

WOMAN SO WEAK COULD NOT SLEEP

Made Well by Lydia E. Pinkham's Vegetable Compound.

North Oxford, Mass.—"I had lost three children and I was all run down and so weak I could not sleep at night. My eyesight would leave me and everything I ate upset my stomach. I was very nervous and if I would start to sleep I would have to stop and lie down before I could finish. I was looking over the paper one day and read of a woman who felt as I did and took Lydia E. Pinkham's Vegetable Compound, so I took it too. Now I am proud to tell you I am feeling fine and have given birth to a boy baby. He is my 'Pinkham' baby. I keep a bottle of Compound in my house always."—Mrs. PETER MARCO, Box 54, North Oxford, Mass.

Sleeplessness, indigestion, weakness, and nervousness are symptoms which indicate a lowered vitality of the female organism, and the tonic, strengthening properties of the good old fashioned roots and herbs, contained in Lydia E. Pinkham's Vegetable Compound, are just what is needed by every woman who is in Mrs. Marco's condition. For free advice in regard to any annoying symptom write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

The Man Who Works Overtime

is not always the best friend of his eyesight. The eyes suffer more than any other physical faculty from overwork under artificial illumination. Even daylight contains a large percentage of rays harmful to eyesight. All that danger can be done away with if you view your work through lenses made to your prescription from the wonderful new glass discovered by Sir William Crookes, that actually filters out all the harmful rays. Don't neglect your sight whether you work overtime or not.

PROSPERITY OF CHURCH SHOULD BE DISTRIBUTED

Treasurer Guild's Report Urges More Endowments and Better Salaries to Clergy

John Guild, treasurer of the Protestant Episcopal church of the Hawaiian Islands, presents an impressive report for the 12 months ending April 30, 1916. The report, submitted to the convocation now in session, includes the following figures, showing the prosperity of the church here, the increase in the value of its property under Bishop Restarick's administration, and the broad scope of its work made possible by businesslike methods.

It will be noted from the balance sheet that there has been an increase of \$7175 in the value of church property actually paid for during the past year, this increase being made up as follows:

St. Elizabeth's, Honolulu	\$75.00
Epiphany church, Honolulu	650.00
Kahala Beach house lease	750.00
Chapel, Kona	600.00
	2,075.00

"The years that Bishop Restarick has been at the head of the church in Hawaii have been years of building up of the church, both in Honolulu and throughout the islands, and the result of what the Bishop has accomplished during these years can perhaps best be seen by the following comparative figures showing the increase for the period during which I have been treasurer:

Value of church property and endowments, April 30, 1909	\$361,574.35
Value of church property and endowments, April 30, 1916	\$570,863.16

"In addition to the above, St. Clement's church, which is a separate corporation, owns a beautiful property in Honolulu valued at \$30,000.

"While as churchmen we have much reason to be proud of what has been accomplished, I cannot help suggesting that with the present general prosperity in Hawaii, the matter of trying to get some additions to the endowments of the church might well receive serious consideration at this time, as an increase in our endowment would mean a great deal in providing more income for the better carrying on of the work already established. Conditions in these islands may greatly change, and we should try to provide for the future.

"As treasurer of the church corporation for a number of years, I think I may also be allowed to say that in my opinion more thought might be given by the members of the church to the fact that with living expenses high, the salaries of our clergy are in most cases inadequate. A clergyman should not always be in a position where he constantly feels himself on the edge of anxiety for the future, but I am afraid that this in too many instances is the case, and in this year of plenty it seems to me that a special effort might be made to add to our endowments, and thereby make it possible to increase the salaries of the men and women who are giving their lives to the carrying on of the work of the Protestant Episcopal church in Hawaii.

Hilo Railroad Troubles Felt.

"In my last report I called attention to the serious depreciation in the value of the Hilo Railroad Company bonds, in which there is invested part of the Endowment funds of the church. As the reorganization of the affairs of the Hilo Railroad Company is not yet entirely completed, no change has been made in the valuation at which these bonds are carried on the books of the corporation. By the end of another year, however, the value of what the holders of these bonds will get in new bonds and preferred stock will be better known, and an adjustment of the book value of same can then be made.

"This loss of income, of course, has been sharply felt by the different institutions that had their funds invested in these securities, particularly the Chubb Home for Girls."

WIDOW OF LATE C. E. WILLIAMS ENTERS HER REST

Aged Lady Resided for Many Years in Honolulu, Arriving Nearly Sixty Years Ago

This morning H. H. Williams received a cablegram from his sister announcing the death of their aged mother, which had just occurred in San Francisco where she had been living for many years. Charles E. Williams, her late husband, died in San Francisco a little over five years ago.

Mrs. Williams was 85 years and two months old, having been born at Roxbury, Mass., April 1, 1831. For nearly a generation the departed lady was a resident of Honolulu, where her husband started a business 57 years ago which, in one branch, is today carried on by his son. The couple were married August 2, 1851, and sailed from Boston in October, 1852, for Australia, by way of Honolulu.

They arrived here in February, 1853, and stopped over for a visit with Mrs. Williams' brothers, John H. and Oran J. Wood, taking ship again for Australia in May, 1853. Mr. Williams went to the gold diggings in the southern continent and stayed there for some years. Sailing for Honolulu on May 8, 1857, Mr. and Mrs. Williams arrived at Honolulu for the second time June 25 of that year. Mr. Williams started a furniture and undertaking business in 1859, to which his son Henry succeeded some years ago, giving up the furniture branch.

About 30 years ago Mr. Williams and family removed to San Francisco, Mr. Williams retaining the business here and dividing his residence between San Francisco and Honolulu. His last visit here was about eight years ago, or three years before his death.

Surviving the venerable mother are two sons and four daughters, three grandchildren and four great-grandchildren. The sons are E. A. and H. H. Williams, and the daughters, Mrs. (Dr.) F. Bowman, Mrs. (Dr.) D. M. Gedge, Miss Charlotte A. and Miss Ada M. Williams. All of the children excepting Henry live on the coast.

Mr. and Mrs. H. H. Williams will leave in the Matsonia to attend the funeral.

FINE TRIBUTE IS DESCRIPTIVE OF HONOLULU

"An American city set in a huge botanical garden. Flooded with tropical sunshine and set to music—that is Honolulu." This is the brand new expression to describe Honolulu which will not only become famous in itself but will make Honolulu famous, says Albert P. Taylor, secretary of the Hawaii Promotion Committee.

"The new expression appears as the title for an illustrated and very graphic article about Honolulu in the May 15 number of Vogue, the story being written by M. Landon Reed.

"Once in a while a new expression crops up which just hits right, and this is one of them. There are the old-time favorites such as Mark Twain's 'No Alien Land' prose poem and his later 'Hawaii—the loveliest fleet of islands that lies anchored in any ocean,' and Bob Burdette's homely phrase, 'This climate of Honolulu, soft and fragrant, just mothered me through my convalescence,' and the always delightful 'Paradise of the Pacific,' the 'Honeymoon Isles' and the 'Isles of Peace,' but this new one is something that will just hit right in our summer and fall publicity campaigns and will be used extensively."

Moiilihi, Ewa side of Sun Loy avenue, 200 feet mauka from Watalee road. Dwelling. Sun Jung, architect and builder. Estimated cost, \$1250.

James T. Leach, owner. Location, mauka side of Kuakini street, 200 feet Waikiki from Liliha street. Two cottages. Sun Jung, architect and builder. Estimated cost, \$1900.

—Lan Tong, owner. Location, Waikiki side of Maunakea street, 200 feet mauka from Beretania street. Dwelling. C. M. Matzli, builder. Estimated cost, \$400.

April production of the Anaconda Copper Mining Company amounted to 33,000,000 pounds, a new high record for the company.

OUR YOUNG WOMEN

are so often subject to headache—are languid, pale and nervous—because their blood is thin or insufficient. They are not really sick and hesitate to complain, but they lack that ambition and vivacity which is their birthright. They do not need drugs—but do need the tonic and nourishment in Scott's Emulsion that makes richer blood, fills hollow cheeks, suppresses nervousness and establishes strength. Nourishment alone makes blood and Scott's Emulsion is the essence of concentrated nourishment, free from wines, alcohols or opiates.

If mother or daughter is frail, pale or nervous, give her Scott's for one month and see the betterment. It has a wholesome, "nutty" flavor. Avoid substitutes. At any drug store.

Scott & Bowne, Bloomfield, N.J. 15-24

Tells Her Experience To Benefit Others

Mrs. Dunlap Send a Letter Addressed to the Readers of the Paper.

A sense of duty to others who might suffer as she had impelled Mrs. R. C. Dunlap of Detroit, Mich., to send the following signed statement to the St. Joseph (Mo.) News Press:

"The readers of the News-Press especially those suffering from gallstones, stomach trouble and appendicitis, will find in Fritula and Traxo a permanent cure. After suffering for three years the most excruciating pain from gallstones I found this wonderful remedy and am now in perfect health and have been for almost four years. Never have any symptoms of the old trouble. I had been told by three doctors that nothing but an operation would save me. I know several who have undergone an operation but still have gallstones. This medicine is an oil which softens the stones and cures the liver. It can be bought at any drug store."

Fritula is an intestinal lubricant that softens the congested masses disintegrates the hardened particles that cause so much suffering and expels the accumulation to the patient's great relief. Traxo is a tonic-alterative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion, and removes bile from the general circulation.

Fritula and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Honolulu they can be obtained at Benson, Smith & Co.—Adv.

HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION

By a Stomach Specialist

As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach trouble possess stomachs that are absolutely healthy and normal. The real trouble, that which causes all the pain and difficulty, is excessive acid in the stomach, aggravated by food fermentation. Hyper-acidity irritates the delicate lining of the stomach and food fermentation causes wind which distends the stomach abnormally, causing that full bloated feeling. Thus both acid and fermentation interfere with and retard the process of digestion. The stomach is usually healthy and normal, but irritated almost past endurance by these foreign elements—acid and wind. In all such cases—and they comprise over 90 per cent of all stomach difficulties—the first and only step necessary is to neutralize the acid and stop the fermentation by taking in a little warm or cold water immediately after eating, from one to two teaspoonfuls of bisulphated magnesia, which is doubtless the best and only really effective antacid and food corrective known. The acid will be neutralized and the fermentation stopped almost instantly, and your stomach will at once proceed to digest the food in a healthy, normal manner. Be sure to ask your druggist for the bisulphated magnesia, as I have found other forms utterly lacking in its peculiarly valuable properties.—F. J. G. For sale by Benson, Smith & Co., Chambers' Drug Co., and Hollister Drug Co.—Adv.

AS A JOKE SMITH JOE MILLER HAD NOTHING ON THIS BRIGHT BOY

"Let me off today, mister," quoth the small boy to his employer. "Me gran'mother is dead and I wanna go to the funeral." But the boy went to the ball game—the same old story.

But this is not what a young Hawaiian boy in a local school wrote to his teacher the other day when he desired an excuse to stay away from his studies. The note informed the teacher that the boy's mother had suddenly died.

The teacher was very sorry. She told the other pupils so. Then she dug down into her vanity case and purchased a large and lovely bouquet of flowers which she sent to the boy's home. Some of the pupils also sent similar tokens of sympathy.

Flowers and notes were received at the home of the boy—and a very irate and much alive mother picked them up, caulked them into the ash can and promptly sought her son, whom she admonished with the hard sole of a slipper.

The boy confessed his wrongdoing in the juvenile court Saturday. He promised that he would be a better boy and that he would try and get work to earn money with which to reimburse his teacher for the flowers she bought for his "dead mother."

Dear little Dresses for small maid's graduation and party

Some of the most fetching and delightful styles that have appeared, made up simply in organdies, mulles and embroideries daintily trimmed with ribbons of pink or blue. One little Eton suit is priced at \$4.00. Other prices from \$2.00 upward. Sizes to 8 years.

What would summer be without the

ability to keep cool and take life easy that Couch Hammocks afford? We have three grades of CHAIN HUNG hammocks, the most durable because the chains are attached directly to the spring frame, and take every bit of the strain from the canvas. These springs, by the way, are patent, rustless fabric National springs, easy and uninjurable by the weather.

The Roxbury Couch Hammock

Without question the best chain-hung hammock on the market, is made with heavy genuine khaki duck, with extra high end and back wind-shield. Supported, rustless National spring with steel tubing frame, combination 4-inch box cushion, complete with chains, ceiling hooks and screws, but without standard or canopy \$21.00

Crescent Couch Hammock

Illustrated Above
Also chain hung and similar in many ways to the Roxbury, but of lighter construction and wind-shield not so high. With cotton-top mattress and head rest attachment, without standard or canopy, \$16.00

The Lyme Couch Hammock

The very best chain hung hammock for the money that we know of. Made with heavy olive-drab canvas, with rustless fabric National spring and angle iron frame. Cotton top and cushion, chains and screw hooks, complete, without standard or canopy, \$12.00
Price

J. Hopp & Co. LIMITED

AND THE CANOPIES AND STANDARDS
Two styles of canopies \$5.00 to \$9.00
Two styles of standard at \$9.00 and \$10.00
