

THIELE'S TRIP WILL BE BOOST FOR HONOLULU

Promotionists Expect Visit to Mainland of Hotel Man Will Bring Big Results

Honolulu and Hawaii will surely get some returns from Theodore B. Thiele's trip to the mainland, said Albert P. Taylor, secretary of the Hawaii Promotion Committee, today. "He has been delegated by the Hawaii Promotion Committee to act as general booster, and the results obtained for Hawaii in this manner can hardly be estimated."

General Manager Thiele of the Alexander Young, Seaside, Moana and Royal Hawaiian hotels, will leave on the Sierra on Tuesday for a three months' tour of Canada and the United States. He will visit various points of interest, and will go to most of the tourist centers on the mainland.

"Thiele is a hotel man, and his statements will carry plenty of weight with the hotel men of the mainland," added Taylor. "We will send along a number of the souvenir books, and Thiele has promised to see that the hotel men of the United States place them where the traveling public will have an opportunity to see them."

"The fact that the local boniface will visit the best travel centers increases a campaign of publicity that we could hardly obtain from any other source. His personal acquaintance with hotel men will give him a perfect right to ask publicity for Hawaii. At the same time he will be working for the interests of the Territorial Hotel Company. Thiele has three trunks full of Hawaiian souvenirs which we expect will be scattered from the Pacific to the Atlantic."

It is Thiele's first vacation in six years. He is taking with him the obstructions of a number of Hawaiian musical selections.

SUGAR MARKET IN CHINA IMPROVES JAPAN REPORTS

It has long been apparent that the Chinese market is short of a stock of refined sugar, says the Japan Advertiser. In spite of this no sign of activity has been noticed because the sugar firms in Shanghai and various places in China are anxious about the future development of the internal conflict and are reserved in placing orders except for small amounts for immediate consumption. Another reason for the dullness in Chinese business is that sugar is in brisk demand in Australia and India at a good price. They L. O. B. Takao, and it will hardly afford them to export refined sugar to China at a much cheaper price. But the demise of Yuan Shih-kai has removed the possible cause of internal trouble and the merchants there are now relieved of their anxiety somewhat with the result that the business has become active. The sugar merchants, already feeling some inconvenience because of the shortage of stock, are offering about 50 per cent higher prices and the exports here are also ready to take Chinese orders 50%. Thus the situation has been changed entirely in the last few days. It is reported that the contracts for about 50,000 bales have been signed for export to China, of which the Nippon Sugar Refinery Company's lot of 300 bales is said to be at 12 yen per bale. This price is the highest point reached since last summer and it is expected that a new record price will be quoted this summer, as the prospects are all the stronger.

PERSONALITIES

WILLIAM P. JARRETT, high sheriff, who went to St. Louis as a delegate to the Democratic convention, is scheduled to return to Honolulu on August 1.

NORTH SEA FRAY GRAPHIC LESSON TO CONGRESSMEN

(Continued from page one)

of the committee on naval affairs; "It is very much better than I ever thought we would be able to get it. If we succeed in getting it adopted by the full committee, passed in the senate and accepted by the house, it will be a fine piece of legislation, and we will be on the way to a great and valuable navy. If we get the law, and have the ships provided built we will soon have a fleet that will make other countries keep off the grass on this side of the water."

"The revised bill is well-balanced, and free from provisions that would provoke points of order against it. I hope that we will be able to put it through the senate without much delay. I do not expect the Republicans to develop much opposition to it."

The senate sub-committee bill provides that the total number of commissioned officers, exclusive of commissioned warrant officers, shall be four per cent of the total enlisted strength of the active list authorized by law. The personnel is increased from 54,000 to 74,700 immediately, with a provision that the president shall be authorized in time of emergency to increase the personnel to approximately 87,000. The increase would give a full complement to all naval vessels to be fitted for sea service within the next 12 months and the battleships in reserve 50 per cent of their full complement. The sub-committee increased the marine corps from 9000 to 15,000 in time of peace and about 17,000 in time of emergency, maintaining the proportion of one to five to the personnel of the navy.

The senate sub-committee provided that an amendment saying that rules and regulations prescribed by the secretary of the navy governing the chief of operations, be inserted in the law as amendment to the house bill.

An appropriation of \$18,873,500 for ammunition as against \$11,245,925 carried in the house bill is provided for by the senate sub-committee. An increase of \$1,085,000 is given to the Charleston navy yard, \$600,000 for a floating crane of the revolving type for the Mare Island navy yard, and \$90,000 additional for a munition plant.

The limit of cost for each battle cruiser, exclusive of armor and armament, is fixed at \$16,500,000, and each dreadnought, \$11,500,000.

The house provision for \$3,500,000 for air craft is kept in the bill, with an amendment making it available for the purchase of dirigibles.

A bonus for speeding up the construction of ships is provided for in the house and senate bills.

LONE BANDIT ROSS FIVE STAGES AT ONCE IN YOSEMITE VALLEY

YOSEMITE VALLEY, Cal.—Five auto stageloads of tourists entering the Yosemite Valley were held up recently at Wawona by a highwayman, who operated single-handed and escaped on a motorcycle. He collected about \$400. The victims included several tourists from the Eastern cities. The bandit stopped the first car by means of a log rolled across the roadway. As it stopped he stepped out from the brush and with a sawed-off shotgun assumed charge of the situation. He waited until the five coaches had reached his blockade and then ordered everybody out into the road.

RICH HUSBAND'S DELAY ENDS ALIENATION SUIT

BOSTON, Mass.—Alfred L. Lowenstein, a rich Philadelphia clothing dealer, loses his \$20,000 damage suit against Howard S. Drinkhouse of Philadelphia, for alienation of the affections of Mrs. Blanche Lowenstein. This result follows under a rule recently adopted by the Suffolk superior court which causes all cases on the docket to be automatically dismissed when there has been no action for two years prior to April 1 last. Lowenstein entered his suit here in March, 1913.

'SMOOTH WATER TRIP' SLOGAN FOR COMMITTEE

James Woods of St. Francis Hotel Says Honolulu Should Advertise This Feature

"A smooth water trip from California to Honolulu." This is the latest slogan which will be used by the Hawaii Promotion Committee. According to A. P. Taylor, secretary of the Hawaii Promotion Committee, James Woods, manager of the St. Francis Hotel, is the author of the slogan. In a conversation with the mainland visitor Taylor states that Woods asked why this point was not brought out. "Of course, we appreciate the suggestion as a valuable one in every respect," said Taylor. "Although the Pacific is occasionally rough with very few exceptions the trip could be called a smooth water trip without imagination and we will be pleased to agree with the suggestion made by Woods."

SEARCH FOR PARASITES TOLD IN REPORT OF PROFESSOR FULLAWAY

That his efforts to propagate a parasitic wasp which preys upon the melon fly give gratifying promise of success is a statement made by D. T. Fullaway, field entomologist to the board of commissioners of agriculture and forestry, in a report which was presented to it at the meeting today. This parasite is termed the "opus fletcheri" and is said to behave much as do the fruit fly parasites found in Africa and Australia.

In his report Mr. Fullaway gives the board full details of the trip he made to the Orient and from which he returned May 10. It is lengthy and in detail covers the work done at the various points where he established headquarters.

40,000 JAPANESE PARADE IN HONOR OF TREATY

(Special Cable to Nippo Jiji.) TOKIO, Japan, July 21.—More than 40,000 Japanese residents of this city marched in the lantern parade last evening, celebrating the signing of the treaty between Russia and Japan. The marchers visited the foreign offices, Imperial Palace and Russian embassy.

POLICE NOTES

Solomon Lowenfeld, in court accused of assaulting a Korean, was discharged.

For running a motor vehicle without a license John Lopez was assessed \$5 in police court.

T. Yoshitara paid \$15 in police court for selling ice cream containing butter fat far below the percentage required by law.

D. Kahikina, accused of a statutory offense, was fined \$30 by Judge Monsarrat. Sentence was suspended upon Annie Kaiua, the woman in the case.

Paul Lau was arraigned before Judge Monsarrat on a charge of heedless driving. He is said to have run into a motorcycle ridden by Policeman James Stupplebeen by turning in the middle of a block. He will be tried August 4.

VESSELS TO AND FROM THE ISLANDS

(Special Wireless to Merchants' Exchange.)

Friday, July 21. NAGASAKI—July 20, Sailed: U. S. A. T. Sherman, for Honolulu. Radiogram.

S. S. Makura arrives today 4 p. m. from Sydney and proceeds for Vancouver at 9 p. m. (Takes mail for all states).

S. S. Persia Maru due at Honolulu from Yokohama on Saturday July 29, 248 steerage passengers and 1015 tons cargo for Honolulu.

S. S. Sierra, 1562 miles from Honolulu, 8 p. m., July 20.

PASSENGERS EXPECTED

Per Mattson str. Lurline, due here July 26: R. Pender, Mr. McAdams, Mrs. Le Motte and daughter, Mrs. Roy Skaug, Miss Mary Pringle, Mrs. Jones, Miss Bertha M. Boody, Mrs. Belle Le Barr, Mrs. Charles Andrews, Arthur Baldwin, Master Henry Baldwin, Master Fred Baldwin, Mrs. Rosenblatt, T. Farness, Mrs. J. P. Cooke, L. Pender, M. Wot-Smith, Roy Skaug, Miss Mildred Skaug, Mr. Jones, Mrs. Elizabeth Buck, Mrs. McAdams and child, Miss Irene Andrews, Mrs. E. Jefferson, Mrs. Arthur Baldwin, Miss Louise Baldwin, Mr. Rosenblatt, Mr. Jefferson, J. P. Cooke, Dr. A. N. Sinclair.

The Aero Club of America has received information that orders for twenty aeroplanes have been placed by the War Department. This brings the total for the month up to thirty machines.

OUR YOUNG WOMEN

are so often subject to headache—are languid, pale and nervous—because their blood is thin or insufficient. They are not really sick and hesitate to complain, but they lack that ambition and vivacity which is their birthright. They do not need drugs—but do need tonic and nourishment in Scott's Emulsion that makes richer blood, fills hollow cheeks, suppresses nervousness and establishes strength. Nourishment alone makes blood and Scott's Emulsion is the essence of concentrated nourishment, free from wines, alcohols or opiates. If mother or daughter is frail, pale or nervous, give her Scott's for one month and see the betterment. It has a wholesome, "nutty" flavor. Avoid substitutes. At any drug store. Scott & Bowne, Bloomfield, N. J. 15-24
