VILLA AND CARRANZA JOIN; MORE GUARDSMEN CALLED OUT

THREE PRISONERS ON HAWAII ROAD GANG SHOOT ONE, THEN FLEE; ALL REPORTED CAUGHT

One of Desperadoes is Furguson, Who Killed Policeman Abreu of Honolulu and Was Saved From Execution By Governor Pinkham—Conspiracy to Kill "Billy" Woods, Jailor, at Basis of Outbreak

Three desperadoes, members of the territorial prison gang at work on the Keamoku road, island of Hawaii, mutilated last Saturday evening, shot a Porto Rican dangerously and broke for liberty. Their career of attempted murder was cut short by the capture of all three, according to a wireless message to the Star-Bulletin shortly before noon today. This report says that they are now in close confinement in Hilo jail.

The charge against them is conspiracy to kill "Billy" Woods, territorial jailor who was in charge of the Keamoku camp and road-gang. Their mutiny and desperate attempt to get liberty and take to the wilds of the Big Island are told in meager details which rival some of the exploits of noted outlaws of American fact and fiction.

WAR DEPENDS NOW ON WHAT CARRANZA REPLIES

Administration's Blame on Mexico Strengthened by Morey's Report

(Associated Press by Federal Wireless)
EL PASO, Tex., June 26.—Apparently reliable information has reached El Paso that Villa has reached an agreement with the de facto Carranza government, and this is used to induce his followers to join the Carranza forces.

SAN ANTONIO, Tex., June 26.—Notes found in the pocket of Capt. Boyd contained a copy of a note sent by the authorities of Carrizal, giving the U. S. troops permission to pass through the town on a peaceful mission. One note was found from Gen. Gomez, inviting him to enter the town to confer.

Washington, D. C., June 26.—A virtual embargo on commerce between the United States and Mexico pending the outcome of the present crisis is planned.

The South and Central American republics have withdrawn their offer of mediation. Secretary Lansing said it was untimely. They may renew it later.

NEW YORK, N. Y., June 26.—National guardsmen have been ordered to enter tomorrow, in addition to those already noted, from Florida, Virginia, Maryland, New Hampshire, Maine, the District of Columbia, Pennsylvania and Delaware.

WASHINGTON, D. C., June 26.—With war between the United States and Mexico depending upon Carranza's reply to the demand of the United States for the release of the American prisoners at Chihuahua, officials of the state and war departments are preparing for eventualities.

The reply from Carranza is expected today and meanwhile thousands and tens of thousands of national guardsmen are starting toward the Mexican border.

The United States insists upon the immediate and unconditional release of the 10th Cavalrymen captured in the fighting at Carrizal last week.

The president has arranged a possible joint session of the two houses of Congress later in the week which he may address after receiving Carranza's reply.

Mediation by the Latin-American countries is not seriously considered, it was declared in official circles today. It is not believed that any possible form of arbitration can meet the present situation.

The report of Capt. Lewis Morey, Troop L, 10th Cavalry, upon the attack by the Mexicans, strengthens the administration's stand that the Mexicans were to blame for the Carrizal battle and its results. The administration is prepared to ask Congress to authorize a military censorship, and the war department is speeding mobilization of the national guards and of such regular troops as are available.

In the event of war it is planned to patrol the border by means of an aero service.

TREVINO CONTINUES TO THREATEN AMERICANS

CHIHUAHUA, Mexico, June 26.—On the heels of the evacuation by American troops of the nearby towns of San Geronimo and Bachinaba, they have been occupied by Gen. Trevino's troops. Trevino has also issued orders that any attempts of Gen. Pershing's men to return south will be forcibly prevented.

TRANSFER OF HARBORMASTER UNDER CONSIDERATION.
What started out to be a tame meeting of the board of harbor commissioners this afternoon was very interesting at 3 o'clock. At that hour the board had just summoned Capt. William R. Foster, the harbormaster, and Capt. M. A. Madsen, territorial pilot, for a conference regarding a possible transfer from Kahului to Honolulu of Capt. E. H. Parker, harbormaster at the former port.

BICYCLE SMASHED BY AUTOMOBILE, RIDER UNHURT.
Tom Akasi narrowly escaped injury shortly after 3 o'clock this afternoon when a bicycle which he was riding was struck and smashed by automobile No. 529, registered as belonging to the Honolulu Cutlery and Grind- ing Company.

LIGHTED STUB SETS FIRE TO POSTOFFICE AWNING.
The postoffice awning over the alleyway between King and Merchant streets caught fire this afternoon and was put out with fire extinguishers by postoffice employees, but not until the entire awning had been destroyed. The fire crew at the Central station was not called until the fire was out, but Chief Thurston reports that the blaze was caused by a cigarette or cigar stub thrown from the windows of the Commercial Club in the McCandless building adjoining. The chief says there has been objections before from the postoffice authorities about this practice.

WAR ZONE VICTIM TELLS EXPERIENCES.
S. Hitani, who was an officer on the Japanese steamer Yasakuni Maru, which was sunk November 3 in the Mediterranean sea, is in Honolulu as second mate of the Ujina Maru, and tells the story of the disaster. According to Hitani the Yasakuni left Gibraltar the morning of November 3. At 4:40 that afternoon a submarine dove in sight and fired into them. Captain Kameada stopped the steamer and the crew of 43 got into the ship's boats and started towards the coast of Africa. Fifteen minutes after they left the steamer was blown up.

PHILADELPHIA, Pa., June 26.—By winning two games from the Quakers today the Braves jumped into second place in the National League race. The home team did not show the hitting ability of the Boston, and in both games the Stalling contingent had a walkaway. After Meeting of Finance Committee Supervisor Logan Says Conditions Good

"The paper deficit of \$30,000 shown by the auditor's figures a few weeks ago has been wiped out," announced Supervisor Logan as he came out of a meeting of the finance committee with the mayor this noon. The supervisors will discuss the budget for the coming half year tonight and the committee spent a busy hour and a half in talking over various items of the proposed financial program of the city.

"There have been several additional sources of revenue not counted by the auditor revealed during the last few weeks," explained Logan. "First the city will have \$15,000, or about that amount, coming from the public utilities that now pay a 2 1/2 per cent tax to the territory. About \$29,000 in delinquent taxes has been collected. Of \$20,000 appropriated for the water investigation commission only \$6000 has been spent, leaving a surplus of \$14,000. There are various other comparatively small sums coming to the city. We are not at all in the serious condition that some of the alarmists predicted."

The budget this year will be about the same as last, he declared. The road department will have the same amount to run on; the bond appropriation will be cut but little; there will be a few salary raises, promised last year. There are no large appropriations necessary for permanent improvements, such as the electric light station and automobile fire engines. There will be no salary cuts.

The program for tonight includes a rushing through first reading of the budget, as well as a general discussion. This is necessary in order to have it in effect by July 1. If changes are thought advisable later they can be made on second or third readings.

Construction work on Hakipuu road will be finished Wednesday night. Oiling will start the next morning and when work is completed on the ditch- ing R. S. Chase, who has had charge of the work since it started last November, will be out of a job.

Seven "crap" shooters, arrested yesterday, were fined \$5 each in police court this morning.

John Niboa of Hilo was fined \$15 by Judge Monsarrat this morning for refusing to pay for a taxi ride.

COLONEL TELLS PROGRESSIVES MUST DEFEAT WILSON; LAUDS PLANKS IN G. O. P. PLATFORM

Letter is Read to Progressive National Committee—Action Forecast by Radio Sent by George Carter to A. L. C. Atkinson, Suggesting "Country Above Personalities"

(Associated Press Service by Federal Wireless)
CHICAGO, Ill., June 26.—Col. Roosevelt declines to run as the Progressive candidate for president in the campaign of 1916. He has come out squarely in support of the Republican candidate, Charles E. Hughes.

A letter from Col. Roosevelt was read today before the Progressive national committee in session here. In it the Colonel finally declines the Progressive nomination, to which he had already given "conditional refusal" on the evening of Hughes' nomination and his own. He strongly urges the support of Mr. Hughes to secure the defeat of President Wilson, whose administration he characterizes as the most incompetent since that of Buchanan.

He lauds Hughes and declares that the Republican platform includes many Progressive planks.

News of Col. Roosevelt's action was forecast this morning, before the arrival of the press despatches, in a marconigram received from Ex-Governor George R. Carter at Chicago. Carter went to Chicago to attend the national committee meeting, holding the proxy of National Committeeman Atkinson. In his message Carter said that he believed the Progressives should put the country above personalities, indicating that he thought Hughes should be supported by the Progressives, and intimating that Roosevelt would refuse to run. He asked if this met with Atkinson's agreement.

Atkinson wired back: "Go ahead and endorse Hughes. You're in it—get out of it." Atkinson said later that there was virtually no alternative for the party but the endorsement of Hughes.

REDUCTION OF RATES FOR LIGHT AND POWER VOLUNTARILY GRANTED

At a meeting held this morning the directors of the Hawaiian Electric Company, Ltd., decided to reduce the maximum rate for electric current from 10 cents to 8 cents per kilowatt hour. The new rate takes effect July 1. This makes the rate for lighting 8 cents and 6 cents, according to the quantity used, while the power rate is on a sliding quantity scale from 8 cents to 1 1/4 cents per kilowatt hour. The optional rate, which benefits small motor users, was also reduced from 7 cents and 5 cents to 5 cents and 4 cents, and new rates of 4 cents for electric range cooking and 5 cents for sign lighting were established.

CHAMBER COMMITTEE WILL REPORT LATER ON POMERENE BILL

Representatives of the steamship and railroad lines of the territory attended a meeting of the traffic and transportation committee of the Chamber of Commerce this morning and discussed with it the provisions of the Pomerene bill now in Congress that affect the business of the islands. The measure provides for a uniform bill of lading.

Exception was taken by several of those present to various sections of the bill and the committee agreed to report their views and leave the decision as to the chamber's recommendations in the matter to the meeting of the membership Wednesday afternoon.

(Associated Press by Federal Wireless)
PETROGRAD, Russia, June 26.—The Russian cavalry forces after a battle have occupied a position near Pzeritt, five miles west of Kimplog.

LONDON, Eng., June 26.—Officers arriving at Kiev, Russia, from the front, and whose reports have been cabled here, describe the breaking down of all German attacks at the Stockhod river by the Russians. The German reserves were hurled back and the Russian forces are advancing.

The German prisoners compare the Russian gunfire to an inferno of shot and shell similar to that which has torn the Verdun line for many weeks.

BERLIN, Germany, June 26.—There is much fighting activity today on the British part of the west front and on the north wing of the French line. For the last two days there has been important activity at these points.

ROME, Italy, June 26.—There is a general retreat of the Austrians taking place now on the Trentino sector, along a front of 20 miles. The Italians are vigorously following up their advantage.

CHINA'S STRONG MAN MOURNED IN CEREMONY HERE

Rites of Orient Performed in Occidental Setting at the Chinese Consulate

With impressive ceremonial, in which the rites of the ancient Orient contrasted in striking manner with surroundings of the Occident, official honors were paid today at the Chinese consulate to the memory of the late Yass Shih-Kai, President of the Republic of China.

In the modern room of a modern Occidental house, the consulate on Sheridan street, tall candles burned dimly in a large, quiet room this morning before a draped portrait photo of the noted leader, whose sudden death a few days ago startled the world, simultaneously with that of Lord Kitchener. And on a table before the portrait stood incense, fruit and wine, to be later offered up in token of veneration to the great man of a great race.

Outside this room where the ancient ceremonial ruled, a modern brass band played funeral music, while of the many invited guests not one but wore occidental dress either the uniform of the diplomatic, consular or military services or the conventional black of occidental mourning.

The ceremonies, brief and simple, but strongly impressive, began at 10 o'clock. At that time there had assembled at the consulate about a hundred invited guests, including the governor, federal territorial and municipal officials, the army and navy heads and their aides, National Guard commander and aides, the consular corps, heads of commercial bodies and other prominent citizens and a number of

OUTSIDE JURORS MUST NOT COME TO CITY TO BE EXCUSED, IS ORDER

Persons living on the outer islands who are summoned to serve as jurors in the local federal court hereafter will not be permitted to journey to Honolulu and then present to the court their reasons for wishing to be excused. Those wishing to be excused must embody their reasons in a letter to the judge. Otherwise they may be penalized.

This procedure is provided for in a book of instructions to marshals, U. S. attorneys, clerks and commissioners, issued by the department of justice on June 3, 1916.
