HAWAIIAN PARTS ARE WELL TAKEN

Meui Kanabala, a young Hawaiian, in his last year at St. Louis College, takes the part of Umi, the peasant prince, in the drama of "Umi-a-Liloa," which is to be given at the Opera House Thursday night. His youth is appropriate to the part, as Umi is supposed to be about 20 years old in the opening scene of the play. Miss Rachel Kanabala plays the part of Kahuana, the sweetheart of Umi. Though an important part, there is not a spoken word in it from start to finish. Effects are gained by the use of gesture and facial expression.

The part of the king, Liloa, father of Umi, is interpreted by M. K. Makekau. Kaleloku, the high priest, is played by F. W. Beckley, who is responsible for the lines of the drama, which he has written with painstaking care for accuracy and atmosphere. Mrs. Emma Nakuna, the authority on Hawaiian history, has also lent her aid to the writing of the play.

A. E. Bright plays the jealous brother, who afterward becomes the tyrannical king, against whom Umi and the priests carry out a revolution. Mankalese, a demi-god of the forest, who has an important part in the plot, is in the hands of Joseph Kamakau. All who take principal parts in the production are members of the Royal Dramatic Club. The warriors, kahili bearers, hula dancers and court retinue of nobles and retainers bring the cast up to 60 in number. This is the first production in public in which the club has appeared under its own name and responsibility. Rehearsals have been many and arduous, for the club is ambitious and wishes to make a name for itself in the field of truly Hawaiian drama. The play, purely Hawaiian in spirit, is given in English throughout. The sale of tickets is going briskly forward at the Territorial Messenger Service, and those who wish choice seats should secure them at once.

COHEN ENGAGES MORE VAUDEVILLE

President Joel C. Cohen of the Consolidated Amusement Company must be given credit for being possessed of plenty of nerve and always willing to "take a chance." All of which means that the Bijou theater, commencing next Saturday evening, will offer another program of vaudeville which, according to information accompanying the artists from "down under," promises to be a strong bill.

Owing to a single poor act on the last bill or vaudeville presented at the Bijou—which act was dispensed with after the opening performance—Honolulu theater-goers were scarce in turning out. Cohen, however, is an optimist and feels assured that such a condition will not occur again. As a matter of fact he is showing particular care in selecting his acts for the coming program. This he made easy by the fact that the Sierra, San Francisco board, carried a large number of acts, sufficient, in fact, to make up several bills.

The program, as now outlined for Saturday evening, contains just about everything that could be asked in the way of vaudeville. There is a "black face" act, a dainty singing and dancing soubrette, the famous "subway tunnel" act, a pair of "whirlwind dancers" who are equally clever in classy ball-room work, a "songbird" who has scored a decided success at home and abroad, and a comedy-juggling act that spells class. The seat sale opened today at the Bijou box office.

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

When Cross, Feverish and Sick Give "California Syrup of Figs"

Children love the "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty his bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

The Girard National Bank of Philadelphia has withdrawn from the sub-treasury \$3,200,000 in gold for shipment to Argentina for the account of New York bankers.

GLASS OF WATER BEFORE YOU EAT ANY BREAKFAST

Wash Poison From System Each Morning and Feel Fresh as a Daisy

Every day you clean the house you live in to get rid of the dust and dirt which collected through the previous day. Your body, the house your soul lives in, also becomes filled up each twenty-four hours with all manner of filth and poison. If only every man and woman could realize the wonders of drinking phosphated hot water, what a gratifying change would take place.

Instead of the thousands of sickly, anemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

Everyone, whether sick or well, should drink each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practise internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.—Adv.

CONCERT BAND GIVES SERVICES

A. P. Taylor, secretary-director of the Hawaii Promotion Committee, has been asked to secure hotel accommodations for 30 persons who comprise the Royal Concert Band of Wichita, Kansas, which is coming to Honolulu for the Carnival in February.

Even though no assurance of engagements or recompense in any form for their expenses could be given by the Promotion Committee or the Carnival directors, the musicians decided to visit Honolulu and see the rest of the islands, if for no other reason than adding to the "social side" of their winter tour, as is explained by the leader of the band in a letter to the Promotion Committee director.

The band leader, H. H. McKeown, volunteers the use of his band for any purpose desired during the Carnival,

and particularly mentions that he would like to assist with the Royal Concert Band in a "Carnival massed band concert," which he has heard was planned as one of the entertainments of the Mid-Pacific festival.

The Wichita bandmen had previously been informed that the services of a band from a distance would not be required on account of the number of excellent military and Hawaiian bands already in Honolulu.

However, this information had no effect in changing the intention of the Kansas band to come to Honolulu as is shown in the following extract from a letter which Band Leader McKeown has since written to Taylor:

"We have fully decided to visit the Hawaiian islands during our winter tour, this season. Nothing would add more to the social side of our tour than 'seeing Honolulu,' and we shall exert every effort to carry out our

plans. We hope to sail from San Francisco February 12, and will keep you informed as to our coming. We appreciate very highly your courtesy offered in event of our arrival in Hawaiian waters."

Dinner favors of \$100 bills were distributed at a banquet given by George F. Johnson to 30 foremen in the Endicott-Johnson factories at Binghamton, N. Y.

Pastry Perfection

can be obtained by even oven temperature. If the cook has a coal or wood fire, she must "watchfully wait" to be certain the oven does not get too hot or too cold.

But with a

Gas Range

the temperature is obtained quickly and the cook's worries are at an end. She knows that Gas won't vary and that the results will be perfect.

Besides the Gas Range is economical, clean and cool for all her other cooking. It eliminates fuel waste.
