## HIGH COST OF GOVERNMENT SEEN IN REPORT OF COUNTY AUDITOR

### Comparative Tables Tell of Growing Expense in Nearly All Departments

"Where the money comes from" and "where it goes to," two questions that have had much public discussion during the last few months, can be answered exactly now. The city auditor has submitted his report for the period ending June 30 to the board of supervisors, and in nine large pages of figures the answer to almost any question concerning the city's finances can be found.

Receipts for the period were \$705,867.34, an increase of \$93,928.70 over the same period last year. Disbursements were \$719,595.24, an increase of \$102,116.95.

Salaries and payrolls amounted to \$324,533.01; materials and supplies, \$214,127.19; and permanent outlays to \$171,535.14.

Most Departments Cost More. Contrast of the expense of different departments of the city government during the first periods of 1915 and 1916 is shown in the following table compiled by the auditor:

## DEMOCRATS TO ORGANIZE FOR BIG CAMPAIGN

### Central Committee Tonight Expects to Settle Date for Ratification Meeting

All is quiet and restful in Democratic circles today. If any bombs are to be exploded the fuses doubtless will be lighted tonight. But the scotch-sayers of the party predict that, from now until the primaries, nothing but harmony, and that spelled with a capital "H," will prevail.

Organization of the party for the campaign at the primaries comes this evening. The members of the central committee, as well as all other loyal Bourbons who have the interest of their party at heart, will meet in the office of National Committeeman John H. Wilson, Paahai street, and get down to work.

To date only a few Democrats have announced their intentions of being candidates for the house and senate. Hardly any of them are known to the central committee. Those who expect to run are urged to hand in their names at the meeting this evening so that the committee may be posted on what is doing.

The central committee also expects to "go after" the various precinct clubs so that those bodies will hold their organization meetings as soon as convenient.

Another item for discussion will be the ratification meeting, which probably will be held at Aala park. It is expected that the date will be set tonight.

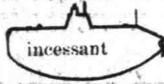

Five persons were killed in a fire at 162 Fifth Avenue, Brooklyn.

## WOMEN POLICE DO GOOD WORK IN LONDON; ARE PAID \$10 AND CAR FARE

LONDON, England.—Women police are making good according to the chief officer of the Women's Police Force. They are employed in munition factories very largely to search the ingoing and outgoing women workers for contraband; keep order in trains; to inspect passports and to patrol the lanes and yards. They get \$10 weekly with railway fares; sergeants receive \$11 and inspectors \$12.

The chief officer says school teachers are particularly wanted for the force as their training fits them admirably for police duties which require good temper, patience and tact with firmness.

The girls in the factories appear to be very fond of the women police and the government is asking for more to be appointed at various munition works throughout the country.

## WEAR PATENT LEATHER HATS

VIENNA, Austria.—Rainy weather that has prevailed for weeks without a let-up has been responsible for the introduction of patent-leather hats which are now in great vogue among the women of Vienna. In addition to the genuine there are numerous imitation patent leathers which are not affected by dampness. The patent-leather style has also extended to include belts, cuffs, collars and other parts of the costume.

## Star-Bulletin Submarine Chase Paragraph Contest

### INSTRUCTIONS

There are two sets of ships, one submarine set and one cruiser set—each set with words in them, and these are scattered throughout the advertisements printed in today's paper.

Each set, when properly arranged, forms a complete paragraph or statement. Arrange the words to suit yourself—just so the complete paragraph makes a readable statement on the subject selected for the week.

The subject for this week is "GOOD ROADS." And Wednesday's Star-Bulletin will state how many ships were in Tuesday's paper, so you may count them and thus be sure to get them all.

YOU MAY TURN IN ONLY ONE SET OF SHIPS, the submarines, which form one statement, or the cruisers, which form another statement, but both on the same subject.

And then hand in the set of ships from which you believe you have made the best statement.

Paste the ships in the squares on the official card—in their proper order—according to your selection.

You may use five additional words for each set, of your own choosing, if you find it necessary to make more complete sense, and these words must be written by you in these spaces wherever you consider an extra word necessary.

BUT YOU MUST USE ALL THE SHIPS of one kind, and you cannot omit any. It is advisable to use as few extra words as possible—because the contestant who arranges the best paragraph with the fewest extra words, will be declared winner.

This contest covers four Tuesday's issues—and the party making the best showing for the entire four weeks will be entitled to

### \$50.00 IN GOLD

All answers to each Tuesday's contest must be in the office of the Star-Bulletin not later than the following Monday.

No single individual is entitled to hand in more than one paragraph each week—or four paragraphs during the entire four weeks' contest.

You must get the official card from any one of the following advertisers:

Hollister Drug Co., Electric Shop, The Waterhouse Co., Benson, Smith & Co., Coyne Furniture Co., W. W. Dimond & Co., Lewers & Cooke, Smoot & Steinhauser, Ltd., Kershner Vulcanizing Co., McInerney Shoe Co., Sachs, M. McInerney, Fong Inn & Co., Trent Trust Co., Love's Bakery, The Waterhouse Co., J. ## KAMEHAMEHA ALUMNI ASSOCIATION TO TAKE NON-RESIDENT MEMBERS

At a largely attended meeting of the Kamehameha Alumni Association held last night it was decided to begin a non-resident membership and a committee will begin to arrange plans at once. There are many former students and graduates on both the islands of Hawaii and Maui and it is hoped that they will rally to the home organization. President E. C. Webster and Rev. J. L. Hopwood were both present at the meeting and spoke in favor of such a move.

Bids on the new dormitory which will be built on the premises of the association will be out some time next week. The new building will consist of 22 rooms, four of which will be kept for non-resident members while visiting in the city. The following candidates were elected to membership last night: Charles E. King, Harry Ayo, John K. Waiaman and Oben Kaitakaka.
