

MAINLANDERS ARE AFRAID TO COME TO ISLANDS

"Thousands of people want to come to the Hawaiian Islands, but are afraid to do so because of the uncertainty of travel," said Charles R. Frazier, who returned today on the Matsonia from the national meeting of the Ad Club held at Philadelphia.

"There is a feeling on the mainland," continued Frazier, "that after one gets over here it is extremely difficult to get away and this is keeping many from coming and should be corrected."

That the Hawaiian spirit has invaded every section of the United States, even to the small hamlet, and has become a fad at all entertainments is the good word brought by Frazier.

"I did not enter a theater, cafe or any place of amusement but what I heard something pertaining to the islands, and everybody is singing Hawaiian songs. I have never seen anything take hold of a people as the spirit of Hawaii has," said Frazier.

"Now, if Honolulu wants tourists to come here it must assure them that the accommodations will be sufficient to take care of every one, and if it is not done Honolulu will never receive the enormous patronage that she deserves."

CARL B. STIGER, prominent attorney of Toledo, Ia., and an intimate friend of U. S. Attorney S. C. Huber, arrived in Honolulu on the Matsonia and will remain in the islands until that steamer again leaves for the coast. Mr. Stiger is accompanied by his father and mother, Mr. and Mrs. H. J. Stiger, and by Miss Lucille Varner.

The Hilo Gas Company franchise matter was straightened out by the superintendent, with Senator Shafroth, who introduced the measure.

"There were some amendments, not vital ones, made," he said. "They give the supervisors of Hawaii a chance to exercise authority over the quality of the gas, by taking up the matter with the public utilities commission." He said people here in asking Congress to ratify a franchise passed by the territorial legislature, should adopt a uniform franchise, and that no attempt should be made to create dual control.

Concerning the public utilities bill Forbes added that it has been passed by Congress and approved by President Wilson. "It has all the jurisdiction our legislature intended it to have," he said, "and such other jurisdiction as Congress deemed best."

Forbes declined to discuss the Rapid Transit franchise. "I will not discuss the bill until after I have taken up the matter with Governor Pinkham," he said, "and also until he has returned to the public utilities commission the franchise now in his hands."

LITTLE LIKELIHOOD NOW THAT PINKHAM WILL BE SPEAKER AT BIG RALLY

For the time being, at least, harmony measures in the Democratic party are "off" as regards certain persons and factions. Whether the harmony spirit will be revived at the rally at Aala park next Saturday evening remains to be seen.

National Committeeman John H. Wilson, head of a committee to select speakers and make other arrangements for the rally, declared today that it is not likely that Governor Pinkham will be invited to speak at the gathering, thus scattering to the winds the hopes of several members of the party that a friendly fusion of the so-called Pinkham and McCandless-Wilson factions of the party might be effected.

"We don't consider him a Democrat," announces Wilson, referring to the governor.

The committee has not yet decided on the speakers, Wilson and the other members, Horace Crabbe and Crane Almeida, were to meet at 10 o'clock this afternoon to talk over the matter.

FUJIMOTO HELD; CHARGE IS FIRST DEGREE MURDER

First Arrest Detained and Other Suspect Released for Lack of Evidence

The latest developments in the Waikiki murder case are the arraignment of M. Fujimoto in police court on a charge of murdering H. Emoto on the J. B. Castle premises last Thursday night, and the release of M. Kanemoto, the other suspect. Fujimoto will have a hearing before Judge Monarrat Friday morning.

Forestalling habeas corpus proceedings instituted Monday afternoon in Fujimoto's behalf by Attorneys Lorrie Andrews and W. J. Sheldon, Sheriff Charles H. Rose placed a charge of first degree murder against him. The defendant had been held for several days for investigation and Judge Ashford scored the police for such actions.

Andrews and Sheldon, appearing this morning for Fujimoto, said they were ready for the hearing, but Prosecuting Attorney Chillingworth asked for the continuance until Friday on account of the indisposition of the prosecution's principal witness, Tome Emoto, who was nearly killed with her husband and who is now near death at the Queen's hospital.

"I have been informed," said Chillingworth, "that the woman will either be sufficiently recovered by that time to give us some valuable information or will be passed beyond recall."

Arthur McDuffie, chief of detectives, ordered Kanemoto's release, after the latter's proffered alibi had been investigated and found to be flawless, according to McDuffie.

The Oceanic line has arranged a very definite improvement on the Sierra, Ventura and Sonoma in the service between San Francisco, Honolulu and Sydney, according to a report from San Francisco. On each vessel 16 staterooms are to be remodeled to single passenger instead of two-passenger cabins.

Work already has been finished on the Sierra at Pier 37 in San Francisco with this intent and there will be quite a change in the cabin accommodation of the liner when she arrives here August 21.

The upper decks of these steamers have always had something of the western ocean idea of "beds and berths," just like a hotel, instead of bunks and a deck walk to the bathroom.

But the passenger department of the company has pleaded so hard for more single-berth rooms that the change is being made. The Ventura and Sonoma will go under similar changes when they arrive at San Francisco. They will also have the wooden decking renewed as has been done on the Sierra.

The Spreckels interests are also arranging for other improvements in the way of service and the general comfort of passengers while passing through the tropics.

OCEANIC BOATS TO HAVE MORE SINGLE BERTHS

Mrs. John Alfred Magoon, widow of the Honolulu attorney who lost his life when he fell from an unfinished bridge in Baltimore, Md., arrived here today with the ashes of her late husband. She was accompanied by her daughter, Mrs. Orville N. Tyler, Capt. Tyler of the 4th Cavalry and Etoz Magoon, her son.

The funeral services were to be held at 4 o'clock this afternoon from the family residence at Keaumoku and Lunaillo streets, to which friends and acquaintances of the family are invited. Interment was to be in the Nuuanu cemetery following the services and at a time convenient to the family. Services at the cemetery were to be private, with no pallbearers in attendance. Rev. Henry H. Parker, pastor of Kawaiahaeo, was to officiate.

GERMAN OFFICIAL CABLEGRAMS

GERMAN HEADQUARTERS REPORT, Aug. 14.—Western war theater.—Southwest of Thepval and Pozieres roads the English yesterday morning had entered our most advanced trenches, 700 meters long. They were ejected last night by counter attacks. Before Guillemont and the line adjoining south, hostile mass attacks were repulsed. The enemy's losses were the heavier. Likewise two strong French attacks in the district of Maurepas, east of Hem, broke down. Only now it was reported that the French on the night of August 13 attacked the village of Fleury and our positions east. They were flatly repulsed. Hostile hand-grenade attack yesterday northwest of Thiaumont works failed. On and south of canal Labasse lively fighting is going on. Hostile patrols frequently are more vivacious. Especially northwest of Rheims, strong reconnoitering detachments advanced after extensive fire preparation. Enterprises without success. East Bapaume English aeroplane was forced to land in an air fight.

Eastern war theater.—Hindenburg's front, hostile thrusts were repulsed in the district of Skrobov and Ognisky. At the canal south of Vygonouskoye lake, German detachments dispersed Russian vanguards with considerable losses for them. Near Zarecoe, on the Stochof front, engagements against advanced enemy was decided in our favor. Strong hostile attacks directed against Luck and Graberka district, south of Brody, were repulsed. New attacks failed. Parts of the enemy which interrupted repulsed by counter attack. More than 300 prisoners were brought in. Also west of Monasterzyka the enemy attacked in vain, and suffered great losses in our fire. Balkan front.—Nothing important. Even feigned activity of the enemy has ceased.

HARRY R. SIMS NEW MANAGER OF HEINIE'S TAVERN AT WAIKIKI

Harry R. Sims, former chief clerk and cashier at Heinie's Tavern, has succeeded G. H. Willey as manager of the Waikiki resort. Sims is a Honolulu man and is well acquainted with the business of the city. He has been in Hawaii for a number of years and more than three years was with the Honokaa Sugar Company. Sims has been receiving a number of compliments on his advancement, and has made a good start in outlining a policy for the best of everything at the beach cafe.
