

SOCIETY TAKES UP NEW POLICY AT KAMEHAMEHA

If Not for Best Interests of the School, Declares Trustees Should Reconsider

If the recently emphasized policy of the trustees of the Kamehameha schools, by which students of nationalities other than Hawaiian may be admitted if they can be accommodated, is not for the best interests of the institution, then the policy should be reconsidered.

This is the decision reached by the Ahahui Puhonua o na Hawaii, a Hawaiian society whose aim is the protection of the interests of all Hawaiians, after hearing a report from Delegate J. K. Kalaianalo, Mayor John C. Lane and Rev. Akaho Akana, a special committee appointed to investigate the new policy. The report was presented to a meeting of the society done in the matter," says Mayor Lane. "It is only a matter of reasoning out with the trustees what should best be made in the matter," says Mayor Lane, who personally believed that the old policy of admitting only Hawaiians and part-Hawaiians should be retained. "We want to bring about an understanding to the extent that, if this new policy is not for the best interests of the school, the former policy should be retained if possible.

"We have talked over the matter with E. C. Peters, attorney for the Kamehameha Alumni Association, and find that, legally, the trustees have the right to outline any policy. But, in my opinion, the old policy seems to be the best for all concerned. This is the feeling of former students of the school to whom we have talked, and many of these had to work for their tuition."

In furtherance of its investigation, the special committee shortly may meet with the members of the Kamehameha Alumni Association to ascertain that organization's views on the subject.

LOKOKAPU IS CHARGED WITH KILLING OF SAM KALUAHINE AUGUST 29

An indictment charging Henry K. Lokokapu with the killing of Samuel Kaluahine was returned by the territorial grand jury Friday afternoon together with two other true bills. Kaluahine was killed on August 29 in Honolulu, it being alleged that Lokokapu committed the crime following a drunken orgy which resulted in a quarrel.

Araki Yasuna was indicted on a charge of intent to commit murder, it being alleged that on July 31, in Honolulu he assaulted one Sendai Tome with a revolver. The third indictment was against Ah Sing, charging him with first degree burglary, it being alleged that he broke into the store of Chong Wong on September 8 and stole certain goods.

The defendants will be arraigned in Circuit Judge Ashford's court at 8:30 o'clock next Monday morning.

SEEKS TO SELL PATENT TO PAY BACK P. O. MONEY

Keohokalole Informs Bonding Company That He is in Trouble Before Arrest

Accounts in the mainland papers telling of the arrest of Morris K. Keohokalole say that he made a confession to the federal authorities, the San Francisco Bulletin saying that it was in writing and signed.

The San Francisco Call of September 2, in connection with his arrest, says:

Keohokalole told Stephen H. Morse, chief postal inspector in charge, that he had pocketed the coin given him by Japanese for money orders, giving the unsuspecting Japanese in return spurious paper.

Keohokalole, who has been in this city since the convention, was arrested at the Hotel Statler by Postal Inspector G. H. Austin and Deputy United States Marshal Thomas Mulhall.

He first tried to throw the blame on an employe of the postoffice, but later confessed the embezzlement, which he said had been going on since April, 1914.

Keohokalole has a wife and two daughters. He will be taken to Honolulu by Mulhall, and says his friends will make good the shortage. He says he was trying to sell a patent device for railroads, hoping to make up his defalcation.

In his effects the authorities found a letter written to his bonding company, saying he was in trouble.

According to the federal officials this is the fourth case of an embezzling Hawaiian postmaster in the last six months.

ARRESTED OFFICER QUILTS WHEN REQUESTED

William Spencer, Alea policeman, has resigned at the request of the police department following his arrest on a charge of extorting money from Japanese, and Mounted Policeman Robert M. Kanealii has been suspended for a month by Sheriff Rose on a charge of beating a soldier.

Spencer is said to have taken money from the Japanese because they were fishing on Sunday, which is permissible, and it is said that he made no report of the collections to his superiors.

Kanealii's alleged offense took place September 2 at the corner of King and Nuuanu streets. Joseph E. Sheedy, general superintendent of the Inter-Island, says he saw the beating and reported it to headquarters. He states further that he was abused by Kanealii while so doing.

Miss Angela M. Medeiros and Joseph Aflague will be married at 3 o'clock tonight in the Catholic church in Punahou. The bride-to-be is a daughter of Mr. and Mrs. L. R. Medeiros of 1216 Matlock avenue and a reception will be held there after the ceremony.

A petition for naturalization has been filed in federal court by Robert Melanovich Sanders, a soldier and a native of Bremen, Germany.

FRANKLIN WILL REFUND MONEY TO ALL DONORS

\$35,000 of Proceeds From Sale of Mahuka Site to Be Returned Contributors

Within a month after the sale at public auction of the Mahuka site, which will be sold to the highest bidder October 21, Collector of Customs Malcolm A. Franklin will refund to all who contributed money for the opening and dedication of Bishop street through the site the sums they donated, amounting in all to \$35,000.

The refunding of contributions for the Bishop street extension is authorized by an act of Congress approved March 3, 1915, providing for the sale of the Mahuka site, and for the erection of a new federal building, to cost, with the site, not to exceed \$1,325,000.

The act provides an upset price of \$165,000 for the site, but in the cablegram received this week by Collector Franklin from Assistant Secretary of the Treasury Byron R. Newton, who was here last year looking over the federal building situation, the upset was increased to \$200,000.

The secretary of the treasury is authorized by the act to arrange for reimbursement of all contributors to the opening and dedication of Bishop street through the site, through any responsible fiscal agent, who in this case will be Collector Franklin.

Of the amount which will be realized by the coming sale the secretary is authorized to deduct \$35,000, the total contributed. The contributors will be reimbursed to the amount of their contributions without interest. A man who gave \$1000 will be refunded only that amount. Collector Franklin will pay off all claims.

LITTLE GIRL OF SIX VICTIM OF TERRIBLE CRIME

One of the worst outrages in local police annals took place this morning in Kalihi, when a tiny 6-year-old girl was assaulted and left unconscious. She and her 4-year-old cousin, who ran screaming for help, say the fiend was a soldier.

The police were notified shortly before 12 o'clock and the victim was rushed to the Emergency hospital, where Police Surgeon R. G. Ayer's quick aid revived the spark of life which had all but flickered out.

Deputy Sheriff Asch, in charge of the department at the time, despatched Chief Arthur McDuffie with an auto load of detectives to scour the vicinity where the outrage occurred. They were heavily armed and the deputy's orders were, "Bring him in, dead or alive."

Choked to black-faced senselessness, with the marks of gouging fingers on her throat, the little girl, who is too young even to attend a kindergarten school, was found in the bushes near her home after the warning was spread.

Prostrated by the shock, the girl's mother lies in a semi-comatose state at the home. The aunt and grandmother went to the hospital to cry out in joy when the pretty youngster slowly opened her eyes and spoke.

"Will she live?" moaned the older woman, her eyes filled with tears and her voice trembling.

"I think she will," the doctor comforted her, "but it's a miracle she wasn't killed outright."

Dr. Ayer says it is the worst case that ever came to him. Asch says he has never seen anything so horrible.

The girl is a daughter of a Hilo man who spends part of his time here. The mother stays with her daughter at the home of the grandmother, near the new territorial prison in Kalihi. The father is not here, but has been notified.

BRITISH BOATS STILL USED FOR MAIL TO MANILA

A copy of the official mail-despatch bulletin of the Railway Mail Service, sent out by Acting Superintendent A. W. Waits of the San Francisco division, was received last night on the Nippon Maru from San Francisco by Chief Clerk Frank W. Valle of the Railway Mail Service in this territory and made public by him today.

The bulletin contradicts news stories printed in San Francisco papers, to the effect that the use of British steamers from Vancouver for mail from San Francisco to the Philippines was to be discontinued, and only army transports used.

Three big British boats are listed in the bulletin, dated September 8, as steamers to carry United States mail from Vancouver to the Philippines in October. They are the Canadian-Pacific steamers Empress of

SONNY CARTER'S DEATH EXPLAINED BY BRIEF LETTER

How Dayton (Sonny) Carter of Hilo was slain by his bride in the double tragedy in San Francisco is told in papers arriving from the coast last night. The San Francisco Chronicle's account is as follows:

"Life separated by an ocean from the man she loved or death with him by her side?"

Myrtle Carter, 20 years old, a bride of a month, faced this grim question in the early hours of the morning yesterday, and chose death. She took her husband, Henry Dayton Carter, 22, with her. The story was revealed with the finding of the young couple in the gas-filled single room they had called home in the Harrison Hotel, 456 Harrison street.

"Silent evidence showed that the woman had wrestled with the problem alone, and as dawn stole into the heavens had made her decision. Silently she must have left the bed upon which reposed her sleeping husband, walked to the tiny gas stove and opened the four gas jets.

Both Found Dead.

"Maybe she prayed—there is no one to supply the missing facts—but when the door of their apartment was broken open, she was found lying upon the bed and her husband was face downward upon the floor. He had evidently awakened too late to save himself.

"Those who knew the couple say Carter, a machinist and a native of Hawaii, planned to go to sea yesterday. His bride, say their friends, had said that death was preferable to separation, a blasting of her dream of a home and her hopes for children. For both, her friends say, she expressed a passionate desire.

"A letter found in the effects of the husband and addressed to William Cooke, a machinist, with whom he had worked, told the story of the young wife's battle to induce her husband to abandon his plans.

Room With a Record. "That she had failed was answered by the grim tragedy revealed yesterday morning—the second, according to roomers, enacted within the small room in which the couple lived. Four years ago, say occupants of the hotel, a man shot and killed himself there because of an unhappy love.

"Once before, police records revealed, Mrs. Carter, who was Miss Myrtle White before her marriage, attempted her own life. This, however, was before she became a bride and, according to her friends, when she was forced to work as a cabaret entertainer in San Francisco cafes."

Russia, Empress of Japan and Empress of Asia. Japanese steamers sailing from Seattle are also named on the list to carry mail to the Philippines in October.

The bulletin also says that nine mails will be despatched from San Francisco for Hawaii in October. They will leave the Bay City on the following dates: Matsonia, October 4; Thomas, October 5; China, October 7; Larline, October 10; Sierra, 17; Wilhelmina, 18; Manoa, 24; Niagara (via Vancouver), 25; Persia Maru, 28; Matsonia, Nov. 1; Ventura, Nov. 7.
