MOUNTED POLICE OFFICER MEETS DEATH ON DUTY

Antone Gomes Stricken With Heart Failure; Fails to Revive Under Treatment

Antone Gomes, mounted policeman on the Iwilei beat, died early this morning at the emergency hospital from heart failure. The officer was stricken at about 2:30 while on duty. Police Surgeon R. G. Ayer responded immediately to a call but medical aid and artificial restoratives were unavailing.

Gomes' body was taken to Silva's undertaking parlor. Funeral arrangements will not be completed until the arrival Wednesday of two sons living on Kauai.

The deceased was 53 years old; a native of Kauai; a member of the police force for five years and is survived by his wife and a son and daughter in Honolulu, besides those on Kauai and other relatives.

Sheriff Rose and Deputy Sheriff Asch says Gomes was one of the most popular and trustworthy men in the department. Every member of the police department who knew him sincerely grieves his loss.

Gomes family is the first to benefit from the recently organized Widows and Orphans Relief Association of which there are about two hundred members.

Police Surgeon R. G. Ayer reports that Gomes suffered two fractured ribs some time ago which affected his heart.

HILO HEARINGS HELD BY PUBLIC UTILITIES BODY

No Complaints Are Made to Commission By Users of Hilo Electric Light

Early this morning the public utilities commission returned on the Mauna Kea from Hilo, where it put in a busy day Monday conducting hearings and investigations of public utility corporations of the Big Island.

At 10 o'clock Monday morning the commission met in the Hilo Board of Trade rooms, according to Secretary Henry P. O'Sullivan today, and held a hearing into the affairs of the Hilo Electric Light Company.

The Audit Company of Hawaii had left its report on the company's financials and accounts for the commission to inspect, and study of this report took up much of the hearing.

President C. C. Kennedy and Manager J. C. Plankinton were questioned by Chairman Charles R. Forbes and Commissioner Will T. Carden concerning in detail the general business of the company.

The commission promised the company its findings will be reported and a copy forwarded within the next three weeks. No complaints from any subscribers were made to the commission during the hearing, which concluded at noon.

In the afternoon the commission took up the matter of switching charges between the Kohala Telephone Company the Hawaii Telephone Company. Manager George P. Tulloch was present representing the Kohala concern, while the Hawaii corporation was represented by W. D. Stone and George H. Vicars.

The commission went over all the correspondence and was told by the representatives of both companies that any equitable arrangement the commission would direct would be suitable to them, and that they wanted to reach a just basis on which both could work. The commission assured both companies it would render such a decision within the next 8 or 10 days.

This afternoon the commission is holding its regular weekly meeting in this city at its offices on the fourth floor of the Kauikeolani building, King street.

THEFT OF ALUMINUM PIPE CHARGE AGAINST KOREAN

Chun Sur, a Korean, was arrested on Monday by Arthur McDuffie, detective chief, on a charge of cutting up and stealing Sunday night from the Hawaii Preserving Company cannery in Iwilei considerable valuable aluminum piping made especially expensive since the war. The theft brought Sur a penalty of one year in prison when arraigned in police court yesterday afternoon. The loot was discovered in possession of the Honolulu Junk Company, which had purchased it, so the police say, for a few cents a pound.

Dr. N. P. Crooks, a ship surgeon employed by the Pacific-Japan Steamship Company, has crossed the Pacific ocean 123 times, covering in that time more than 1,000,000 miles.
