MUSICAL COMEDY BILL CHANGES AT BIJOU TONIGHT. New songs, new dances, new side-play will be presented at the Bijou theater tonight when the Bronze Revue introduces its most pretentious offering to date, entitled "George Washington Bullion Abroad," a pot-pourri if minstrelsy in three large acts.

Another place where this company has established itself firmly is in its children's matinees of Saturday. Neither are these Saturday afternoon performances patronized solely by the rising generation, there is a large attendance of the grown folks on hand and the enjoyment of the children is no greater than that of their parents and grand parents.

"HUNTED WOMAN" GOOD MELODRAMA. James Oliver Curwood in "The Hunted Woman" gives to the screen a melodramatic story of compelling interest and in the production of the film, S. Drew Rankin, producer-actor with the Vitagraph forces, has added another laurel to his well-crowded wreath.

The story is most absorbing, having to do with the marriage of a young girl, at the instigation of her father, to a worthless character. She shortly separates from her husband in their rural English home and seeks refuge in London. Her husband tracks her there and she flees to Canada. Here she is again followed, but eludes the man. Learning of his death in a Western section of the country, she goes to get proof. Here she is again attacked by a worthless "boss of the camp, being rescued by a young author. The two are wed when she sees her husband's grave.

DOUGHNUTS SHOULD NOT BE EATEN. Doughnuts are hard to digest and may cause appendicitis. Honolulu people should know that simple buckthorn bark, glycerine, etc., as mixed in Adler-ika, often relieves or prevents appendicitis. This simple remedy acts on BOTH upper and lower bowel, removing such surprising foul matter that ONE TEASPOONFUL relieves almost ANY CASE of constipation, sour stomach or gas. A short treatment helps chronic stomach trouble. THE INSTANT, easy action of Adler-ika is astonishing. The Hollister Drug Company.—Adv.

STOMACH TROUBLES DUE TO ACIDITY SO SAYS EMINENT SPECIALIST. So-called stomach troubles, such as indigestion, wind, stomach-ache and inability to retain food are in probably nine cases out of ten simply evidence that fermentations are taking place in the food contents of the stomach, causing the formation of gas and acids. Wind distends the stomach, and causes that full, oppressive feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the fermenting food. Such fermentation is unnatural, and acid formation is not only unnatural, but may involve most serious consequences if not corrected. To stop or prevent fermentation of the food contents of the stomach and to neutralize the acid, and render it bland and harmless, a teaspoonful of bisurated magnesia, probably the best and most effective corrector of acid stomach known, should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, and neutralizes the acidity in a few moments. Fermentation, wind and acidity are dangerous and unnecessary. Stop or prevent them by the use of a proper antacid, such as bisurated magnesia, which can be obtained from any druggist and thus enable the stomach to do its work properly without being hindered by poisonous gas and dangerous acids.—M. E. C. Roth, of Buffalo, N. Y., was re-elected president of the National Association of Insurance Agents. The department of commerce reported that 188 foreign built vessels had been admitted to American registry up to Sept. 9, under the act of Aug. 18, 1914.

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL. If Cross, Feverish, Constipated, Give "California Syrup of Figs". Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

FARRAR'S LATEST FILM AT LIBERTY. "Maria Rosa." Geraldine Farrar's latest screen triumph, shows this versatile operatic-photo-dramatic star in one of her best screen roles, and at last night's performance at the Liberty theater called forth burst after burst of applause from the regulation Sunday evening audience which fairly overflowed the house.

The experience of Farrar as an international operatic artist, especially her grand opera work, has fitted her for screen roles that are emotional and heavily dramatic. "Maria Rosa" is such a part. The scenes, which are typically Spanish, prove a valuable addition to the feature film. The quaint little village market place, the elaborate plans for the country wedding and even the prison scenes are picturesquely typical of the country.

Chapter 13 of "The Iron Claw" pre-ages an approach of the final episode and the action is strenuous for all of the leading characters.
