A Printed Letterhead

Adds distinction or "class" to your correspondence.

It isn't only the business firm or professional man who now raises his correspondence above the mediocre through aid of the printer's art.

Just your name and address in neat lettering at top or corner of the sheet will add an individual touch that at once raises your letter above the dead level of "ordinary".

The additional cost per letter is trifling.

But of course much depends on the printing.

TELEGRAPH NEWS OF THE WEEK

LONDON, September 21.—A German invasion of Serbia, with the object of relieving Constantinople seems likely. Germans have silenced Serbian batteries and crossed Danube on the Austrian border.

SAN FRANCISCO, September 21.—Gen. Goethals said yesterday that the Panama Canal will not come up to expectations unless zone is kept free from politics.

CHICAGO, September 21.—Three persons fatally injured and fifteen less seriously in a collision on the Chicago, Burlington & Quincy R. R. today.

LONDON, September 21.—Renewed activity on western front. British fleet again has begun to bombard German position in Belgium. Heavy exchange of artillery along entire front is reported, continuous rather than spasmodic. Reports from Paris say aeroplane squadron blew up enemy's munition works.

EL PASO, September 21.—Senator Shepherd, of Texas, says the time has arrived when the United States must intervene and restore peace to Mexico and American rights in Texas.

LONDON, September 21.—Baron von Bissing, half brother to the German military governor of Belgium, has been mysteriously spirited from his magnificent home at Islington.

PARIS, September 21.—Eruptions are taking place in the three great Italian volcanoes, Vesuvius, Aetna and Stromboli.

WASHINGTON, September 21.—Investigation has begun in New York to learn who gave out letter of the Austrian ambassador for publication, in which the envoy protested he had been treated unfairly. Suspicion in official circles is that Dumba gave it out himself. If this is true means may be found to express to the Vienna foreign office additional displeasure on part of the United States. It will not affect the status of the ambassador, for he has already been recalled, and has engaged passage in steamer for Rotterdam.

LONDON, September 21.—The fortress of Lida, 50 miles from Vilna, is facing attack in force from big army of Austrians. Enemy is reported moving determinedly against city and new battle, rivaling Warsaw and Grodno is possible. With the fall of Lida will come added peril for Riga. The Vilna army is in great peril.

TRINIDAD, September 20.—J. D. Rockefeller, Jr., is here to visit camps of the Colorado Coal & Iron Company. Believed to have been influenced by a conversation with "Mother" Jones.

NEW YORK, September 20.—Passengers arriving from England today tell of a Zeppelin raid and disastrous results on September 8. Block of warehouses destroyed, and the machine soared over the busy city covering hotel and theater districts. Loss of life and property considerable but the principal effect was to stimulate recruiting.

BERLIN, September 20.—Russian army in the region of Vilna is in imminent danger of being surrounded and captured. Russians are offering but small resistance. The war office today announces that German forces have driven back an expedition of Servian forces.

NEW YORK, September 20.—Archibald, the American correspondent, who was found carrying a dispatch for Dumba, denies that he knew the contents of the note. He arrived here today, was met by secret service men and searched.

HONOLULU, September 20.—A federal prison is reported to be under consideration at Pearl Harbor. Newton will recommend this plan.

HONOLULU, September 20.—The Great Northern will be put into Hawaiian service November 1.

PANAMA, September 20.—Another great slide in the Panama Canal at Gold Hill has closed the canal for the present.

WASHINGTON, September 20.—Villa has less than a month to make good. Prospects brighten for the recognition of Carranza. Pan-American envoys signal bitter struggle.

LONDON, September 20.—Lloyd-George in letter to constituents says cabinet is seriously considering conscription and admits the gravity of the situation.

SAN FRANCISCO, September 20.—Thirteen million people have visited the exposition in 212 days.

BERLIN, September 20.—Controverting representations said to have been made by Balfour, an official statement has been given out here which declares that London has been heavily fortified.

WASHINGTON, September 20.—Daniels and Wilson are soon to meet in a conference over naval affairs. Forty battleships is navy's plan to be in service by 1919.

HALIFAX, September 20.—The Greek steamer Athana is afire in mid-ocean. Crew and passengers rescued by S. S. Toscana.

BERLIN, September 20.—Socialist members of Dumba have been taken from parliament by the Russian police. Socialist conspiracy against government discouraged.

LISBON, September 20.—Another revolution is brewing in Portugal, according to reports. Adversaries of government, assisted by disgruntled republicans, intend revolt.

WASHINGTON, September 20.—Secretary Lansing will take no action on the Dumba letter in which he charges Lansing with discriminating in favor of Allies. Vienna has given assurance that Dumba will be replaced. The text of objectionable note, it is rumored by government officials, shows guilt of the ambassador and his intentions to back Schwab works strike.

LONDON, September 20.—Vilna has been evacuated by Russians and Germans now occupy it. Russians have retired towards Dvinsk. Important link on the Petrograd railway from Warsaw falls before onslaught of von Hindenberg, but the city is first stripped. Teutons blocked in attack on Dvinsk. If this place should fall it will mean that Russians would have to give up Riga, the objective of the drive of invaders.

HONOLULU, September 18.—Promotion Committee took up Great Northern matter and decided not to sound sugar men on coast. Developments indicate liner will come.

LONDON, September 18.—Fate of important city of Vilna hangs in balance. Russians are fighting desperately to save it, and their base at Dvinsk. Grip of von Hindenberg's army on railroad endangers both positions and Slavs are striving stubbornly to hold back Teutons. Germans are fighting in a sanguinary battle and advancing. Full strength of Russians is concentrated to block German avalanche and turn tide of battle against invaders.

NEW YORK, September 18.—That half billion dollar loan to French and English Allies shall not be expended in munitions is cause of break among financiers, some bankers declaring that it must be spent for other than articles used in slaughter. Many pro-German bankers, including Kuhn-Loeb & Co., will take a part of the loan if conditions are met. Another hitch is that if Russia is to have any part, she must come out in the open and say so.

WASHINGTON, September 18.—President Wilson says Dumba must quit as he is not acceptable to this government. This comes in answer to statement that he will be called home for conference.

PHILADELPHIA, September 18.—Four persons killed by heat yesterday. Total victims during present heat wave, 18. Two died at Pittsburgh yesterday. New Jersey and Connecticut also sweltering in heat.

BERLIN, September 18.—The Anzeiger Zeitung, discussing German American relations, says it would be a good thing if President Wilson and Secretary Lansing would remove themselves somewhere out of the influence and supervision of Anglo-American provocative society.

BROWNSVILLE, September 17.—American troops and Mexicans again fighting, result of shooting across border and lawless raids by Mexicans.

HONOLULU, September 17.—Grand jury brought in no bill against Frank Hoogs, charged with embezzlement. Had made partial restitution and bank did not wish to prosecute.

Before leaving last night Stone said he had received no encouragement as to freight. It was all false and no sugar. Believes if the people want the big steamer they should get in and do something. Does not believe the vessel will be put on the run. In San Francisco there is a rumor that the Great Northern will be put on this run freight or no freight as it can depend on passengers.

MARRIAGE LICENSES.

Sept. 22.—Takashi Takano, 28, to Matsuo Nouchi, 18, both Japanese, of Puunene. Ceremony performed by Rev. L. B. Kaumeheie.

Putting it Up to Ma.

"Pop!"
"Yes my son."
"What is this war about over in Europe?"
"Don't know, my boy, but you might ask your mother. She knows a lot about fighting."

Out of the Frying Pan.

David Starr Jordan, at a peace meeting at the Hotel Astor in New York, said to a reporter:

"Half of the world at war, and the counsel we are getting is that we must arm more heavily. That counsel reminds me of the African Kings."

"An African king feasted a white explorer royally. Then, at the end of the feast, 300 grils were led forward."

"Choose from among these 300," said the king, "a wife."

"But the explorer blushed and stammered:

"Oh, but if I took one, then the remaining 299 would be jealous."

"That is easily remedied," the king answered. "Take all."

He Couldn't Retract.

The late Herr Gotthilf Weistein, the famous German book collector, had a very bad impediment in his speech. One day he got in an argument with a man to whom he had taken a great dislike. The dispute became hotter and hotter until Weistein completely lost his temper.

"You're an n-n-n-n-n-id-id-id-id-id!" he shouted furiously.

"Her Weistein," replied his opponent coldly, "you must retract that at once!"

"Never!" retorted Weistein. "I'm only too j-j-j-j-jolly glad to o-get it out!"

The Bill Claimed.

"I supposed you claimed the alps when you were aboard?"
"No, I just ran up a bill, that was all."

Pursuit of wealth is the great human hurdle race.
