

# Put CRISCO to this Test

A severe test for any shortening is its use in hot bread. Make some Crisco biscuit; they are delicate—in looks, odor and taste. They are light and daintily brown. Break one open and you will be delighted with the appetizing aroma, free from any suggestion of lard. They are just as wholesome and digestible as their delicacy promises.

You will find equally as attractive points about Crisco in other branches of cooking. For instance, you can fry without smoke and odor. You can use the same Crisco for frying all manner of foods and all will have a new wholesomeness.

You can make a light rich cake with Crisco which will keep fresh and moist longer.

You will obtain delicious, digestible and economical foods by knowing Crisco better.

Below is a good biscuit recipe, or you may use your own favorite recipe by using from 1/3 to 1/4 less Crisco than you would of lard. Note how Crisco stands the test.

### Baking Powder Biscuits

- 2 cupfuls flour
- 1 teaspoonful salt
- 2 teaspoonfuls baking powder
- 2 tablespoonfuls Crisco
- 3/4 cupful milk

(Level measurements)

Sift together the dry ingredients. Mix thoroughly with the Crisco, using a knife or spoon, and add gradually the milk, mixing with a knife to a soft dough. Toss on floured board, pat and roll to one-half inch in thickness. Shape with a biscuit cutter, place on a floured tin and bake in a hot oven 12 or 15 minutes.

## GREAT INTEREST BEING SHOWN IN THE NEW AKOZ MINERAL

Honolulu Drug Co. Arranges for Introduction Here of John D. Mackenzie's Discovery

Full arrangements have been made by the Hollister Drug Company for introducing, commencing Monday in Honolulu, of Akoz, the remarkable new medicinal mineral discovered in the Sierra Nevada Mountains of California by John D. Mackenzie, former state harbor commissioner and state labor commissioner of San Francisco. Such marvels have been performed by the Akoz remedies when used elsewhere for stomach trouble, rheumatism, catarrh, skin diseases and other ailments, that an exceptional demand will undoubtedly be made on the Hollister Drug Company, beginning Monday forenoon with the opening of the demonstration.

Already much interest is being manifested locally as to just what the Akoz is. Mr. Mackenzie, the discoverer of the remarkable mineral, has the following to say regarding it:

"Man's search for gold resulted in the discovery of this mineral which I believe is destined to bring far greater happiness to mankind than all the gold that has ever been produced. A prospector came upon a ledge in the Sierras that showed a trace of gold. Much to his surprise, after handling the ore, as prospectors will, the rheumatism left his hands. Being a Harvard graduate, he sought the reason. He suspected the rock had worked the cure, but he was not convinced until he had also relieved the ailments of his friends.

"In time I learned of the wonders of Akoz and personally had numerous

tests of the mineral made. After three years of experimenting I felt certain that Akoz was destined to be a great boon to humanity and so I organized the Natura Company of San Francisco, which is now putting the Akoz remedies on the market. It seems that the Indians were also aware of the curative powers of the rock in early days." By calling, phoning or writing the Hollister Drug Company further information may be had regarding this advertisement.
