

BOY SCOUT CAMP KEEPS 200 BUSY WITHOUT MISHAP

Correspondence From "The Front" Shows Splendid Work Being Done

By ROLLA N. THOMAS (Special to Star-Bulletin) CAMP GUILD, Kailua, Sept. 6.—When "taps" sounded last night and the first real day's work and pleasure of the sixth annual camp of Hawaii's Boy Scouts of America was ended, it was a tired but happy 200 scouts who "hit the hay."

The first day in camp was full to the overflow with camp life and scouting activities.

The lantern raid proved the big feature of the day. As arranged signals, after a line of 160 scouts had formed a large circle half a mile across, 15 chosen first-class scouts made a successful raid on three lighted lanterns in the center of the huge circle. It took some clever scout trailing to break through the line stealthily and make a charge on the lanterns. During the hour allotted to the game, nine successful scouts slipped along the ground among the bushes and reached the lanterns safely. Scouts Walter Akana and Robert Boyd were alike enough to pass in and out of the line several times. Akana reached the lanterns first, Scouts Kuniohau, Chuck, Silva, Simpson, Kiehahu, Kai, Wilder and Holt passed safely within the fortifications. Hand-to-hand and trench warfare in the first line defenses brought down Scouts Crane, Kuehn, Uyeda, Copp, Ikeole and Mortensen.

Attack Made by Sea An attack by sea brought the beach guards with the life lines, when the Portuguese navy men-of-war, with rapid-fire stinger-guns were present in the afternoon surf. This inconvenience didn't keep many out of the water, nearly all of the boys taking advantage of the fine beach and the clean surf. Extra precaution is being taken by the scoutmasters in charge in this event. Life lines and beach patrols are established each swimming period.

A feature of the morning program yesterday was the big tug-of-war when four teams of 32 scouts competed for the pulling record. Team A, captained by Charles Copp, won from Dudley Pratt's bunch of "hunks." Other teams were captained by Scouts Neely and Willis.

Kailua's Best Ball Tossers The Kailua veterans, under Scoutmaster L. E. Haeblen proved the best ball tossers in the ball throwing relay, when eight picked scouts from seven troops competed. In the preliminaries Troop V and VI went down before IX, while I and IV succumbed to the Palama boys in Troop II. Troop VII drew the bye and finished close in the finals.

A uniform system of merit awards was established with the sounding of reveille yesterday. This is catching like wildfire and intense interest is being taken in the camp duties and contests of the day. So eager are the boys to do a good turn daily that when the office of the day, Scoutmaster Thomas, made inspection of quarters, troop streets presented the appearance of having been raked with a comb, they were so clean.

The message relay made a big hit yesterday afternoon. Nine troops of the 17 represented in camp entered teams which were able to bring in some funny messages relayed orally by the contestants. Troop IX again "copped" the honors, winning in shortest time with but two points off for inaccuracy of their message. However, a second race proved necessary. Troop VII got the same number of points in the first race. Troop IV got the wooden medal for the way they reported: "Pickles and prunes are excellent kankau for hard-worked scoutmasters." Their relay made a grand finish with: "Pickets and brooms make fine hardware for assistants and scoutmasters." The whole camp is laughing yet.

Hospital Troubles Scoutmaster Barry, in charge of the hospital tent, is having his troubles. Before he could convince some timid tenderfoot of his harmless pills he was forced to take three of them to show the boys they could be taken without harm. His report to the commissioner shows blisters healing nicely and a good health record. Fifteen reported at sick call.

Practices for the big events today and Thursday promises some good camp sport. The water contests come today and boxing and wrestling are in the program. Scout tests are also slated. A big campfire program under "Pop" Hutton's charge is set for tonight. Scoutmaster R. W. Anderson is officer of the day today. Additional scouts, bringing the camp total over 200, arrived today. Troop VI, Japanese Y. M. C. A., has the largest showing with 24 scouts.

Y. M. C. A. WILL ISSUE MAGAZINE IN NEAR FUTURE

Association Plans to Establish Semi-Monthly Publication to Meet Growing Needs

The Honolulu Y. M. C. A. will issue a magazine in the near future. The membership has increased to such an extent that it was thought that a semi-monthly bulletin would be of much help in sending out invitations and announcements. The name of the publication will be "Y. M. C. A. News."

According to the plans outlined the publication will be issued on the first and third Mondays of the month, and will contain reviews of the activities of the various departments of the association. Ed Towne, one of the directors of the association, has taken an interest in the plans for the establishment of the bulletin, and will present the matter to the board of directors at the meeting on Friday.

A. E. Larimer, executive secretary of the association, said today that the announcement of the bulletin would in no way affect the relations of the Y. M. C. A. with the daily press, but would be used as a medium for announcements to the members. Larimer said that the first publication would perhaps be issued this month.

SEPTEMBER IS TIME TO PRUNE HIBISCUS BUSHES FOR CARNIVAL

In order that no hibiscus grower is overlooked and that everyone may have plants in the best possible condition for the big carnival show in February, Arthur F. Wall, chairman of the committee in charge of the hibiscus show, has announced that September is the best time to prune the bushes. He is anxious that the 1917 show be a history maker both as to the number of exhibits and the variety of color, and therefore advises all growers to start preparations now.

V. S. Holt, assistant horticulturist at the U. S. agricultural station, one of the committeemen, will be glad to give expert advice to all who desire it.

MAUI HELPS KAMEHAMEHA ALUMNI TO RAISE FUND

As a result of the mailing of printed copies of the opinion and decision of Judge C. W. Ashford, in the matter of the naming of a new trustee under the will of Bernice Pauahi Bishop, the Kamehameha schools committee, of whom R. M. Duncan is an active member, has received several hundred dollars from friends on the island of Kaula. This goes to the fund to contest the appeal being taken by the trustees. The committee was somewhat surprised at the early and liberal response from the Garden Island.

Troop VII ..... 90 points Troop V ..... 80 points Troop VI ..... 70 points Troop XV ..... 60 points Troop II ..... 50 points Troop VIII ..... 40 points Troop XIII ..... 30 points Troop I ..... 20 points Troop IX ..... 10 points

The big event, the signaling contest, scout pace races and Kim's game, are on the program for today. The first-aid competition, the most important scout knowledge test, will be held tomorrow (Friday).

Last night a big evening program was held in the big "circus" headquarters. The finals of the different weights were staged in the center of the big tent.

The Legion Glee Club sang a few songs, and with music by the camp musicians, the program broke up with a bag snake dance on the parade ground.

Competition is Close Yesterday's drill and staff manuals showed that the competitive drill for the Guild cup will be a hard-fought one.

Three scouts (names cut out by the censor) enjoyed the privilege of initiating the guardhouse yesterday and spent a good part of their day in the calaboose. They proved themselves unable to resist the "call of the swimming hole" when they were assigned to the "kitchen police." Officers of the day, L. E. Haeblen, served the warrants and helped the cook pick out the greasiest pans for the "culprits."

ALERT BOY SCOUT LEAVES FOR SCHOOL

Marion Lord, scout scribe of Troop IV, B. S. A., has given up his rank because he left on the Sonoma to attend school on the mainland. Marion Lord enrolled in the scout movement on February 12, 1913. He has been a member of Troop IV ever since. On February 19, 1913, he became a tenderfoot. December 17, 1915, he was sworn in as a second-class scout. February, 1915, he became a first-class scout. He has 15 merit badges at present and intends to remain in Troop IV as an associate member. Marion Lord has shown great interest in the scout movement and the troop is sorry to have him leave. He says: "All the hard luck Troop IV has had about obtaining scoutmasters, it is a wonder there is a Troop IV. We think Troop IV will stick together for a long time because Troop IV has well liked scoutmas-

W. F. ARMSTRONG, EMBEZZLER, IS GIVEN PARDON

ures of the board of trustees of the order and as such had possession and control of the three bonds, which were valued at \$1000 each. He sold the bonds through a local trust company and converted the money to his own use, according to the legal findings. He left Honolulu and went to San Francisco.

On July 10, previous to his conviction, Armstrong was indicted by the territorial grand jury and a deputy sheriff was sent to the coast to bring him back. He made a tight against extradition, but was finally returned, reaching here in custody on November 16. The trial occurred soon after, Armstrong being found guilty and sentenced to two years by Judge Ashford, who intimated in pronouncing sentence that the convicted man was lucky in not getting a heavier sentence.

In April the supreme court handed down the notable decision on indeterminate sentences, holding this kind of sentence valid, and following the decision Judge Ashford on April 20 sentenced Armstrong to one year and nine months in Oahu prison at hard labor, taking into consideration the fact that Armstrong had already served three months on the original sentence.

Then followed a series of movements by friends of the convicted man to secure his pardon, but Judge Ashford and Secretary W. W. Thayer expressed themselves at that time as being against such a move.

A pardon was also granted today to Francisco Rosario, convicted on October 20, 1911, of larceny, first degree. His sentence was for not less than seven years nor more than nine years. The board of prison commissioners in recommending the pardon calls attention to the fact that Rosario's crime was that of stealing a ring, and states the belief that the sentence given in the case was most severe.

POCKETS RIFLED WHEN COOPER'S BODY IS FOUND

from childhood by a Hawaiian family. He is said to be a pure-blooded Japanese, and when arrested had a gun on him, so I was told." The captain added that the inquest over Cooper's body held yesterday showed evidences of a struggle. "One of the dead man's eyes was bruised, and his shoulder also showed a livid bruise, indicating that there was probably a struggle before the shots were fired." The captain also corroborated other reports concerning money found in Cooper's clothes, amounting to about \$65 in gold and checks. This would apparently disprove the theory that robbery was the motive of the murder.

Police Look up Record In connection with the murder of Cooper, Arthur McDuffie, chief of detectives, received a wireless from Maui this morning asking for the record of a Japanese, John Ginza, and although it was not so stated in the message it is presumed that Ginza is the Japanese who has been arrested. Deputy Sheriff Aesch also was asked by wireless to look up the source of a .38 caliber Harrington & Richardson revolver which has been found. It is thought the owner of the pistol was responsible for the shooting.

McDuffie says that Ginza has been arrested here on several charges including burglary, attempted burglary and receiving stolen goods. There is a story at the police station that Ginza went to St. Louis college here with Cooper.

HANA SHOCKED AT MURDER OF RESIDENT

(Special Star-Bulletin Correspondence) HANA, Maui, Sept. 6.—George O. Cooper, the best and most widely known man in all the Hana district, is dead. Was it foul play? Was it hate? Was it spite? What was it that brought this violent death and this sudden disaster to wife and dear ones? At an early hour this morning his bloody body was found in a secluded spot beside the railroad tracks of the local plantation railroad. Workmen passing near the spot found his horse riderless and wandering about and took it home. Search was at once made to find what had happened. The horse had fallen and thrown its rider but recently, and fears of a similar trouble were keen.

The body was found in a heap with the clothing much disturbed. The pockets were empty and papers were scattered about here and there. Death makes a sudden end of a long and varied career here in Hana, on Maui, and in the islands. Mr. Cooper was born in Honolulu and has always made his home in the islands and has seen many changes in the political life of the islands. He had always been very closely identified with the Republican party since the days of annexation to the states. His interests had been wide and varied. His party and his friends will surely miss him. Mr. Cooper is survived here by a wife and a large family of children, also by a mother, a sister in Honolulu and a brother here.

SAN CARLOS HAS QUICK ADVANCE DURING SESSION

Report of Dividend to Be Paid Raises Prices; Mineral Products in Big Demand

San Carlos stock was the feature of trading in the local stock market today, so far as listed securities were concerned. It sold at 17 at the beginning of the session and at 18 1/4. The first sale was of 130 shares and the last of 5 shares. The sudden big jump was occasioned by a report that a dividend is to be declared. After the session the Star-Bulletin saw Alfred D. Cooper, secretary of the company. He was noncommittal, saying that thus far he knew of no announcement of the effect that a dividend was to be paid but added: "I will ascertain from the directors if there is any statement to be made relative to the rumor that you mention."

Sugar stocks were generally strong and such sales as were made were at advanced prices. Olan was 18 1/8, Waiaina 35 1/2, Ewa 34 1/2, Oahu 33, Hawaiian Agricultural 45, Hawaiian Commercial rose to 50, McBryde was 12 and Brewing 20.

There was a sudden activity in Mineral Products to a volume not seen in weeks, 5300 shares selling at \$1.07 1/2 and 20,000 at \$1.10. Oil sold at \$3.07 1/2 for 100 shares and 400 shares of Mountain King sold at 75 cents.

The demand for Mineral Products came from reports that shipping was to have been begun by the company on Wednesday and that news from the property was generally highly promising.

Sales of listed securities between the boards were 1030 shares and at the session 195 shares and one \$500 Gas bond.

COMPANY A TO GIVE MASK BALL

Enlisted Men's Club of Company A, 1st Infantry, National Guard, will give a mask dance on Saturday evening beginning at 8 o'clock in the armory. Special decorations have been arranged for and music will be by "Dude" Miller's famous Hut Nalu glee club. Prizes offered for the best costumes are a gold wrist watch for the ladies and a gold stick pin for gentlemen. The chairman of the club is Sam Kahalewai. The purposes of the club are to boost for Company A.

VOTERS HAVE NEARLY ALL REGISTERED FOR COMING ELECTION

Although it is still nearly three weeks before registration closes for the election, nearly every voter in the two local districts has registered, which, according to David Kalauokalani, county clerk, is entirely unprecedented. As a rule the last few days before it closes practically everybody finds they have not registered and as a result the county office is jammed. The registration closes September 26 and already over 10,125 have signed their names in the big book, which leaves less than 300 who have not showed up.
