furnished. Sample patterns of the woollen and cotton cloths will be sent by mail to bidders. It is desirable that the articles be of domestic manufacture.
Proposals will be received for any one of the articles separately, and for any portion of each not less than one-fourth of the number or quantity advertised for.
The privilege is reserved by the United States of decreasing the quantity one-fourth on the acceptance of the proposals, and of increasing it not to exceed double the quantity, at any time prior to the completion of the contract, by giving the contractor thirty days' notice of such desired increase; and of rejecting any proposal which may be considered extravagant.
The manufacturer's establishment or dealer's place of business must be distinctly stated in the proposal, together with the name, address, and responsibility of two persons proposed as sureties. The sureties will guarantee that a contract shall be entered into within ten days after the acceptance of said bid or proposal.
Bids from manufacturers will be preferred, or from regular dealers in the articles, and contracts will be awarded to the lowest responsible bidder who shall furnish the required securities for the faithful performance thereof.
Deliveries to commence within twenty days after the acceptance of the proposals, and one-fourth of the quantity contracted for must be delivered in equal monthly proportions within two months from said date of acceptance, and the remainder within three months thereafter, in monthly or greater proportions.
It is to be distinctly understood that contracts are not transferable without the consent of the proper authority, and that any sale, assignment, or transfer, without such consent having been obtained, (except under a process of law) will be regarded as an abandonment of the contract; and the contractor and his or their securities will be held responsible for all loss or damage to the United States which may arise therefrom.
Payments will be made on each delivery, should Congress have made an appropriation to meet them, or as soon thereafter as an appropriation shall be made for that purpose. Ten per cent. of the amount of each delivery will be retained until the contract shall be completed, which will be forfeited to the United States in case of default on the part of the contractor in failing to complete the contract.
Forms of proposals and guarantee will be furnished upon application to this office, and none will be considered that do not conform thereto.
Proposals will be endorsed, "Proposals for Furnishing Army Supplies and Materials," and be addressed

FOR THE CURE OF DYSPEPSIA, INDIGESTION, Weakness or Debility, Flatulency and Nausea, Loss of Appetite, Nervousness, Liver Complaints, Bilious Fevers, and all Diseases of the Stomach, Liver, and Bowels. AS A PREVENTIVE FOR FEVER AND AGUE, THESE BITTERS ARE NOT EQUALLED. W. F. & A. W. GREELEY, Proprietors, Boston.

THE OBJECT OF all medicine is either to prevent disease, or to assist Nature in restoring the various organs of the body to a healthy action, and that medicine is certainly the best which will perform those offices thoroughly, yet mildly, and without endangering the vital forces of the system, by whose normal condition alone health and strength can be preserved. Most of the Bitters that have heretofore been brought into popular favor, have only served the purpose of temporarily stimulating or exciting the organs into a condition resembling healthy action, without any remedial effect, and generally followed by a return of the disease, or a prostration of nervous energy more disastrous than though Nature had been left to take its own course.

Dr. Greeley's Bitters are a preparation of the nutritive properties of the grain of the fields in combination with the active principle of many simple alteratives and bitter tonics, and it is a pleasure to the proprietors to state that its usefulness is being generally acknowledged by the largely-increasing consumption in those sections where it is best known, and by the testimony of many eminent physicians, who have not only made trial of it, but continually prescribe the Bitters in those cases for which it is recommended. AGED PEOPLE, AND ALL WEAK PERSONS, Consumptive patients, and others, whose constitutions have become impaired by time, or enfeebled by disease, and in whom the process of digestion does not replace the fat and tissues of the body as fast as they waste, will find these Bitters at once nourishing and strengthening, and happily adapted for their use. The great advantage the Bitters possess over ordinary stimulants usually prescribed in treating lung complaints and kindred diseases, is the fact that they combine many safe and certain healing properties in connection with the best known stimulant.

DELICATE LADIES Will derive great benefit from it. No unpleasant effect will ever result from taking the Bitters, if the directions are followed. For those who suffer from nervous debility, languor, want of rest, exhaustion, and in all cases of weakness, the Bitters are not equalled. As an agreeable stomachic, it is much admired; it sharpens the appetite, brightens the intellect, and infuses new life and vigor. No one who uses these Bitters can be subject to an attack of FEVER and AGUE, or DIARRHOEA. Of all the ills that afflict men and women, few are so agonizing as Dyspepsia. It is a sort of combination of many diseases. Thanks to science and Dr. Greeley's Bitters, a specific has now been obtained. Greeley's Bitters take straight hold of the disease, and begin a cure. Thousands of well-attested cases of cures of Dyspepsia, Indigestion, and Fever and Ague, emanate from the most desperate kind, are in the possession of the proprietors. Not a few people, everywhere, complain of Weakness or Debility. This is the gentle hint of nature for a little help in the way of invigoration. The hint should not be neglected. "A stitch in time saves nine." Get a supply of Greeley's Bitters, take them regularly, and our word for it you will feel better, live longer, be stronger, and think and act with very much more satisfaction. The Bitters are a tonic, and of a nature never before attained in any medicine. It will make the weak strong, the desponding hopeful, the sick well. For any complaint of the Stomach, Liver, or Bowels, there is nothing comparable with this medicine.

In America, the Liver is the best adapted of all the organs in the body. It is made the saddle of all other organs. As a consequence, it is often out of order, and not unfrequently nearly inoperative. This need not be so; on the contrary, it is quite unnecessary. A little common sense, and a sufficiency of GREELEY'S BOURBON BITTERS, will keep the Liver right, and make man a man, and woman, now miserable, quite happy. The Bitters regulate and strengthen the Liver, no less than purify it. An increase of Nervous Disorders, at the present day, is one of the most alarming indications of the age, or rather, would be, were it not that a most admirable cure had been found. There is not a phase of Nervous disease, whatever it may be, that these Bitters will not act upon favorably, and in the most efficient manner. All who are unfortunately afflicted with complaints of this nature, or with Indigestion, or any disease of the Stomach, should not fail to make use of GREELEY'S BOURBON BITTERS. Chills and Fever. In many portions of the United States this terrible disease visits its victims as naturally as water seeks its level. The system in a particular condition invites it. The right medicine to prevent and cure this malarial, we unhesitatingly say, is GREELEY'S BOURBON BITTERS. It breaks up the fever, drives it from the system, and will keep it at bay, if taken in accordance with directions on the bottle. The Bitters purify and enrich the blood, and this in return strengthens the constitution. As an agreeable tonic, these Bitters have no equal. Greeley's Bourbon Bitters are meeting a sale unparalleled in the history of popular medicines. In all diseases of the Stomach and Bowels they are a sovereign cure. The worst cases of Dyspepsia and Indigestion yield to the remarkable potency of the Bitters, which is so agreeable to the taste as it is specific and unfailing in its good effects.

For sale by Druggists and Grocers, everywhere. W. F. & A. W. GREELEY, Proprietors, Boston, Mass. And Sold by D. B. CLARK, S. B. WATKINS, J. B. WILSON, Washington, D. C., and PEEL & SIBTHORPE, Alexandria, Va. Feb 15
