AMERICANS GIVE FRENCH ART SCHOLARSHIPS

PARIS, August 6—Ten scholarships open to the most deserving young French artists, sculptors, musicians, novelists, dramatists, architects, decorators, engravers and journalists have just been founded by Mrs. George Blumenthal, of New York and Paris and who is particularly noted because of her gallery of French Gothic art at her New York home.

Associated with Mrs. Blumenthal in founding the scholarships are J. P. Morgan, T. F. Ryan, E. R. Stetinius, H. P. Davison, G. F. Baker, Charles Hayden, W. N. Cohen and H. Walters. These founders have just been sent the following cablegram from Premier Millerand, of France:

"I have already expressed to Madame Blumenthal the profound gratitude of the French government for the benefit of the French thought and art. Our young writers and artists, heroes or victims of the war, will find in this delicate and affectionate attention of our friends of America a new proof of the profound and sincere friendship which unites our two republics.

"France had already honored the memory of the intrepid soldiers of your army and will honor soon your heroes of the war of Independence. I thank the faithful friends of France who are instituting this permanent monument to the glory of the French thought and art."

The scholarships are for 6,000 francs each, the foundation being perpetual and they are to be awarded to the most deserving candidates. Each scholarship is tenable for two years in succession and any scholar showing special merit at the end of that time has a chance of receiving it for a further period.

The candidates will be selected by juries of ten men prominent in each profession.
