## MILES WILL RUN FOR HOUSE; HIS FEATURE SCHOOLS

Former Secretary to Mayor Expects Non-partisan Support; Politics Warming Up

William E. Miles, secretary to the mayor during Joseph J. Fern's administration and long prominent in Democratic circles, has announced his candidacy for the house of representatives.

Miles is a resident of the 10th precinct, 5th district, and is personally popular in both the Oahu representative districts. His friends are predicting that he will get such a large amount of non-partisan support that he will be elected in the primary. He said today that he is assured of considerable republican support in the district.

Because the Democratic territorial platform has not been drafted, Miles was unable to discuss his attitude toward its various planks when asked for a statement today. He made it plain, however, that one of the main subjects in which he is interested is that of schools.

"To a great extent I believe that the present school system is efficient but in one regard I think there should be a marked improvement—that of the English written and spoken in the schools. There are many teachers, I know for a fact, who are unable to speak or write correct English, let alone teach it to their pupils. Whether the blame for this belongs in the Territorial Normal school is something I believe should be looked into. Mind you, I am not blaming the teachers—they do the best they can. But it seems to me, and I know many citizens of Hawaii feel the same, that children at many of the public schools are not getting a proper education in plain and simple English.

"I believe in liberal appropriations for the schools. I believe in giving more instead of less. Also I believe that it is absolutely necessary the children growing up in Hawaii shall learn to read and write properly."

He said this would be one of the features of his campaign. Miles is also interesting himself in the question of the new Honolulu charter. He was on the committee with the National Guard rifle team when the charter convention was held and did not follow it closely. He was not prepared this morning to say what would be his attitude toward the charter draft prepared by the convention, Politics Warming Up.

Territorial politics is beginning to warm up, and after the Democratic platform is put out next week, the early campaign will get into motion. A number of candidates for the house are announcing themselves to their friends. Levi Mahala of Molokai was first of the legislative candidates to file formal nominations with the secretary of the territory. He filed Wednesday.

Much interest has been aroused among the politicians by the report of an Oahu combination in which Harry Murray, Lorrin Andrews, Clarence Crabbe and others are said to be engaged in friendly alliance. Andrews is expected to run for the house from the Fourth district.

GRANDMA KELLY PEEVED AND SHE WILL DISOWN EUGENIA'S TANGO BABY

NEW YORK, N. Y., July 28.—Mrs. Edward Kelly, whose daughter Eugenia married Al Davis, the tango dancer, says she would disown the child born to the couple on April 2.

"I have two grandchildren, Frank Gould's children, of whom I am justly proud," she said, "but this one I shall refuse to own. I am not interested in these people. I am absolutely through with them."

Mrs. Kelly tried to prevent the marriage.

## OUTRIGGER WILL ELECT OFFICERS 3 P. M. TOMORROW

Nominating Committee Makes Report; Question of Cleaning Stream Coming Up

In addition to the election of officer of the Outrigger Canoe Club tomorrow afternoon at 3 o'clock at the club's grounds, Walkiki, the matter of cleaning up the stream flowing into the sea between the club's holdings and the Moana hotel is expected to be taken up.

A committee will probably be appointed to take up with the Territorial Hotel Company the proposition of cleaning up the stream, removing coral from the beach, and putting out more life lines and a raft. This will make bathing more comfortable and also more pleasant.

This morning the Outrigger nominating committee held a final meeting, and completed its work. Chairman Guy H. Buttolph advises members to remember that only those who have paid their dues for the ensuing year can vote, and that each member is allowed one proxy.

Following is the list of nominations agreed on by the committee, which consisted of Chairman Buttolph, L. C. Thompson, A. E. Bixby and A. J. Porter:

For President (vote for one)—H. B. Campbell, G. H. Tuttle.

For Vice-President (vote for one)—G. H. Buttolph, Walter Dulsberg.

For Secretary (vote for one)—J. A. Beaven.

For Treasurer (vote for one)—L. C. Thompson.

For Captain (vote for one)—G. D. Center, L. F. Leo.

For Chairman of House Committee (vote for one)—E. M. Ehrhorn, Roger C. Rice.

For Chairman Order and Entertainment Committee (vote for one)—Harry B. Newcomb, Warren Dease.

For Directors (vote for two)—Walter Dulsberg, A. J. Porter, L. F. Leo, H. B. Campbell, G. H. Tuttle, E. M. Ehrhorn, R. C. Rice, H. B. Newcomb, Warren Dease.

List of the nominating committee's blanks, containing the names of candidates, will be distributed at the meeting tomorrow afternoon.

## ANTIDOTE FOUND TO SAVE INFANTS FROM PARALYSIS

Experiments Made by Rockefeller Man Said to Be Proving Successful

(Associated Press by Federal Wireless) NEW YORK, N. Y., July 28.—Federal and state health authorities announced last night that experiments with adrenalin, suggested by Dr. Samuel James Meitner of the Rockefeller Institute, have proven markedly successful in more than 50 cases of infantile paralysis, now under observation in New York. The treatment is given by intraspinal injections of the drug.

Adrenalin is the powerful astringent principle of the suprarenal gland, and heretofore has been used as a hemostatic and heart stimulant. It is the strongest astringent known to medical science.

New stock issues, without permission of the minister of finance, have been prohibited by the French senate.

## Epworth League Will Hear From Democrats Also

Both Parties Invited to State Their Cases Before Society; Interested in Good Local Government

Members of the Epworth League of the Methodist church, who last Sunday night heard from Ex-G. O. P. Chairman Lorrin Andrews why Christians should support the platform of the Republican party, will soon hear why Christians should support the platform of the Democratic party.

Rev. L. L. Looftow, pastor of the church, says that it is the intention of the league to have an opportunity for dispassionate examination of local politics. His explanation clears up the mystery which puzzled politicians as to why the league had asked Ex-Chairman Andrews to speak and why the league was hearing from one side only. It now appears that the league expects to hear from both sides.

"The members of our league are interested in good government and in a better Honolulu," says Rev. Mr. Looftow. "The national issues, such as the tariff, are of little value in discussions before them. What is needed is a clear insight into local government, and we conceive that we should know what guarantees of good local government there is in the various party platforms in Hawaii. That is the reason for the invitation to a Republican to address the league."

"There is no intention of hearing from one side only. We hope to have a representative Democrat explain to us what the Democratic platform stands for. It is a matter of each side presenting its case."

The Democratic platform will not be finished until some time next week, therefore the league will probably not hear from one of the Bourbons until the following Sunday night, perhaps later.

## IN WAR ARENA

IRISH REPRESENTATIVES TO SIT IN WHITEHALL LONDON, Eng., July 28.—The terms of the Irish agreement entered into by David Lloyd George, secretary of state for war, and leaders of the Nationalist party were made public here last night.

It states that "Irish representation in the imperial parliament shall remain unaltered—namely, 103 members."

Nothing is said in the agreement concerning subsequent reduction. The pact provides that the measure shall endure until parliament makes further permanent provision for the government of Ireland.

No intimation is given as to whether the exclusion of the Ulster counties is to be permanent.

GERMANS WITH BRITISH TITLES TO LOSE THEM LONDON, Eng., July 28.—The government has formally requested the king to take immediate steps to revoke the titles of nobility granted to three Germans. They are the Duke of Cumberland, the Duke of Albany and Prince Albert of Schleswig-Holstein. The house of commons has advised King George to take the necessary steps as soon as possible.

TEUTONS CAPTURE WILSON LINER OFF NORWAY COAST LONDON, Eng., July 28.—The Wilson liner Eskimo has been captured by a German cruiser off the coast of Norway. A Norwegian guardship has warned the commander of the cruiser that the seizure was made within the three-mile limit, but the German insisted that the liner was five miles off shore when taken.

DANISH STEAMER SEIZED IN BALTIC LONDON, Eng., July 28.—The Danish steamer Normandiet has been seized in the Baltic Sea by a German troopship, according to information received here last night.

AUSTRIA PROTESTS ATTACKS ON HER MERCHANTMEN BERLIN, Germany, July 28.—The Austro-Hungarian government has sent formal protests to the governments of neutral nations against the persistent practise of the enemy submarines of "criminally attacking" Austrian merchant vessels.

EXPRESS RATE CUT ON SOLDIER'S GIFTS WASHINGTON, D. C.—Express companies have agreed to accept shipments of gifts and supplies to troops on the Mexican border sent through the Red Cross at two-thirds of the regular rate. Contributions must be sent to the nearest supply depot prepaid and there they will be inspected and forwarded free of charge. Only articles in the approved list will be sent. Gifts may not be consigned to individuals.

## Fort Shafter Notes

(Special Star-Bulletin Correspondence) FORT SHAFTER, July 28.—Major William Weigel, 2nd Infantry, has been placed in charge of beautifying the lawns and post generally, relieving Lieut. Col. B. W. Atkinson. One man from each company has been detailed on this work and all of the garrison is receiving a thorough policing.

The ladies' auxiliary of the Mansfield Spanish War Veterans camp gave a large dance last Friday evening. About seventy-five couples were in attendance and a most enjoyable evening was spent by all. Music was furnished by the 2nd Infantry band and delicious refreshments were served.

The following promotions have been made at the fort upon the recommendation of their respective company commanders: Lance Corporal Elmer Rousseau, Co. I, 2nd Infantry, to corporal, vice Tanshill, reduced; Corporal Joe Foster, Co. G, 2nd Infantry, to be sergeant, vice Conery, discharged.

Sgt. Enmit Kanouse, Quartermaster Corps, permanent school detachment for bakers and cooks at Shafter, has been transferred to a second class private to Company I, 3rd Battalion of Engineers.

The dance which will be given at the fort this evening by the officers and ladies of Fort Shafter to the departing officers and ladies of the 32nd Infantry will be a particularly jolly affair, as the committee is working hard for its success and making arrangements for a pleasant evening for every one. The committee in charge is composed of Major William Weigel, Captain William E. Cochran, Capt. E. S. Hartshorn and Lieut. John S. Sullivan and E. F. Wittell, all of the 2nd Infantry. The Kaal Glee Club and the 2nd Infantry orchestra will play alternate numbers. Sergeant Francis H. Leigh, 2nd Infantry band, will be in charge of the orchestra. This probably will be the sergeant's last dance here where he will be in charge of the music as he will go with the 32nd Infantry when it is organized. The officers of the garrison for whom the dance will be given are Lieut. Col. B. W. Atkinson, Maj. M. J. Lenthall and Lieut. J. B. Richardson, P. R. Manchester, C. R. Abraham, L. R. Frenshall, R. C. Calder, D. T. Greene, Carl Cohen, C. B. Lyman and W. G. Jones.

Capt. Neal N. Wood, Medical Corps, has been appointed a member of the examining board at the fort, vice Captain Harry R. McKellar, Medical Corps, who has been relieved.

The 1st Battalion, commanded by Major William R. Dashiell, will complete target practise the early part of next week. Rapid fire practise was commenced on Thursday and particularly fine results are looked for, as the men are making excellent scores. The weather has been particularly good for the work and the battalion has made very fast progress.

Pvt. Milton W. Allmon, Company B, 2nd Infantry, has been relieved as laborer at the fish pond and ordered to his company for duty.

Upon the recommendation of the commanding officer, Company L, 2nd Infantry, Corporal William A. Tannehill, has at his own request been reduced to the grade of private.

Ordnance Sergeant Albert W. Childress has been ordered to Fort Kamahameha for duty with the coast defenses of Oahu.

An invitation has been received at the fort by the officers and ladies of the garrison to a dance at Fort Kamahameha on Friday evening at 8 o'clock.

Pvt. William Lambert, Co. B, 2nd Infantry, has been transferred to the Medical department and ordered to the Department Hospital for duty.

The following enlisted men are relieved from special duty, taking care of lawns, trees, shrubbery and flowers at the fort, and ordered to their respective companies for duty: Pvt. Horace B. Willis, Company I, 2nd Infantry.

Pvt. John W. Meadlin, Company K, 2nd Infantry.

Pvt. Carl E. Buskell, Company E, 2nd Infantry.

Pvt. John J. Sykes, Company E, 2nd Infantry.

Pvt. Charles M. Staneck, Company G, 2nd Infantry.

Capt. Charles S. Lincoln, 2nd Infantry, who now is on duty with the National Guard of Hawaii, has been placed on the list of officers detached from their proper commands to take effect August 3 and the name of Capt. Cleward McLaughlin, infantry, is removed therefrom. Capt. Lincoln has been with the 2nd Infantry since 1895.

Two hundred and twenty-two enlisted men at the fort have made application for the vocational training which was prescribed by the national defense act recently passed by Congress. Electricity was the most popular subject, as 52 men made application for this subject; 46 requested training for mechanics of motor vehicles, and 17 applied for stenography and typewriting. A total of 25 subjects was applied for.

A notice was sent out from headquarters that until further notice va-

## TEST CASE FOR FRONTAGE TAXES IS COMMENCED

Papers Filed in Relation to Manoa Project Also Affect Other Improvements

One more step was taken in the Manoa improvement project yesterday, when bond filed by F. R. Ritchie, the contractor, was approved and accepted by the supervisors. Then it was held up by the test suit which has been threatened to be brought to determine the validity of the bonds before purchasing.

The suit, brought in the name of B. von Damm, who is assessed for the Manoa improvement, is to restrain the city treasurer from selling the Manoa improvement bonds. It is to be placed ahead of other cases on the calendar and it is expected a decision will be handed down within a week.

If the suit, which is a friendly one, is decided in favor of the bankers—and they hope it is not—improvement of Kalakaua avenue, Beach Walk, Beretania street, Sea View, King street extension, Smith street extension and half a dozen other streets and districts, as well as Manoa, will have to wait further legislation on frontage taxes.

Water will be used for irrigation purposes between the hours of 4 p. m. and 6 p. m. only and that applies to both the main post and the cantonment.

The following patients now in the department hospital undergoing treatment have been recommended by a board of medical officers for transfer to the Letterman general hospital at San Francisco, Cal., for further observation and treatment. They will leave on the next transport for the mainland: 2nd Lieut. Theodore W. Martin, 2nd Infantry.

Pvt. Harry Carr, Company D, 2nd Infantry.

Pvt. Mattias Vlasen, Company I, 2nd Infantry.

Pvt. Signify Caslinger, Company M, 2nd Infantry.

During the week all officers under 45 years of age and enlisted men who had not been immunized against typhoid fever during the past 30 months reported at the dispensary for inoculation.

Capt. James E. Bell, 2nd Infantry, has received official notification from Washington that his application for an extension of his tour of duty in Oahu until September 5, 1917, has been approved. Capt. Bell has already been on duty here for over four years and this extension will give him five years of duty to his credit in Oahu.

A board of officers consisting of Maj. William R. Dashiell, Capt. Edwin S. Hartshorn, and 2nd Lieut. Ralph C. Holliday, all of the 2nd Infantry, has been appointed to investigate and report upon the disappearance of Corp. William O'Reilly, 1st Class Pvt. Michael Clarke and Thomas W. Murphy, and 2nd Class Pvt. Raymond W. Rinkle and Silas P. Burdall, all of Co. I, 3rd Battalion of Engineers.

## HOCHI AGITATES AGAINST RENTAL UPON PLANTATION

Urges Laborers to Stand Together and Refuse to Pay Small Sum Asked

Declaring that Pepeekeo plantation is beginning to charge rent for its laborers' quarters, which have heretofore been free, the Hawaii Hochi is agitating a concerted stand by the Japanese laborers against the payment of the rental.

The Hochi says editorially: "When we were informed by Japanese laborers in Pepeekeo plantation some time ago that some of the laborers on that plantation were ordered by the plantation officers to pay ten cents per day as rental of their camp where they made homes, we immediately made comment on the matter and attacked the planters' selfishness."

"Today we received a report from Secretary M. Hada of the Hawaiian Agricultural Union, which indorses the facts.

"The wages which all sugar plantations in this territory pay their laborers are the wages from which such charges are deducted. It is often explained by the planters that they are furnishing the laborers free houses, free water, free food, free medicines, etc. Therefore, in fact, the laborers are already free from such rental charges."

"We are also often told by the planters' Association that the wages of the plantation laborers are not low when the plantation counts all necessary supplies furnished to the laborers without any charge.

"Free house" means the laborers can live in the camp or house given to them by the plantation free of charge. If Pepeekeo plantation collects 10 cents per day from their laborers as rent of their dwellings, it is not reasonable, it is rather an injustice.

"The question of camp rent is not a small question, it is the beginning of a breach of the agreement by the planters. If the Pepeekeo Japanese laborers submit to unreasonable treatment, soon such a bad example will affect every plantation in this territory, and sooner or later every Japanese laborer must suffer. Therefore, Japanese laborers of Pepeekeo plantation must make some strong protest against such action of plantation, and all plantation laborers in the other islands should unite and support the protest. Otherwise all the plantation laborers will fall into the same trap."

"We are also often told by the planters' Association that the wages of the plantation laborers are not low when the plantation counts all necessary supplies furnished to the laborers without any charge."

## VILLA ATTACKS RANCH OF FORMER COMRADE IN ARMS

Bandit Gang Storms Residence of Gen. Hernandez and Kills Brother

(Associated Press by Federal Wireless) CITY OF CHIHUAHUA, Mexico, July 28.—Villistas yesterday attacked the ranch house of Rosalio Hernandez, former Villa general at Encinitas, and killed Jesus Hernandez, a brother of the general.

Rosalio Hernandez fled to Ojinaga as soon as he learned of the approach of the bandits.

Reports have reached this city that Villa, with thirty companions, has been seen at El Camino De Las Huertas, and that he is preparing to make an attempt to dash through the cordón of de facto troops in an effort to reach a cache of ammunition.

DISCHARGED GUARDSMEN MUST PAY THEIR OWN TRANSPORTATION OR WALK

(Associated Press by Federal Wireless) NEW YORK, N. Y., July 28.—

Guardsmen discharged from their commands now serving on the border because the men have dependent relatives, must pay their own way back home, under a ruling of the war department issued yesterday. It has been explained that the war department regulations will not permit the department to allow compensation for soldiers discharged by way of favor.

ARMY AVIATOR MAKES NEW WIRELESS RECORD

(Associated Press by Federal Wireless) SAN DIEGO, Cal., July 28.—Capt. C. C. Culver, attached to the aviation school in North Island, yesterday established a new record for sending radio messages from an airplane in flight.

Leaving the aviation school yesterday morning, he flew to Santa Monica and returned, a distance of approximately 180 miles, sending wireless messages to the school every ten minutes during his flight.

This is regarded here as a notable military achievement.

GARCIA RACING TO BLOCK OUTLAWS FROM BORDER

(Associated Press by Federal Wireless) EL PASO, Texas, July 28.—Gen. Garcia Juarez has been notified that troops of the de facto government are now pursuing a band of 300 outlaws who have been operating south of Terlingua, Texas.

The report says that the Carranista troops hope to intercept the bandits and drive them back before they can reach the border, for which they are headed.

Warnings have been sent to the American soldiers on guard along the line, as it is feared that the outlaws will attempt to cross the border in search of food, which they have been needing for some time.

## CHINESE REVOLUTIONARY CHIEF ASSASSINATED

(Special Cable to Nippon Jiji)

TOKIO, Japan, July 28.—Gen. Tsun Chunshuan, commander-in-chief of the revolutionary army of southern China, has been assassinated, according to a dispatch received here yesterday from Shanghai.

Capt. J. K. Law, of the British Flying Corps, son of Andrew Bonar Law, secretary for the colonies, was seriously wounded at the front in France.
