HOPE

ARMY & NAVY OFFICERS AND ENLISTED MEN HEAR SERVICES

More than a thousand officers, men and their families were present on Sunday evening at the Fort Shafter aerodrome to render their tribute to the departed officers and soldiers of the army and navy and more especially to the deceased officers and soldiers who had been associated with the post during 1915-1916.

Under the able direction of Sgt. Francis Leigh the orchestra rendered "The March" from the oratorio "Saul" and the "Crucifix" as a fitting prelude to the solemn memorial service.

The congregation, after beholding the Second Infantry colors projected upon the screen, sang with the greatest feeling the song, "Hail to the Second," and after a beautiful view of the American flag sang the national song.

Religious service then began with the screen revealing a great mass of palms and Easter lilies and the congregation sang the soldiers' hymn, "O God of Battles, Hear My Cry."

The congregation then recited "The Lord is My Shepherd," the Apostle's Creed and the Lord's Prayer and sang the hymn, "Bringing in the Sheaves."

Upon the screen appeared a beautiful and dignified picture showing America kneeling at the altar of the country, draped in the noble Stars and Stripes, the country personified so beautifully seemed in prayer and recollection of those dear ones of whom she had been bereaved and immediately after this picture appeared a mural tablet containing the names of the dead officers and soldiers, who, while serving at Fort Shafter, had answered the final "call" during 1915-1916.

Then appeared a selection from Lincoln's immortal Gettysburg address, the military call "taps" was sounded and the congregation sang "God be With You Till We Meet Again."

CHAPLAIN AND MRS. SCOTT HONORED BY 25TH INFANTRY BOYS

Chaplain and Mrs. Oscar W. Scott, who will sail on the army transport Sheridan for the mainland the latter part of the week, were guests of honor at a farewell reception accorded them by the enlisted men of the 25th Infantry last Tuesday.

As Chaplain Scott has been with the 25th Infantry for nine years, he is well known to practically all of its members, and his popularity with them was well shown in the success of the party. Mrs. Scott, who has worked faithfully with her husband at Schofield, was presented with a beautiful necklace, set with jewels.

Mrs. Scott has had charge of the music for the regimental literary society during their stay here, and has helped in many social and literary affairs.

GOOD SCORES RUN IN BATTALION PRACTISE

In the target practise which they have just completed at Fort Shafter rifle range, members of the 2nd Battalion, 2nd Infantry, qualified 29 men as expert riflemen, 91 as sharpshooters and 187 as marksmen.

Company E placed four expert riflemen, 17 sharpshooters, and 73 marksmen; Company F, four expert riflemen, 25 sharpshooters, and 53 marksmen; Company G, 10 expert riflemen, 19 sharpshooters and 29 marksmen; Company H, 11 riflemen, 19 sharpshooters and 32 marksmen.

BROWN MISSING FROM ARMY

William A. Brown, a private in Company F, 1st Infantry, Schofield Barracks, is listed as a deserter from that post. Brown had been with the army since December 29, 1914, when he was enlisted at Fort Logan, Colorado.

Descriptive cards state that Brown is 23 years, 8 months of age; an engineer by occupation; has dark brown eyes; light brown hair; ruddy complexion. He weighs 125 pounds, and is 5 feet 5 3/4 inches in height.

Additions including rubber tires, tubes for motor cars and motorcycles have been added to the import embargo list by England.

ANTI-PINKHAM MEN WILL USE COKE INCIDENT

Attorney's Trip on Full Salary Has Several Political Angles

Senator Coke's departure for the mainland—and the Democratic convention at St. Louis—has furnished the McCandless Democrats with a whole new line of ammunition which is likely to be used in the fight contemplated against Governor Pinkham.

That Senator Coke should go to the mainland as an attorney for Dr. J. H. Raymond and Raymond's political contest, while Coke simultaneously is on full salary from the public utilities commission as its counsel, offers a situation which the anti-Pinkham Democrats have not been slow to seize.

Chairman Pacheco of the Democratic territorial committee said yesterday that he had been formally notified by Coke that Coke is Raymond's attorney. Dr. Raymond is going to carry to St. Louis his fight to be seated as the Maui member of the territory's delegation.

Documentary evidence will probably be taken by the McCandless-Pacheco delegation to show that when Coke collected funds from prominent and generous Democrats here to be used for political purposes at St. Louis, he did not explain that the political purpose was to be a fight for Raymond and against Morris Keohokalohe, who has been declared the Maui delegate.

In other words, if Senator Coke appears before the national committee or the convention's credentials committee on Raymond's behalf, the McCandless spokesmen will declare that he is acting under false pretenses and that the funds he collected here were not given to promote a factional fight in the party. Such is the situation outlined by the Democrats going to St. Louis.

All of this, of course, is "pie" for the anti-Pinkham faction. Arthur A. Wilder's legal fight on the now-famous Forbes bill was largely made on the charge that the funds of the public utilities commission were being used illegally.

The anti-Pinkham Democrats, as the situation is now developing, will use the Coke incident to back their claims that public funds are being used illegally and wastefully. They will declare that the commission had no right to authorize Coke's trip on full salary.

Of course the commission got busy last Saturday and cabled to Coke that if he went to St. Louis as attorney for any political interest his salary will be suspended. Nevertheless, the whole incident has given the anti-Pinkham Democrats cause for glee and shot for their lockers. They regard it as a blunder which has played into their hands perfectly.

The Bourbon delegation, including delegates and contestants for delegations, will sail on the Matsonia tomorrow. Personally, they are all friendly enough—on the surface—but predictions are many that the fur will fly in St. Louis.

VILLA HENCHMAN TO BE SHOT ON JUNE 6

(Associated Press by Federal Wireless) CHIHUAHUA CITY, Mexico, May 30.—Pablo Lopez, a Villista leader, is to face a firing squad of Carranzistas on June 6. His execution was to have taken place earlier, but was delayed in order that wounds in his leg might heal, so as to enable him to walk to the place of execution.

Mrs. Agnes Newman, sister of Sir Roger Casement, facing trial in England for high treason, appealed to the State Department and British Embassy to save her brother from death.

The Man Who Works Overtime

is not always the best friend of his eyesight. The eyes suffer more than any other physical faculty from overwork under artificial illumination. Even daylight contains a large percentage of rays harmful to eyesight. All that danger can be done away with if you view your work through lenses made to your prescription from the wonderful new glass discovered by Sir William Crookes, that actually filters out all the harmful colors.

Don't neglect your sight whether you work overtime or not.
