance department. Capt. Mettler made a visit to the tunnel from the Waihaole side on Sunday.

"The tunnel is too small for most of the artillery here," Capt. Mettler says, "and is therefore not a feasible route for getting it through the mountains. In addition to this fault, the danger of having the tunnel dynamited by the enemy should be considered. It would be a difficult problem to get the water flow shut off sufficiently to take cars through, and the Waihaole approach is so rough that transporting guns down to the sea would be a hard task."

Capt. Mettler, who made the trip at the invitation of Jorgen Jorgensen, constructing engineer, did not go on any official investigation of the tunnel, but was much interested in looking it over. With him were George K. Tackabury of the Honolulu Iron Works, Julius Unger of M. A. Gunn & Co. and Karl Eggster, overseer of the big project. The party explored the big tunnel thoroughly, investigating chiefly from the Waihaole side.

One of the exciting features of the trip occurred in rounding the Pali, where a gust of wind caught the windshield, breaking the glass into a hundred pieces. Capt. Mettler, who was in the front seat, got a slight cut on the arm from the flying fragments and is wearing a bandage this week as a result.

## GOLDS CAUSE HEADACHES

LAXATIVE BROMO QUININE removes the cause. Used the world over to cure a cold in one day. The signature of H. W. GROVE is on each box. Manufactured by the PARIS MEDICINE CO., St. Louis, U. S. A.
