The Benefits of Maneuvers In Texas

OUR army on the Mexican border is BETTER PREPARED today in equipment, details of supply and from the fact that it has been serving in larger bodies, in regiments, etc., than it was in 1898, when companies, battalions and regiments were brought together for the first time from distant stations, hastily organized into divisions and hurried into improvised transports for a tropical service with which the men and officers were wholly unfamiliar.

The present maneuvers have also enabled the graduates of our military schools to make PRACTICAL APPLICATION of the many theoretical problems presented at the institute, where, of course, the work is largely paper. And the practical work-involved has led to many minor changes tending toward the perfection of camp equipment.

In addition to this, the maneuvers have been of marked benefit to the COUNTRY in that they taught the railroads how to handle troops—a lesson which would be of GREAT USE in an emergency, should one arise.

Punish Boys if They Neglect Their Play
By Dr. HENRY S. CURTIS, Authority on Playgrounds

IF A BOY IN AN ENGLISH PREPARATORY SCHOOL HABITUALLY NEGLECTS HIS PLAY FOR STUDY HE IS SUSPENDED FROM SCHOOL. IT SHOULD BE THE SAME WAY IN AMERICAN SCHOOLS.

If you train a boy so that he will go through all the SHOCKS of any athletic game and be a gentleman through it all you have trained him so he will STAY trained.

The mistake in American schools is that only 4 or 5 per cent of the boys will take part in a game, while the rest stand on the side lines and take no part.

Usually the pupils needing the developing most are the ones who do not participate in the games. That is the feature which needs CORRECTION most badly.
