BOXING AT LAHAINA

Six boxing bouts between well matched pairs and three exhibitions of Japanese wrestling are promised to the members of the Lahaina Athletic Association in the armory at Lahaina tomorrow evening. The boxing numbers are arranged for the various weights and C. L. Bowker last evening said he was confident there would be a worth while evening of good sports.

Lahaina boxing bouts are open to members only, no tickets are sold at the door but membership can be secured at Lahaina store from A. H. Waechter or at the office of Maui News. Initiation fee is a dollar and another dollar pays quarterly dues to the end of June during which time it is expected at least two entertainments will be held in addition to that of tomorrow evening.

PUUNENE TOURNAYS

Entries are being received for the men's handicap singles and men's handicaps doubles tennis tourneys of Puunene Athletic Club and will close September 15, they may be left for the tennis committee of the club or with E. F. Deibert, chairman, of the committee. Only members of the club are eligible as entrants.

ALL MAUI CHAMPIONSHIP

Entries have been opened for the All Maui ladies doubles tennis championship tournament and should be sent to Ed. Tim, Baldwin Bank, Kahului before, April 15, at which date they will close.

BASKET BALL TOMORROW

Kamehameha School's basket ball team will meet a Maui team on the basket ball court on the Alexander House gym tomorrow evening at 8 o'clock. The Kam boys are reported as strong players and a well played game is looked for.

Press Congress to Be Great Publicity Source For Islands

One of the most momentous events in the history of the Hawaiian Islands is the World's Press Congress to be held in October of this year, is the view of L. W. deVis Norton, secretary of the Islands committee in an interview given to the Advertiser. He points out that publicity on hundreds of phases of Hawaii written by many of the most brilliant men of the world and in the world's best media will flow and result from the congress and will be invaluable to the Islands. Not only is the true import known. "The old proverb says, 'It's an ill wind that blows no one any good,' I think we may apply this to our case because if I am not mistaken, we have to thank the labor situation in Australia with its attendant uncertainty of operation of steamers and railroads for the circumstance that New South Wales is unable to entertain the delegates to the World's Press Congress this year," said Norton.

Value Inestimable
"It would be difficult to form any estimate of the tremendous value, from the publicity standpoint, of having three or four hundred of the leading newspaper and magazine writers, editors and publishers of the entire world gathered for the first time to experience all the wonder, unexpectedness, and graciousness of true Hawaiian hospitality. It is rather interesting to reflect that if we were to take the total income of the Hawaii Tourist Bureau and the Hawaii Publicity Commission for the last five years and lay it all out in one gorgeous carnival of space buying in the United States alone, it would not purchase one-fifth of the actual publicity Hawaii will derive from the presence of these leaders of the journalistic world right here in these Islands for ten or more happy days.

"Think what it would cost to buy the space to put over one-tenth only of the stories that will be written! Think of the years of labor required to gain the connection that would put these stories over! And then try to realize a little more of what this Press Congress means!

Amusements are Endless
"It is astonishing how much Honolulu alone has to offer in the way of entertainment. Here are a few of the suggestions already brought forward: surf riding and canoeing at the Outrigger Club with an informal tea party in the afternoon; automobile rides around the city and suburbs with afternoon hospitality at the Country Club; a trip around the island with luncheon at Haleiwa and possibly a review of the garrison at Schofield; a formal banquet by the Chamber of Commerce at lantern parade of all nations, Chinese, Japanese, Filipino and all the many nationalities that go to make up the real melting pot; "A Night in Hawaii" at which the old customs and historical scenes shall be revived in all their splendor; Chinese and Japanese banquets; special visits to the schools, the Aquarium, Bishop Museum and, if permitted, a demonstration of the mighty guns of our Islands forts. The list of amusements could be almost indefinitely continued and would be supplemented by cards of introduction to all the clubs. This for Honolulu alone; and the other islands will want to have their share in doing honor to our guests.

"And all these things will be written about by those who participate in them and will be read with avid interest in every part of the world.

Already the committees are hard at work perfecting arrangements. They want the interest of every citizen of Hawaii. I will most gladly welcome any suggestions that may be sent in and will put them before the proper committees.

Agricultural Growth Of Territory Seen in Figures from Census

Figures on the principal crops of the territory compiled by the census bureau have been announced, though still subject to correction. They show some splendid growth in the agriculture of the Islands, the most remarkable being in the pineapple industry which in ten years from 1909 to 1919 increased ten fold. The value of the crop for 1920 will show a much greater increase. The preliminary announcement follows:

The acreage of sugar cane harvested in Hawaii in 1919 was 123,165, and the production was 4,862,707 tons, which represents an increase of 14.7 per cent, as compared with 4,240,238 tons harvested in 1909. The value of this crop in 1919 was \$37,558,265, as against \$26,305,747 in 1909.

The number of pineapple plants reported as of bearing age in 1920 was 169,222,788, as compared with 23,267,929 plants in 1910. The weight of pineapples produced in 1919 was 299,981,433 pounds, and the number of pineapples produced in 1909 (weight not reported) was 12,361,695. The 1919 pineapple crop was valued at \$3,545,385, as compared with \$331,162 for the 1909 crop.

There were 850 acres in forage crops in 1919, an increase of 43.3 per cent over 1909. The production in 1919 was 14,775 tons, as against 6,106 tons in 1909. In addition, 31,588 tons of sugar cane tops were reported as fed to live stock in 1919.

From 5,887 acres in coffee trees, there were produced 19,883,650 pounds of coffee (cherry), as compared with 9,834,026 pounds raised on 3,727 acres in 1909. The value of the coffee was \$711,315 in 1919 and \$213,085 in 1909.

There were 405 acres of potatoes and 232 acres of sweet potatoes harvested in 1919, and 1,718 acres were devoted to other vegetables raised for sale. The value reported for all vegetables raised in 1919, including potatoes and sweet potatoes, was \$616,545, as compared with \$349,974 in 1909.

The 1919 production of sisal fibre amounted to 1,802,000 pounds. There were reported 182,500 pounds of cassava, 2,168 tons of algaraba beans, 107,710 pounds of grapes, 160,933 bunches of bananas, and 161,123 coconuts.
