Few people give enough thought to the earning capacity of a dollar. When you look at a dollar, do not think of how much it will buy, but

### HOW MUCH IT WILL EARN.

When you find yourself thinking of your dollars in this way, you are starting on the only straight and sure road to wealth. Idle dollars are of no more use to the world than idle men. Every dollar you make over the cost of actual necessities should be immediately placed under the safeguard of a strong bank and kept busily at work earning other dollars for you. We pay four per cent interest on savings accounts and figure the interest every six months.

## REPUBLICAN RALLY HELD IN WAILUKU

Voters Gather in Large Numbers to Listen to Delegate Kalaniana'ole and Other Prominent Speakers.

### ANOTHER BIG MEETING IN PAIA.

Despite the Heavy Rains Thursday a Big Crowd Attends Meeting in Paia Mill.—Board of Supervisors Hold Regular Monthly Meeting This Week.

### REPUBLICAN RALLY IN WAILUKU.

Wednesday night at the old Wailuku School House a big crowd of voters gathered from all parts of Wailuku District, and listened to discourses by several Republican speakers. It must be truly said that a large number of those present came to see and listen to the Delegate Kalaniana'ole, but all listened with interest to the speakers preceding him.

A corner of the veranda of the old School House was decorated with American and Hawaiian flags, and here sat the various speakers. At intervals during the evening, between the addresses, a native quintet from Puunene and another from Waikapu rendered sweet music.

Long before the set hour the people began to gather, singly and in bunches. A crowd of voters came from Waikapu in a big plantation wagon, while from Paia and Puunene a free train was run and a big crowd arrived just in time for the beginning.

Judge A. N. Kepoikoi opened the meeting as chairman of the evening. The Judge talked of the presence of the Delegate and in a few words introduced the first speaker, Deputy County Attorney W. F. Crockett.

With well chosen words the speaker compared the Republican, and the Home Rule parties. He said that the Home Rule party was formed by a few selfish men, while the Republican party was that of commerce, capital and brains. He

asked his listeners to vote a straight Republican ticket.

The next speaker, Chas. Wilcox, the popular County Auditor, in Hawaiian talked of the progress the county of Maui had made, while the other counties have had to settle disputes in court. He was well applauded.

D. H. Case, the County Attorney, made a good impression on his audience. He talked of the good work the Delegate had done in Washington and asked all to vote for him. As to the County officers, he said, those now in office are again seeking re-election and should be supported.

The chairman, Judge Kepoikoi, then asked any of the County candidates present that wished to speak to come, which request was answered by Treasurer L. M. Baldwin, who thanked the voters for electing him last election and again promising to be fair to all and to do his utmost for the County if again elected.

Mr. C. B. Wells, president of the Precinct Club of Wailuku, was then introduced as the next speaker. In a few words Mr. Wells talked of the good work of the Party. In closing he introduced the next speaker, Delegate Kalaniana'ole.

The Prince was well received and as he stood up to address the crowd, the music started up a lively tune. He first spoke in English, telling of his work in Washington, and the manner in which it was done. "It is not with fine speech making that I have obtained appropriations for this Territory," the prince said, "but by simply making friends with such leaders in Congress, as Mr. Hepburn. The various measures passed for Hawaii were enacted through my going to these men, my friends, and asking them to give me their assistance. They have never refused to aid me, I don't know whether because I am a young man and a foreigner among them or because of my being a prince. My position there is a peculiar one. Why, I have heard it remarked that it was the first time that a real live Prince was a delegate to Congress. And so it is, I have been able to make more friends than the delegates of all the other Territories."

He said further that he was not anxious for the job, although his

## SINGER SEWING MACHINES

Cannot be obtained through merchandise dealers. They are delivered directly from maker to user only through the Company's own employees. There is as great a difference in the cost of making sewing machines as there is in making watches. A cheap watch will indicate time with fair accuracy for a short time. Fairly good stitching can be done on some of the old patterns of cheap sewing machines when they are new, but they always work hard, are noisy and soon wear out. Every SINGER MACHINE is tested by actual sewing at the factory. It is always ready for every kind of stitching and will do better work and do it longer than any other because it is of better design and construction. A Postal Card to

### THE MEETING AT PAIA.

Notwithstanding the heavy down-pour of rain which fell all over Central Maui the Republican meeting held in the large sugar room of the Paia Mill Thursday night was attended by about two hundred voters. A platform was erected at one end of the room and draped with American flag bunting. In the back ground were displayed two large American and Hawaiian flags.

Hon. H. P. Baldwin presided and introduced Wm. F. Kaee, our County Clerk, as the first speaker of the evening. His address in Hawaiian and English was well received.

Just as he finished speaking Delegate Kalaniana'ole, accompanied by Judge Kepoikoi, Sam Kalama and Sam Keliinoi, entered the room having just arrived from Peahi and Huelo where they had largely attended meetings.

The next speaker introduced was Sheriff Wm. Saffery. In closing his remarks in Hawaiian, the speaker said, "A new baby was born on the first of July, 1905, and placed in our care (referring to the present County officers). We have learned its ways and habits. Are you going to take that child away from those who have learned to care for it? You certainly will not."

Mr. Crockett was then called upon and spoke for five minutes, his words being interpreted into Hawaiian by Chas. Wilcox. The Delegate then addressed the audience, speaking of his work in Washington and advising the Hawaiians to work in harmony with all other races.

Yesterday afternoon the Delegate started to Lahaina where a large meeting was to have been held last night. All through the Island the delegate has been well received and assured of his victory at the coming election.

### SUPERVISORS AGAIN IN SESSION.

The County Board of Supervisors held their monthly meeting this week in their board rooms. All of the members were present on Tuesday except supervisor Meyer who was unable to get over from Molo-kai until Wednesday morning.

Among the communications was an application from W. T. Robinson for the privilege of crossing the streets with underground pipes for an acetelene gas plant.

A communication from the Honolulu Iron Works to the effect that the ten ton steam roller for roads was in Kahului. This is the roller that was recently purchased for \$3550.

A Porto Rican of Puunene suffering with tuberculosis was ordered sent to the Home for Incurables. Another old man of Lahaina suffering with an incurable disease will probably be sent down as soon as an application can be made out and the same approved by the Board.

A communication from the Supt. of Public Works relative to the
