OLD DEALS ARE CLEANED UP AT BOARD MEETING

Land Commissioner Starts House Cleaning; Old Business Brought to Light.

Bertram G. Rivenburgh, land commissioner, started to clean house yesterday. He brought to the attention of the land board, which went into session in the morning and isn't through yet, a great number of land matters that have laid on the desk in the land office for months, and they were disposed of as was new business as well.

The Moana Hotel deal, whereby the hotel company exchanged a small section of land it had procured from the Hueston property on the Diamond Head side of the lane for a piece of the side next to the hotel, was approved.

Two Esplanade lots, leased to H. Hackfield & Company will be released at auction at once, the board decided yesterday. The lease to Hackfield expired last year and the then land commissioner was directed to raise the rent from \$50 to \$75 a month, on a new lease. He did not do this but made a tenancy-at-will agreement with the tenants for the old rental. Rivenburgh has refused to accept this since coming into office and brought the matter before the land board yesterday.

Exchange of 2.06 acres of government land on Tantalus for a piece of land belonging to the H. P. Baldwin estate, which has been cut into six small strips by road building activities in the territory, was authorized.

A deal between John Baumann and the land board for the exchange of his lot for a school lot at Puukoa authorized in 1911 was again approved yesterday. The exchange has hung fire for five years and it was thought best to again authorize it.

Applications for a number of homestead lots above Honokaa were received and an upset price of \$9.50 an acre a year, put on the lands.

Application of C. Brewer & Company, acting for the Hakalau plantation, for auction of 300 acres of Lepoia was granted.

Application of the Hamakua mill for 207 acres below the homesteads at Paunilo for 15 years at \$530 a year, and that of the Union Mill Company for 80 acres for \$225 a year was referred to W. H. Campbell, commissioner from Hawaii, for investigation.

Eugene Devauchelle offered \$75 a year for a term of 10 years for a lease of a large fish pond on Moloai, in a letter to the board read yesterday, and F. Cooke \$80 a year for 21 years, besides improvements aggregating \$500 in the first five years of his lease. The terms offered by Cooke will be incorporated in the call for a lease, it was decided.

Because through one of the provisions of a recent act in Congress the "harbor board has the care and control of all land belonging to the territory below mean high water," a question arose as to whether the land board or the harbor board had jurisdiction over an application submitted by J. F. C. Hagens for the right to purchase land adjoining his place at the Peninsula.

Mr. Hagens asked to buy land between high water mark and the bulk-

head line, Judge Arthur Wilder appearing as his attorney. Mr. Hagens wished to beautify the strip of land in question after filling it in. The land, which consists of a little more than four acres, is covered at high tide.

Finally the matter was turned over to the Oahu members of the board, and Land Commissioner Rivenburgh was instructed to name a committee to appraise the plot before any action is taken by the board. Formerly the land office had full control of this land.

Many minor exchanges, applications for re-lease and similar deals were disposed of at this morning's session of the land board. B. G. Rivenburgh, recently appointed land commissioner, has been going over the minutes of previous meetings and selecting matters referred back to him or postponed for further consideration by the board and has brought them all before this session.

Four applications for re-lease of small sections of cane land by the Hamakua mill were referred to the commissioner from Hawaii, W. H. Campbell, for investigation. Several applications from Japanese rice cultivators for re-lease of their lands at Kapaa, Kauai were approved.

Application of several Japanese for the use of lands in the Puna district, Hawaii, for awa cultivation was granted.

The board is in session this afternoon, disposing of a number of other minor matters that Mr. Rivenburgh has to present to it.

H. S. B. PUTS OFFICIAL BAN ON ANIMALS; BEAR AND MONKEYS RUN OUT

A tearful bear and two sadly dejected monkeys now grace cages at the Kapiolani park zoo. They are lonesome, perhaps, and thinking of the kind attention and many dainty eatables they were wont to receive at the Honolulu School for Boys, their first residence in Honolulu. But the school recently decided that animals such as Bruins and monkeys are pests rather than ornaments, so they were turned over to the park commissioners bag and baggage.

The sudden parting of friendly relations was brought about when the bear took a sudden liking to live poultry and played executioner with two of Capt. L. G. Blackman's finest turkeys. The monkeys also proved a nuisance, and the school thought they would do more good where the public could see them.

A new form of wireless telegraphy has come into its own. But a short time back the Misses Raymond (daughters of Maj. R. R. Raymond) were in Los Angeles taking part in various amateur productions. Suddenly from Honolulu came the call for help along the histrionic line. To make a long story short, Maj. Raymond's three daughters and his one son answered this call for help, and, assisted by Miss Katherine von Holt and Mr. Stannard, are to give a playlet, "The Dress Rehearsal," on May 5 and 6, one performance to take place each afternoon and one each evening of the Cherry Blossom Fete.

A vaudeville act embracing violin music and dancing will either precede or follow this little play. Miss Aflague is to dance, while Miss Socke is to play the violin. Mrs. T. B. Linton will intersperse monologues. Altogether, quite a varied program will be offered for the 25 cents entrance fee.

It was another case of unexpected assistance when Mrs. Linton, who comes with letters from Senator Bohrah and ex-Chief Justice Albee of Idaho, kindly offered her services as coach for the vaudeville acts. Mrs. Linton's recent reading of the lines

referred to W. H. Campbell, commissioner from Hawaii, for investigation.

RULE CAUTIONS ATTORNEYS WHO ARE DISBARRED

Supreme Court Holds They Must Be Well Qualified in Order to Practise

Attorneys who have been disbarred from practicing in the circuit or district courts of the territory may experience considerable difficulty in securing their readmission to the bar, according to amendments to rules approved by the supreme court today.

Rule 16 of the supreme court is amended as follows:

"(1) So that paragraph 6 thereof shall read as follows:

"(6) Regular examinations of candidates for admission to the bar will be held in Honolulu in the months of January, April, July and October."

"(2) By adding a new paragraph to be designated '7,' reading as follows:

"(7) No attorney who has been disbarred shall be readmitted to practice unless he is possessed of the qualifications required by this rule for examination for admission to practice as an original applicant. His application shall show that he has complied in good faith with the order of disbarment, and any other reasons he may have to show why he may properly be reinstated."

FAREWELL RECEPTION TENDERED RETIRING BOYS' DEPT. HEAD

Charles F. Loomis, retiring secretary of the boy's department of the Y. M. C. A., who leaves within a few days for Kauai, where he will take his new position as country secretary of the association there, was tendered a reception at Cooke hall last evening.

Mr. Loomis was presented with a handsome set of gold cuff links with the Hawaiian coat-of-arms and his initials engraved on them as a token of appreciation for his work with the youngsters.

During the evening talks were made by R. H. Trent, chairman; A. E. Larimer, Jay A. Urice and Glenn E. Jackson. The presentation speech to Mr. Loomis was made by Victor Kahn, who is the oldest member of the boy's department, having been a member for five years since Mr. Loomis' arrival in Honolulu.

Seven clubs were organized last evening at the meeting for participation in the summer activities at the gymnasium. Included in the list of features for summer will be an in-

VOTES OF WOMEN

Do women realize that they already vote in the most effective way on important questions?

Every time a woman buys an article it is a vote, backed by money, for that article, a sincere approval of its merits.

So women have been voting on the question of health. When they have suffered from woman's ailments their vote has been overwhelming for Lydia E. Pinkham's Vegetable Compound, which they have bought and used with satisfaction.—Adv.
