CITY HALL NOT GREATEST NEED, THINKS FORBES

To forget about a city hall for the present and put bond money into roads, water works and a sewer system—this is the plan which Charles R. Forbes, superintendent of public works and chairman of the Oahu loan fund commission, considers most desirable.

Forbes told the Star-Bulletin yesterday that he thinks the law should be changed to allow people to vote a bond issue for the full amount of the allowable taxation instead of a yearly bond issue of \$450,000, as has been proposed. He would have some legislation enacted to allow the city and county supervisors to bond the municipality to the full amount.

"We do not need a city hall now," Forbes declares, "so much as we need other things. I am in accord with a goodly number of citizens who believe that, without detailed information given out for the proposed paved district, the future water supply and the disposal of sewage, vote on the bond plan would fail."

"I believe the city and county engineer is on the right track in his scheme for defining improvement districts which will apply to the bond issue as well as to the frontage tax. If the majority of taxpayers favor frontage tax policies for road improvement, which seems to be true, I believe such improvements as come under it should be carried on at the same time with improvements under a bond issue."

Forbes suggests action should be defined clearly on the following details in the bond scheme:

1. Redemption of bonds.
2. Interest.
3. Sinking fund.
4. Cost of handling bonds and legal expense.
5. Character of bonds.
6. Character of pavement.
7. Districts to be paved.
8. Maintenance.

"If water supply and sewage disposal is to be considered," he says, "the same information as regards that work should be carefully compiled and given to the public."

GEN. EVANS PAYS FIRST VISIT TO PUNCHBOWL SITE

Highly enthusiastic over a visit to the Punchbowl training camp yesterday afternoon, Brig. Gen. Robert K. Evans declared that the site offered one of the most unique places for national guardmen to train that can be found anywhere in the world.

Gen. Evans visited the camp, which is now under course of construction, together with Governor Pinkham and Adj. Gen. Samuel Johnson. The governor likewise was favorably impressed, and remarked upon the progress that has been made by workmen on the ranges since his last visit some months ago. This was Gen. Evans' first visit to the reserve.

Possibilities of the place as a rifle range, training camp and drill ground were all considered by him with favor.

With the 200-yard and 300-yard ranges complete the grounds are already taking on a very definite appearance and giving evidence of what they will be when all the plans are carried out.

Prisoners from the territorial jail—some of them skilled carpenters and wood-workers—have been placed in a regular camp on the reserve and are beginning work on the administration building, which is to be done on the day-labor plan, as the bids submitted for it were all considered too high.

Other workmen are getting the 500 and 600-yard ranges into shape. Lieut. Col. W. R. Riley has been placed in charge as general superintendent of all work in the place, and according to guard officials is showing good results.

"Service at the Mexican border if desired" reads a placard displayed at New York army recruiting stations, to try and attract more recruits.

Found Simple Remedy That Relieved Child

Mild Laxative Compound Corrects Stubborn Case of Constipation.

An important duty that devolves on parents is the regulation of their children's bowels. Health in later life depends in large measure on early training and a child should be taught from infancy to regular habits.

When from any cause the bowel becomes congested with stomach waste a mild laxative should be employed to open up the passage gently and carry off the congested mass. A most effective remedy for this purpose is the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin. Mrs. W. D. Bulls of Reed, Okla., used Dr. Caldwell's Syrup Pepsin for her baby boy, Harley Buren Bulls, and says: "It did him more good than anything we have given him. His bowels are very stubborn about acting, but they act easily every time I give him Dr. Caldwell's Syrup Pepsin."

Dr. Caldwell's Syrup Pepsin contains no opiate or narcotic drug and is a splendid remedy for children and older people as well. It has been on the market for more than twenty-five

SPECIAL SHIPPING CHINA COAST IS ALSO HAVING A STRIKE

Shipping on the China coast is suffering enormously as a result of the strike of skippers and officers that has practically paralyzed the movements of the Indo-China and China Navigation Company steamers. Nearly all the fleets of these two companies are tied up.

The effect of this on business is of the gravest nature. The losses to shippers and to the companies is said to be vast. It is considered that the shareholders may grow restless at the possibilities of a prolonged strike of members of the Coast Officers' Guild.

As a result of the strike fully 30 per cent of the strikers are leaving for England.

The men say that there is every prospect for a long, hard fight and that they are not content to lie idle in Shanghai until it is settled.

Most of the men say that they will offer themselves for war service if they can obtain permission from the local British consulate-general to leave.

The effect of this would be badly felt by the Indo-China Steam Navigation Company and the China Navigation Company if the strike were settled after they had left, says the China Press. It would be almost impossible to set men out from home to fill the places while the war is in progress.

Most of the available shippers and navigation officers in England now are busy in some branch of the navy service.

HARBOR NOTES

Sugar on hand at Hawaii ports is as follows: Punaluu 6590, Honouapuu 4954, Honokaa 23,000, Paauhau 8000, Kukui 8000, Paailo 694. Sugar left at warehouse after shipment, Punaluu 5765 and Honouapuu 3929.

According to D. H. Gilmore, passenger agent for the Oceanic Steam Navigation Company, he has already booked 75 first class passengers and will have enough steerage passengers to fill all the space left on the Ventura when she arrives here June 13 on her way to San Francisco.

On her last voyage for some time the Inter-Island steamer Kilaua arrived here this morning from Hawaii and Maui ports with 25 cabin and 44 deck passengers. She will now be laid up and the Moana Loa will take her run to the Kona-Kauai, Hawaii, ports. The Kilaua's freight consisted of 8960 bags of sugar, 664 bags of sugar, 55 bags charcoal, 221 bags taro, 62 pigs, 21 bundles of hides, 6 cows, 6 calves, 75 cases pears, 21 cases tomatoes, 69 bunches bananas, 21 cases chickens, 7 cases pigs, 51 quarters of beef, 1 automobile, 208 packages of sundries and 1924 feet of koa lumber.

NEW JAPANESE CONSUL TO SAN FRANCISCO ARRIVES

(Special Marconigram to Nippon Jiji. SAN FRANCISCO, Cal., June 2.—M. Hanihara, newly appointed consul to San Francisco, arrived here on the Tenyo Maru yesterday. He will be much feted during his first week here and last evening a joint banquet of the Seattle Japanese Association, the San Francisco Japanese Association, the Japanese Chamber of Commerce and the Japanese Farmers' Association was held at the Ogawa Hotel in honor of the consul.

The Chamber of Commerce of San Francisco will tender a banquet to the newly appointed consul at the Bohemian Club on Monday evening and on Wednesday he will be the guest of the Japanese Society at the St. Francis.

The Japanese steamer Fukui Maru left here early this morning in ballast for Tacoma, where she will load a general cargo for Yokohama.

The transport Sheridan, which arrives here Sunday morning, will leave with the next mail for San Francisco Sunday afternoon at 5 p. m.

SUGGEST EXTENDING KING STREET TRACK

Members of the public utilities commission, at their meeting yesterday afternoon, approved the new rates of the Hawaii Telephone Company. Hearing on the rates was held recently during the trip of the commissioners to Hilo, and as no objections were filed at that time it was decided at yesterday's meeting that they be accepted.

Late in the meeting Chairman Forbes proposed to Manager C. G. Balleentyne of the Rapid Transit Company that an extension of the street car line into the Moanalua district might be a good thing. The manager offered to take up the matter with his trustees if put in letter form.

CLERKS PRESENT CANE TO JUDGE T. B. STUART

Prior to his departure for the mainland on Wednesday, Circuit Judge Thomas B. Stuart was presented with a handsome kauwila cane by Clerks B. N. Kahalepuna and Solomon Meheula and Steppographer Ellen Dwight. In a letter to the judge his assistants informed him that his departure "incurs a great loss to the Hawaiian people." The letter was written in reply to a communication by Judge Stuart in which he highly praised the efficiency of the officers of the third division.

CLOSE DEAL FOR FIRST HONOLULU DETENTION HOME

Old Hart Premises in Nuuanu Street Secured; Will Be Opened About July 1

Juvenile Judge W. L. Whitney and Probation Officer W. H. Hutton Wednesday completed arrangements for the renting of the old Hart premises in Nuuanu street, near Kukui, which will be used as a temporary home for the detention of delinquent and other boys awaiting the action of the juvenile court.

The premises are now occupied by the Japanese Children's Home, which expects to secure new quarters by the end of this month. By July 1 it is expected that the detention home will be opened. The money to keep up the new establishment will be taken from an appropriation passed by the 1913 legislature for the maintenance of a detention home. This appropriation is \$2500 a year.

A dining room and dormitory will be arranged as soon as the new building is occupied, and Judge Whitney is planning to move the juvenile court from the judiciary building, to the home. It will also be the headquarters of Hutton and Miss Agnes Maynard, girls' probation officer.

A social and dance will be given by the Mothers' Club of Kaimuki in the assembly hall of the Liliuokalani school this evening, beginning at 7:30 o'clock.

Many have planned to attend the meeting of the Polynesian Encampment No. 1, I. O. O. F., tonight to see work in the Royal Purple degree and enjoy entertainment and refreshments afterwards. Officers will also be nominated for the ensuing term.

NEGRESS UPSETS THEORIES.

EVANSVILLE, Ind.—Food faddists, hygiene lecturers, temperance workers and anti-smokers were presented with a problem when during the celebration here of the Indiana centennial, Mrs. Anna McKinney, a negro, aged 100, died. She was an inveterate pipe smoker, used snuff freely, was fond of gin, ate what she pleased and always slept with her windows closed. Her health always was good.

HELP FOR WORKING WOMEN

Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health—

Frankfort, Ky.—"I suffered so much with female weakness that I could not do my own work, had to hire it done. I heard so much about Lydia E. Pinkham's Compound that I tried it. I took three bottles and I found it to be all you claim. Now I feel as well as ever I did and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."—Mrs. JAMES CONLEY, 516 St. Clair St., Frankfort, Ky.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice—it will be confidential.

There is nothing so refreshing, so invigorating, so tasty so cooling, as a glass of ice cold
