

NATIONAL REPUBLICAN.

Official Report of the Battle at Romney. The following official report of the battle at Romney was yesterday morning received at the War Department:

Col. E. D. TOWNSEND, Assistant Adjutant General. COLONEL: I have the honor to forward the report from Col. T. Johns, Second Regiment Potomac H. B.

Though his expedition did not attain its entire object, yet it served to test the character of his men. They behaved, to a man, with perfect obedience and entire steadfastness.

Brigadier General Kelly entered Romney about four o'clock yesterday afternoon. With great respect, your obedient servant, C. M. THURSTON, Brig. Gen.

HEADQUARTERS SECOND REGIMENT P. H. B., Camp Thomas, Cumberland, Oct. 27, 1861. Brigadier General C. M. THURSTON, General: In compliance with verbal orders, received at consultation between General Kelly and yourself, on the night of the 25th instant, I concentrated seven hundred of my regiment at the North Branch Bridge, and on the following morning, at five o'clock, marched in the direction of Romney, passing through Frankfort.

Upon arriving at a point one-half mile from Springfield, the rear of my column was fired into by the enemy, from the heights of the road, severely wounding two men, detaining the column about one hour, which was occupied in clearing the woods of the enemy and dressing the wounded.

We marched thence through Springfield, seeing frequent signs of the enemy's horsemen in retreat towards the bridge over the south branch of the Potomac. Upon arriving within a half mile of the bridge, my flankers and skirmishers on the left front discovered the enemy on the opposite side of the river, when a brisk firing at once commenced.

As I was in the vicinity of Romney, we were heard. After skirmishing with the enemy across the river about half an hour, I determined to force a way over the bridge. The enemy, numbering by the best information we could get from four hundred to six hundred, including cavalry, having beforehand appeared and advanced its passage, had arranged covers for his riflemen on an eminence immediately fronting the bridge.

MISCELLANEOUS. PROSPECTUS OF THE WEEKLY NATIONAL REPUBLICAN. The undersigned commenced, in the month of December last, the publication, in this city, of a weekly newspaper, called the National Republican. It is printed on a large sheet, twenty-seven by forty-two inches, and is furnished at the low price of ten cents per copy, in advance. It will contain all the original matter of the daily National Republican, with the exception of local news not interesting to country subscribers. It will give full reports of the proceedings of Congress and of the other departments of the National Government. It will contain all the news of the day, foreign and domestic, markets, &c., &c., as well as an original correspondence from all parts of the country. The miscellaneous department will receive special attention, and, in all respects, the effort will be made to establish the character of the National Republican as a Family Newspaper. Washington being now the central point of the current military operations, great attention will be paid to furnishing the readers of the National Republican with accurate and especially with accurate accounts of the progress of the war for the Union. In politics, the paper will be Republican, sustaining the Administration of Mr. Lincoln, but disclaiming, however, any pretension to be the organ of the President. It is the only other Republican paper in the District of Columbia, or in the vicinity of it, and it is believed that recent events have opened to it a paper an important sphere of useful effort. The time has come, when the actual administration of the Government upon Republican principles will explode the misrepresentations which have made those principles so distasteful to the South. But it is not only here, and in this vicinity, that the projectors of the National Republican hope to make it useful. To the whole country it will be a paper of interest, and especially of interest to those who are desirous of seeing the Union preserved, and which will never be swayed from patriotic duty by any overpowering pressure of local interest. One copy, one year, in advance, \$2.00 Three copies, one year, in advance, 5.00 Five copies, one year, in advance, 7.00 Ten copies, one year, in advance, 12.00 Twenty copies, one year, in advance, 20.00 One copy, six months, in advance, 1.00 Three copies, six months, in advance, 2.50 Five copies, six months, in advance, 3.50 Ten copies, six months, in advance, 6.00 Twenty copies, six months, in advance, 10.00 Payments always in advance. When a Club of subscribers has been forwarded, additions may be made to it on the same terms. It is not necessary that the subscribers to a Club should receive their papers at the same post office. Money may be forwarded by mail, at our risk. Large amounts can be remitted in drafts on New York, Philadelphia, or Baltimore; or smaller amounts in gold, or in notes of solvent banks. Address W. J. MURTAGH & CO., No. 211 Pennsylvania Avenue, Washington, D. C. The daily National Republican is published every morning (Sundays excepted) at \$5.00 per annum, in advance.

IMPORTANT TO INVENTORS.—ROBERT W. FENWICK, (late Master of the U. S. S. Fish Hawk) Branch Office of the Scientific American Patent Agency of Messrs. Munn & Co., and for more than ten years officially connected with said firm, and with an experience of fourteen years in all matters relating to the Patent Office, and the interest of Inventors. OFFICE IN WASHINGTON, D. C., northeast corner of Seventh and F streets, second story, directly opposite the Patent Office. From Hon. Charles Mason, late Commissioner of Patents. In America, the Liver is the best abused of all the organs in the body. It is made the saddle of all other organs. As a consequence, it is often out of order, and not infrequently nearly inoperative. This need not be; on the contrary, it is quite unnecessary. A little common sense, and a sufficiency of GREELEY'S BOURBON BITTERS, will keep the Liver right, and quite happy. The Bitters regulate and strengthen the Liver, no less than purify it. The increase of Nervous Disorders, at the present day, is one of the most alarming indications of the age, or rather, would be were it not that a most admirable cure had been found. There is not a phase of nervous disease, whatever it may be, that these Bitters will not act upon favorably, and in the most efficient manner. All who are unfortunately afflicted with complaints of this nature, or with indigestion, or any diseases of the Stomach, should not fail to make use of GREELEY'S BOURBON BITTERS. Chills and Fever. In many portions of the United States, this terrible disease seizes its victims as naturally as water seeks its level. The system, in a particular condition, invites it. The right medicine to prevent and cure this malady, we unhesitatingly say, is GREELEY'S BOURBON BITTERS. It breaks up the fever, drives it from the system, and will keep it at bay, if taken in accordance with directions on the bottle. The Bitters purify and enrich the blood, and this in return strengthens the constitution. As an agreeable tonic, these Bitters have no equal. Greeley's Bourbon Bitters are meeting a sale unparalleled in the history of popular medicines. In all diseases of the Stomach and Bowels, they are a precious cure. The worst cases of Dyspepsia and Indigestion, yield to the remarkable potency of the Bitters, which is as agreeable to the taste as it is speedy and effectual in its good effects. For sale by EUGENE and GIBNEY, everywhere. W. P. & A. W. GREELEY, Proprietors, Boston, Mass. And sold by D. B. CLARK, S. B. WAITE, and J. W. WILSON, Washington, D. C., and PEARL & STEVENS, Alexandria, Va. feb 13-17

FOR THE CURE OF DYSPEPSIA, INDIGESTION, Weakness or Debility, Flatulency and Nausea, Loss of Appetite, Nervousness, Liver Complaints, Bilious Fever, and all Diseases of the Stomach, Liver, and Bowels. THESE BITTERS ARE NOT EQUALLED.

THE OBJECT of all medicine is either to prevent disease, or to assist Nature in restoring the various organs of the body to a healthy action, and that medicine is certainly the best which will perform those offices thoroughly, yet mildly, and without endangering the vital forces of the system, by whose normal condition alone health and strength can be preserved. Most of the Bitters that have heretofore been brought into popular favor, have only served the purpose of temporarily stimulating or exciting the organs, without any remedial effect, and generally followed by a return of the disease, or a prostration of the nervous energy more disastrous than that which Nature had been left to take its own course.

Dr. Greeley's Bitters are a preparation of the nutritive properties of the grain of the fields in combination with the active principle of many simple alteratives and bitter tonics, and it is a pleasure to the proprietors to state that its usefulness is being generally acknowledged by the largely-increasing consumption in those sections where it is best known, and by the testimony of many eminent physicians, who have not only made trial of it, but continually prescribe the Bitters in those cases for which it is recommended. AGED PEOPLE AND ALL WEAKLY PERSONS, Consumptive patients, and others, whose constitutions have become impaired by time, or constituted by disease, and in whom the process of digestion does not replace the fat and tissues of the body as fast as they waste, will find these Bitters at once nourishing and strengthening, and happily adapted for their use. The great advantage the Bitters possess over ordinary stimulants usually prescribed in treating lung complaints and kindred diseases, is the fact that they combine many safe and certain healing properties in connection with the best known stimulants.

DELICATE LADIES Will derive great benefit from it. No unpleasant effect will ever result from taking the Bitters, if the directions are followed. For those who suffer from nervous debility, languor, want of rest, exhaustion, and in all cases of weakness, the Bitters are not equalled. As an agreeable stomachic, it is much admired; it sharpens the appetite, brightens the intellect, and infuses new life and vigor. No one who uses these Bitters can be subject to an attack of FEVER and AGUE, or DIARRHOEA. Of all the ills that afflict men and women, few are so agonizing as Dyspepsia. It is a sort of combination of many diseases. Thanks to science and Dr. GREELEY'S BOURBON BITTERS, a specific has now been obtained. GREELEY'S BOURBON BITTERS take straight hold of the disease, and begin a cure. Dyspepsia, indigestion, and Fever and Ague, even of the most desperate kind, are in the power of the proprietor.

Not a few people, everywhere, complain of Weakness or Debility. This is the gentlest kind of nature for a little help in the way of invigoration. The hint should not be neglected. "A stitch in time saves nine." Get a supply of GREELEY'S BOURBON BITTERS, take them regularly, and our word for it you will feel better, live longer, be stronger, and think and act with very much more satisfaction. The Bitters are a tonic, and of a nature never before attained in any medicine. It will make the weak strong, the desponding hopeful, the sick well, and give relief to the afflicted. For every complaint of the Stomach, Liver, or Bowels, there is nothing comparable with this medicine. In America, the Liver is the best abused of all the organs in the body. It is made the saddle of all other organs. As a consequence, it is often out of order, and not infrequently nearly inoperative. This need not be; on the contrary, it is quite unnecessary. A little common sense, and a sufficiency of GREELEY'S BOURBON BITTERS, will keep the Liver right, and quite happy. The Bitters regulate and strengthen the Liver, no less than purify it.

The increase of Nervous Disorders, at the present day, is one of the most alarming indications of the age, or rather, would be were it not that a most admirable cure had been found. There is not a phase of nervous disease, whatever it may be, that these Bitters will not act upon favorably, and in the most efficient manner. All who are unfortunately afflicted with complaints of this nature, or with indigestion, or any diseases of the Stomach, should not fail to make use of GREELEY'S BOURBON BITTERS. Chills and Fever. In many portions of the United States, this terrible disease seizes its victims as naturally as water seeks its level. The system, in a particular condition, invites it. The right medicine to prevent and cure this malady, we unhesitatingly say, is GREELEY'S BOURBON BITTERS. It breaks up the fever, drives it from the system, and will keep it at bay, if taken in accordance with directions on the bottle. The Bitters purify and enrich the blood, and this in return strengthens the constitution. As an agreeable tonic, these Bitters have no equal. Greeley's Bourbon Bitters are meeting a sale unparalleled in the history of popular medicines. In all diseases of the Stomach and Bowels, they are a precious cure. The worst cases of Dyspepsia and Indigestion, yield to the remarkable potency of the Bitters, which is as agreeable to the taste as it is speedy and effectual in its good effects.
