

War Savings Stamps Now On Sale Here

"Little Baby Bonds" Within Reach Of
Everybody, Paying Very
Fair Interest

The Bank of Maui, Ltd., at Wailuku, Lahaina and Paia have been extensively announcing during the week that they have for disposition the war savings stamps and thrift stamps.

In offering "War Savings Stamps" to the public the United States Government has made immediately available for every man, woman, and child in the country a profitable, simple, and secure investment.

What They Are.—War Savings Stamps are the answer of a great democracy to the demand for a democratic form of a government security. They are "little baby bonds." Like Liberty bonds, they have behind them the entire resources of the Government and people of the United States. They have the additional advantage that they steadily increase in value from the date of purchase until the date of maturity, and this increase is guaranteed by the Government. These stamps are issued in two denominations, the 25-cent stamp and the \$5 stamp.

For the convenience of investors a "Thrift Card" is furnished to all purchasers of 25-cent stamps. This card has spaces for 16 stamps. When all the spaces have been filled the Thrift Card may be exchanged for a \$5 stamp at post offices, banks, or other authorized agencies by adding 12 cents in cash prior to February 1, 1918, and 1 cent additional each month thereafter.

Those who prefer may buy a \$5 stamp outright. These will be on sale from December 3, 1917, until January 31, 1918, for \$4.12. They automatically increase in value a cent a month every month thereafter until January 1, 1923, when the United States will pay \$5 at any post office or at the Treasury in Washington for each stamp affixed to a War Savings Certificate.

When you purchase a \$5 stamp, you must attach it to an engraved folder known as a "War Savings Certificate" which bears the name of the purchaser and can be cashed only by the person whose name appears upon the certificate, except in case of death or disability. This certificate contains 20 spaces. If these are all filled with War Savings Stamps between December 3, 1917, and January 31, 1918, the cost to the purchaser will be \$82.40, and on January 1, 1923, the Government will pay the owner of the certificate \$100—a net profit to the holder of \$17.60. This is based on an interest rate of 4% compounded quarterly from January 2, 1918. The amount of War Savings Stamps sold to any one person at any one time shall not exceed \$100 (maturity value) and no person may hold such stamps or War Savings Certificate to an aggregate amount exceeding \$1,000 (maturity value).

If the holder of a War Savings Certificate finds it necessary to realize cash on it before maturity, he may at any time after January 2, 1918, upon giving 10 days written notice to any money-order agent, post office, receive for each stamp affixed to his certificate the amount paid therefor plus 1 cent for each calendar month after the month of purchase of each stamp. A registered certificate may be redeemed, however, only at the post office where registered.

Will Restrict Sugar Allowance

Theo. H. Davies & Co., of Honolulu, have taken the initiative in restricting sales of sugar, as indicated in the following letter, sent out by L. M. Judd, manager of the grocery department of that concern:

"We are in receipt of a notification from the Food Administration Committee dated December 12, 1917, requesting, first, that all dealers discontinue their advertising of sugar until the present shortage is completely relieved. This clause will not affect Hawaii.

"Sugar dealers are requested to restrict their sugar sales to retailers in quantities not to exceed 500 pounds. The retailer should restrict sales to city and county customers not to exceed five-pound quantities; to rural and farm customers ten-pound quantities.

"Information received further states that a number of jobbers throughout the mainland have been severely criticized for endeavoring to make records on selling food products including sugar. In some cases this has resulted in their licenses being withdrawn and in other cases, withdrawals of licenses are pending. The circular states that this is a time when not only the letter but the spirit of the wishes of the Food Administration must be considered and complied with, otherwise, licensees will undoubtedly be criticized and be in danger of losing their licenses.

"Following out the above request, and until further notice, we will only sell sugar to retail stores in five bag lots of any one grade."

PASSED MAUI BY

On account of the stormy weather Saturday night the Mauna Kea passed Lahaina by without landing mail, proceeding on to Hilo. The mail was brought back Monday night. Persons booked at Honolulu for Maui were warned there of the scant possibilities of landing, so waited over for the Claudine Monday night. The mail thus delayed included a number of bags from the Coast.

Parker Ranch Puts 4,000 Acres In Corn

Wholesale Drive To Supply The Territory With Substitute For
Wheat Flour

The following story of general Maui interest comes from a Hilo paper:

Alfred W. Carter, trustee of the Parker Ranch, is proving in a big way that a man can serve his country and stay on the farm. When the call of the Government came for farmers to plant corn everywhere so that wheat might be saved, Mr. Carter took the order as applying to him specially. Accordingly, he planted 2,500 acres of corn. The result is that now he has corn to sell.

"I can supply the market with corn meal on seven days' notice, if necessary," says Mr. Carter. This means that Hilo merchants can get corn meal for their customers, and that their customers can have real corn bread, made of fresh corn meal, on their tables on wheatless days.

It is Mr. Carter's intention to have a mill installed on the plantation. He has ordered the machinery, and expects it to come within the next few days. He's going to put the meal up in attractive bags that will help to sell the product. Further to conserve the country's resources, Mr. Carter expects to have as much of the work done by women as is possible, in order to save the man-labor for the heavier work of the ranch.

From the 2,500 acres of now ripening corn, Mr. Carter expects to have at least fifty tons of corn gathered by the middle of February. An additional fifteen hundred acres will be planted this spring. This will make 4,000 acres of corn on the Parker Ranch alone.

All this corn land is plowed with caterpillar tractors and the large gang plow.

Not satisfied with the big output of corn from the Ranch, Mr. Carter is planting this year 100 acres to potatoes.

Much of the soil of Parker Ranch is peculiarly adapted to corn growing. Situated high on the great Waimea plain, the broad acres of waving corn suggest the plains of Kansas more than the tropical canefields of Hawaii. However, it took just such a good American as Alfred W. Carter to turn these broad acres to the best possible service of the country in its time of need.

Annual Meeting Of The Kahului Church

On Thursday evening January 17, the annual meeting of the church and congregation was held. Reports were heard from all the departments. A summary of these reports showed the amount contributed by the people of Kahului and expended in church and parish work and in benevolences to have been over \$860.00. This is apart from the established income and missionary aid which the church receives.

In addition to the report for the year 1917 the church treasurer gave a summary report of the building committee which showed contributions from the local community in 1916 toward the Community house of \$700. The Community house has been under the direction of a committee of seven which has had the double task of providing the financial expenses and of directing the activities in the building.

The building was opened for athletics March 24 and since that time it has been used 180 evenings, approximately 5 evenings a week, with an average attendance of 25 to 30. It has been the aim of the committee to have the activities directed with some responsible party in charge so that it shall be in no sense a loafing place. With no salaried workers, volunteer service has been depended upon and has been quite freely given.

A girl's club has had two periods a week during the year, their activities being directed by Miss Hannah. A ladies' class has met regularly on Wednesday afternoons, directed by Mr. Corson, of the Alexander House Settlement.

The different groups of young men and boys have used the building in the evenings.

Eight out-side games of basketball have been played during the year, four won, three lost, and one tied score.

Four local teams played a series of 12 games during August and September in a tournament on the home floor.

Mr. Pleasant gave a report of the work of the church and Sunday school for the year. The Sunday school averaged 61 in attendance. The average attendance at the church services for the year was 29. The faithful work of the church choir during the year received special mention.

The last in the order of business was the naming of the following officers and committees for the new year: A. Waikalua, clerk; Capt. E. H. Parker, treasurer; Levi Faufata, deacon for two years.

These with Messrs. Lillico, Buck, Makahio and the pastor constitute the standing committee.

The Sunday school committee is Mrs. E. J. Walsh, Mrs. Buck and Mrs. Pleasant.

The Community House committee is J. J. Walsh, J. F. Mowatt, Henry Long, H. K. Duncan, E. E. Pleasant, A. Waikalua and S. S. Kobayashi.

Weekly Market Letter

January 19, 1918.

Honolulu—Poultry of all kinds is scarce and especially Muscovy and Pekin ducks. Now that most of the hotels and restaurants in Honolulu, have taken to heart the plea for a meatless day, there is a greater demand for poultry, especially ducks and for rabbits. Muscovy ducks have advanced two cents a pound, while the price per dozen for the Hawaiian ducks has advanced from \$6.75 to \$7.75 during the past week. Island eggs have taken another slight drop and the supply is coming in more regularly.

Monday has been declared throughout the City of Honolulu as **Banana Day**. The **Banana Consuming Propaganda Committee**, of the **American Defense Society**, has been about the busiest organization in the city during the past week and have succeeded in taking orders for hundreds of bunches of bananas, which will be delivered on Monday to the banks, business houses, stores, and institutions in this city. These beautiful large bunches of bananas will be distributed from the Territorial Marketing Division and for the small sum of a dollar a bunch.

An eight page recipe book has been prepared by the above named committee and is being distributed free to every one asking for it. This little booklet contains a great number of recipes for cooking and preparing the banana, and should prove very useful to any housewife or cook. Among those contributing to this little booklet are: Good Housekeeping Magazine; Jos Dupont, of the Alexander Young Hotel; Miss Mary Johnson, of the Colonial Hotel, City; Miss Helen A. Alexander, of the Lanikaia, and Mrs. H. E. Palmer, of the Courtland Hotel. Bananas contain better food value than other fruits you eat—and bananas are cheaper. Eat them cooked—and eat them fresh—which will help immensely to conserve food, and is of vital importance to you, and to your country today.—O. B. LIGHT-FOOT, Acting Superintendent.

Honolulu Wholesale Produce Market Quotations

ISSUED BY THE TERRITORY
MARKETING DIVISION.

Wholesale only.

Week ending, January 19, 1918.

Small consumers cannot buy at these prices.

Island butter, lb.	50 to 55
Eggs, select, doz.	70
Eggs, No. 1, doz.	68
Eggs, Duck, doz.	60

Middling ton ...	69.00
Hay, wheat, ...	52.00 to 54.00
Hay, alfalfa ...	47.00 to 48.00

Weeping to Order

Danny and Bobbie had been left in the care of their big sister while their mother went out. At bedtime they wanted to stay up for mother, but their sister relentlessly put them to bed. Danny maintained a stolid indifference, but Bobbie cried lustily. Their sister listened at the foot of the stairs, hoping they would soon be quiet. At last Bobbie stopt, and the listener heard him say: "You cry a bit, Danny; I'm tired." Tit-Bits.
