

## COLUMBIAN FOUNTAIN.

LEATHER.—This article has not heretofore been much exported to England, on account of the heavy duties, but within the last year, the duties have been greatly reduced, and leather is now beginning to be sent in large quantities. The fact is, the improvements which have been made in tanning, by shortening the time of preparing the article, by Mr. Swan, of Dayton, Ohio, enables persons with moderate means to engage in the business, as they can 'turn their capital' three or four times a year.

There are two kinds of leather manufactured in the United States, the red and the white; the former is tanned with hemlock, and the latter with oak bark. The red leather is principally used in the United States, the white suits better in the English market. We shall be greatly deceived if the export of leather to Europe does not increase 20 per cent. in two years, and in ten years we think that article will become the fourth article in value of export from the United States.

The expense attending tanning in England, notwithstanding the low price of labor, is so great, that that country cannot any longer compete with American leather manufacturers; and every day this fact will be more obvious to all who have made any inquiry into this interesting subject. Mr. Swan is now on his way to London, where he has successfully introduced his improved principle of tanning, and we are certain if his plan is adopted in all parts of the United States, an entire revolution will take place in the trade—which must terminate in our supplying England with a large portion of her consumption of leather.

[N. Y. Telegraph.]

In the matter of fighting, there is one thing I always keep my eyes on, and I found Gen. Scott of the same way of thinking, and that is, to depend less on folks who say they are ready to shed the last drop of their blood, than on folks who are ready to shed the first drop.—Give a man 8 dollars a day to make speeches in Congress, with the right of free postage, and you hear enough of 'last drop' matters; when it comes to camp duty, then the 'first drop' folks have to stand the racket at eight dollars a month!—Jack Downing.

Charles Lamb was a clerk at the India House, and the routine of business was not what he loved best in the world. One day one of the high authorities of that temple of Mammon said to him:

'I have remarked, Mr. Lamb, that you come very late in the morning.'

'Yes sir,' replied the wit, 'but I go away early in the afternoon.'

The address of the excuse smiled the reviewer, who turned away with a sigh.

Having made use of your much celebrated Teaberry Tooth Wash, I feel convinced that it is the best article I have ever known, and hereby warmly recommend its use to the public in general as a pleasant and efficacious article for preserving the Teeth and Gums.

ROBERT E. JOHNSTON.

For a number of years my Teeth and Gums were so much out of order as to prevent me from eating with pleasure, and caused me much pain. Having heard of Wheeler's Teaberry Tooth Wash, I do certify that I tried one small bottle of it, and in less than two weeks my Teeth and Gums were sound and good. I believe that the use of it would be an advantage to many others. J. BRAZER.

## Certificates of Members of the Philadelphia Bar.

Having used Wheeler's Teaberry Tooth Wash and powder, I have found them to possess cleansing and purifying properties, and while they whiten and beautify the Teeth, they have a beneficial effect upon the gums, by imparting to them free and healthful action.

H. R. KNEASS.

## Certificates of Ladies and Gentlemen of Philadelphia.

It is with gratitude that I send the following certificate, hoping that many who suffer will be led by a perusal of it, to obtain Wheeler's Teaberry Tooth Wash, which article I used, and it has effectually cured tooth ache, soreness of the gums, removed scurf from my teeth, and I fully believe has entirely arrested all decay of them. I trust that all who suffer, having either of the same species of complaint, will as soon as possible use Wheeler's Teaberry Tooth Wash, that they may be relieved.

JULIANA CUTHRAL.

Owing to having taken cold, but mostly in consequence of the acid of a paint used in coloring prints, my teeth became very much injured, giving excruciating pain at intervals, for between two and three years. Wheeler's Teaberry Tooth Wash was used, and has entirely cured them, which, in certificate form, I send, that those who wish a perfect remedy for painful teeth, and also desire a pleasant Tooth Wash, may with confidence try Wheeler's Teaberry Tooth Wash.

MARY A. TAYLOR.

Wheeler's Teaberry Tooth Wash having removed scurf and cured soreness of the gums, which had troubled me for two years, it is my belief that it is a highly useful article, and that it is advisable to those who suffer with the teeth and gums to make use of it.

MARY SULLIVAN.

Your Teaberry Tooth Wash cured the tooth ache and also soreness of the gums in my family, and I send you this certificate that those who suffer with tooth ache or soreness of the gums may know that it is a remedy for them, and a very pleasant Tooth Wash.

FRA'S PREVOST.

W. Wheeler. Wheeler's Teaberry Tooth Wash having cured soreness of the gums, and effectually stopped bleeding of the gums, I deem it a debt of gratitude for the relief which it afforded me, and a duty owed to my fellow beings, to say, that it is my firm conviction, that those who will use Wheeler's Teaberry Tooth Wash, for the teeth and gums, will find that it is an important article.

THOMAS J. McCURDY.

From much severe suffering of myself, and others of my family, with decayed Teeth and sore Gums, and the many respectable testimonials highly in favor of Wheeler's Teaberry Tooth Wash, I was induced to give it a trial, after which my family used it, and I rejoice to say that it did perform a thorough and effectual cure for all, and is the best article that I ever knew of. I would recommend its use to those who may be suffering.

## Colleton Bitters.

THESE Bitters are purely a vegetable compound, and are offered to the public from principle of benevolence, under the fullest conviction that they will be found a safe and sovereign remedy for Dyspepsia. They have been triumphantly tested, not only by some of the most respectable families and physicians in the State of South Carolina, who have furnished ample testimony as to their decided excellence, but also by the proprietor, who, for ten years, suffered all the gloom incident to that stubborn and distressing disease. They possess the peculiar excellence, denied to most other Bitters, of not proving injurious by continued use. They contain not a single deleterious ingredient, and, as seen from the directions which accompany each bottle, may be given with entire safety to an infant in the month.

With pleasure, and for the benefit of mankind, I send you a certificate relative to the Colleton Bitters.

In the year 1838, when the cholera was in Charleston, S. C., I was compelled to send a servant to the city. On his return, he was suddenly attacked with most violent pain in his bowels, so much so as to cause apprehension that he would expire in a short time, if medical aid could not be procured. I immediately resorted to the Colleton Bitters, by giving a wine glass full at a dose. In the course of a very short time it acted as an emetic, and throwing him at the same time into a profuse perspiration. I then continued to give it in small doses, from two to three tea spoonfuls, which resulted in a happy recovery. Since then I have been using it constantly in my family, in cases of cholera morbus, cholera infantum, diarrhoea and general debility, and in every instance found it highly beneficial. Some constitutions, however, require much larger doses than others.

JOS. D. JENKINS.

Bluffton, S. C., 1846.

It is with feelings of gratitude as well as pleasure that I take this method of giving my testimony of the great estimation which I entertain for your invaluable compound. In justice not only to the medicine, but for the benefit of others who may be suffering from the same malady, Dyspepsia, with which I was for years afflicted, I feel it a duty incumbent on me to state that I am now restored to perfect health. When I commenced taking the Colleton Bitters it was as a last resort. My debility from indigestion was so great that a cure was looked upon as almost hopeless. After taking it regularly and perseveringly for some time, my strength and digestive powers were entirely restored. I have never taken a single dose of any other medicine for more than five years past. I can now eat the richest food without any unpleasant feelings whatever. I have also used Colleton Bitters freely in my family for cholera infantum, cholera morbus, general debility, and as a tonic after fever, with great success. As a family medicine I deem it invaluable, and do conscientiously recommend it.

## WHITE'S Compound Syrup of WILD

CHERRY, Sarsaparilla, and other MEDICINAL PLANTS. The preparer of the above Syrup, having witnessed for many years its extraordinary effects in obstinate coughs, and, in truth, in all breast complaints tending to consumption, has been induced by many of those who have experienced its salutary operation, to offer it to the public, under the full conviction that the timely use of this compound will avert the fatal termination of many cases.

The preparer adds to this notice the certificates of two respectable citizens, who ascribe their restoration to health to this preparation.

This is to certify that my daughter received great benefit from a mixture called Compound Syrup of Wild Cherry and Sarsaparilla, prepared by Mrs. J. C. White, on 9th street, between D and E streets. Her cough was entirely cured by using the above Syrup, and I take pleasure in recommending it to the public as a sure and speedy remedy for coughs, however violent or long standing. J. K.
