NO SLACK PERIOD AT UNION CHURCH DURING SUMMER

Bible School Making Interesting Plans for July and August Two Mainland Ministers Will Fill Pulpit in Those Months

Central Union church is looking forward to the summer months not as a "slack period" but rather as an opportunity for special service and usefulness.

Its services will be, in part, of a different character, thus affording the "change" which is so welcome a part of every vacation; but the machinery of the church will not be allowed to run down a moment. The Bible school has interesting plans for a summer session which will be given in full later, and the church has secured the services of two notable California divines who will supply the pulpit while Rev. J. H. Williams is taking his vacation.

Rev. Charles Sumner Nash, D. D., president of Pacific Theological Seminary and professor of church polity in that institution, will come across from Berkeley to preach on July 8 and 15, and Rev. Albert Westworth Palmer, pastor of Plymouth Congregational church of Oakland will preach on July 22 and 29 and on August 5.

These ministers will be heard in Central Union's pulpit Sunday mornings and in the evening they will speak at the open air services to be conducted by a joint committee representing the Y. M. C. A., the Y. W. C. A., and the three cooperating churches, the Methodist, Christian, and Central Union. George A. Andrus of the Y. M. C. A. secretarial staff is the executive chairman of this committee and his plans point to a splendid series of meetings.

President Nash is known the mainland over as an able administrator, lecturer, and author whose services are in demand by the largest churches of his own and other denominations. He is very popular as a college preacher and will be a great addition to the intellectual life of the city.

Rev. A. W. Palmer is a younger man, but one already recognized as a leader on the coast. Besides his church duties he finds time to lecture at Pacific Theological Seminary on "Pastoral and Social Service" and is active in every branch of civic reform. He is a tireless worker and an exceptionally well informed student of social problems. It is said that the mayor of Oakland considers him his right-hand man in matters relating to civic righteousness.

"DOMINANT DESIRE OF OUR REAL SELF" TOPIC FOR SERMON

On Sunday morning at Central Union church, Dr. J. H. Williams will preach on "Dominant Desire or Our Real Self," a subject which suggests analytical psychology and which, without doubt, is of genuine service to the audience in aiding them to discover their real selves.

The motto of modern thought seems to be "Know Thyself," in order to help one's self and the world intelligently. It is no simple matter to become acquainted with the bundle of conflicting desires and purposes known as "self" even with the aid given by Freud and other delvers after the "subconscious self" so that any light which Doctor Williams can throw on the subject will be eagerly welcomed by all who wish to develop personality wisely.

"WHAT IS REVERENCE?" TOPIC FOR DISCUSSION

"What is Reverence? and Why Should We Be Reverent?" is the subject of the Christian Endeavor meeting for Sunday evening at Central Union church and Nolle R. Smith will lead the service. He asks that the Endeavorers will come prepared to discuss the following questions:

How do you define reverence? What aim is done by irreverence? How can each of us personally cultivate reverence? How can we promote a reverent spirit in our prayer meetings?

Salvation Army Congress Coming to Successful Close Commissioner and Mrs. Estill Pleased With Work Here

In the accompanying photograph is shown a group of Salvation Army officers and envoys attending the big Salvation Army congress in Honolulu. The photograph was taken in front of the new headquarters building, Beretania street near Fort, which was formally opened at the beginning of the congress. Seated in the first row in the center, with the books under his arm, is Commissioner Thomas Estill of Chicago, one of the best known Salvation Army workers in America, who came here especially to attend the congress. At his right is Mrs. Estill, also a special envoy to the big meeting.—Photograph by Star-Bulletin Staff Photographer.

'GRANDMOTHER'S DAY' TO BE OBSERVED AT CENTRAL UNION

A brand new festival is to be celebrated by the Sunbeam Class at Central Union Bible school on Sunday morning.

"Mothers' Day" has been commemorated, "Children's Day" has been observed, and now comes the turn of grandmother. All the children who have grandmothers in the city have been asked to invite them to the Sunbeam room at 10 o'clock where they will be the guests of honor at the class exercises.

The lesson leaves for the day have a picture of grandmother, the children have learned a grandmother song, and they will all bring bouquets to give to the visiting grandmothers.

Any bouquets remaining will be taken to the King's Daughters' Home for the grandmothers there who have no children in the city. The idea of this celebration came from Miss Ermine Cross, superintendent of the department.

The exercises at the general assembly of the Bible school, held at 9:45 in the church auditorium, will have

two special items of interest to all—the first a hearty welcome to William A. Bowen, who has just returned to Honolulu, the second a farewell to Jay A. Urice, who is soon to leave the city.

Mr. Bowen was for several years superintendent of the school and pupils and teachers alike will rejoice to meet him again, and to hear his message from the mainland.

Mr. Urice has been for some time the secretary of the school and to his marked ability along lines of statistics and organization is due much of the recent success of the school. His genial personality has not been confined to figures and charts but has made a real impression upon all lines of school work.

An important meeting of the Bible school executive committee is called for Monday, June 25, at 3:30 o'clock in the workers' room of the church. At this time a new secretary will be elected, plans perfected for the summer session, and the fall opening discussed.

Saturday's Sermonette

By LELAND H. TRACY, St. Clement's Church.

WET OR DRY "We use them that call evil good."—Isaiah 5:20.

If one had not been an uncompromising enemy of the liquor traffic before, the developments here during the past few days must have converted him. In this time of war, when men have been called upon by the National government to keep themselves in readiness for any emergency, when the law of the government has forbidden the sale of intoxicating drink to those in uniform, still there have been those in this city who have sought by every device to evade the law. Low hotels have willingly, for the little personal gain, sold liquor to the soldiers of the United States Army. Beings, masquerading under the guise of men, for the sake of a drink, have again and again sold themselves to lawlessness, and, in harmony with the reputation which the saloon has fostered upon the community, and in conjunction with the saloon, have sought to buy liquor for the soldiers.

I am not making my plea for temperance on the part of the soldiers, as distinct from the citizens of the island of Oahu. It seems hardly consistent in these times to make of our defenders a peculiar people, denied that which can be enjoyed by the citizen at large. The time has come when we should so honor our soldiers and sailors, that we would refuse to take advantage of the federal law, and accept that which is denied them. Our innate sense of justice and of fair play should force this whole community to demand that it be placed under a law similar in every respect to the federal law governing the soldiers. How far the liquor interests are from having the future of the community at heart has been shown by the refusal on the part of some of the saloons here to abide by their agreement of early closing.

There are some who seek to defend the saloon. How can it be beyond comprehension. Let Archbishop Ireland speak: "I ask the cause of social

crime, and they usually say it is drink. I ask the cause of poverty, and it is usually drink, and they say by drink. I go on the scaffold and ask him who has a rope about his neck how it happened, and I am told it was through drink." These words are as true here in Honolulu, as in New York or Chicago or St. Paul. The mystery is that in such a community as that found in Honolulu, which has every thing to gain and nothing at all to lose by becoming dry, would tolerate the brewery and the saloon for a single moment.

We do not have to go far afield to get arguments to use against the saloon here. It has been found in alliance with gamblers, with houses of ill-fame, it has been the foe to good government, and has sought by every device to render inoperative laws passed to govern the horrible traffic. So far as I have been able to investigate, no strong measures for good government were ever proposed by the whiskey gang here, but on the other hand strong measures for good government have been opposed, directly or indirectly, by the saloon.

Our great sin as Christian people is that we do not demand the highest for the community. Here at the "Crossroads of the Pacific" where so much hinges on a sound policy in agreement with the ideals of the Federal government, it ill-behoves us at this critical hour to resort to expediency, to compromise measures in dealing with that which is lawless.

Honor, personal happiness, the family, national security, progress—these in large measure depend on the right solution to the liquor traffic. And the modern world has found but one solution, the closing up of these places for all time. The saloon has been the source of human misery and poverty, of dissension and of crime. The ethics and religion which will tolerate alcoholism and the saloon are the ethic and the religion of death.

World's Strides In Temperance

Tape Ounts Saloons
The country saloon of John Hedke near Golden Valley, Minnesota, has been put out of business by a tape measure. Sheriff Otto S. Langum issued a closing order when it was found by measurement that the Hedke place was within half a mile of St. Louis park dry territory.

Saloons Market Drug
The saloon in San Francisco has become a drug on the market. Nobody seems to want one. A few days ago Thomas W. Hickey, attorney for the public administrator, harangued a crowd for two hours trying to sell two saloons. He received one bid and that was intended as a joke. The crowd began to leave the court room as Hickey rose in his eloquence to sell the saloons. A practical joker bid \$200 and Hickey shouted "sold" so quickly that the joke was on the joker. Judge Graham confirmed the sale and now the joker has a saloon he didn't want.

Plans New Ban
It has been stated at Ottawa, Canada that a decision has been reached by the government to amend legislation so as to give provinces power to prohibit manufacture or importation of liquor for beverages. Provincial legislatures now have power to prohibit sale only. It is probable, also, that under the food controller, authority

Seattle detectives assigned to search for contraband liquor in investigating the baggage of travelers. The suspected suitcase or trunk will be set on a table, and gently rocked while the instrument is applied. If the sound of sloshing liquid is heard, the baggage will be opened.

Curry Country Dry
By an overwhelming majority, the saloons were voted out of Curry County, N. M., on May 21. Returns show that the dry vote was about five to one. Clovis, the principal town, recently voted dry, which left Texico as the only wet spot in the country. The wets made a furious fight to save Texico for the reason that the place had been made a bedlam by the saloons pouring liquor into the dry sections of both New Mexico and Texas. The vote in Texico itself was 123 dry and 53 wet.

Drinks Treason
The British government has forbidden the exportation of "Defeat or Victory" which tells the story of drink's treason in that country. There is reason why they would forbid it, for the tale is both astounding and shameful. And ours will be the same story unless we prohibit drink now.

JOINT COMMITTEE PLANS SERIES OF OPEN-AIR MEETINGS DURING SUMMER

A joint committee representing Central Union, the Christian and the Methodist churches, and the Y. W. C. A. and Y. M. C. A., is busy planning a series of open-air Sunday evening meetings for the months of July and August.

These meetings will begin the second Sunday in July and continue through the second Sunday of August. They will be held at Thomas Square in front of the high school building.

Two pulpit orators from the coast are the supply the pulpit of Central Union church during the summer months and these men have been engaged for the open-air meetings. Dr. Charles Sumner Nash, A. M., D. D., president of Pacific Theological Seminary, and professor of church polity,

will be the speaker for the first two meetings. Dr. Albert Westworth Palmer, pastor of Plymouth Congregational church of Oakland, will finish the series.

The committee chairman are as follows: George Andrus, executive secretary; J. E. Higgins, chairman of the committee on chairs and seating; W. C. Furer, chairman of committee on grounds; Charles R. Frazier, chairman of committee on advertising; Miss Grace Channon, chairman of committee on decorations; Mark Johnston, chairman of committee on lights; G. H. Tuttle, chairman of committee on programs; Will P. Thomas, chairman of committee on finance; Miss Alice Hopper, chairman of committee on ushers.

TAX MAY STOP LIQUOR MAKING

WASHINGTON, D. C.—The senate finance committee has inserted a clause in the war revenue bill which gives approval, in a measure, to war prohibition if it is passed by congress. Curtailment of liquor consumption during the war and conservation of foodstuffs used in manufacturing distilled spirits, Chairman Simmons said, "constitute the dual object of the committee in adopting the substitutes for the house rates. Manufacturers of alcohol for industrial, mechanical or medicinal purposes will not be affected."

On top of the present tax of \$2.50 per gallon on the liquor a tax of \$20 per barrel (from \$5 to \$9 a gallon) upon all grain, cereal or other foodstuffs used in manufacturing whiskey or other distilled spirits for use as beverages was adopted.

Prohibitive taxes upon distillation of whiskey and other spirits for beverage purposes, with an embargo on importation, were agreed upon. Taxes fixed by the house on beer and wines were left for the time being.

Suspension of beverage production by distilleries and the use of liquor now in bonded warehouses probably would be the effect of the new tax section if enacted into law.

Increased taxes of \$5 per gallon upon molasses, sirups and substitutes used in distillation for beverage purposes were agreed upon. Permits for exportation would be given only for war purposes upon application by a nation at war with Germany.

The committee further approved an amendment prohibiting importation into the United States, Porto Rico and the Philippines of distilled spirits made from any foodstuff except for industrial, mechanical or experimental purposes.

Senator Gore of Oklahoma, proposed the liquor amendments.

NAME DR. WILLIAMS ACTING MINISTER

Dr. J. H. Williams was selected as regular acting pastor of Central Union church at a recent joint meeting of the trustees and members of the standing committee. F. J. Lowry, president of the board of trustees, recommended the appointment. Rev. J. E. Hopwood, for the last 14 years chaplain at the Kamehameha schools, was named assistant to the acting pastor.

Roaring thousands are attending the mass meeting of Clarence True Wilson, general secretary of the board of temperance, prohibition and public morals of the Methodist Episcopal

PRESBYTERIANS VISION GOOD IN BIG WORLD WAR

DALAS, Tex.—The world war has prepared the youth of America for religious thoughts and instruction. The board of education declared in its report to the General Assembly of the Presbyterian church recently.

"There is now a thoughtfulness and a spiritual receptivity among students which was absent in the days of ease and quietness," the report said.

"Traditions and conventions no longer satisfy. They are perhaps only beginnings of the fierce desire, of which we hear across the sea, to strip away the husks and get at the kernel of reality; but at least students are more accessible to earnest messages of the truth and to the burning challenge to service."

"They know that world tasks now front them—that a new order is being instituted. Titanic spectacles of heroism electrify them."

The board of education, which was formed in 1919 in Philadelphia, recommended that its centenary be celebrated in that city. The general assembly will also be asked to act on a recommendation that the education and college boards be consolidated.

The report said 845 ministerial candidates were aided during the last year, with a total outlay of \$31,202, and that the total business of the board was \$24,302. The educators reported progress in their fight to have Bible instruction introduced as a part of the course in public schools.

DOCTOR WILLIAMS' LECTURE POPULAR

Week by week the attendance at the mid-week services of Central Union church has increased during the course of lectures given by Rev. Dr. J. H. Williams on "The Origin of the New Testament" until extra chairs have been called for.

This Wednesday concludes the series with an informal address on "John's Contribution to the New Testament Writings." These talks by Doctor Williams, with occasional interludes for congregational discussion, have proved of great interest, and have enabled their hearers to become acquainted with New Testament authors in a most delightful manner.

A special business meeting of the church, called for Wednesday, June 27, at 7:30 o'clock in the parish house, will precede the usual service.
