Wheat looks to have the nomination for secretary of agriculture, although Meadows may make a strong showing in the St. Louis delegation. Pick of Philadelphia will be the eastern candidate for secretary of labor.

To date the delegates are uniting on two candidates for secretary of the treasury, Morgan of Washington and Steele of St. Louis are the two men most mentioned. If the latter should land the position Chase will be used in the department. It is thought. Judge of Washington may be given the position as attorney-general. ### POLICE NOTES

Ah Hoong, accused of having some opium, will be tried Tuesday.

A. Emmauerson was in court yesterday after just eight days' absence. Consorting with fiery fluids cost him \$5 and costs.

Ah Quen's trial for having a check in his possession was set for next Tuesday. He was arrested Thursday. Bail is \$50.

The case of Chee Chun was dropped upon recommendation of the prosecution in the police court yesterday. Chun was accused of conducting a pawnbroker's business without a license, but the prosecution admitted this was not true. Testimony was that Chun gave a woman \$4 for a plain gold ring, charging no interest. Later his wife was burglarized and everything taken. Charges were then preferred against Chun.

Too much booze is responsible for all kinds of things, said Judge Monsarrat when he gave A. B. Frear a suspended sentence for stealing an auto tube from Allie Magoon.

More cut of pity than as a penalty Judge Monsarrat sent Joaquin Santos to the city jail yesterday for two months on a charge of vagrancy. The prosecution said Santos was "light up stairs," and very weak from being pownbroker's business without a license.

CHICAGO, Ill., June 10.—The Hawaii delegation of two went for Burton and Weeks on the first ballot late yesterday. On the second ballot the delegation went for Weeks and Hughes and at that time the future ballot of the delegation was undecided.

Last night Robert W. Breckons says, "It looks like Hughes." Kuhio predicts Hughes' election should the parties unite. The compromise was then being awaited.

### WILL CLOSE ROAD WHEN SUN HAS MADE IT DRY

Warm Hawaiian sunlight and light showers beating down upon the Tantalus hillsides are hastening the day when the territory will close the new roadway to begin macadamizing work on it.

What citizens who live on the Tantalus slopes will do for a roadway after the new one is closed is a question, considering the present condition of the old road and the kicks that are being registered against it by mountain inhabitants.

Forbes and Sheriff Jarrett have been considering for some time the possibility of putting prisoners on the old road as soon as the new road is completed, and while no money for the work could be supplied by the territory, it is quite probable that the labor could be furnished free, Forbes says.

Holland has forbidden the export of foodstuffs until further notice.
