ROSE FETE CHIEF IS COMING HERE ON NEXT LINER

Mrs. Linnard and Party Land Today on Wilhelmina; Will Go to Japan on Shinyo

Detained by business so that he could not leave Pasadena with his wife and daughter in time to catch the Wilhelmina, D. M. Linnard, president of the Tournament of Roses Association, is due to leave San Francisco either this afternoon or tomorrow for Honolulu.

This morning Mrs. Linnard, her daughter, Miss Dorothy Linnard, and her sister-in-law, Mrs. Arthur K. Bennett, all of Pasadena, arrived on the Matson liner Wilhelmina, and will wait for Linnard here.

"Everything is lovely in California, but you certainly have most charming climate and scenery in Honolulu," said Mrs. Linnard today at the Moana. "It is delightful in every way. We will wait here for Mr. Linnard and go on to Japan on the Shinyo Maru July 14."

According to the Pasadena Star-News the Rose Tournament president will endeavor while in Honolulu and Japan to secure novel entries typical of the Hawaiian Islands and of Japan for the 1917 Tournament of Roses on New Year's Day.

"The Civic bodies which President Linnard will attempt to interest in the project of making entries in the Tournament of Roses parade," says the Star-News, "will be the Mid-Pacific Carnival Association of Honolulu, which, for years, has staged a floral pageant at Honolulu, and the enterprising Japanese Chamber of Commerce, which has done so much to keep Japan abreast of world civilization."

"Preliminary to the visit President Linnard will communicate with civic bodies in the centers he proposes to visit upon his trip and so pave the way for favorable action upon his Pasadena proposition when he gets there. He will point out to the people here his attempt to interest in the 1917 Tournament of Roses that there will never be a better chance to impress high class Americans with the desirability of a trans-Pacific trip prior to their return home from California in the spring than by showing attractions of such a journey by means of a beautiful and typical entry in the Tournament of Roses pageant, where so many hundreds of thousands of people will view the floats."

"Communication has already been had with Thornton Hardy, executive secretary of the Mid-Pacific Carnival Association," and in answer to his letter of inquiry the Tournament of Roses Association has given him some valuable information about the management of the pageant here for use in the island fleets. So many Pasadena visit Honolulu annually that it is thought quite possible that the island entry for the pageant here may be secured.

Linnard has entered into his new duties with typical enthusiasm and everywhere he goes will use his utmost endeavors to increase interest in the Pasadena Tournament of Roses."

HAWAII COLLEGE HAD BUSY YEAR; MANY ENROLLED

Seven nationalities in the student body, experimental roads built through the grounds, an irrigation system installed, and two bulletins published are mentioned in the interesting synopsis of the year's work of the College of Hawaii turned in to Governor Pinkham this week, to be inserted in his annual report.

Enrollment in the last year was 117, the synopsis says in part: "Of this number, 88 were Caucasians, 16 Chinese, six Japanese, four Hawaiian, one Korean, one Hindu and one Filipino."

"Roads have been built, both as roads and an engineering experiment. The main road contains sections of plain and reinforced concrete, Warrenite, coral and two types of asphalt macadam.

An irrigating system of redwood stave pipe with five inch valve outlets at the field has been constructed, and is a big improvement over the old leaky ditch. Two bulletins have been published. "A Study of the Food Habits of Hawaiian Dragonflies by Pinnau," by Alfred Warren, and "Palmyra Island With a Description of Its Flora," by Prof. Joseph F. Rook.

PALAMA WORKER LEAVES TONIGHT FOR NEW ENGLAND

Miss Evelyn Cunningham leaves tonight in the Sonoma to make her home in Boston after six years of successful educational work in Honolulu.

For three years Miss Cunningham taught at St. Andrew's primary, featuring athletic instruction, and for the last three years she had charge of the girls' work at Palama Settlement.

Demonstrating their affection for the departing friend and teacher, the L. P. L. older girls' club at Palama

gave a surprise farewell luncheon for Miss Cunningham in the gymnasium Saturday night and presented her with a beautiful ukulele and case. About 60 girls were present.

Head Worker James A. Rath of Palama Settlement says Miss Cunningham's success was due chiefly to her ability to hold her pupils in check with a firm but loving hand. She was both respected and admired by all her classes.

There will be a host of tiny friends with the popular Jels at the steamer's departure.

The largest electric range in the country has been placed at the Montana hospital, at Warren Springs, Mont. It has eight ovens and will prepare the meals for 1500 persons daily.

Representative William Kent of California, the only member of the house officially classed as independent, announced that she would not be a candidate for re-election to the 67th congress.

BIG ENROLMENT MADE AT PALAMA WORKER REPORTS

Summer work has started strong at the Palama Settlement with more than 300 boys and girls enrolled in the various departments.

W. R. Humphries, assistant head worker, says the summer session is more popular than ever and expects an exciting two months.

The athletic schedule is already under way with nine boys' teams and six girls' teams in the field. Kindergarten work and classes for the younger children began Monday and the night school opens Wednesday.

ASK YOUR NEIGHBORS

It used to be the custom—and may be now on remote farms—for the housewife to use her own knowledge, good sense and judgment in dealing with sickness in the family before sending for the doctor, unless in serious emergencies. After that, when there was no immediate danger she would talk with her neighbors, women who had had experience with sickness.

Any woman who suffers from ailments peculiar to her sex will do well to ask her neighbors. She should easily find one who has used Lydia E. Pinkham's Vegetable Compound. Just ask her about it!—Adv.

IF CLOTHING FADES, BLAME IT ON WAR.

NEW YORK, N. Y.—Purchasers of new suits after the present season are warned by the National Association of Clothiers, in a circular just sent out, that if the garment fades "they must learn to accept the situation as one over which no mill, manufacturer or retailer can exercise control."

"The complete cessation of imports of coal tar dyes," the letter, which is sent to all retail clothing merchants in the United States, continues, "rapid exhaustion of domestic supplies, and the inadequacy of American production have caused most woollen and worsted mills to refuse color guarantees of their fabrics for the fall and winter seasons."

"Surely the American public can be trusted to meet this condition cheerfully if everybody is frank about it."

A report from Rome states that half of the Greek army will be temporarily released from service.

ARTISTIC and Scientific is the tailor who designs McInerny clothes. He studies the effects of every line in the appearance of your suit.
