LITIGATION MAY NOT BE ENDED BY NEW R. T. CHARTER

Chairman Forbes' Recent Comment Taken as Indicating No Agreement to Quit

Litigation between the territory and the Rapid Transit Company will not necessarily be dropped as a result of the amendments to the company's franchise, if they are made. This was indicated during the conference between representatives of the company, the utilities commissioners and the supervisors Friday night.

Charles R. Forbes, chairman of the public utilities commission, in a short talk at the close of the conference, said that he had noticed that there had been comment published in the Star-Bulletin on the fact that he did not ask the Transit company's representative two questions included in his original list. "Are you willing to pay all the expenses in the government litigation?" and "Are you willing to drop all further court proceedings?"

He declared that after consideration he had decided that it would be improper for him to ask the questions; that he believed the supreme court of the territory must decide whether or not the company owes the territory the money it claims to be due under the terms of the present franchise, and if it decided in opposition to the holdings of the lower court the suit must be carried to the supreme court of the United States.

At the beginning of the negotiations between the utilities commission and the Rapid Transit Company, the dropping of all litigation, with the elimination of the consequent expense, was hailed as one of the benefits to accrue to the territory as a result of the granting of a new franchise.

Senator Coke, the commission's attorney, said he understood the litigation would be dropped, but Chairman Forbes' comment indicates that no agreement on this point has been reached and neither side may be likely to broach it.

DR. S. D. BARNES TELLS FILIPINOS OF DUTIES AS GOOD U. S. CITIZENS

"You Filipinos must be united in your ideals, not separated into dialects, in order to be strong, and you must be united with the people of the mainland in order to be patriotic to a great central government," declared Dr. S. D. Barnes in an address to Filipinos last Saturday evening. Dr. Barnes, in his address, urged patriotism from the standpoint of unity and, to bear out his statements, took several examples from American history. The meeting was well attended and manifest interest was displayed.

ODD FELLOWS CONSIDER SELLING OF PROPETRY

At a specially called meeting of Excelsior Lodge, I. O. O. F., which has been called for tomorrow night, the matter of a sale of their Fort street property will be under consideration. The trustees will then render a report and ultimate decision pro or con may be made.

For some time past the matter of a change of location has been under consideration. The present site, close to one of the busiest corners of the city with the noise that is attendant on such locations, has a tendency to disturb meetings. At the same time highly attractive offers for the property have been received. It is to determine whether one of these offers shall be accepted and if so as to where the lodge shall move to or build new.

WILL RESERVE FOREST ALONG VOLCANO ROAD

Territorial Surveyor Now Busy on Big Island Getting Data for Forester

In accordance with a plan of the forestry commission to conserve bits of Hawaiian woodland as tourist assets, Territorial Forester C. S. Judd has announced his intention to have portions of land on each side of the volcano road on the Big Island turned into the forest reserve.

An engineer from the territorial surveyor's office is on Hawaii now engaged in running lines in the district and securing data which will be given to the territorial forester.

"This is a portion of the wooded section which lies on the old lava flows," Mr. Judd comments, "and is covered with ohia, tree ferns and lele vines. It is one of the prettiest spots on the whole island."

"The portion we intend to take for the reserve, after the lease has run out in 1918, begins on the Hilo end about four miles from that city, and runs about four miles toward the Volcano to the Puna boundary. On each side of the road the reserved land will extend for about a mile, reaching on the left side to the railroad line."

"In open places which are scattered here and there through such districts we intend to plant ohia and ferns, which grow readily, and which will soon cover the bare spots."

J. C. ANDERSON WAS ASKED TO RESIGN, WHITNEY DECLARES

John C. Anderson did not leave the office of probation officer of his own volition. His resignation was requested by Circuit Judge W. L. Whitney as the result of the discovery of an irregularity in an estate of which Anderson was administrator. This statement was made by Judge Whitney today, who added that between 18 and 20 persons already have handed in their applications for the position. He does not expect, however, to appoint a new probation officer before next Wednesday.

WINNING KAM ATHLETES ARE HONORED BY DANCE

Nearly 300 guests were present at the dance given Saturday evening by the Kamehameha Alumni Association at the Bishop Hall, Kamehameha school, given in honor of the athletes who won the Cornell track meet and cross-country run for three consecutive years.

George Woolsey, star long distance and mile runner of the school, and winner of the cross-country run last February, was presented with a handsome silver cup by the students of the school. On presenting the trophy, Ernest C. Webster, president of the school, said that in past years Kamehameha had been at the top of the athletic column, but more recently the athletes had not been up to their standard. Now the old spirit has come back to them and they are once more at the top.

Harold Godfrey, president of the Kamehameha Alumni, spoke to the athletes a few rousing words and in turn was followed with a little talk by Capt. Booth, military instructor and athletic coach of the school.

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! If Tongue is Coated Give "California Syrup of Figs"

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember a good "inside cleanser" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled! Get the genuine, made by "California Fig Syrup Company."—Adv.

Merely as a matter of form, he says, Judge Clement K. Quinn of the circuit court at Hilo has asked for the resignations of the officials of that tribunal. Judge Quinn is still without a clerk, according to reports from Hilo. Palmer P. Woods was offered the position, but declined it for personal reasons. The offer to Woods was made through Circuit Judge Stuart, who returned to Honolulu from the Big Island last Saturday.

WITH ITS WONDERFUL DECORATIONS by Albert Herter in the cafe, symbolizing the gifts of the Old World to America; the Lounge, inspired by the Chateau Brissac, in which society assembles daily for afternoon tea; the stately, spacious Rose Room, where dancing is enjoyed every evening; the Italian Room, walled and ceiled with beautifully carved hazel wood and famed for its portal of gleaming twisted pillars surmounted by a golden image; the Colonial Room, in which the fashionable world produces original plays in a completely equipped theatre—with countless original artistic details (such as Arthur Putnam's puma motive) in its many public rooms—with such unique and exclusive service as the Turkish and Roman baths for ladies (11th floor) and for gentlemen (12th floor), supplied with salt water pumped directly from the ocean; the Electric Grill, where table d'hote meals are served at moderate prices—the Hotel St. Francis is one of the most interesting show places in San Francisco, and a place at which interesting people invariably gather.

THE HOTEL ST. FRANCIS, the largest hotel in Western America (over one thousand rooms), faces an entire side of Union Square, "the center of the city's life and color," where the activity of all famous carnivals like the Portola, Native Sons' festa, and New Year celebrations are focused, and where military displays on such occasions as the visits to the St. Francis of President Roosevelt, President Taft, Prince Fushimi of Japan, Prince Tsai Hsun of China, Admiral Evans in command of the battleship fleet, and other dignitaries, have provided historic spectacles.

NOTE—While the Hotel St. Francis will never lower its rates beneath the point at which it is possible to provide a service at least equal to that of the best metropolitan hotels in the world, it respectfully invites comparison between its charges and the tariff established by any other hotel of the first rank.
