## MORE "HOME RULE" FOR HAWAII IS DEMANDED IN DEMOCRATIC PLATFORM

### Coast Strike Leads to Fight on Oakland Front

### SHIPOWNERS HOLD DEMANDS UNFAIR, BREACH OF FAITH

Employers' Side Strongly Set Forth in Letter From President C. W. Cook

### SAYS OTHER UNIONS ARE NOT IN SYMPATHY

Teamsters are Hauling Freight Handled by "Scabs"; U. S. May Bring Settlement

(Associated Press by Federal Wireless) - SAN FRANCISCO, Cal., June 16.—A big fight took place on the Oakland waterfront this morning between union and non-union stevedores.

Radical elements in San Francisco labor unions on the waterfront are responsible for the present strike situation not only by unjust demands but by breaking faith with the shipowners, according to a strong letter received this morning from the president of the Pacific Coast Shipowners' Association, C. W. Cook.

The letter is to General Freight Agent C. P. Morse of the American-Hawaiian Steamship Company's agency here. Mr. Cook is Pacific Coast manager of the American-Hawaiian line.

The statement will be received with special interest here because it is the first made public locally giving the side of the shipowners. Mr. Cook points out that the owners have been willing to grant increased pay and make other concessions, but that further demands have not been accepted.

While his letter does not detail these demands, telegraphic despatches indicate that the chief of them is for a "closed shop" or all-union labor.

Cook also points out that the other labor unions of San Francisco are not in sympathy with the strikers, and that even the teamsters have not refused to handle freight also handled by "scab" or non-union labor.

His letter, which gives an important light on the coast situation, mentions that the Chamber of Commerce of Honolulu had cabled to the coast suggesting that the shipowners accede to the demands of the men. This is incorrect and evidently based on a news despatch sent to San Francisco one night which carried the impression that the Sugar Planters' Association had declared that the demands should be granted. The report of such action by the planters was punctured here when President Bottomly made a formal denial in the Star-Bulletin.

The letter says: "Your Chamber of Commerce has cabled up to somebody recommending that we immediately accede to all the demands of the strikers, and for your own information and for the information of the Chamber of Commerce to whom you may impart as much of this as you wish, will say: After about 18 months of strenuous negotia-

### "Kalakaua Day" Committee To Be New Suggestion

"Kalakaua Day! You bet I'm for it!" enthusiastically proclaimed A. P. Taylor, secretary of the Promotion Committee, when asked this morning if he thought Mayor Lane's scheme to celebrate the beginning of the tourist season it would be a tremendous asset from the standpoint of our organization. People attracted here by the celebration, and it must be characteristic of the islands to be worth while, would get back home just about in time to advise their friends to come over here for the Carnival.

He pointed out that the Kamehameha dynasty has its day in which all the people do it honor, and said that the Kalakaua dynasty was worthy of a similar recognition. Then he suggested that members of the cabinet of "the merry monarch," many of whom are still prominent in the life of Hawaii, get together and form an organization similar to the Kamehameha Day celebration committee to arrange a program for Kalakaua Day, November 16. If this is done, he added, the Chamber of Commerce would undoubtedly cooperate by asking the merchants and business houses to close their doors for the day.

### WUDAN TO WORK FOR HAWAII AS CHINESE LEADER

Revolutionist General and Editor May Rank High in New Republic

### SAYS HONOLULU SHOULD TAKE PLACE OF THE HAGUE

Points Out Advantages of Territory in Leading for World Peace

Col. gen. D. J. Wudan, leader of the Chinese Nationalist party in Hawaii, leaves on the Tenyo Maru this afternoon for Shanghai, where he will establish a new newspaper. Accompanying him will be Young Gat, a member of the state assembly in Canton, and one of the earnest workers for a true republic in China.

"In leaving Hawaii I leave a friend," said Gen. Wudan this afternoon. "I believe that Hawaii is the most peaceful spot in the world, and on my return to China I will work to have Honolulu established as a permanent center for the World's Peace Conference. It shall be one of my aims to induce China to work for Honolulu as the true center of the peace of the world."

"Hawaii has every advantage in this respect over The Hague, as here the peoples of the world live in harmony, and travelers from all corners of the world have commented upon the manner in which the races enjoy life in the Paradise of the Pacific. While in Tokio I will take this question up with the leading peace advocates."

"Although I regret to leave Hawaii, I will do my best to bring the islands to the notice of the people of the Orient. I imagine that in the publication of news I shall have a tendency toward featuring things Hawaiian."

"The Chinese living in Hawaii are the best educated of that race in the world. The people here have grown to understand the Chinese as in no other section of America, and it is to Hawaii that the Chinese people are looking for the liberal policies that must come to the people of the great republic in Asia."

"I hope that the United States will be more liberal in their laws toward the Chinese. The immigration law at the present time is an injury to the best interests of the two countries, and if the people on the mainland knew the Chinese as you do in Hawaii, that question would never have to be discussed."

"It is the sentiment in China that the war is about over, and instead of a battle of bullets we will have a battle of ballots. If the two factions can be united, and I sincerely hope they will, then China will take one more step in advance."

"My newspaper will be primarily to unite the opposing factions in China. That is certain to be the policy, which is aligned with a policy of peace. There is a growing feeling among the diplomats of the world that when the European war is over the great conflict will be in the Orient, and we must all begin now to work for peace before the slumbering coals are afire."

"This will be a big question after European conflict, and as Hawaii is the home of peace, the people living in the Paradise of the Pacific can really look to have the name inscribed among the diplomats of the Orient as 'The Isles of Peace.'"

Col. gen. Wudan came to Hawaii virtually as a fugitive from justice with a price on his head, having opposed the inexorable Yuan Shih-Kai government. He preached liberty and democracy from the start here. A few months ago he was charged by the United States government with being an anarchist and the case attracted international note. The examinations were held here and the authorities in Washington after consideration cleared him of the charges. Meanwhile Yuan was falling and Wudan's former activities for the republic brought him again high in Nationalist councils.

### MRS. OLESON'S DEATH JUNE 3 LEARNED HERE

### Widow of Rev. W. B. Oleson Passes Away in White Plains, N. Y.

Mrs. Abby Jane Adams Oleson, widow of the late Rev. W. B. Oleson and a resident of Hawaii for more than 30 years, died in White Plains, New York, on June 3, news coming to her son, David L. Oleson of this city, by mail today.

The news of the death will be a shock to a wide circle of friends. Mrs. Oleson came here in 1881 after graduating from Oberlin College that spring, and entered immediately into an active and useful life as instructor at the Hill Boarding School.

She was married in Hilo. A year ago Mr. and Mrs. Oleson left for the states. Mr. Oleson died while on the train, at Seligman, Arizona. The widow has been living in White Plains with a married daughter, Mrs. Mary Oleson Elder. It is understood that the body is buried at Lombard, Ill., in the same plot with her husband.

Mrs. Oleson was born in Brookfield, Mass., 66 years ago. She is survived by five children, Edward Prince Oleson of Worcester, Mass.; Mrs. Mary Oleson Elder, White Plains; Miss Alice Oleson, New York City; Mrs. Rachael Oleson Ewing, Worcester, and David L. Oleson, Honolulu.

### KAUAI RESIDENTS ASK GOVERNOR TO CONSIDER DISMISSAL OF BROWNS

Declaring that a grave injustice has been done and requesting a reconsideration of the matter, 105 residents of Kauai have sent to Governor Pinkham a petition protesting against the action of the board of school commissioners in failing to reappoint Mr. and Mrs. H. C. Brown as principal and teacher respectively at the Waimea school.

The action of the board with regard to Mr. and Mrs. Brown was taken at the recent annual meeting. While no reasons were made public at that time, Superintendent Henry W. Kiley has stated that it was "in the interest of the department."

In part, the petition of the Kauai residents is as follows: "We look with apprehension on any system which enables a department or a person to dismiss without adequate warning any public servant occupying a position of trust and responsibility, without the very best reasons. Consideration must surely result in undermining the loyalty of the teaching force and in fatally reducing the efficiency of the department. The fundamental prerequisite for securing capable and efficient teachers is the reasonable assurance that they will be treated fairly, and nothing could be more fatal to our school system than the current conviction that such fair treatment cannot be relied on."

### WILL ROTH AND OTHERS SHOWN AT MANUAL TOIL

Will Roth, former local stock broker, athlete and clubman, had to take off his coat and help handle Matson freight in San Francisco on account of the strike, and the pictures of it are in the San Francisco papers which arrived today. The pictures are giving their local friends much amusement and great comfort.

### WILSON'S POLICY IN MEXICO AND PHILIPPINES SUPPORTED

Democrats in St. Louis Call President "Greatest American of His Generation" and Uphold Legislation Enacted at His Behest—Freedom of Seas By International Combination Urged

(Associated Press Service by Federal Wireless) - COLISEUM, Chicago, June 15.—More "home rule" for Hawaii and other territorial parts of the United States is demanded in the platform presented to the Democratic national convention today.

It will be voted on probably this afternoon. Senator W. J. Stone of Missouri, chairman of the platform committee, presented the document to the convention. It favors granting to Hawaii, Alaska and Porto Rico the "traditional territorial government" accorded to all territories since the beginning of government.

"We believe," it says, "that the officials appointed to administer the government of these territories should be qualified by previous bona fide residence."

The platform promises that the Democratic party will continue the enforcement of the Seaman's Act, and indorses self-government for the Philippines. It recommends the extension of the voting franchise to women by the states, on the same terms as given to men.

One important plank, that with a reference to Mexico, says that the Monroe doctrine is reasserted as a principle of Democratic faith, and that until the restoration of law order, it is necessary for the troops to remain beyond the border.

"Intervention is revolting to the people of the United States," says the plank, "and should be resorted to, if at all, only as a last resort."

The plank on "Americanism" says that this is a day of test, and that America must show itself not a nation of partisans but a nation of patriots.

The platform condemns "alliances, combinations and individuals of whatever nationalities and descent who conspire to embarrass the government."

It favors an army adequate to protect the nation's rights, and the maintenance of an adequate reserve of trained citizens, and urges "a fixed policy of continuous development of the navy worthy of the support of the naval traditions of the United States."

It declares the belief that the duty of the United States is to join other nations in any feasible association which will effectively maintain inviolate the complete security of the highways of the seas for the unhindered use of all nations. It also favors the closest Pan-American relations and lauds President Wilson as "the greatest American of his generation."

### "Home Rule" Plank Probably Due To Work of Anti-Pinkham Faction

The plank demanding government for Hawaii by officials "qualified by previous bona fide residence," is probably the result of the efforts of the anti-Pinkham delegation from Hawaii.

Some weeks before the delegation left for St. Louis the Star-Bulletin printed the plans of the anti-governor faction to get into the platform a plank which would be a slap at Governor Pinkham. The McCandless faction asserts that the governor was not a bona-fide resident of the territory at the time he was appointed to office. While Alaska and Porto Rico are also mentioned, the plank bears such close resemblance to that mapped out in advance by L. L. McCandless, M. C. Pacheco and others of the delegation that its appearance in the platform is probably due to their activities.

This plank, it is understood, is to be used in waging a further campaign against the governor.

### DISMISSAL IS END OF ROBERT DEWAR CHARGES

### Case Against Street Railway Conductor Ends When He is Ordered Released

The case of Robert Dewar, charged with receiving stolen goods, was dismissed today in Judge Monsarrat's court upon recommendation of the prosecution. Dewar was supposed to have received Rapid Transit street car tickets, thought to have been stolen at Fort Shafter.

Rumor of a damage suit to be brought by Dewar against the Rapid Transit Company was neither affirmed nor denied by the defense.

Prosecuting Attorney Chillingworth quieted another rumor that Dewar would be arrested on another charge and said that the whole affair was closed, so far as he knew.

The case was called at 10 o'clock and had progressed for an hour when Chillingworth suddenly closed the matter.

Captain McDuffe testified on the stand to finding several hundred tickets in a room said to be Dewar's and also of promising Dewar immunity if he gave the name of the man from whom he was supposed to have received them at Fort Shafter. According to the police Dewar did tell McDuffe who gave him the tickets, but in the trial this morning the defense objected to this being given as evidence, since Dewar had not received the promised immunity. His objection was sustained by Judge Monsarrat and this holding virtually closed the case.

Dr. Freeman S. O'Brien, who disappeared from Poughkeepsie, N. Y., two days before his wedding day, has been located in New York. Injury to his head had affected his memory.

### Charles R. Forbes Receives Copies of Five Measures Passed By Senate

Copies of five bills affecting Hawaii, all of which passed the senate on the same day, June 3, were received today in a letter from Senator John E. Shafroth of Colorado, by Charles R. Forbes, superintendent of public works.

"I enclose herewith the bills concerning Hawaii which I was able to get passed through the senate today," writes Senator Shafroth, who is chairman of the committee on the Pacific Islands and Porto Rico.
