## SHERIDAN WILL TAKE SIXTY-SIX FROM HONOLULU

### Wireless From Transport Tells of Probable Date of Arrival and Accommodations

Wireless advices received this morning from the transport Sheridan, en route here from Manila and Nagasaki, state that the big boat will be off port late Saturday night, which means that she will probably dock Sunday morning.

She carries 17 bags of mail and 71 tons of freight for Honolulu.

Passenger accommodations available include 46 first cabin and 20 second. These berths are now filled by persons who took the boat at Manila on condition that they would disembark here if necessary. There are for Honolulu 28 first class and eight second class passengers.

Quartermaster officials stated today that the 46 available places will be filled here, and that there will be four or five passengers from here additional. Twenty persons are listed for second cabin privileges. About 100 troops will be taken from here by the Sheridan.

Freight from here for San Francisco amounts to approximately 350 tons, including four automobiles.

Following is the list of sick to be taken from here by army orders issued today. The men will be taken to the Letterman General Hospital for treatment.

Pvt. James Cross, 10th Company, Coast Artillery Corps; Pvt. Emil Sonnenfeld, 143d Company, Coast Artillery Corps; Pvt. Russell J. Reeves, 159th Company, Coast Artillery Corps; Sgt. David Shepard, Company C, 1st Infantry; Pvt. James Ormond, Company K, 1st Infantry; Pvt. Hugh H. Collins, Company K, 1st Infantry; Pvt. James M. Radcliff, Company C, 2d Infantry; Pvt. Richard F. Mielke, Company K, 2d Infantry; Pvt. John S. Stewart, Company C, 25th Infantry.

The Sheridan will sail for San Francisco at 5 o'clock Sunday evening.

## SPECIAL COMMITTEE MEETING TODAY TO CONSIDER CHARTER

To further consider the proposed model charter for Honolulu to be presented at the next territorial legislature, representatives of various local public and semi-public organizations, appointed at the request of the civic federation, are to meet in the rooms of the Chamber of Commerce at 4 o'clock this afternoon.

The committee is still at work on the outline of the proposed charter, and has asked former Governor Walter F. Frear to submit an outline according to his own personal views. The committee is composed of the following representatives: J. M. McChesney, civic federation; William Thompson, Ad Club; Ed Towse, Rotary Club; L. M. Judd, Research Club; J. M. Young, Commercial Club; W. F. Frear, Chamber of Commerce.

## THOMAS GATHER JONES BACK AT SCHOFIELD

Thomas Gather Jones is back at his post. Soon after he was married, after a pursuit of a bride that occupied public attention for a week, he was called in from his furlough which did not expire until June 5 and went back to soldiering at Camp with the machine gun troop of the 4th Cavalry.

## GIFTS TURNED BACK TO ANNAPOLIS.

ANNAPOLIS, Md.—Mrs. Zimmerman, widow of Lieut. Charles A. Zimmerman, for 33 years a member of the Naval Academy band and its leader for a long period, has presented to the Naval Academy the many tokens which he received from the different graduating classes of midshipmen.

## MILLIONS GO UP IN SMOKE.

MEXICO CITY, Mexico.—Paper currency aggregating \$48,000,000 has been burned in the courtyard of the National Palace, with government officials and bankers interested spectators. The money was part of the old Vera Cruz issue, which is slowly being supplanted by the new uncounterfeitable bills.

The earth's atmosphere is supposed to vary in depth from 125 to 200 miles.

## Will Verify Statement

Mr. Philip Gelber, 545 Bushwick Ave., Brooklyn, N. Y., will verify to anyone interested his indorsement of Fruitola and Traxo. In writing to the Pinus laboratories Mr. Gelber says:

"I suffered with gall-stones seven years—tried various remedies without satisfactory result—was induced to try Fruitola and Traxo. Glad to say I am now feeling better than at any time for years and heartily recommend Fruitola and Traxo."

Fruitola acts on the intestinal organs as a powerful lubricant—softening the congested masses, disintegrating the hardened particles that cause so much suffering and expelling the accumulation with almost instant relief. Traxo is a tonic-alterative acting on the liver and stomach, and is especially recommended in connection with Fruitola to build up and restore the weakened, run-down system.

For the convenience of the public, arrangements have been made to supply Fruitola and Traxo through representative druggists. In Honolulu they can be obtained at Benson, Smith & Co., Ltd.

## FORT SHAFTER OFFICERS ARE NOW IN SCHOOL

### Beginning today all officers at Fort Shafter will undertake their summer school work in line with the regular army custom. The school lasts until October 27.

Orders were issued at the post yesterday for the school work by Col. Daniel L. Howell, commander, who, together with the youngest officer there, is required to take up the school duties.

Studies for the regular course are prescribed in general orders No. 70, war department, 1910. They will include military work in various districts of Oahu, rides, map making, war games, computation on field firing and recitation work. The last lesson of the course will be a study in the care and protection of Honolulu and its utilities.

## 'JUNE FANTASY' IS REAL MAGNET THIS EVENING

Tonight the Royal Hawaiian Opera house will, almost for the last time perhaps, be the Mecca that will attract society, lovers of the beautiful, of esthetic dancing. It is the first production of the June Fantasy which will prove the magnet, and strong indeed are its attractive powers. Other than strong they could not be with the many charming participants in the production, both in pictures and in ballet, with the superb costuming that is promised, and after faithful efforts that have been expended to make this one of the most charming performances that has ever been witnessed in Honolulu.

Last night the final rehearsal of the "pictures" was held and the night before the members of the ballet completed their final preliminaries. And so all is ready for the real performance that is to be rendered tonight before a throng that will tax the capacity of the old opera house.

It was said this afternoon that it was hoped and expected that the queen would occupy her box at the opera house this evening, that she had been invited so to do and had signified her intention of accepting the invitation providing that her health will permit.

## VITAL STATISTICS

### BORN.

NAKANANI—In Honolulu, May 27, 1916, to Mr. and Mrs. K. Nakanani, Jr., of Dowsett lane, a daughter—Fancy.

INOUGE—In Honolulu, May 26, 1916, to Mr. and Mrs. Sangoro Inouge of S. Beretania street near King, a daughter.

## WOULD PROTECT GIRLS TO ENTER LOCAL 'MOVIES'

### Y. W. C. A. Will Consider Request It Act as "Guardian" of Honolulu Talent

Honolulu girls who decide upon "screen" careers when the moving picture city is established in Honolulu may have the protection, guidance and advice of the local Y. W. C. A. during the period of their employment. At the request of Mrs. Rose Janowitz, one of the promoters of Aloha Moving Picture Company, which, it is reported, shortly will establish a movie city here, the Y. W. C. A. has taken under consideration the suggestion that it look after and protect those girls of Honolulu who may be employed by the picture company in the various plays to be produced here.

The question of protection of these girls also has been under the consideration of the Child Welfare Committee which, at a meeting yesterday afternoon, reported that it was laid the matter before the Y. W. C. A. Present at the meeting were Mrs. F. W. Macfarlane, president; Miss Frances M. Gould of the Castle Home, Mrs. Doremus Scudder and Mrs. P. L. Weaver.

Mrs. Walter F. Frear, president of the Y. W. C. A., told the Star-Bulletin today that the matter in hand is one which will require deep and careful consideration. It will require the formation of a concise plan of procedure in case the association decides to accept Mrs. Janowitz's suggestion. If this is done, Mrs. Frear said, it will not mean that the association will discourage any local girls from entering the motion picture profession.

It is believed by some that the establishment of the company here will open up a new and pleasant line of employment for girls possessing the talent required by picture producers, and that it is a profession which might be worked up to a considerable extent here.

Mrs. Janowitz, in outlining her plan, stated that the girls who enter the profession should have the advice, protection and guidance of some competent organization, and suggested the Y. W. C. A. for the work.

## CLUB REFUSES PUUNUI ARBITRATION PLAN; TROUBLE ALL SETTLED

After a wait of five weeks and after the Country Club has refused to arbitrate its dispute with Puunui over the proper mauka outlet for the district, Monday the City Planning Commission decided to recommend Circle Drive to the supervisors. This is what Puunui wanted. It is what the Country Club and George Sherman have been fighting. Five weeks ago Puunui was in despair. Months had gone by and they felt they were no nearer to getting an outlet for the district than when the matter was first submitted to the planning commission.

They wrote to the Country Club and to Mr. Sherman offering to arbitrate. Yesterday came the reply. It is a refusal, but the planning commission decision was in favor of the Improvement Club.

The Country Club says that at present the matter is not in shape to arbitrate, which Puunui Club people hold is a refusal to do so.

## HAWAIIAN PRODUCTS SOON TO BE INCLUDED IN ALL CROP REPORTS

Encouragement to the hope that soon the crops of Hawaii will be included in and segregated in the reports of the agricultural department are contained in a letter received by the Chamber of Commerce from that department. For some time past efforts to that end have been made and now comes the reply that it is expected that soon larger funds will be available and that then local wishes can be respected.

The letter from the department of agriculture states that Hawaiian sugar is included in the reports and that this constitutes 90 per cent of the agricultural products of the islands. Though the balance segregated into items is not so large as in some counties of some of the states, yet with the expected larger funds they will be able to handle reports by counties and then the less important products of Hawaii may be expected to be included.

## BATHS IN RESERVOIR AND MEETS HIS DEATH

(Special Star-Bulletin Correspondence)  
LIHUE, KAUALI, June 1.—A Filipino named Marlan Chimal, aged 24, was drowned about noon Sunday while bathing in the Kamalama reservoir at the Kapaa side of Kealia plantation. The victim of the accident and two other young men went to the reservoir to swim. One entered the water with Chimal, the other tarrying on shore. On a sudden, Chimal took cramps and sank. His companion made an unavailing effort to save him. The dead man was an employe of the Mahee Sugar Company. A coroner's jury empaneled on the case returned a verdict of accidental drowning.

## WATER-METER TEST TO END THIS AFTERNOON, OFFICIALS WATCHING

Four water meters, the type usually installed in residences, which have been seen the equivalent of 15 or 20 years' service at the Beretania street pumping station, will be taken off this afternoon in the presence of the representatives of the companies manufacturing them, the water committee of the supervisors and the manager of the water works, Harry Murray. They have been running continuously since February 25 on a reliability test.
