

DYSPEPSIA OF WOMEN

Special Treatment Required.

Many women suffer from a form of indigestion or dyspepsia which does not yield to ordinary treatment. While the symptoms are similar to those of ordinary indigestion, yet the medicines usually prescribed do not restore the patient's normal condition.

There seems to be a kind of dyspepsia caused by derangement of the female organism. While this appears to be the same as ordinary indigestion it can be relieved only by a medicine which, besides acting as a stomach tonic, is good for female ailments. Read what such a medicine did for Mrs. Williams:

She says: "Before I began taking Lydia E. Pinkham's Vegetable Compound I was troubled with dyspepsia and bearing down pains in my back and sides, and after my meals my stomach would bloat up till I could scarcely get my breath. At times I was so weak I could hardly stand on my feet and I looked hollow-eyed and my skin was yellow. Now I have a good color, have gained in every way and can do my work without any pains. I think it is the best medicine on earth for stomach troubles of women."—Mrs. NELLIE WILLIAMS, 31 West 3d Street, New Albany, Ind.

SOLDIER BOYS FURNISH MUCH WORK FOR COURT

Chief Thinks Some Offenses Are Committed to Secure Army "Kickout"

Thursday was distinctly "Soldiers' Day" in police circles and today something can be heard about the khaki boys from the emergency hospital, the receiving station and the police court. Drunkenness, heedless driving, assault, breaking jail and selling liquor without a license were some of the charges preferred.

F. Zinner and A. Johnson of Schofield pleaded guilty to a charge of peddling booze without authority and received fines of \$100 each. They were arrested in the lumber yards between Pier 16 and Iwilei road when they attempted to sell liquor to Inspector W. P. Fennell and his assistant. Their price was 25 cents for small bottles of beer and 15 cents a drink for gin and whiskey.

Fred D. Sack of Schofield and J. J. Eagan of Shafter were charged with heedless driving and will be tried later. Sack was accused of running into Policeman S. E. Kailimoku on King street near River street last night. He admitted striking the officer but would not plead guilty of heedless driving. Eagan is said to have run into a cow on North King street.

Another soldier, James Newman of Fort Ruger, was on the police court calendar on a charge of assaulting a man in Iwilei. This charge was stricken when Newman pleaded guilty to another of drunkenness and paid a \$3 fine.

Charged with breaking jail at Fort De Russy Monday night, J. Rich was arrested in Sakai's rooming house on School street Thursday night by Detectives Stein and Silva and Sergt. Kellett and turned over to the military authorities today.

From the emergency hospital comes the information that Oscar Harris, a soldier, was brought unconscious to the station shortly after midnight this morning and S. W. Colvin of Schofield came in about 2 o'clock this morning with his face badly damaged from a fight he is said to have had with a stevedore. Both were given first aid and sent to the department hospital at Fort Shafter.

The police believe that several soldiers, especially those who have been caught selling liquor, are anxious to be arrested in order to obtain a "kick-out" from the army following their imprisonment. Chief McDuffis of the detectives intends to consult with military authorities in an effort to discourage the practice. Six have been convicted this week for selling liquor.

SKILLED HOUSEKEEPERS TO FURNISH ARTICLES FOR SATURDAY'S DELICATESSEN

CHOLERA IS BAD YET IN JAPAN; WORST IN KOBE

Showing the wisdom of continuing in effect strict quarantine measures at this port until further notice, the bill of health of the T. K. K. liner Persia Maru, which arrived late yesterday from the Orient, having left Yokohama October 2, gives evidence that Asiatic cholera is still quite virulent, particularly in Kobe, where the epidemic now seems to have the strongest hold. The steamer left for San Francisco at 7:30 this morning. Copies of the Persia's bill of health on file today in the office of Dr. F. E. Trotter, chief quarantine officer of the U. S. public health service for the territory, report 187 cases and 74 deaths at Kobe for the two-weeks period ending September 27, with a total of 329 cases and 143 deaths reported there since August 11. Nagasaki had 10 cases and 22 deaths for the two weeks, while Yokohama shows 17 cases and 16 deaths, with 33 cases and 22 deaths in the surrounding district. Hongkong reports no cases of the disease.

YES—IT IS POSSIBLE TO STOP RHEUMATISM

Rheumatism is a tormenting and stubborn malady. In some cases it yields to treatment which is without avail in other cases. The darting pains, lame muscles or stiffened joints only disappear by gradually expelling the uric acid, and so many thousands have been relieved by the blood-enriching oil-food in Scott's Emulsion that you should give it a faithful trial. Scott's Emulsion acts as a powerful blood-purifier by increasing the red corpuscles and it strengthens the organs to carry off the acids which cause the trouble. Try Scott's Emulsion. It cannot harm. It has helped thousands and may be exactly what you need. No Alcohol. Scott & Bowne, Bloomfield, N. J.
