STOCKS COMMAND SOME DEMAND AT LOWER PRICES

Small sales and low prices again appeared in the local stock market today. Buying interests, except some that considered prices of some special stock low and desired to secure added holdings at such low figures, were out of the market.

Total sales were 850 shares. Oahu sold down to 23 1/2, and later recovered a half; Oahu was 39 1/2, Brewing 20 1/2, McHyde 13 1/2, Ewa 33 1/2.

There seemed a tendency to strengthen at the session. It was then Oahu recovered 1/2.

Mineral Products on the street sold at 92 1/2 cents and was reported as in demand at that price.

FOUR WEEKS IN HOSPITAL

Mrs. Brown Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered so sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk, for if I stepped on a little stone I would almost faint. One day I did faint and my husband was a great deal for me. I was taken to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pains.

A friend who is a nurse said for me to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering as I was my advice is to stop in the drug store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. W. C. Brown, 1105 Auburn Avenue, Cleveland, Ohio.

CONTINGENT OF FIJI SOLDIERS OFF TO EUROPE

Party of 20 Visit Honolulu From Niagara As They Journey Toward Battlefields

Among the passengers on the Niagara this morning were 20 Englishmen from the Fiji Islands who are on the way to England and to Europe to join the Fiji contingent, which is already fighting in France.

At the beginning of the war, when Great Britain called upon her colonies for troops, Fiji sent 63 men, and in the first battle 44 of them fell before the guns of the Germans. Afterwards a second contingent of 65 men was sent and now these 20 men are going to fill the places of those who fell in the second contingent. They are commanded by Sergeant Statham, a prominent businessman and champion billiard player of the Fiji Islands. All members of the party are well known in business there and some held government positions.

With the party is also Mrs. O'Connor, who will serve as a nurse, and her husband, who will drive the ambulance which Fiji is presenting to the British government.

When they arrive in England they expect to be assigned to the King's Royal Rifles, a regiment which has done brave work in the war.

At the boat this morning they were met by Fred Harrison, president of the British association here, and A. L. C. Aikinson, and taken in autos to see the various points of interest about the city. At 1 o'clock today they were entertained at a luncheon at the Country Club.

TIME LIMIT ON REVENUE TAXES IS NEXT FRIDAY

One week from today is the last day on which internal revenue taxes can be paid. Collector of Internal Revenue J. L. Haley announced this morning. With 250 physicians in Honolulu, only 49 have registered with the collector, as required by the Narcotics Act, and the time limit on this registration is next Friday.

The internal revenue tax covers liquor dealers, theater proprietors, pool halls and tobacco dealers.

"Less than one-third of the taxes are in," said the collector today. "The big firms have been prompt in paying up, but the little fellows have kept holding back. It is they who should get busy and avoid the rush. They only owe us a couple of dollars or so each."

Under the Narcotics Act all physicians are required to register with the collector the amount of narcotics they have in their possession.

"Honolulu doctors will save much time," added the collector, "if they prepare their inventories of narcotics on hand prior to the time of making their applications. Registration will not be permitted unless accompanied by a sworn inventory of narcotics in the possession of the physician."

MISS EVA A. ROBINSON, stenographer to the attorney-general, called this afternoon on the Niagara, accompanied by her sister and her father, Senator W. T. Robinson of Maui. Miss Robinson will return September 16.

ARTHUR G. SMITH, deputy to Attorney-General I. M. Stainback, left on the Niagara this afternoon with Mrs. Smith for an extended vacation to visit mining properties at Skagway in which he is interested and plans to enjoy trout fishing at Truckee, Cal., later.

DR. BRIGHAM TALKS ON EARLY EXPLORERS OF PACIFIC LANDS AT "Y"

"Early Explorers of the Pacific" was the topic selected by Dr. W. T. Brigham of the Bishop museum in his talk last evening at the Y. M. C. A. Dr. Brigham brought out many incidents of where the Spanish language and habits could be found in the early history of the Hawaiian people.

The story of Noah and an old legend of the Hawaiians was brought here by the Spaniards who came here in 1521, according to Dr. Brigham. Dr. Brigham told of the arrival here of three Spanish frigates, one which went on the rocks with all of the members on board dead.

Included in his talk were the explorations of the English, Dutch and French in many parts of the Pacific. He told how Anson on a voyage captured a chart of the Hawaiian Islands and published it in a book. Capt. Cook later read the description and finally discovered the islands, which were then called Las Messas. Dr. Brigham stated that Vancouver, an early explorer, was responsible for the campaign made by Kamehameha against the other islands. Dr. Brigham will talk next Thursday evening on "Sanitation Among the Early Hawaiians."

PRICES RECOVER WHEN EUROPE IS SEEKING SUGAR

Cut in Granulated Forces Sharp Reactions and Makes Holders Cut Prices

That England has again entered the market as a buyer of sugars at Cuba in a statement contained in the market review of Nevers & Callaghan of 24 Wall Street, New York, under date of June 3.

The review follows: "New York, June 3, 1916.

"The market has been rather inactive during the week and the moderate sales reported show slight recessions in value as compared with prices paid at the close of last week. The firmer tendency noted in our last review continued in evidence at the opening of this week, and although buyers were in evidence at 5 1/2c for Cuban in port and afloat and at 5 1/2c basis 96 degrees c. & f. for late June and July shipments, there were no sellers below 5 1/2c for nearby parcels and 5 1/2c basis 96 degrees c. & f. for later positions. Holders of Porto Rico were asking 5 1/4c for a few scattered parcels in nearby positions and 5 1/4c basis 96 degrees c. & f. for shipment, with buyers willing to pay 5 1/4c for the port and afloat offerings and 5 1/4c basis 96 degrees c. & f. for shipment. Even though 5 1/4c basis 96 degrees c. & f. was accepted for about 25,000 bags of Cuban afloat and 5 1/4c basis 96 degrees c. & f. for about 25,000 bags Porto Rico in port and afloat, still further holders refused to accede to these prices and the market continued firm in tone until Philadelphia refiners announced a 25-point reduction in the price of granulated. This announcement had a rather demoralizing effect on the market and caused buyers to immediately withdraw, following which holders began to offer concessions with the result that Cuban in nearby positions were unsuccessfully offered at 5 1/4c basis 96 degrees c. & f. and Porto Rico afloat at 5 1/4c basis 96 degrees c. & f. and for shipment at 5 1/4c basis 96 degrees c. & f. L. L. without finding buyers. It was to be noted that the earlier tendency was on sugars in nearby positions, of which there appeared to be a fair accumulation in port and about to arrive, held, as holders of delayed shipment sugars were confident of the future and refused to recede in their asking prices. The storing of several parcels of Cuban in port reduced the offering of nearby sugars that had been unsuccessfully offered at 5 1/4c basis 96 degrees c. & f. and when it developed that Europe was again buying sugar, f. o. b. Cuba for export, both refiners and operators appeared as buyers and sales of about 10,000 bags Cuban in port and afloat to refiners and about 30,000 bags in like positions at 5 1/4c basis 96 degrees c. & f. appeared to have cleared the market of all offerings at this price and the market assumed a better tone, no further sellers being in evidence at under 5 1/4c for prompt shipment Cuban and 5 1/4c for second half June and 5 1/4c basis 96 degrees c. & f. for July shipment, with buyers willing to pay 5 1/4c for prompt and June shipments and 5 1/4c basis 96 degrees c. & f. for July shipment. Holders of Porto Rico who had been disposed to sell at 5 1/4c basis 96 degrees c. & f. for nearby parcels, at which basis an operator secured 2000 bags afloat, raised their views to 5 1/4c for afloat lots and 5 1/4c basis c. & f. for shipment sugars. During the week England is reported to have bought 20,000 to 25,000 tons of Cuban for June and July shipment at rumored prices of 4 1/2c to 4 3/4c f. o. b. Cuba.

MILLS COLLEGE OAKLAND, California

The high quality of the work done at Mills College is indicated by the fact that undergraduates transfer to the Universities of California and Stanford without loss of status, their credits being accepted at full unit value. There have been students among those transferred to Stanford who have been appointed to assistantships and readerships before securing the bachelor's degree, as well as during their year of graduate work. Typical instances are: Octavia Young, reader in history; Josephine Crosby, assistant in German; Rachel King, assistant in mathematics.

Graduates of Mills College secure their second degree and their teacher's certificate at the University of California in one year. Dora Lomon, B. S. Mills 1912, M. A. California 1914, is an instructor in biology in the Fresno Normal School; Joyce Leiner, B. L. Mills 1913, M. L. California 1914, is English in the Auburn Junior College; Fathier Ajlul, Mills College graduate, has distinguished herself as holder of scholarships and fellowships; Charlotte D'Zwilly, Mills 1914, Florence Erpton, Mills 1917; Graduate Scholar in Romance Languages at Bryn Mawr 1914-1915; Hope Leiner, Mills 1916, Graduate Scholar in History at Radcliffe 1914-1915; Lina Notzner, (Miss)
