ARMY & NAVY

NAVAL MILITIA DECIDES DATES FOR ITS CRUISE

At a meeting of the Naval Militia of Hawaii last night at the bungalow in the capitol grounds, a definite date was decided on for the 15-day practice cruise of the organization aboard the U. S. first-class cruiser St. Louis. Officers of the organization today declined to give out the exact date until they hear from Lieut.-Comdr. Victor S. Houston, commanding officer of the St. Louis, to whom the tentative plan arranged last night has been submitted for approval. The lieutenant-commander is said to have told the Naval Militia to select any date, providing it will enable the cruiser to return to Pearl Harbor on or before October 1, when the St. Louis will start a program of work in connection with third submarine division activities.

As stated yesterday by the Star-Bulletin, the naval militiamen will leave here some time in September, cruising around the islands of the Hawaiian group, returning to pick up those militiamen entered in the Regatta Day events September 16, then resuming the cruise. It is considered probable that most of the cruise will be around the islands of this group, although it is possible the cruiser may steam to Fanning or Palmyra, provided there is sufficient time available after the regatta contestants are picked up here following the races.

THREE OFFICERS TO BE EXAMINED FOR PROMOTION

Three well-known army officers of Oahu were today directed by War Department cabled orders from Washington to take examinations for promotion as required by the National Defense Act of June 3, providing for army reorganization.

The officers named to take examinations are Capt. Charles S. Lincoln, 2nd Infantry, in charge of militia affairs, Hawaiian Department headquarters; 1st Lieut. Eugene Robinson, 25th Infantry, Schofield Barracks; and 1st Lieut. Elmer F. Rice, 1st Infantry, Schofield Barracks. Capt. Lincoln will be examined for promotion to major, and both first lieutenants for promotion to captains.

FINE PRIZES WILL BE GIVEN AT MASK BALL IN ARMORY SATURDAY

Handsome prizes will be awarded Saturday night at the National Guard mask ball in the armory, held for the benefit of the enlisted men's club-rooms.

To the lady wearing the costume adjudged most original will go a prize of a diamond ring, while the gentleman whose costume is deemed best by a committee of impartial judges, the prize awarded will be a traveling set.

Dancing begins at the usual hour, 8 o'clock, and continues until midnight. No rowdiness whatever will be tolerated by the management, and everyone attending is assured a pleasant evening. The Hawaiian music will be continued, the management having received many compliments on securing native musicians.

2ND COMPANY TAKES OATH; IS RECOGNIZED

With practically every member present, the 2nd Company, Coast Artillery Corps, N. G. H., last night took the new oath of enlistment required by the National Defense Act of June 3 and was formally recognized as a unit in the organized militia of the territory.

RELIEF COMING FOR OVERWORKED ARMY MEDICOS

Letters received in the mail Tuesday by Hawaiian Department officers, from friends in Washington, state that the writers had been told in Washington that a number of Army Medical Corps officers are to be sent here at once to relieve those who recently left Oahu under War Department orders for service on the border.

There are about 10 more medical officers needed by the Hawaiian Department at present, as the force is shorthanded and handicapped by the loss of so many men ordered to the border.

The new medical officers are expected to arrive on the next transport from the mainland, about September 13. No official advice as to who are coming here have yet been received at department headquarters.

Fort Shafter Notes

(Special Star-Bulletin Correspondence)
FORT SHAFTER, Aug. 16.—On Wednesday, August 23, there will be given in the assembly room of headquarters building a dance for the benefit of a kindergarten for the younger children of the garrison. Mrs. George F. Bush, wife of Sergt. Bush of the Signal Corps, will be the teacher and as she is most capable and efficient and has studied the more modern system of kindergarten training, her services will be a great advantage to the post. At present the smaller children are unable to take the trips to the city for an education and yet all such little ones are in need of such elementary training.

The dance will supply the financial means to prepare for the school work and also arouse interest in the noble project. The cause is deserving of the assistance of both officers and men and it is hoped that a large attendance at the dance will result from the appeal.

The kindergarten for the children will be started about September 15 and its sessions will be held in the new amusement hall, where such changes will be made as will be required for the work by recent approval of the exchange council.

Sergts. Frazer, Billsborough and Dellinger are the three fortunate men of the Engineers who have won the much coveted grade of "Sergeant First Class, Engineer Corps," a rating that not only earns the same pay as first sergeant but also will secure quarters for the successful holders of the same.

"Blondy" Williams of baseball fame has demonstrated the old adage, "A man good in one place is good in another." For he not only controls the elusive sphere and can out-strategy the opposing forces at the bat, but has won him a much deserved promotion as first sergeant of the new Company C, 1st Regiment of Engineers. Company C will very quickly win fame as a baseball aggregation, as many of the faces familiar to enthusiastic fans will be found in this organization.

In place of the garrison Engineer organization known as Company I, 3rd Battalion, there now exist a Fort Shafter Company C and Company D, 3rd Regiment of Engineers, under the command of Lieut.-Col. Robert R. Raymond, who will assign officers to command these companies at an early date. Company C is practically the old Company I, while Company D is composed of a number of men transferred from Company I, and this number will be further increased when the men transferred from Company K and Company L, 3rd Battalion, now en route from the Philippines, reach here by the next transport.

Sergt. Volta, 2nd Infantry band, has been temporarily engaged by the post exchange management to play the piano for the orchestra in the amusement hall in place of Sergt. Leigh, recently transferred. Last night Sergt. Volta made his initial appearance in that capacity before the footlights of the amusement hall, and his playing was both successful and favorably received by the large audience of officers and enlisted men gathered to see Mary Pickford's performance of "Peppina."

Hereafter the officers of the garrison will find their official correspondence in the boxes, which now have been placed in the room in the porch adjacent to the new post office, in place of their former position in the adjutant's office. This rearrangement of the post office and assembly rooms for officers and first sergeants will leave the commanding officer and adjutant free from the constant disturbances so frequently interfering with their important duties.

Sergt. Eckhart, 2nd Infantry band, is recovering rapidly from his attack of tonsillitis and will soon resume his work in the band and orchestra.

The regulations concerning the examination of candidates in civil life to be second lieutenants in the corps of engineers have been amended recently by the president as follows:

Vacancies shall be filled as far as consistent with the interest of the service by promotions from West

Point graduates, provided that vacancies remaining in any fiscal year (July 1 to July 1) after the assignment of cadets may be filled by civilian appointees. To become eligible for examination and appointment a civilian candidate must be:

(a) An unmarried citizen, between 21 and 29 years of age.

(b) Holding graduation diploma from an engineering course from an approved technical school.

(c) To pass examination recommended by chief of engineers approved by the secretary of war.

The original appointments are to be provisional for certain appointees for two years and then if approved shall be made permanent; but if appointee fails to demonstrate his ability and fitness his appointment shall terminate; if during such provisional appointment the officer shall become eligible to a higher grade, he shall receive a provisional appointment in such grade until he has qualified after two years' probationary period.

Appointments to the grade of second lieutenant shall continue to be made from the army and navy without the candidates relinquishing their prior commission.

By a War Department order of July 18 an enlisted man of the National Guard or of the organized militia who is called into the service of the United States and who has dependent relatives, can be discharged by department commanders when such application for discharge is made to such authorities in due form, through military channels, setting forth that the applicant has one or more relatives who are dependent and such application will be accompanied by adequate written evidence. Applications from non-commissioned officers will be forwarded to the War Department for action. It is also required that the commanding officers of such men with dependent relatives, shall inform them of their right to make application. If such soldiers desire to remain in the service, the matter will be reported to the War Department. This will be of vital interest to the militia as recruiting and mustering officers are to be notified immediately of the vacancy that exists as a result of such discharge in order to fill it; and recruiting and mustering officers are to reject such recruits with needy relatives dependent upon them for support when such cases are known to exist.

One of the prominent Masons of the Middle West, George Pulsifer, is in Honolulu today, having arrived on the Matsushima Tuesday. It is said by army officers that he has come to communicate degrees for the army bodies of the Scottish Rite, with headquarters at the Army Conventory, Fort Leavenworth, Kansas.

Pulsifer comes from the Army Conventory of Fort Leavenworth, and will probably stay at Schofield Barracks for a week or 10 days. He is making his headquarters at the army post.

PROMINENT MASON IS TO COMMUNICATE S. R. DEGREES TO OFFICERS

MISSOURI PACIFIC WANTS PHOTOGRAPHS OF SCENES IN HAWAII FOR BULLETIN

C. L. Stone, passenger traffic agent of the Missouri Pacific, has written to Albert P. Taylor, secretary of the Hawaii Promotion Committee, announcing that in the future Hawaii will be given publicity in the Missouri Pacific Bulletin. This magazine is sent throughout the entire system.

Stone writes asking for photographs of original island scenes, and has promised to have an article published featuring Hawaii. This is one more connection the committee has established with the big railroad publications, nearly every one in the United States now featuring Hawaiian subjects from time to time.

Sure Way to Kill Rats

Worst and Most Expensive Household Nuisance.

Millions of dollars of property are destroyed yearly by rats simply because people do not appreciate the destructive power of rats and do not know how easy it is to kill them. Simply get a two-ounce box of Stearns Electric Paste from your druggist for 25 cents and use it at night in accordance with the simple directions, and in the morning there should not be a rat in the house.

Nothing else is as effective as Stearns Electric Paste in exterminating rats, mice, cockroaches and other vermin. The government uses it in its fight against rats. Directions in 15 languages in every package.—Ad.
