

RUMANIA, BEATEN ON ONE SIDE, TRIES ANOTHER

MAYOR SUGGESTS ARBITRATION TO SHIPPING HOUSES

Lane Takes Up Matter of Strike Settlement With Employers; Strikers Agree

FIRM STAND FOR NEW WAGE SCALE MAINTAINED

Waterfront Situation Practically Unchanged Since Meeting of Last Saturday

In an endeavor to bring about an understanding between the strikers and shippers, Mayor Lane is this afternoon planning to present to the latter plans for arbitration. The situation is now at loggerheads and the mayor proposes to have both sides choose three men and the six pick a seventh, these to form a committee of arbitration. The strikers have already signified their readiness to leave the matter to arbitration. He talked with J. F. Sheedy of the Inter-island this afternoon.

"That the question of an 'open' or 'closed' shop has been withdrawn from their demands, but that their request for 40 cents an hour and 55 cents for overtime must be granted before they return to work, was the announcement made to Mayor John C. Lane this morning by five delegates of the longshoremen's union. The men called on the mayor this morning to inquire whether he had received any word from the employers as to further plans for a settlement of the strike. Mayor Lane told them he had not. He said he was absolutely neutral in the matter but would be glad at any time to advise and help them so far as he could.

"The men told me," said the mayor, "that before the death of Charles Bon, head of the stevedoring company, they had taken up the matter of increase of pay with him and he had promised them a raise but after he died nothing was done about it. This time they intend to stay out until their demands are granted."

The mayor said that the raise in pay is the only demand being made by the strikers. They have withdrawn the demand for a closed port and, having also lowered their first figures, believe it is now up to the shippers. "Give us the increased pay and we will return to work and ask no questions," is the stand they are taking, according to the mayor.

Waldron Would Give Raise
Fred Waldron when seen this morning said that he believed the 40 cents an hour demanded will be the cheapest in the long run. "Cheap labor is always expensive," he said, "and if I had the power I would give the 40 cents and demand 40 cents' worth of work. When the Great Northern comes, if stevedores cannot be obtained by the usual means, I shall go out and get the men myself and pay my own scale of wages."

Men Issue No Statement
When asked today whether they had, as a result of Saturday's arbitration conference at which they rejected the invitation of the committee to return to work and then present their demands for higher wages, requested the San Francisco union to declare "unfair" cargoes loaded here by non-union labor, officials of the local union refused to give out any statement.

S. F. Not Counted On
"We don't count much on that end (San Francisco)," said a union official, "because we don't need to. We have things well under control here and our relief fund is still large enough to feed all our members for weeks to come." He added that the union has not yet called on him for the \$250 he was able to secure as a donation from the engineers' union.

Edwardson Reported Sick
Jack Edwardson, who has acted as spokesman for the stevedores' union since it was organized, and is a member of its standing committee, was not at the office this morning, as he was reported not to be feeling well. He had not shown up at union headquarters today. Edwardson said Friday that on the results of Saturday's arbitration conference would depend whether San Francisco union men would be asked to declare unfair the cargoes of steamers loaded here by strikebreakers.

No Trouble With Sonoma
No trouble was reported on the waterfront this morning. The Oceanic steamer Sonoma docked at 8:35 at Pier 10, and Superintendent J. W. Robertson of the shipping department of C. Brewer & Company, Oceanic agents, at once put 25 Hawaiians, his own men, to work. "I had no trouble getting all the men I needed," he said, "nor was there any attempt by union men to keep them from going to work." The Sonoma had only 28 tons to unload here and 21 to take on, so 25 men were ample to work the steamer.

NEW YORK STOCK MARKET TODAY

JAPANESE CLAIM THEY DARE NOT RETURN TO WORK

Numbers Who Have Not Affiliated With Union Declare They Oppose Strike

The Japanese stevedores who left Luna T. Mizusaki did not all join the union. Thus far 50 men have joined from his gang. Mizusaki says that some of the stevedores who left him are not in sympathy with the strike and that a majority of his men simply quit their work to avoid danger of attack from the unionists, as they were threatened by the Filipino strikers on their way home from work and urged by their families not to again go to the wharves to work. Most of them, he says, have no intention of joining the union. "I was told that 30 of my men have joined the union already, but I hardly believe so, as none of them came and reported the fact to me. They all worked for me for a number of years and supported their families under my employment," Mizusaki continued.

Several of the Japanese stevedores living in Palama section were seen by the Star-Bulletin this morning. Each of them said: "We were compelled to quit work for our own safety, but we are bitterly against our countrymen who join the union. We all come from the sugar plantations and were once strikers on the plantations and suffered from these same Hawaiians and Filipino strikebreakers who took our places nine years ago. The members of the stevedores' union are mostly Hawaiians and Filipinos who have never shown the slightest sympathy with the Japanese. What is the necessity for the Japanese to join the union and assist those who opposed us nine years ago? The so-called stevedores' union is known to us as an anti-Japanese organization. They will not welcome the Japanese into their membership. They only admitted some of the Japanese into the union for their own policy against the shippers and for the promotion of their claims for higher wages and they are going to use the Japanese as their tools. It is foolish for the Japanese to join the union. If protection is given us by the shipping concerns we will go back to work at any time."

Makino Gives Views
Fred Makino and his undermen are working among the strikers and those who quit their work for safety. He said this morning in regard to the strike situation: "It is rather too small a question for the large shipping concerns to hold out the fact that they will not negotiate with them before the strike. The union men recognize that they made a mistake in that step, but it is too late to correct it now. The shippers must admit the claims of the unionists or the strike may spread to some other body of laborers."

"I am glad Mr. Waldron is in favor of higher wages for the laborers. I am going to back the strikers among the Japanese until they succeed. Then I shall wash my hands of this matter and attend to my own business."
T. Mizusaki had more than 150 men under him before the strike, and lost about 50 men shortly after the strike started. He still holds 100 men and was working on Pier 17 till Saturday evening. Today he has only 17 men with him.

Figures given out by the British Board of Trade for August show imports increased \$33,580,000, while exports increased \$76,405,000.

Late News At A Glance

PRESIDENT HAS HENRY FORD TO LUNCH
(Associated Press Service by Federal Wireless)
LONG BRANCH, N. J., Oct. 2.—Henry Ford, the auto manufacturer, took luncheon today with President Wilson.

This afternoon the president had a conference with Secretary of the Treasury McAdoo on the personnel of the new government shipping board. William Denman, an admiralty attorney of San Francisco, and Bernard Baker of Baltimore were mentioned as possible members.

GEN. STRONG'S AIDE TO FORT MONROE
First Lieut. William E. Shedd, Jr., aide to Brig. Gen. F. S. Strong, Schofield Barracks, is assigned to Fort Monroe, Virginia, for the regular course of instruction at the coast artillery school, according to word this afternoon from Hawaiian Department headquarters. Lieut. Shedd will arrive in Virginia before December 30.

"PUBLICITY LUNCH" PLAN OF HAWAIIAN BOARD
The Hawaiian mission board has determined upon a novel plan to put its work more definitely before the community, in a "publicity lunch" next Thursday from 12:15 to 1:15, to which about 150 are being invited. Some of the lines of activity of the board and some of its aims, will be outlined by speakers. The lunch will take place in the auditorium at the rear of the new Hawaiian board building on King street.

PLAN EXTENSION OF STREET RAILWAY
That their next contemplated improvements are the building of a line up Kalihi valley and the double tracking of King street was the statement made in a letter from the Rapid Transit Company at the public utilities commission this afternoon. "Today's meeting was one of regular business, owing to the fact that Louis von Tempky, manager of Haleakala ranch, was unable to appear as a witness on the Inter-island hearing. The ranch manager met with an accident on September 29, according to a letter from his physician. At 1:30 o'clock tomorrow Dr. J. H. Raymond of Maui will testify in the Inter-island case."

CLAIMS AGAINST RAPID TRANSIT
Written complaint against the Honolulu Rapid Transit Company over an accident which she suffered on August 12 was read from Mrs. J. Johnson of Kalakaua avenue at the public utilities commission this afternoon. Mrs. Johnson's letter stated that a street car had started before she was off, throwing her to the ground and hurting her ankle and foot so that she has since been under the care of a doctor. The letter was dated September 12 and added that her husband had been told by Manager C. G. Ballentyne that she had no settlement coming. The utilities commission today authorized a letter to Mrs. Johnson requesting the names of witnesses to the accident.

WITH PRIMARIES NEARBY 'SLATES' ARE BEING MADE

Combinations of Candidates Particularly Noticeable in Republican Circles

With primary election day four days away a dozen "slates," some of them printed, have made their appearance, mostly in the Republican camps. The slate-makers have framed up various combinations for the house or the senate, the purpose being to insure the nomination in the primaries of some candidate or group of candidates, either by combining strength with others or by the simple process of "jumping" others.

One slate, for instance, is for the Republican house nominations in the fourth district. A candidate told the Star-Bulletin today that this slate contains but two names, and those who receive the slate are advised to vote for but two only, so that the vote of other candidate might get will be correspondingly lessened.

A well-defined rumor went the rounds today that several Hawaiian politicians are advising their followers to "dump the haoles" or white candidates. The Star-Bulletin spoke to a number of candidates and Republican workers, and without exception they said they had heard the rumor. Some put little faith in it. Others believe that there is a strong undercurrent against the "haoles" and that the primary election next Saturday will show it.

Among the slates either put out in printed or written form or discussed are the following:
In the Republican fight for the three nominations for the senate on Oahu there are two slates being extensively boomed. One has S. P. Correa, Jack Lucas and R. W. Shingle on it. The other has Shingle, Correa and Achi. Another slate has Shingle, Lucas and Correa—a reverse of the first-named, for what reason has not yet appeared.
In the house race there are numerous slates. One has Clarence Cooke, T. H. Petrie, Lorin Andrews, Andrew Bright, J. K. Kamanouli and Charles N. Marquez on it. Several others contain the names of Cooke, Petrie and Andrews.

Republican leaders have heard a report, which seems to be well substantiated, that Gerrit P. Wilder is to be "dumped." Who is at the bottom of the movement appears to be unknown, though it is credited to various politicians, both Hawaiian and "haoles." As a result of the stop

GEORGE OSBORNE CALLED TO GREAT BEYOND TODAY

George Osborne, a kamaina, died at the Queen's hospital at 5 o'clock this morning at the age of 72. The body will be cremated at Williams' undertaking parlors and the ashes will be interred in the Oahu cemetery. Osborne was born in England and came to Hawaii in 1880, working as chief engineer on Big Island plantations until about 1890 when he retired to enjoy extensive traveling. He is survived by a son, Charles P. Osborne of the H. H. Williams' Undertaking Company.

COOMBS SHATTERS HOPES OF QUAKER TEAM BY SHUTOUT

Veteran Pitcher Holds Giants Scoreless While Philadelphia Breaks Even With Boston

	R	H	E.
Brooklyn	0	6	1
New York	0	6	2

BROOKLYN, N. Y., Oct. 2.—Jack Coombs, hero of many world series battles, pitched the Brooklyn team to victory this afternoon in the first game of the four-game series with the New York Giants. The former Athletic star held the onrushing Giants to six hits, and not a Giant player crossed the home plate during the entire nine-innings.

ANOTHER VETERAN STARS

FIRST GAME
Philadelphia 2 6 1
Boston 0 3 0
Batteries—Alexander and Killifer; Ragon, Allen and Gowdy, Blackburn.

SECOND GAME
Boston 4 8 2
Philadelphia 1 6 2
Batteries—Ruebach and Gowdy; Demaree, Bender and Killifer.

PHILADELPHIA, Pa., Oct. 2.—Ed Ruebach, former Cub pitcher, and a veteran, gave the Phillies an upset today when he held them to six hits, and one run. He was never in danger and pitched masterful ball in every inning.

Ruebach was opposed by Al Demaree, the cartoonist burler, and Boston took a liking to his designs and hammered him out of the box. He was replaced by "Chief" Bender, another veteran, but the Indian could not stop the Braves in their dash to victory, and as a result the series between the two teams is an even one.

Coming back after one day's rest, in his willingness to pitch every other day to win the National League pennant for Philadelphia, Grover Alexander today shut out the fighting Boston Braves and all but eliminated them from the race.

Alexander pitched one of the finest games of his career and one particularly remarkable because of the "come back" powers he showed after defeat on Saturday. His big, sharp curve and speed-ball were working well and he gave Stallings' men but three hits.

It was Alexander's sixteenth shut-out of the year, breaking his own major league record for shut-out victories. Pat Ragon and Allen, the Boston pitchers, twirled in grand style also, allowing but six hits between them.

The second game of this crucial double-header opened with Al Demaree pitching for the Phillies and Ed Ruebach for the Bostonians. Up to the end of the third inning the score was one-all and both pitchers were going finely, with prospects of a terrific battle.

American League	W	L	Pct

SCANDINAVIAN COMMERCE IS WRECKED BY TEUTON RAIDERS; GREECE NEAR ENTRY INTO WAR

REPORT IN ATHENS ALLIES HAVE REACHED PLAN FOR MILITARY COOPERATION WITH KING CONSTANTINE'S ARMIES—RUSSIANS STRIKE DEEPER INTO AUSTRIAN FRONT—BULGARIANS SUSTAIN DEFEAT

BERLIN, Germany, Oct. 2.—The Rumanians today gained ground on both sides of the Kukel river north of Fogaras. The Teutons gained successes in Strehl valley and also in Transylvania.

BERLIN, Germany, Oct. 2.—Along a battle-front 12 miles in extent, north of the Somme, the French and British armies charged the Germans today time after time. The Allies were repulsed with heavy losses.

LONDON, England, Oct. 2.—In the Thiepval region the British today advanced north of Courcellette but were forced by German counter-attacks to give way in part of the trench they captured.

LONDON, England, Oct. 2.—A Central News Agency despatch from Athens says that the resignation of the Greek cabinet is reported to have taken place.

LONDON, England, Oct. 2.—Announcement was made this afternoon that only one person was killed by the big Zeppelin raid last night and that the material damage done was small.

CHRISTIANIA, Norway, Oct. 2.—Shattering blows to Scandinavian commerce have been dealt by German submarines within the past few weeks, and recently the raids of the Teuton divers have sunk more of the Norwegian merchant vessels. News has reached Christiania that a German submarine operating in the Arctic Ocean has torpedoed the Norwegian steamers Sinsen, Ravn, Rolp and Jarl.

Steamship traffic covering the northern Norwegian towns has been stopped, so numerous have been the depredations of the German torpedo-boats.

Since August the Germans have sunk Norwegian vessels valued at \$9,000,000. It is the purpose of the Germans probably to interfere with the transportation of war materials to Russia.

Greece Believed Ready to Announce Entry Into War Arena With Allies

ATHENS, Greece, Oct. 2.—Negotiations between Greece and the Allies are proceeding rapidly toward the entry of Greece into the situation as an active member of the Entente group. It is believed in circles close to King Constantine that an agreement is nearing completion. It is even asserted in some quarters that a military accord, providing for military cooperation, has already been secretly reached.

The refusal of the diplomatic representatives of the Allies to recognize the Kalergeropoulos ministry, following the fall of the Zaimis ministry, has been hampering negotiations.

One Zeppelin Out of Ten on Raid Destroyed in Sight of Thousands

LONDON, Eng., Oct. 2.—Ten Zeppelins participated last night in a big raid on England, particularly the east coast counties. Two of them flew over London and attempted to drop bombs on the city but immediately the searchlights picked them out against the dark sky and a fusillade was turned loose from the anti-air craft guns, while several British aeroplanes took the air against them. One of the "Zeps" was driven away and the other destroyed.

The machine which was destroyed burst into flames in the air, in full view of thousands of people in the outskirts of London. It fell near Potter's Bar. The crew was burned to mutilated fragments as the big airship fell.

Farmers watching the bombardment saw the huge envelop of the machine burst into flames. The Zeppelin remained stationary a minute and then dropped, its burning mass landing 80 yards from a farmer's cottage.

Serbs Beat Bulgarians in Hot Fighting

PARIS, France, Oct. 2.—Following up their advantage gained in hard fighting over the Bulgarians on Kaimakalan (Kaymak Calan) height, in western Macedonia, the Serbian forces have during the last two days advanced one and a quarter miles north of the height and have occupied the village of Kotchovie.

The Bulgarians made a counter-attack on the newly won British positions on the left bank of the Struma river, but the Serbians threw them back, leaving many dead in the fields.

Report Count Zeppelin Wished to Go

LONDON, Eng., Oct. 2.—A despatch from Amsterdam says that Count Zeppelin, inventor of the airship which bears his name, had planned to accompany the German air-fleet on last night's raid, but at the persuasion of his family abandoned the idea at the last moment, after having made all preparations to go.

Vienna Admits Defeat Before Lemberg

VIENNA, Austria, Oct. 2.—The war office today admits that the Russians have made gains in their drive toward Lemberg. They have taken important ground between the Ziota Lipa and Potory.

PETROGRAD, Russia, Oct. 2.—By fierce counter-attacks the Austrians are now vainly endeavoring to regain ground lost in the new Russian drive on Lemberg. The attacks were repulsed and today the Russians made 1600 prisoners.
