

## Maui Schools Start Preparing For Fair

Instructions Sent Out To Schools For Preparing of Exhibit For Next Big Event—Much Interest Indicates School Section Will Be Remarkable

Supervising Principal H. M. Wells this week sent out to the principals of the various schools on Maui, including all private as well as public schools, preliminary instruction concerning preparing of exhibits for the school section of the next Maui county fair. These rules were in part prepared by the Principals' Club of Maui immediately following the last fair.

With the selection of the approximate date for holding the next fair it became possible to decide upon the range of agricultural exhibits, and this was done in co-operation with F. G. Krauss, of the Haiku experiment station.

The circular sent out says—  
The following rules and regulations are suggested for the educational exhibit for the next Maui County Fair which will be held next October. Please send in any suggestions you may have for changes to Mr. H. M. Wells. Do this promptly.

## Brazil Plans Model Hospital For Lepers

RIO DE JANEIRO, Brazil, Jan. 1—A huge model leper hospital, intended to accommodate several hundred lepers of both sexes and all ages, is being built some distance outside the city of Sao Paulo. It is claimed that the institution will place Brazil in forefront of any country in the world in the fight against the dread disease. Laboratories, with staffs of experts, for research into the disease on the most complete scale will be established within the hospital.

The leper colony will have separate departments for single men and women, children and married persons. It will have its own church, postal and telegraph office, police and fire departments, light and water services and cemetery.

## FAKE HORSE RACING BROKEN UP IN HILO

Bunco steerers in the shape of fake horse racers have made their appearance in and around Hilo lately, says the Hilo Tribune.

From what can be ascertained of their methods, it appears that each man owns a fast race horse, and shortly after arriving on the scene of their proposed operations, a match is arranged between the owners, each man claiming to be a resident some few miles distant from the locality where the race is to be pulled off.

A stake is arranged and deposited in the hands of a local man, and the betting begins. Needless to say the horse that is most heavily backed is the loser and his backers return home, sadder if not wiser men.

Last week a race was scheduled to be pulled off on the government road at Ohaa, but unfortunately for the promoters Judge J. S. Ferry, District Magistrate of Pana, happened along, and, his suspicions having been aroused beforehand, after a short investigation he ordered the arrest of the owners of both horses, and sent the riders home.

The stakes, amounting to \$150 were seized as evidence. The defendants appeared before Judge Ferry yesterday and a continuance was granted until today to enable them to obtain legal assistance. It is expected that

## DR. TROTTER WANTS CHILD WELFARE FUNDS

HONOLULU, Jan. 26—President F. E. Trotter of the territorial board of health has written Governor Charles J. McCarthy and Delegate Kubie Kalaniana'ole at Washington, asking them to take up with congress the matter of including this Territory in the annual distribution of federal funds for child welfare purposes. Doctor Trotter is taking an active part in the campaign to aid undernourished children.

Although Hawaii has no regularly constituted child welfare committee which is part of the government, the health president understands that states and territories not having such
