FARMING AND FARM PROGRESS

Things Being Done and Attempted in the Agricultural Field.

Marketing Division Well Taken Care Of

Money for Building and for Running Expenses Provided by Legislature—New Sweet Potato in Demand.

The legislature has provided \$14,400 with which to erect a suitable building on a government lot near the market set aside for the purpose, says A. T. Longley, superintendent of the Territorial Marketing Division, in reporting on the work of the division. Work on the building will start as soon as plans can be drawn and contracts let. In addition to the building \$1000 a month, for the two years beginning July 1, 1915, has been provided for running expenses, and a revolving fund of \$7500 to be used as working capital.

With all these improvements in working order there should be increase in the efficiency of the division and in the amount of produce handled.

Eggs Advancing.
There has been practically no change in the market during the week. Eggs have advanced, due to scarcity and heavy demand. Pork and beef remain at the same price. Beef is plentiful, and shipments of hogs from the other islands are very light, due to an oversupply on Oahu.

Large quantities of good tomatoes have been received. Many of these were too ripe and could not be sold in time to prevent much loss.

Sweet Potatoes and Peanuts.
Madeira sweet potatoes from Kauai are increasing in popularity, and planters are now getting cuttings of this variety through the division. Due to large stocks of Japanese pea-

nuts, it is difficult to place local peanuts at the present time. If there was a regular supply of local product, properly cleaned and graded, they could easily be disposed of at good prices. Peanuts make good crops in many sections of the islands. Write to the Hawaii experiment station for the bulletin on peanuts and plant a small area. Pineapples, both ripe for local consumption and green for shipping, have been scarce. The only green fruit shipped by the division during the past two weeks was grown and packed by the Haiku Farmers' Association.

Onions a Glut.
Island onions are plentiful and cheap, with little prospect of the price advancing. Due to lack of sufficient rainfall, a great many of the onions are undersized. During May the army will use the local onions. This will help local producers to dispose of their crops.

To cut down the cost of keeping a large number of petty accounts, it has been decided that all small orders of seed and produce will be filled only on a strictly cash basis from now on. All mail orders should be accompanied by money order or stamps.

Grass Fertilizer For Pines.
The Hawaii Preserving Company has been given a license to cut grass in the Ewa forest reserve. The green grass is to be used as fertilizer on the company's pineapple fields at Wahiawa.

Pigeon Peas As Food.
The pigeon pea which is grown to some extent in Hawaii as a wind break around cotton and pineapple fields is one of the chief food crops of India. The peas are eaten in all stages of growth, green and ripe. The leaves and young growth makes good cattle feed. The twigs are used for thatch and the stalks as fuel.—Advertiser.

On the Other Islands

George H. Rice of Honolulu will be given a license by the board of agriculture, to gather the fallen kukui nuts in the Palolo forest reserve and on other government lands near Honolulu. Mr. Rice is planning an oil mill. Kukui oil is worth about the same price as linseed oil and there is said to be a fair profit in its extraction. Mr. Rice will pay the government one dollar per ton for all nuts gathered on public lands.

Guilty of Dynamite Outrage.
The jury in the case of A. de la Cruz, charged with sending a bag containing two sticks of dynamite down a flume to the Papakou Mill, with the intent to wreck the mill, brought in a verdict of guilty last week. The case was hard fought and occupied nearly a week.

Volney A. Driver, well-known in Honolulu and on Hawaii, died in Kona, Hawaii, April 12, from tuberculosis. Interment was at Kealahou.

Robber Gang Sentenced.
"Bert" Bowers was sentenced to serve three and one half years, and Henry B. Lewis two years, for their connection with the Honolulu opium "badger" game. J. J. McGrath, another of the gang, who broke jail last week, has not yet been apprehended. John T. Scully got a suspended sentence of 13 months, presumably because he had turned state's evidence.

Juniors Play Two Great Games Sunday

Haikus Win in Ten Innings From Cubs—Waikapus and Chinese Play Pitchers Game—2 to 0 Favor Waikapus.

Team	Standing of Teams.			Pct.
	P.	W.	L.	
Haikus	3	2	1	.667
Chinese	3	2	1	.667
Cubs	3	1	2	.333
Waikapus	3	1	2	.333

Much interest centers in the Junior games at this part of the series, as it is seen by the games of last Sunday in a ten-inning game and a 2 to 1 score.

The ten-inning game was played in the morning at 10:30 o'clock by the Haikus and Cubs, and the former defeated their opponents by the score of 7 to 6. Excellent plays and much excitement were features of this game.

The Haikus used two pitchers while the Cubs depended upon Keehu alone to deliver the goods. In the ninth inning the score was 6 to 6, and a home run in the 10th by Paoa won the game for the pine pickers.

The other game was played by the Waikapus and Chinese. This was the fastest game that was ever played by the league. The Waikapus scored their first run in the 7th, when Scholtz pulled off a hit to right, sending Freeman in, and the second run came in on the ninth by a hit again made by Scholtz.

The Chinese failed to send a man over the plate during the game but they nearly succeeded when one man was caught at the plate by a throw from left field. The Chinese made more hits than the Waikapus, and had these hits been timely, the victory would have been theirs. The game ended 2 to 0 in favor of the Waikapus.

Money Available for Makawao Roads

Work Expected to Begin Very Soon Preparatory to Opening New Tract—Bazaar Success in Spite of Rain—Another Wedding.

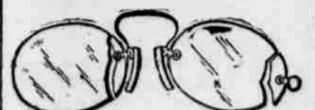

(Special Correspondence.)
MAKAWAO, May 5.—House Bill No. 324, introduced by Representative Garcia, calling for an appropriation of \$15,000 for the construction of roads through the new homesteads in Makawao passed the legislature. Active work is expected to begin on these roads very soon.

Bazaar and Luau Great Success.
In spite of the bad weather that prevailed, the Feast of St. Joseph, at the Makawao Catholic Church, a week ago Sunday, was well attended, a good number of people coming from outside districts. In the services Father Anthonias was assisted by Father Justin, Father Charles and Father Ambrose. The free luau was appreciated by all, and great credit is due Mr. Joseph Freitas for making it the most successful luau ever held in Makawao.

The Paia string quintette furnished excellent music.

Freitas-Ventura.
Last Sunday, April 25, Mr. Louis Freitas of Makawao, and Miss Jennie Ventura of Kokomo, were married at the St. Joseph's Church, Rev. Father Anthonias tying the nuptial knot.

A Needed Improvement.
The county is building a foot bridge similar to those in the Hana district, across the gulch near Kokomo. This is a greatly needed improvement, for in rainy weather the children going to school, and the people going to church on Sundays, had to wade a stream of water, knee to waist deep.
