WEEKLY ROSTER OF CRIME SHOWS BOOZE EFFECTS

The sale of liquor in Honolulu for the last week not only netted the saloons a goodly revenue and deprived several families of the necessities of life but it also afforded a thriving business for the police. There are 129 arrests booked on the police blotter for the last seven days and of these 31 were for drunkenness, 16 for assault and battery, which is usually an outcome of excessive drink, and 69 for gambling, which is encouraged by strong liquor coursing through the veins of man.

Although these exact figures show what booze has done for Honolulu in the last week they are small and insignificant compared with other facts not so apparent in figures. Many other crimes on the calendar such as threatening and profanity, disturbing the peace, heedless driving, burglary and statutory charges were perhaps in some instances only natural results of drink.

Specific instances where firewater was the cause of some one going wrong are too numerous each week to mention, but some are worthy of special note. For instance, Emanuelson came back to police court last Monday for his regular fine for drunkenness. Emanuelson was a good man at one time before the clutching claws of liquor snatched him away from the upward path, and now he spends more time in jail than out.

Then there was Sam Kanoe, whom the police term a "good fellow," who came to the police court for no other reason than taking on too much liquor. He was accused of threatening another person on Wednesday A. M. Smith was sentenced to two months in prison for second degree larceny. It was said upon good authority that he was drunk at the time.

BIDS TO BUILD AALA FENCE TO BE CALLED FOR

Plans for a fence to surround the little children's playground in Aala park were finished today and a call for bids will be made tomorrow. Supervisor Hollinger announced today. The fence will be constructed of iron posts and wire mesh with a concrete base, and at the gateways electric light standards will be erected to illuminate the grounds.

As soon as the fence is completed, the apparatus, which is now stored in the police station, will be installed. Hollinger also said today that the monkey cages for Kapiolani park are finished and will be placed in position as soon as the concrete bases are made.

Daisy, the elephant, is still drawing large crowds out to Kapiolani park every Sunday, and Hollinger said this morning that next Sunday the new howdah will be ready. It will accommodate eight children.

NEW JAPANESE DAILY PAPER ISSUES OCT. 1
The Hawaii Choho, a new Japanese daily newspaper, recently established by R. Murakami, former editor of the Hawaii Shippo, and T. Kimura, former editor of the Hawaii Hochi, will issue its first edition on the morning of October 1. The newspaper has completed the installation of printing and other machinery in its offices on King street, near Liliha.

MOTHERS WHO HAVE DAUGHTERS

Read How to Care for Their Health.

New Orleans, La.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough, for I know my daughter never would have been so well if she had not taken it. For more than a year she had suffered agonies from irregularity, backache, dizziness, and no appetite, but is now well. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters and you can publish this letter."—Mrs. A. ESTRADA, 129 N. Galvez Street, New Orleans, La.

Philadelphia, Pa.—"My daughter was feeling tired and all run down with no apparent cause. She had taken Lydia E. Pinkham's Vegetable Compound before and knew its value so she again purchased it and she was able to keep to work, her eyes became bright and natural, and her system was built up completely. We generally keep the Vegetable Compound in the house for it is so reliable."—Mrs. E. J. PURDY, 5131 Race Street, Philadelphia, Pa.

Women Have Been Telling Women for forty years how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. Try it if you are troubled with any ailment peculiar to women. Write for advice to Lydia E. Pinkham Med. Co., Lynn, Mass.

ARMY & NAVY ST. LOUIS WILL REACH PORT IN EARLY MORNING

Naval Militiamen to Spend the Day at Brawny Art of Coaling Ship

Hawaii's first naval militia cruise is expected to come to an end tomorrow morning when the cruiser St. Louis is scheduled to drop anchor off port at 6 o'clock.

Word from Pearl Harbor today said this would be the hour of arrival at Honolulu, but it is not known yet when the big gray man-of-war will continue on to the naval station.

Arrival tomorrow will not end the work of the day, however, for the four score "jacksies" are to learn the brawny art of coaling ship, the naval officials having generously left this operation until the end of the trip when hands and backs generally unused to the swing of coal shovels have had a chance to harden.

Tanned and hardy from the two weeks at sea, the 80 militiamen should present a hurdy appearance when they trot down the gangplank tomorrow morning, and it is safe to say that a good many wives, sweethearts and mothers will be down for the first hello of 13 days.

BUSY SUNDAY AT PUNCHBOWL CAMP FOR BATTALION

For eight busy hours yesterday the 1st Battalion, 1st Infantry, National Guard of Hawaii, held the target range at Punchbowl in rifle practise. Approximately 150 men fired over the three ranges—200, 300 and 500 yards. As commander in charge of the battalion in the absence of Maj. Merle Johnson, Capt. Henry O'Sullivan of Company A gave general orders for the group, and a successful day's work is reported.

Lunch was served at noon, an appetizing one, under the direction of Cook Morgan, whose ability in the culinary line is well known to practically every company of the guard. Special target instruction to the Engineers Company, which is attached to the 1st Battalion for target practise, was given by Sergts. Dykes and Dillsborough of Fort Shafter. Lieut. Wilbur C. Woodward was in charge of the Engineers Company, Capt. Forbes being away on the trip to Hilo.

Fort Shafter Notes

(Special Star-Bulletin Correspondence)
FORT SHAFTER, Sept. 24.—The new crushed stone pathway leading from the cantonment to the amusement hall has been finished and is most popular with the men, as there is a saving of shoe leather and also a shortening of the walk by some 29 steps each way.

It has been announced that muster and inspection will be held at the end of the month, September 30, on the parade, with the full pack.

The new entrance to the library and the concrete walk leading to it have been completed, and for the convenience of those who patronize the reading room in the evenings a light will be placed outside the doorway.

It has been decided by the athletic officer, 2nd Lieut. Edward F. Witsell, and official notice has been made public by him that the two leaders in the inter-company baseball league, the Engineers, Company C, and the Infantry Company E, will decide the championship of the post by a series of three games, the winner of two being champion. These games will be played as follows, the first on Thursday, September 28, at 2 p. m.; the second on Sunday morning, October 1, at 9:30 a. m., and the third, if necessary, on October 1, at 2 p. m.

Various members of the Honolulu Gun Club were out firing on the Fort Shafter range Sunday morning until 9:30.

CALIFORNIA'S PROPERTY WORTH \$80,000,000

SAN FRANCISCO, Cal.—The state of California owns property valued at not less than \$80,000,000, exclusive of its bond investments and cash on hand in the state treasury, which would bring this sum up to something like \$120,000,000, according to Edwin F. Smith, recently appointed property man for the state. Smith states that thousands of dollars' worth of public property never before inventoried has been discovered by him in his canvass of the state.

The state's greatest asset is the University of California, which is valued at \$16,000,000. The state Capitol building, with its 33.05 acres of park, improvements and the like, is valued at \$4,093,562. This is exclusive of books in the state library, valued at \$500,000. The state harbor commission has charge of the property in San Francisco, worth \$22,500,000. San Quentin and Folsom prisons are valued at \$3,100,000. The final report will be ready in a couple of months.

"Hawaiian Swede" Is Now Claimed By The "Windy City"

That the "Hawaiian Swede," who is making considerable of a furor in the East as a teacher of the hula hula dance is not a native of Sweden but a Chicagoan by birth, even if not by choice, are assertions made in the Chicago Tribune which says:

New York is "making a fuss" over Miss Signe Patterson, "the sprit from Sweden," who is teaching society folk at Newport and Long Branch and all around to dance the Hawaiian hula hula. Miss Patterson from Sweden, with her native Hawaiian hula hula, is announced as coming under the patronage of Prince Boris of Russia. Miss Patterson, before she came from Sweden, came from Chicago. She lived on the North Side and learned Hawaiian dancing among the wild Hawaiians at Thirty-ninth and State streets. She was never farther west than Oak Park.

PEDRO TOURNAMENT OF KAM. ALUMNI TO START THIS EVENING

The annual Pedro tournament of the Kamehameha Alumni Association will begin at the clubhouse this evening at 8 o'clock, when more than 50 members will compete for the various prizes. The entry list will be open again this evening for those who have not yet entered.

The committee in charge, consisting of Joseph Ordenstein, John K. Fern and Edward Wingham, has completed arrangements for the opening night. The tournament will continue for the next seven weeks. Refreshments will be served during the evening. The winners of the last tournament were John K. Fern and Edward Wingham and both will be in the contest this year.

The games scheduled for next Monday night will be postponed on account of the regular meeting of the association at which time the Bishop Estate trustees will attend.

INTERMEDIATES BEGIN ACTIVITIES AT Y. M. ON SATURDAY EVENING

Next Saturday night, September 30, at 6:30 o'clock the intermediates of the Y. M. C. A. will open their season of activities. A big dinner, with 100 intermediates present, is the opening feature. This will be followed with an exhibition basketball game. During the dinner there will be lots of music and just a little bit of speech-making. James Wakefield, chairman of the intermediate department committee, will preside.

Other members of the committee who are back of the big opening are J. T. Young and Kai Luke for the Washingtons, Sam Kabalawai for the Kamehamehas, Felix Rodrigues and Ornelas for the El Globos, Walter Scott for a new club and Percy Bull and George Daifuku for the Get Readys.

Basketball starts early next month as the first intermediate sport. Another big debate series, monthly get-together dinners and intermediate nights at the different churches are being planned.

HULA COSTUME WINS MASKED BALL PRIZE

Dressed in a hula costume a "haole" girl captured the \$25 ukulele which was given as a prize on Saturday night at the army mask ball. The gentlemen's prize, which consisted of a Gillette safety razor, was won by a hobo or tramp make-up, the contestant appearing on the ballroom floor in old patched tugs upon which chaff and hay still clung.

BUILDING PERMITS

- St. Andrew's Priory, owner, school room; builder and architect, Lum King; \$460.

- Russel A. Cowles was elected president of the United Zinc Smelting Corporation.

When Your Eyes Need Care Try Marine Eye Remedy

TO PREVENT OLD AGE COMING TOO SOON

"Toxic poisons in the blood are thrown out by the kidneys. The kidneys act as filters for such products. If we wish to prevent old age coming too soon and increase our chances for a long life, we should drink plenty of pure water and take a little 'Anuric.'" says the famous Dr. Pierce of Buffalo, N. Y.

When suffering from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, the simple way to overcome these disorders is merely to obtain a little "Anuric" from your nearest druggist and you will quickly notice the grand results. You will find it thirty-seven times more potent than lithia, and that it dissolves uric acid as hot water does sugar.—Adv.

ROBBED STORE AFTER ATTENDING GAMBLING GAME; GETS TWO YEARS

After leaving a "small gambling game" at Aala park at 3 o'clock in the morning, Ah Sing, a Chinese, broke into the store of a fellow countryman and was arrested as he was about to leave with a number of articles to which he had no claim.

As a result of his early morning escapade Ah Sing this morning pleaded guilty in Circuit Judge Ashford's court to a charge of first degree burglary and was sentenced to serve not less than two years at hard labor in Oahu prison.

Ah Sing asked the court to be lenient because, he said, he has been lame for the last 10 years. He said that some years ago he served two months in prison for vagrancy. City Attorney Brown remarked that he had been arrested for being on the premises of another without a lawful excuse.

When Ah Sing was arraigned about a week ago he declared that he was not guilty. He withdrew that plea today.

MAN IS STABBED FOR REFUSING TO TREAT

PHILADELPHIA.—Because of his refusal to buy drinks for others, George Sprazefsky, 53 years old, of 1019 Carlton street, is dying in the Mount Sinai hospital with several stab wounds in the abdomen. He is a tailor. Ten years ago he took a pledge. Last night, however, he entered a saloon at Front and Morris streets to visit a bartender whom he had known in former days. Two young men asked him to drink with them, but he refused. They then asked him to set up the drinks for them, but he replied that he neither believed in drinking himself nor in encouraging others to do so. An altercation then started, during which one of Sprazefsky's opponents used a knife.

Later the two men identified as having attacked Sprazefsky were arrested. They are John Rutter, 29 years old, of 62 Dudley street, and Christopher Robinson, 26 years old, of 1723 South Lee street. Both were held on the charge of aggravated assault and battery.

About 150 workers in the Lorillard cigarette factory at Jersey City went on strike.

Fire destroyed the extreme southern portion of North Beach, L. I., at a loss of \$40,000.
