

MILITARY PARADE TO MARK HOLIDAY

Regular Troops, Militia, Cadets and Volunteer Sailors Will March Through Streets

Essentially a holiday of martial character, the Mid-Pacific Carnival celebration of George Washington's Birthday—the one hundred and eighty-fifth anniversary of the birth of the first president—will start tomorrow morning with a great military review of nearly all the United States army, navy and marine forces stationed on Oahu.

Augmented by the Hawaii National Guard and the potential fighting men of the future, the cadets of the semi-military schools of Hawaii, there will be from 5000 to 6000 men in the great parade when it starts tomorrow morning from the head of march on King street, near River, at 8:30 o'clock.

Reviewing Party on Stand
Governor L. E. Pinkham is to review the parade from the reviewing stand which will be located in the Capitol grounds, facing King street. Brig-Gen. Frederick Stone will command the parade. The staff in order from right to left will be as follows:

Lieut.-Col. Francis E. Lacy, Jr., general staff, chief of staff; Capt. Henry C. Merriam, general staff, assistant to chief of staff; Col. James H. McRae, adjutant-general, department adjutant; 1st Lieut. Wallace C. Philson, infantry, aide-de-camp; 1st Lieut. Louis A. Beard, field artillery, aide-de-camp; Col. William P. Kendall, medical corps, sanitary inspector; Lieut.-Col. James B. Houston, quartermaster corps, department quartermaster; Lieut.-Col. Robert E. Raymond, Corps of Engineers, department engineer; Maj. Herbert O. Williams, inspector-general, department inspector; Maj. Joseph B. Douglas, coast artillery, department signal officer; Maj. Edward Carpenter, coast artillery corps, department intelligence officer, and Maj. Charles G. Mettler, ordnance department, department ordnance officer.

Order of Formation
The organizations in order of march, with place of assemblage of each, will be as follows:
Engineer Battalion (Companies C and D, 3rd Regiment of Engineers, and 1st Separate Company, Hawaiian Engineers), on River street, north of King street—head of column at King street.

First Hawaiian Brigade, King street, west of River street—head of column near River street.
Provisional Brigade, Col. D. L. Howell commanding—(2nd Infantry, Provisional Regiment, Coast Artillery, 1st Hawaiian Infantry), on Queen street and River street—head of column on River street, near King.

First Field Artillery, School and Militia streets—head of column near King street.
Fourth Cavalry, Prison road—head of column near King street.
Cadet Battalion, the Kamehameha schools—on Railroad plaza, King street.
Cadet Battalion, Honolulu Military Academy—on Ala Park, near west side.

The Naval Militia will follow the cavalry regiment in the line of march. The 1st Infantry Regiment will not be in the parade as it is now on duty. The other troops from Schofield Barracks will be brought to Honolulu today for encampment tonight.

Line of March Announced
According to the official order for the military parade the line of march will be from Ala Park along King street to Kapiolani street, where the parade will be dismissed.
The march will be conducted in column of platoons, infantry platoons of three squads each; cavalry of three sets of four and field artillery in flank column.

The brigadier-general commanding will leave the column at Likieke street, but no salutes except to the governor will be rendered.
MILITIA TO MARCH
The Naval Militia is requested to assemble tomorrow morning at 8:15 o'clock by the bungalow in the Capitol grounds in order to participate in the Washington's birthday parade. Uniforms are to be white dress with leggings.

QUICK ACTION MAY HAVE SAVED SEVERAL LIVES

Quick action of Deputy Sheriff Asch prevented a possible tragedy Monday afternoon when one of the higher boats in the Carnival parade broke down some live wires which hung too low for the structure to clear. It was on King street at the foot of Richards street.

Sparks were soon sputtering on the pavement and the crowd was pushing in every direction when the deputy rushed to the scene, detailed his men to hold back the spectators out of danger and called men to his assistance.

Luckily some linemen who were working in the vicinity of Richards street near King and who had climbed poles to see the parade were "spotted" by Asch and he soon had them down and at work mending the break.

ORDER PRESCRIBES UNIFORM

According to a memorandum issued by the adjutant general's office, National Guard, the uniforms prescribed for department staff officers present in the reviewing stand on the occasion of the military parade, February 22, is white with side arms.

The uniform for all officers of the National Guard for the directors' ball to be given at the army the night of February 23, will be the white mess jacket, and aigillettes for those authorized to wear them.

'NIGHT IN HAWAII' IS CHARMING REVELATION; HUNDREDS ATTEND

Hawaiian Music, Dances and Tropical Scenes Delight Crowd at Theater

With every seat occupied after extra rows of chairs had been placed in the theater and with many standing, "A Night in Hawaii" was attended last night by an audience which was as highly appreciative as it was large. The great majority of those in the audience were tourists and to judge by the applause they were charmed by the tuneful and seductive Hawaiian songs and music, which made up the principal portion of the program.

Even for the kamaaina, a delightful background for the musical numbers was provided by Director Charles King, who had appropriate sketch settings for the different musical divisions which relieved the performance of the stiffness and formality of a concert. Into the sketches there had been worked a bit of humor and dialogue, but it was the music which furnished the real entertainment of each of these. Between the musical sketches moving pictures of island scenes and island events which had been photographed by Edwin K. Fernandez were given.

Boys and Girls Please
The program opened with the singing of Kaahumanu, the song composed by Mrs. Helen Beamer of Hilo in honor of the society by that name. Kaahumanu was sung by a chorus of boys and girls from the Kamehameha schools under the direction of Miss Ruth Muzzy, the musical director of the boys' school. The number was enjoyed.

Then came "Favorites of Olden Days," a collection of Hawaiian songs arranged by Charles King, which was rendered by about 30 boys in the roles of street serenaders. This proved extremely catchy and the singers were called back for encores several times.

Hula Dances Are Given
"Kelikini's Party," at which a guest from the States was entertained at a Hawaiian party, served as the vehicle for the introduction of music and dances of ancient days, during which Kanuku's six hula girls gave an exhibition of the original hula olapa, Hawaiian dances with gourd drums, sticks and castanets as the accompanying instruments. Interest was added to the exhibition of hulas by which they were accompanied, given by Director King in the pose of a Hawaiian host entertaining and instructing a mainland. While the hulas were absolutely foreign to the modernized kind so often given they lost nothing in the interest of the audience of tourists.

Another appreciated number of the musical program was that given by 20 young women under the direction of George Mossman.
Tropical Play Shown
"In the Woods of Hawaii" was the last number on the program which showed 50 Hawaiians of all ages and both sexes at play in a tropical forest, where while wreaths were being made other members of the party entertained the workers with music and songs. Arthur Komonuma, a warbler, was received with much appreciation in this sketch, as were also the efforts of Joseph Kamakau, Mrs. S. Pupuh, Miss E. Haupepu and W. I. Kaukanui, who rendered with solos and duets.

As a finale to the last sketch the queens of the eight principal islands were wreathed with garlands of greens and colors distinctive of each island. The island queens were as follows: Miss Emmaline L. King, Hawaii; Miss Elizabeth Kaupuu, Maui; Miss Elizabeth S. Lee, Molokai; Miss Lucy Kaula, Oahu; Miss Grace K. Kala, Kauai; Miss Agnes Hoapili, Kahoolawe; Miss Hannah Liffie, Lanai; and Miss Minnie Kuu, Nihoa.

EXPECT 2000 AT SERVICE BALL

Although invitational it is certain that there will be nearly 2000 dancers at the Army and Navy Service Ball which will be given this evening in the National Guard Armory by the enlisted men of the United States Army and the United States navy and Marine corps to their civilian friends of Honolulu and the territory and their guests from the mainland.

For the service ball this year the Carnival directors have been unflinching in their appropriation for the necessary expense attached to giving the ball, which is a part of the Mid-Pacific Carnival entertainment. Provision has been made for the best of dancing music, which will be furnished by two military bands, and great supplies of refreshments and material for light evening luncheons have been secured. In all the service ball promises to be one of the pleasant affairs of the Carnival program.

The committee in charge of the service ball is as follows:
Recruitment Supply Sgt. Ernest W. Ely, 2nd Infantry, chairman; Sgt. T. D. Marshall, Q. M. C.; Sgt. 1st Class Andrew S. Donnan, Medical Dept.; Cpl. John J. Maret, Signal Corps; 1st Sgt. Teddy W. White, Troop H, 4th Cavalry; Color Sgt. Fred Smith, Hdqtrs. Company, 8th Field Artillery; Sgt. Porter A. Camp, C. A. C.; 1st Sgt. Rudolph Green, Company L, 32nd Infantry; Q. C. Tucker, chief machinist's mate, U. S. N.; Denis O'Brien, C. M. A. A.; Sgt. Roy Stretch, U. S. M. C., and Band Leader Carl Baker.

HARRIS CLERK FEDERAL COURT

A. E. Harris, chief deputy United States marshal since October 15, 1914, was this morning appointed clerk of the federal court by Judge H. W. Vaughan. He immediately furnished the necessary \$10,000 bond and took the oath of office. Harris takes the place of the former incumbent, George R. Clark, resigned.

In Harris' place United States Marshal J. J. Smiddy has appointed O. F. Heineke, formerly office deputy, as chief deputy. No one has been named for Heineke's place yet. Smiddy says he has received no applicants and has no one in mind. He probably will delay action for a few days, looking about for a good man in Heineke's place.

When Clark resigned his deputy clerk, William L. Rosa, automatically dropped out of office also. One of Harris' first acts as clerk was to reappoint Rosa to his former position.

Under the law the federal court is not legally constituted without a clerk and the case of Clinton J. Hutchins versus the Great Northern Pacific Steamship Co. had to stop until the clerk qualified.

WOULD PLACE HAWAIIAN VILLAGE ON BIG TRACT

It is proposed to introduce in the house shortly a bill authorizing the governor and the commissioner of public lands to set aside a certain tract at Waialea, Hawaii, for a Hawaiian village, according to talk among legislators today.

The tract, according to the bill, will consist of not more than 2000 acres,

HIBISCUS SHOW GLORIOUS MASS OF GAY COLORING

Expectations of Management as to Number and Varieties of Blooms Exceeded

Gorgeous masses of color which vary from the daintiest pink and white to flaming red set off against a green background of tropical vines and palms greeted the eyes of the visitors to the 1917 Carnival Hibiscus Show which opened at noon in the wings of the Pan-Pacific pavilion. At the noon hour sightseers began streaming through the building, many of whom had attempted to gain admission in the morning, so impatient were they of any delay in viewing the "beauty show" of the Carnival.

In the collection of hibiscus there are some of the choicest blooms of the island growers of the many colored and multi-varied plant known as the national flower of Hawaii. From 40 to 50 growers, many of whom are exhibition, all of which show the careful attention which has been given to having them in fullest glory for the Carnival flower show.

Director Arthur Wall's expectation that there would be at least 2000 varieties of the hibiscus shown has been fully realized, he said. Just before noon, as he and 15 or 20 women helpers concluded the arrangement of the flowers upon tiers of tables running about the pavilion wings. The work of placing the flowers in position took almost the entire morning of Director Wall's staff of assistants.

The collection of hibiscus has been divided into two divisions, with the pink, white and lighter colors in the makai wing, and the reds, yellows and other darker colors in the mauka wing.

Entrance to the flower show is gained through the door of the mauka wing and the door of the makai wing is used as the exit.

The ferns for the Hibiscus Show were loaned by Mrs. L. A. Hopper and the palms by Mrs. E. D. Tenney and Mrs. J. M. Dowsett.

During the noon hour a band concert was given at the Pan-Pacific pavilion for the entertainment of the visitors to the flower show.

RITCHIE IS TOLD HE MUST HURRY MANOA PROJECT

That unless F. R. Ritchie, contractor on the Manoa improvement project, obtains additional help and material, retaining in a much more rapid rate of construction, the board of supervisors will be asked to cancel the contract, is the gist of a letter written by George Collins, city and county engineer, to the contractor. This letter was read last evening at the meeting of the board and ordered filed.

The letter follows:
Honolulu, T. H., Feb. 20, 1917.
F. R. Ritchie, Esq., Honolulu, T. H.
Dear Sir:
Re Progress, Manoa Contract.

Your present rate of progress in construction work in Manoa Improvement District No. 1 is not satisfactory. Your present equipment and organization is inadequate to prosecute construction work during favorable weather as rapidly as must be done in order to complete the contract within the time specified.

It is essential that you materially increase the rate of progress in constructing combined concrete curb and gutters and in constructing concrete pavement. It is further essential that you make a substantial beginning in constructing asphalt macadam pavement.

Toward these ends your present equipment must be increased by securing and operating at once:
(1) An additional concrete mixer suitable for street paving work;
(2) Two complete equipments for asphalt macadam road work so that two asphalt gangs may be worked simultaneously and at high speed.

I therefore order you under, my powers contained in the contract and specifications, to procure, commence and continue to operate such additional equipment enumerated above immediately. I further order you forthwith to organize your labor so as to run this additional equipment efficiently. I further order you to procure such additional material as may be necessary to keep not only your present equipment and labor, but also the additional equipment and labor above indicated, in efficient operation.

(Continued on Page 4.)
Smoking will be tabu in the house while the legislators are in session, Speaker Holstein has announced.

TRICK TO BEAT BONDS IS LAID TO DEMOCRATS

City officials declared to be Democrats, today to defeat the proposed municipal bond issue for water works and sewers.

The trick was the passing around of typewritten sheets of paper purporting to show that the present board of supervisors plans to spend \$268,000 of the \$480,000 bond moneys to take itself out of debt. Detailed figures are cited to show that while the board is trying to pass the bond issue on the promise that the money will be spent for permanent improvements, in reality more than half the proceeds are to be applied on the indebtedness, which is stated to be \$268,000.

City officials who could be reached this afternoon for a statement on this accusation are unanimous in declaring it a desperate attempt to defeat the bond issue for partisan purposes. They also urge every businessman to assist in checking what is declared to be the unfair scheme of Democrats to beat the bonds.

IMPORTANT NEEDS ARE OUTLINED IN GOVERNOR'S MESSAGE

(Continued from Page 1)
eration of needs of increased salaries in all departments is asked.
Would Reforest Round Top
It is urged that Round Top mountain be reforested, not necessarily as a park, but at least to add to the natural beauty already there, and that Hawaii cannot expect to secure and maintain tourist patronage without natural attractions.

The territorial marketing division, says the message, should be made an independent department, being removed from any control of the bureau of agriculture and forestry or the federal experiment station.

In taking up the board of health, the message reviews two items: The leper settlement's water supply and the problem of tuberculosis. The latter urges an appropriation of \$175,000 in place of the previous \$120,000.

School System Given Praise
Praise is given to the board of examiners and board of commissioners of the public school system. The governor declares that he will continue to sustain both boards in their acts and findings.

A decided step is taken at the federal school survey suggestion of the College Club, the governor pointing out that "not one of the above children (of College Club women) attends public school."

"Today teachers having Hawaiian blood are not excelled for the first eight grades," declares the governor, referring to the normal school and graduates. "We are encouraging our young women and men here to seek an education that will enable them to apply their knowledge of the children of the many races in our schools for the benefit of these islands."

Information on the cost of public education is given in a detailed financial statement covering some four pages of the printed report.

For armories a total of \$238,600 is asked; Honolulu, \$13,600; Fort De Russy, \$7,000; Kanai, \$75,000; Maui, \$46,000; Hawaii, \$97,000. The report states that armories for the guard are imperative.

Strong Against Liquor
As to the drink problem in the territory, the governor declares that he favors absolute restriction of the public sale of liquors and methods of serving as well as the prohibition of treating. He will, with the greatest satisfaction, approve laws enforcing prohibition if the legislators see fit to form them.

He ventures no suggestion on legislation for the vice problem, but voices the belief that main reliance for control of it must be in moral and physical training. He urges the legislators to consider fully the problem of venereal disease.

[The governor's message in full is printed in the third section of today's paper.]
GREAT STRIKE BREAKS OUT IN KRUPP WORKS, SAYS AMSTERDAM NEWS
(Associated Press by Cable)
AMSTERDAM, Netherlands, Feb. 21.—It is reported here that there has been a strike of 17,000 workers in the great Krupp armament and steel works at Essen and that the strike has been in progress for a fortnight. The strikers are demanding higher wages and better food rations. It is also reported that many of those in the strike have been sent to the front.

ELECTION OF OFFICERS.
ONOMEA SUGAR COMPANY.
Notice is hereby given that at the annual meeting of shareholders of the Onomea Sugar Company, held at the office of its Agents, C. Brewer & Company (Limited), Honolulu, upon February 21st, 1917, the following Officers and Directors were elected to serve for the ensuing year, viz:

E. F. Bishop, President
C. H. Cooke, Vice-President
A. P. Welch, 2nd Vice-President
G. H. Robertson, Treasurer
Jas. Greig, Assistant Treasurer
E. A. R. Ross, Secretary
H. St. Goar, Director
J. R. Galt, Director
R. Ivers, Director
T. R. Robinson, Auditor
The above named, with the exception of the Second Vice-President, the Assistant Treasurer and the Auditor, constitute the Board of Directors.
E. A. R. ROSS, Secretary, Onomea Sugar Company, Honolulu, February 21, 1917.
6715-6716, Feb. 21, 22, 23.

AUSTRALIAN AND OREGONIAN TALK AT THE AD CLUB

W. Piet of Australia told Ad Club members at today's lunch of the work that is being done in the Australian plan, which aids the soldiers in the trenches. He described the difference between the plan that he had organized with that of the Red Cross and told of the help the funds had been to the soldier who was trying to keep out of the hospital.

"Hawaii has great possibilities," said the speaker. "This pleasure ground should draw many Australians here and with more continued publicity and better steamship service he expected that Australians would flock here to spend their vacations which Ceylon has heretofore captured. He remarked that there had been some talk of building two steamers for a run between Sydney and Honolulu.

Judge W. W. McCredie, former Congressman and friend of Joe Cannon, who is president of the Portland Baseball Club, was called upon by President Wallace R. Farrington to tell of the Portland trip for spring training. Judge McCredie told of the first opportunity that was given the club to come here when some buncombe artist tried to line up the team for a training trip.

He said that the Portland players had been gathered from all parts of the United States and although San Francisco critics had said that Honolulu was not suitable for a training camp, nevertheless took a chance and the team in the Pacific Coast League this year.

Roscoe Fawcett, representing the Portland Oregonian, told of the sorrows of a sea trip; Robert Cronin of the Journal said that he was pleased to be in the land of sunshine and flowers, and Lou Kennedy of the Portland Telegram concluded his remarks with a statement that he was going back to the mainland and boost Hawaii. R. Coolidge of Pittsburg told of his desire to remain in Hawaii.

CHARTER PLAN IS PLAYED AS WRONG

Pointing out flaws and reactionary features in the proposed city charter adopted by the charter convention of 1915, representatives of Honolulu civic bodies have prepared a vigorous report, embodying the form of charter they favor.

Headed by Ex-Governor Frear, representing the Chamber of Commerce, this special committee is composed of men also from the Civic Federation, Ad Club, Rotary Club and Commercial Club.

They recommend strongly a "short-ballot" charter and the adoption of the "city-manager" form of government. The report covers 30 typewritten pages. It will be submitted to the various civic bodies which make up the committee, each of which will be asked to act on the report.

JUDGE WHITNEY TO STAY UNTIL SUCCESSOR COMES

Judge William L. Whitney of the circuit court, who recently resigned from the bench, was due to leave his former post this morning, but announces that he will still be on duty until his successor's nomination is confirmed by the United States senate.

The judge will probably spend most of his time from now on in his downtown office, but intends to visit the courtroom at least once a day to dispose of any matters which may come up.

Timothy McDowell was fined \$25 for passing a street car that was discharging passengers, with his auto.

HATCH ASSAILS CITY ATTORNEY IN WARM DEBATE

Supervisor Becomes Cautious When Told by Crisby Board Must Let Collins Alone

The cutting down of the ironwood trees at Kapiolani Park was ordered stopped by the board of supervisors Tuesday evening until such time as it could make an investigation, but not until A. M. Crisby, deputy city attorney, had shown the members where to "head in," and Judge F. M. Hatch in reply had declared that the present attorney's office could not be depended upon and that something must be done to obtain legal advice which the board could depend upon.

Hatch brought the matter to the attention of the board. He said that the trees were being destroyed and moved and that the city engineer order the Spalding Construction Company to stop the cutting. "The engineering office has not treated us with courtesy in this matter," he said. "Undoubtedly the board will vote to have the trees cut, but we certainly should have a hearing first and give everybody an opportunity to express their opinion. Let us have a hearing at another meeting."

Hollinger backed Hatch, saying: "Let us convince the public and the city planning commission that the trees should be cut down. There is no need of any hasty action."

Crisby then, speaking for the engineer's department, said: "The county engineer, George Collins, has been put by the board in sole charge of this work. He came to me for legal advice and I told him that the board has no right to interfere in any way with the work on Kalakaua avenue and to go ahead and cut down the trees according to the contract. If the plans are changed for this it will result in the city and county being at the mercy of every property holder who has a grouchy and wants something done differently. The public utilities commission has control over the streets anyway and not the board, and as it has approved the contract, the board can do nothing."

"The Rapid Transit tracks are to run directly through the space where the trees are. Stuart Johnson, its engineer, told me that the trees should come down. The engineer has been put in charge of this work and should be let alone. If it is going to be a hybrid government, with the board constantly interfering with the department heads we will never get anywhere."

Divine Aid is Needed
In reply Hatch said: "Do you mean to say that the board's hands are tied in this matter, that we cannot stop the work? If that is so and we have to surrender our rights in this matter, God protect us from our attorney's department and let us get one which we can depend upon. Several weeks ago we were informed by our attorneys that we did have some control over the street and now it says we haven't. I am afraid we must get some other form of legal advice."

During this tirade Crisby appeared to be looking for a hole in which to crawl, and although a reply was evidently expected he remained seated.

This afternoon the board will meet at Kapiolani Park, where it will make an investigation.

town office, but intends to visit the courtroom at least once a day to dispose of any matters which may come up.
