DEMOCRATS FIGHT OVER SUFFRAGE; WILSON'S WISH FORCES PLANK THROUGH

Strike May Be Settled

Fight on Oakland Front

SHIPOWNERS HOLD DEMANDS UNFAIR, BREACH OF FAITH

Employers' Side Strongly Set Forth in Letter From President C. W. Cook

SAYS OTHER UNIONS ARE NOT IN SYMPATHY

Teamsters are Hauling Freight Handled by "Scabs"; U. S. May Bring Settlement

(Associated Press by Federal Wireless)
SAN FRANCISCO, Cal., June 16.—Late this afternoon the striking longshoremen agreed to return to work in the California-Hawaiian refinery employ at Crockett, the basis of the agreement being the "open shop" in the warehouse and the "closed shop" on the docks.

A big fight took place on the Oakland waterfront this morning between union and non-union stevedores.

Radical elements in San Francisco labor unions on the waterfront are responsible for the present strike situation, not only by unjust demands but by breaking faith with the shipowners, according to a strong letter received this morning from the president of the Pacific Coast Shipowners' Association, C. W. Cook.

The letter is to General Freight Agent C. P. Morse of the American-Hawaiian Steamship Company's agency here. Mr. Cook is Pacific Coast manager of the American-Hawaiian line.

The stevedores will be received with special interest here because it is the first time public locality giving the side of the shipowners. Mr. Cook points out that the owners have been willing to grant increased pay and make other concessions, but that further demands cannot be accepted.

While his letter does not detail these demands, telegraphic despatches indicate that the chief of them is for a "closed shop" or all-union labor.

Cook also points out that the other labor unions of San Francisco are not in sympathy with the strikers, and that even the teamsters have not refused to handle freight also handled by "scab" or non-union labor.

His letter, which gives an important light on the present situation, mentions that the Chamber of Commerce of Honolulu had cabled to the coast suggesting that the shipowners accede to the demands of the men. This is incorrect and evidently based on a news despatch sent to San Francisco one night which carried the impression that the Sugar Planters' Association had declared that the demands should be granted. The report of such action by the planters was punctured here when President Bottomley made a formal denial in the Star-Bulletin.

"Kalakaua Day" Committee To Be New Suggestion

(Continued on page two)

"Kalakaua Day! You bet I'm for it!" enthusiastically proclaimed A. P. Taylor, secretary of the Promotion Committee, when asked this morning if he thought Mayor Lane's scheme to celebrate it was feasible. "Coming right at the beginning of the tourist season it would be a tremendous asset from the standpoint of our organization. People attracted here by the celebration, and it must be characteristic of the islands to be worth while, would get back home just about in time to advise their friends to come over here for the Carnival."

He pointed out that the Kamehameha dynasty has its day in which all the people do it honor, and said that the Kalakaua dynasty was worthy of a similar recognition. "Then he suggested that the members of the cabinet of the merry monarch," many of whom are still prominent in the life of Hawaii, get together and form an organization similar to the Kamehameha Day celebration committee to arrange a program for Kalakaua Day, November 16. If this is done, he added, the Chamber of Commerce would undoubtedly cooperate by asking the merchants and business houses to close their doors for the day.

Huber's investigation of alleged intended violations by corporations of the statute providing against contributions to election funds is "having a very marked effect," according to a statement which Attorney Huber says was made to him by a local businessman.

"The Star-Bulletin presented the facts fairly and correctly," Huber said today, "and I think the publication will result in much good, as it will serve as a warning."

The district attorney says that names will be made public in connection with his investigation, unless they come out following an investigation by the grand jury.

The central fire department made a run about noon today to Wilei to put out a small blaze which had started by some one throwing a cigarette on the roof of a shack.

REAR ADMIRAL JOHN FAIRFIELD MERRY DIES.
Word was received here today by Mr. and Mrs. J. B. Sheedy of the death in Washington on May 30 of Rear-Admiral John Fairfield Merry, formerly in command of the United States naval station in Honolulu. Admiral Merry was 78 years of age at the time of his death.

With Mrs. Merry he was stopping in Washington at the New Willard for a short time, their home being in Somerville, Mass. Death came as a result of a paralytic stroke.

Both Admiral and Mrs. Merry were in Honolulu last winter, spending some time here with old friends.

The admiral retired for age on March 5, 1902, Honolulu being his last station. He was born on March 5, 1840, at Edgecomb, Maine, and entered the navy October 15, 1863, serving throughout the Civil War. He also served in the Spanish-American War and had served in all the foreign and domestic stations. He had held the grades of ensign, lieutenant, lieutenant-commander, commander, captain and rear-admiral. Charles R. Forbes Receives Copies of Five Measures Passed By Senate

Copies of five bills affecting Hawaii, all of which passed the senate on the same day, June 3, were received today in a letter from Senator John F. Shafroth of Colorado, by Charles R. Forbes, superintendent of public works.

"I enclose herewith the bills concerning Hawaii which I was able to get passed through the senate today," writes Senator Shafroth, who is chairman of the committee on the Pacific Islands and Porto Rico. "There was one amendment to the park bill which was made, so I have indicated in this bill the amendment."

They deal in brief with the establishment of a national park on the islands of Maui and Hawaii, with the payment of a percentage of gross earnings of public utility corporations to the county treasurer where they exist, a bill granting Hans Isemberg of Kama, his associates and assigns, privilege to establish an electric light corporation, with the extension of the franchise of the Hawaiian Electric Company, Limited, amending it to include all Oahu, and with a similar amendment for the Honolulu Gas Company, Limited.

PETROGRAD, Russia, June 16.—Before abandoning Czernowitz, the Austrian stronghold in Galicia, the Austrians sent their rolling stock to Krakai and destroyed all the railroad tracks about the city.

The Russians, continuing their advance, have taken 100 more officers and 14,000 additional soldiers, and are driving steadily ahead.

BERLIN, Germany, June 16.—Two French attacks today upon the southern slope of Dead Man's hill were unsuccessful. At first the French gained but later a counter-attack drove them back.

OFFICERS READY FOR WEST POINT DINNER

Officers in charge are completing final arrangements for the West Point dinner to be held tomorrow night at the Moana hotel beginning at 8:30. As the examinations for promotion which have been bothering so many officers during the last few days are now over, the dinner will serve as a place to relax from these cares, and many an old West Pointer who has not given his class yell since he graduated will give it with enthusiasm tomorrow night.

PRESIDENT'S POLICY IN MEXICO AND PHILIPPINES SUPPORTED

Democrats in St. Louis Call President "Greatest American of His Generation" and Uphold Legislation Enacted at His Behest--Freedom of Seas By International Combination Urged

(Associated Press Service by Federal Wireless)
COLISEUM, ST. LOUIS, Mo., June 16.—After an unsuccessful fight to eliminate the woman's suffrage plank—a fight which precipitated the first row of the convention, the Democrats this afternoon adopted a platform including the suffrage plank and a plank on "Americanism." The adoption was by acclamation.

The fight over the suffrage plank was the first sign of lack of harmony which has appeared. Governor Ferguson of Texas presented a minority report of the platform committee against the plank. It appeared that this report had a chance of adoption until Walsh announced that the president considered that the plank was necessary to the success of the party this fall. Disorder followed, finally resulting in a roll call, which showed 181 1/2 votes for the substitute and 889 1/2 against. Hawaii's six delegates voted against the minority report.

The platform as adopted challenges other parties to compare records with the Democrats, reaffirms a belief in a tariff for revenue only, favors the shipping bill to build up the merchant marine, stands for peace, for non-interference with the affairs of other nations, for strict neutrality and "Americanism."

The convention adjourned sine die at 3:11 this afternoon.

(Star-Bulletin Special Telegram)
COLISEUM, ST. LOUIS, Mo., June 16.—The plank adopted in 1912 for government of territories by officials who are residents has been again adopted, reworded. It says that "territorial officials shall be qualified by previous bona fide residence."

The new national committee is meeting. There is no hope that W. P. Jarrett of Hawaii will win his fight to be seated on this committee in place of John H. Wilson.

COLISEUM, St. Louis, June 15.—More "home rule" for Hawaii and other territorial parts of the United States is demanded in the platform presented to the Democratic national convention today.

It will be voted on probably this afternoon. Senator W. J. Stone of Missouri, chairman of the platform committee, presented the document to the convention. It favors granting to Hawaii, Alaska and Porto Rico the "traditional territorial government" accorded to all territories since the beginning of government.

"We believe," it says, "that the officials appointed to administer the government of these territories should be qualified by previous bona fide residence."

The platform promises that the Democratic party will continue the enforcement of the Seaman's Act, and indorses self-government for the Philippines. It recommends the extension of the voting franchise to women by the states, on the same terms as given to men.

One important plank, that with a reference to Mexico, says that the Monroe doctrine is reasserted as a principle of Democratic faith, and that until the restoration of law order, it is necessary for the troops to remain beyond the border.

"Intervention is revolting to the people of the United States," says the plank, "and should be resorted to, if at all, only as a last resort."

The plank on "Americanism" says that this is a day of test, and that America must show itself not a nation of partisans but a nation of patriots.

The platform condemns "alliances, combinations and individuals of whatever nationalities and descent who conspire to embarrass the government."

It favors an army adequate to protect the nation's rights, and the maintenance of an adequate reserve of trained citizens, and urges "a fixed policy of continuous development of the navy worthy of the support of the naval traditions of the United States."

It declares the belief that the duty of the United States is to join other nations in any feasible association which will effectively maintain inviolate the complete security of the highways of the seas for the unhindered use of all nations. It also favors the closest Pan-American relations and lauds President Wilson as "the greatest American of his generation."

"Home Rule" Plank Probably Due To Work of Anti-Pinkham Faction

The plank demanding government for Hawaii by officials "qualified by previous bona fide residence," is probably the result of the efforts of the anti-Pinkham delegation from Hawaii.

Some weeks before the delegation left for St. Louis the Star-Bulletin printed the plans of the anti-governor faction to get into the platform a plank which would be a slap at Governor Pinkham. The McCandless faction asserts that the governor was not a bona-fide resident of the territory at the time he was appointed to office. While Alaska and Porto Rico are also mentioned, the plank bears such close resemblance to that mapped out in advance by L. L. McCandless, M. C. Pacheco and others of the delegation that its appearance in the platform is probably due to their activities.

This plank, it is understood, is to be used in waging a further campaign against the governor.

CELEBRATION OF FOURTH OF JULY IS DISCUSSED

Representatives of the D. A. R., S. A. R. and the citizenship committee of the Y. M. C. A. met with the entertainment committee of the Chamber of Commerce this morning and discussed plans for the celebration of the Fourth of July.

The program will probably consist of patriotic music, an address, the reading of the Declaration of Independence, the salute to the flag and perhaps a song by a chorus of the newly naturalized citizens of the city.

On March 15 there were in the ice outside of Archangel, Russia, no fewer than 100 ships. The port was frozen up last winter much earlier than usual.

William C. Wheeler, secretary and general manager of the Port Jefferson, L. I., Electric Light Co., was killed by a live wire in the power house of the plant.

GOVERNOR WILL ALLOW TERRITORIAL EMPLOYEES TIME OFF FOR PAGEANT

Governor Pinkham will do what he can toward making a success of the Punaluu pageant next week by granting territorial employees leave of absence from office duties for periods on Wednesday and Thursday. The governor sent the following letter to heads of the various departments this morning:

"You are authorized to permit your department employees, who may desire, to absent themselves after 3:15 on the 21st inst., that they may attend the pageant celebrating the 75th anniversary of Punaluu.

"You will permit those who desire to attend the lunch and general meeting at that institution on the 22nd to absent themselves from 11:45 a. m. to 2:30 p. m."
