## Change of Route Of Belt Road Is Urged by Tavares

**Suggests That Extending On From Ulupalakua To Connect With a Kipahulu-Kaupo Road Is Less Costly.**

Change of sentiment as to how the road to Hana should run, was indicated at the meeting of the Chamber of Commerce yesterday afternoon when Senator A. F. Tavares made it evident that he favors abandoning the idea of a road through the Ditch Trail country and going the other way around. On his motion a committee of three was named to take up with the board of supervisors the question of in which direction the road should run and to ask the board to have the county engineer furnish figures as to probable costs of both routes. The committee is composed of A. F. Tavares, Frank Sommerfeld and V. L. Stevenson.

Senator Tavares said there will have to be a road built between Kipahulu and Kaupo and he believed the shortest, cheapest and best route for the belt road would be around the south side of the mountain to connect up with the Kipahulu-Kaupo road, which must be built in any event. Senator Rice said he was not ready to express his view definitely as yet but seemed inclined to favor it. County Attorney E. R. Bevins called attention to the necessity for definite figures on all projects, said that it took six months to get figures on belt line road as it had been planned from Kailua on and that the County engineer could not get such figures before January 11 as was suggested. Senator Tavares then amended his motion to February 9.

In the opinion of Senator Tavares the extension of the road from Ulupalakua would be much less costly than by way of Kailua, the latter road being characterized by him as a road for sightseers. County Attorney Bevins said he had been around the mountain on that side by trail and while dry, the nature of the country would make the road costly.

Senator Tavares said a less costly type of road could be built by going in that direction. William Walsh brought out the point that the law requires a certain type of road, which is costly, when roads are built from the loan fund.

The committee is expected to go before the board of supervisors with their proposals at the meeting this afternoon.

Supervisor Drummond was at the meeting of the Chamber but did not speak on the subject of the route of the road.

## Irish Have Revenge For Assassinations

(ASSOCIATED PRESS)

DUBLIN, Dec. 8.—Rory O'Connor and Liam Mellowes, insurgent leaders in the fighting at Four Courts last June and Richard Barrett and Joseph McKelvy, two other prominent insurgents, were executed here today in reprisal for the assassination yesterday of Deputy Seamus Hales and a solemn warning to those associated with them "in the conspiracy of assassination against the representatives of the Irish people."

The four men were court-martialed, convicted and sentenced last night. O'Connor had to be assisted to the scaffold.

BELFAST, Dec. 7.—Premier Craig, speaking here this afternoon, declared that Ulster would not appoint a representative to the proposed commission to fix its boundary nor be interested in the commission in any way.

## ENGAGEMENT ANNOUNCED

Announcement has been made of the engagement of Miss Elizabeth Robinson of Boston, Massachusetts, to Walter Baldwin Murdoch, the son of Mr. and Mrs. D. B. Murdoch of Palo Alto, California. As he is best known among his many friends and old schoolmates on this island is now a senior at Boston Tech and is expected to graduate in the coming June.

## Improvement Kahului Harbor Endorsed By Civic Convention

(ASSOCIATED PRESS)

HONOLULU, Dec. 8.—Endorsement of the project for the improvement of Kahului harbor with federal funds was expressed in one of the resolutions passed by the Civic Convention. Another resolution passed was a tribute to the late J. M. Lydgate and others for the preservation of historical landmarks and endorsement of the Pan-Pacific Union.

The Dillingham resolution recommending an appropriation of \$100,000 for the Tourist Bureau was referred to committee and the proposal to have Honolulu supervisors elected by districts was tabled as "local in nature."

## Yesterday's Proceedings

In his welcoming speech at the opening of the convention Governor Farrington sounded the slogan "Build," declared for a program of industry, courage and optimism in meeting territorial problems, referred to the convention as a "Territorial Town Meeting" and praised the convention as broadening the vision, creating the practical and increasing the sense of mutual responsibility.

Clarence H. Cooke and Ernest B. Clarke were selected as permanent chairman and secretary respectively. Worth O. Aiken was made a member of the credentials committee and D. C. Lindsay on the resolutions committee.

## Labor Shortage Denied

Pablo Manlapit presented to the convention a 14-page typewritten statement to the commission from the department of labor from the Filipino labor union which holds that whatever may have been the condition when the statements were presented to Washington there is now no labor shortage, that there are 2000 idle Filipinos in Honolulu. He said there are 4000 more Filipinos than Japanese employed by the plantations and the growth of the Filipino population has equally balanced possible control by the Japanese.

## Control of Ports

Lyman H. Bigelow in his address on harbor improvements urged a policy of ownership and control of all port facilities and said the tendency is towards gradual acquisition by the Territory of all privately owned wharves and docks.

Bigelow said the new system of collecting tolls on freight passing over territorial wharves is working well and outlined a budget that will be presented to the next legislature asking considerable appropriations.

## Honolulu Children Are Not Well Nourished

(ASSOCIATED PRESS)

HONOLULU, Dec. 7.—Honolulu children are not so well nourished as the children of the mainland, Dr. W. R. Emerson of Boston said today. He is here to conduct classes on nutrition problems.

Dr. Emerson, since his arrival, has made observations in the Honolulu schools and says that he has found a larger percentage of malnutrition than on the mainland. There, he said, there was found more malnutrition among the children of the wealthy than those of the poor.

## Sidney Ballou Quits And Mead Succeeds

(ASSOCIATED PRESS)

HONOLULU, Dec. 8.—Judge Sidney Ballou has resigned as attorney for the Hawaiian Sugar Planters Association to become head of the legal department of the California Hawaiian Refinery. The resignation is effective January 1. Ballou has represented the planters association at Washington for 11 years.

It is learned at the office of the planters association that R. D. Mead will succeed Ballou at Washington.

## GARGANTUAN FEAST

(ASSOCIATED PRESS)

HONOLULU, Dec. 8.—More than 13,000 pounds, six and a half tons, of food stuff are being prepared for the Jarrett luau tomorrow. Jarrett is expected home from Kauai tomorrow morning.

## FIRE, STILL RAGING, DEVASTATES ASTORIA

(ASSOCIATED PRESS)

ASTORIA, Ore., Dec. 8.—Twenty-seven blocks of this city are devastated by flames which broke out early this morning and are still raging. There is but one known death. The fire ate into the piling upon which this city is built and all streets in the fire stricken area have collapsed. The damage is estimated at \$1,000,000.

## President In Favor Rigid Enforcement Of Prohibition Law

(ASSOCIATED PRESS)

WASHINGTON, Dec. 8.—President Harding in his annual message which he delivered to congress today, deals with more than a score of topics, the chief among them being prohibition, farm credits, transportation, child labor and immigration. He urged legislation to provide for the registration of aliens and a more thorough examination of immigrants at points of embarkation. He added that "there is a recrudescence of hyphenated Americanism" that is advocating revolution and abusing American hospitality.

The President said that the nation's foreign relations are free from every threatening cloud.

He announced that he plans to call the governors of the states to Washington with a view to perfecting national and state cooperation in prohibition enforcement. He said the day is not likely to come when the prohibition amendment will be repealed, the nation should mould its course accordingly and he advocated a more vigorous enforcement.

Abolition of the railroad labor board is proposed, for it to be substituted a labor division of the Inter-State Commerce Commission to enforce its rulings.

Two constitutional amendments are proposed, one to give congress authority over child labor and the other to restrict the issue of tax exempt securities which, the President says, "are drying up the courses of federal taxation."

## Premiers To Confer; Outcome Is Doubtful

(ASSOCIATED PRESS)

PARIS, Dec. 7.—Premier Poincaré left for London tonight to attend a conference of premiers which is regarded as the most important of any undertaken since the armistice.

It is reported that allied agreement will be impossible if Poincaré insists on his measure to coerce Germany. It is certain that the position of the United States will be discussed.

## Denies Prosperity

BERLIN, Dec. 7.—Minister of Finance Hermes, expounding German finances to the finance committee, cited figures to show that in reality Germany is undergoing a period of merely sham prosperity. He said persons of the middle classes are disposing of family treasures and their looms.

## TURKEY COMING DOWN

CHICAGO, Dec. 7.—Officials of Morris and Company, meat packers, in a statement today said turkeys are plentiful but it is believed the farmers are holding back. It is expected the price will be lower before Christmas and the company advised consumers to delay buying until immediately before the holidays when the grade will be better and the price lower.

## TEACHERS TO ENTERTAIN

Invitations are out from the teachers of Maui Hi at Hamakua for tomorrow afternoon. The affair takes the form of an "At Home" and bridge.

## HOTEL ARRIVALS

Grand Hotel—Clarence Macfarlane, L. B. McNeil, R. J. Lawrence and J. G. Wakefield.

Thursday, December 14.—Directors of Maui County Fair and Racing Association meet at Chamber of Commerce rooms 3 p. m.

## Profits of Fair More Than \$2500

**Director Rice Presents Itemized Statement of Receipts And Disbursements to Association Directors.**

Profits of the Fifth Maui County Fair were \$2517.86, Fair Director Harold W. Rice reported to the directors of the Maui County Fair and Racing Association at their meeting yesterday afternoon. These figures may be changed slightly by a few outstanding bills but the amounts are small and will make little difference in the figures. He presented a detailed statement of accounts and reported verbally on the conduct of the Fair and what should be learned from the experience of this year. In his verbal report he commented on the large item of expense the purses for the horse races are and suggested that such purses could well be cut down at future fair race meets as the horse owners generally are in the races for the sport and the matter of the size of the purses would influence few as to entering.

Total receipts of the Fair were \$12,602.95. Admissions brought in \$6452 and the Fair's share of the receipts of the concession was \$3099.99. Entrance fees for the horse races and stall rentals were \$1340, commercial exhibits paid for space \$916.40 livestock entry fees were \$288, program sales \$116.55 and various other items brought the figures to the total named.

In the debit account it appears that \$3900 was paid in prizes for the horse races and other items connected with that feature brought the cost of the races to \$4017.80, prizes, awards and judges expenses footed up to \$1603.93 the programs cost \$358 and there was expended for general advertising \$243.91. Itemized as general expenses were a number of items the largest of which was \$407.70 for electric lights and current and the total was \$1063.90. Outlays on concessions were \$630.11 and the expenses of the admissions department were \$631.11 while the costs of the livestock section were \$369.28, the fruits section \$339.95, flowers and plants \$107.85, expenses of Boy Scouts used as ushers, guides messengers and for many other purposes, \$184.75 stable expenses \$117.54 and the other items respectively all less than \$100.

Permanent improvements made in connection with Fair amounted to \$249.36.

Director Rice thanked all of those associated with him in the fair work in various capacities and the directors of the association extended a vote of thanks to him as director.

Another meeting of the directors of the Association is to be held next Thursday afternoon.

## Japanese Races

Request for use of the Fair Grounds for races to be held on New Year's day was presented to the directors and discussed and the permission sought was granted. William Walsh, head of the committee in charge of the grounds of the association was authorized to close arrangements with the managers of the project for a percentage of the gross receipts upon which the directors agreed.

## Progress of Science Adds Years To Life

(ASSOCIATED PRESS)

CHICAGO, Dec. 7.—Twelve to fourteen years have been added to the average human life in the last fifty years by the progress of medical science, declared Dean John M. Dodson of the Rush Medical School in a speech here today. Infant mortality has been cut in half; tuberculosis largely robbed of its terrors and fevers and epidemics brought under control, said the dean but added that 600,000 people die annually in the United States from preventable diseases.

## TURKS COUNTER

(ASSOCIATED PRESS)

LAUSANNE, Dec. 8.—Turkey offers a counter suggestion to the Allies proposals as to the Dardanelles. Turkey asks a guaranty against a surprise attack on Constantinople or the Sea of Marmora and prohibiting the maintenance of warships in the Black Sea.

## Maui Chamber of Commerce Roster of Membership Makes High Figure; Next Annual Meeting To Be Held In Evening

**SEVEN SWIMMING RECORDS BROKEN AT ILLINOIS A. C.**

(ASSOCIATED PRESS)

CHICAGO, Dec. 8.—Seven world's swimming records were broken at the meet of the Illinois Athletic Club held here last night.

Johnny Weissmuller swimming the hundred yards dash, free for all, shaved one fifth of a second from the former record of 1:52 2-5; set a new mark of 1:05 2-5 for the 100 yards backstroke, lowering the previous record for that event by one second.

Sybil Bauer established a new record for the fifty yards backstroke doing the distance in 34 4-5.

Howell of Hyde Park high school set a new record for the interscholastic 100 yards free style in the time of 1:55 1-5. Sybil Bauer broke the world's record for the 220 yards backstroke for the second time during the evening. Her time was 3:06 4-5.

## Report of Governor Asks Labor Relief And Share of Money

(ASSOCIATED PRESS)

WASHINGTON, Dec. 8.—Governor Farrington's report was made public today by Secretary of Interior Fall.

The major part of the report consists of reports of department heads which have heretofore been made public.

The Governor's report expressed optimism for the future coupled with emphasis on Hawaii's conservative business policies which appear to have enabled the Territory to weather one of the most critical financial and industrial periods of its history.

Farrington calls attention to the labor shortage and expresses the hope of the early enactment of labor relief legislation.

He outlines the history of alien language schools and adds that in the opinion of many Japanese-Americans such schools should be eliminated. "It is to be hoped that in the not far distant future it may be said of all the alien elements of Hawaii that they are Americans in speech and thought."

He requests that Hawaii may be recognized in the matter of federal appropriations.

His report reviews the activities of practically all the branches of the government and expresses regret at the death of former Delegate Kuhio.

## Consolidation Of Naval Squadrons Into Unit Ordered

(ASSOCIATED PRESS)

WASHINGTON, Dec. 8.—The navy department today announced the consolidation of the Atlantic and Pacific fleets into one "United States Fleet" under Admiral H. P. Jones, supreme commander and Vice-Admiral Eberle the commander-in-chief of the battle fleet unit. No changes in the present assignment of ships or personnel are involved.

ing a peacetime organization that was chiefly for the purpose of effect could be carried into a war emergency without a change, the navy department announced.

The united battle fleet will be composed of a battleship division, light cruiser divisions, a destroyer squadron, aircraft squadrons and such submarine divisions as may be assigned. The department said the reorganization would facilitate the passing of from peacetime to war conditions, saving time at the beginning of a war when time is vital and create an organized fighting force which is only to be expanded in an emergency and to be ready for any campaign.

The reorganization places the whole fleet under the command of the officer who will command it in time of war.

## To Enable Those Who Cannot Leave Work in Afternoon January Session Will Be Held At Night.

Maui Chamber of Commerce will hold its annual meeting on the evening of Thursday, January 11, instead of in the afternoon of that day in order that those members who cannot leave their work in the afternoon may be able to attend, it was decided at the meeting of the Chamber yesterday afternoon. The subject of holding some of the meetings of the Chamber in the evening was brought up by Vice-President Walsh at the November meeting and the members asked to think the subject over before the next meeting. The proposal went through without dissent.

## Largely Increased Membership

The work done by the special membership committee has given the Maui Chamber of Commerce the largest membership it has ever known. It now has its firm and corporation members but the individual membership in addition to those is much larger than at any previous time. Numbers of such members cannot attend after noon meetings and at the annual meeting it will be proposed that the first meeting in each quarter shall be held in the evening. In order to accommodate the large number expected at the annual meeting it is to be held in the Territorial Building at Kahului. In addition to the regular business it has been suggested that some special features be added to the program.

Five new members were admitted yesterday, the Standard Oil Company to corporate membership and Dr. F. A. St. Sure, W. H. Rickard, J. P. Griffin and H. M. Wells. This brings the membership of the Chamber up to 172.

Following the reading of the minutes yesterday a resolution on the death of Louis von Tempsky was adopted.

## Good Committee Reports

Then followed the committee reports and the special membership committee, headed by H. K. Duncan was discharged with thanks after having added 83 new members to the list and having assured the Chamber of ample revenue for the coming year.

William Walsh reported that the Hitchcock painting of the Crater for the new steamer Haleakala had been completed and the Inter-Island Company notified of its readiness.

For the Promotion Committee H. K. Duncan reported that Worth O. Aiken had taken the matter of the Haleakala touching at Kahului up with the Inter-Island Company and such service could not be secured. She will anchor off Mala wharf, close in. As to increased service for Kahului from the Mauna Kea and Kilauea the report was indefinite. Frank F. Baldwin suggested that effort should be made to have the steamer from Kahului run direct to Honolulu, not touching at Lahaina, as Lahaina will have three times a week service by the Haleakala and the Mauna Loa service besides.

## Other Business Transacted

The matter of reception of the officers and crew of the British warship Cape Town was left in the hands of the directors who are waiting further information which is expected on the return from Honolulu of D. C. Lindsay who was asked to secure such information there.

A committee of three was named to take up the subject of a road to Hana with the board of supervisors and have the engineer secure estimates of the cost going around the south side of the mountain as well as the ditch trail route.

A departure from past customs was in having the chair appoint a nominating committee in advance of the annual meeting instead of at the meeting and such a committee of three will be named within a few days.

## FARMERS SUFFER

(ASSOCIATED PRESS)

BURLINGTON, Vt., Dec. 7.—Gray Silver, representing the farm bureau federation, declared in a speech here today that the average net income of the American farmer this year was less than \$465.
