**LOCAL MATTERS.**

**This day grand opening of fashionable  
 Spring goods at Welisch's.**  
 We have some interesting statistics from  
 J. S. Vosburg, acting Territorial Auditor,  
 but will have to leave them till next week.

**The Hon. John Smith** elsewhere an-  
 nounces himself as an independent candi-  
 date for the delegateship. Mr. Smith is  
 a prominent merchant of McDowell and  
 an old resident of the Territory.

**THEO. WELISCH** has received this week  
 a splendid variety of ladies', misses', chil-  
 dren's and infants' fashionable straw hats,  
 Florence lace and Japanese sundowns,  
 embroidered Marseilles hoods, satin and  
 lace caps and bonnets.

**THE BALL** at the Park Brewery this eve-  
 ning promises to be a choice affair. The  
 preparation has been thorough, and noth-  
 ing will be lacking. Music, dancing, feast-  
 ing and a grand balloon ascension are on  
 the bill of fare. Go early.

**OHNESORGEN & ELAND** mean business  
 at San Pedro Station. A station keeper  
 who maintains the right kind of hostelry  
 on the long dry roads of Arizona is a ben-  
 efactor to the human race. In addition to  
 other comforts, the above firm have added  
 a fine bar to their station.

**THERE** has been much trouble among  
 the farmers occupying the lands west of  
 town, on account of scarcity of water in  
 the river and alleged illegal appropriation  
 of it. The matter was brought before  
 Judge Osborn Wednesday and an amicable  
 settlement arrived at, to the apparent  
 satisfaction of all parties.

**BUSINESS** in Justice Osborn's court has  
 been quite lively the past week. After  
 disposing of a number of criminal cases,  
 there came before the court the civil case  
 of C. H. Lord versus Jacob Youtsey, for  
 claim and delivery of personal property.  
 After argument by counsel, the matter was  
 submitted to the jury who returned a  
 verdict for C. H. Lord.

**SECRETARY BASHFORD** received a tele-  
 gram this week informing him of the ar-  
 rival at Prescott, from San Diego, of R. H.  
 Burmeister and wife and W. C. Bashford.  
 The former is Gov. Bashford's son-in-law  
 and the latter his son. They have taken  
 an interest in the mercantile business of  
 Levi Bashford, and will make Prescott  
 their future residence.

At a meeting of the village council,  
 Wednesday evening, the matter of open-  
 ing Meyers-st. through the property of F.  
 S. Leon was adjudicated. Judges John Ti-  
 tus and L. C. Hughes appeared on behalf  
 of Mr. Leon, and after argument and state-  
 ment, and to avoid slow and expensive  
 process at law, it was ordered by the coun-  
 cil that Mr. Leon be allowed \$800 for his  
 property appropriated for the street, pro-  
 vided the money is raised by the people  
 interested within the month.

We have been presented with a good  
 portrait of Gen. Crook, by D. P. Flanders,  
 photographic artist at Prescott. In a note  
 accompanying the picture, Mr. Flanders  
 says: "I take my departure for Tucson in  
 a few days. On arrival I shall be prepared  
 to execute all the different styles of work  
 known in photography, in the most art-  
 istic manner. I shall also have an exten-  
 sive assortment of stereoscopic views taken  
 by myself in the northern section of  
 Arizona."

**S. HUGHES** knows how to make money  
 as well as any other gentleman in town,  
 but then he isn't mean. The public school-  
 house faces to the west and during the last  
 and hottest half of the day the sun pours  
 on the walls and collects its rays in the  
 corners and creeps through the crevices  
 and makes things hot generally. That's  
 the way it was, but not as it is. For Sam-  
 my has thrown a ramada along the whole  
 extent of the building. It looks cool and  
 pleasant and is a most decided improve-  
 ment. We believe the school authorities  
 paid for some of the labor required in put-  
 ting it up and Mr. Hughes did the rest, but  
 it is so good an act, and so modest when  
 that we will just give the latter the whole  
 credit.

**PERSONAL.**—Thos. Ewing left for Pres-  
 cott last Sunday.

Joseph Collingwood came in from Flor-  
 ence on Tuesday.

Rev. G. A. Reeder left for Yuma by Tues-  
 day's stage.

Mr. Woffenden came in from the Gila  
 on the 6th.

C. O. Brown went on a trip to the Oro  
 Blanco mines on Wednesday.

Lieut. A. E. Woodson arrived in town  
 from Grant on Thursday.

S. B. Wise is in town to-day from San-  
 ford.

Gen. J. E. McCaffry and Maj. C. H. Vell  
 arrived on Thursday from Phenix.

Mr. Jaeger left for Yuma on the 2d, hav-  
 ing completed his mining patent business  
 as far as possible for the present.

Lieut. E. W. Ward left on Wednesday  
 and Dr. Newlands on Thursday for Camp  
 Apache.

F. Malsh and C. A. Shilbell, beef con-  
 tractors, came in from Prescott Wednes-  
 day.

Samuel McClatchy came in this week  
 from the San Pedro, where he has taken  
 up a ranch, and seems to be on the road to  
 prosperity.

Lieut. W. F. Rice and wife arrived from  
 Prescott on Thursday and are en route to  
 Camp Apache, which is the Lieutenant's  
 station. They will leave for Apache to-  
 morrow.

C. H. Meyers took his departure on the  
 24th ult. for New York, via San Francisco.  
 From New York he will take passage for  
 Germany. He is on a visit to his parents  
 and expects to be absent some three  
 months.

E. M. Pearce and G. W. Hamor went out  
 last Wednesday to the copper mines of the  
 former, in Silver Mountain district. Mr.  
 Pearce took with him two practical smel-  
 ters whom he has engaged for the works at  
 his mines.

A. C. Benedict left last week on a trip to  
 the Hot Springs near Rio Mimbres, N. M.,  
 where he proposes a sojourn of several  
 weeks. These springs are quite noted for  
 their remedial properties in certain com-  
 plaints, and wonderful cures are narrated  
 as having been effected by their waters.

On last Tuesday evening Lieut. J. H.  
 Pardee and wife were complimented by  
 the garrison of Camp Lowell with a grand  
 ball previous to their departure for Camp  
 Grant, which is Lieut. Pardee's station.  
 The entertainment was given at the com-  
 manding officer's quarters. A number of  
 our citizens were present.

**Apaches Near Tucson.**

A Mexican boy made his appearance in  
 Lowell last Wednesday, in a dilapidat-  
 ed condition and considerably the worse  
 for wear. His head was partly shaven, he  
 was nearly naked and had been scratched  
 across the breast with a knife. He stated  
 that he belonged to Roger's lumber camp,  
 that some Apaches had caught him away  
 from camp and had left him in his then  
 sorry condition and let him go. They  
 don't usually do things that way but they  
 have done as unusual things before this  
 instance.

News was brought to town Thursday  
 evening that the Indians had attacked  
 James Lee's camp, on the other side of the  
 Santa Catarina mountains, had killed one  
 man named Santos and wounded another  
 and taken some stock.

Mr. Lee and others started for the camp  
 the same evening and at the present writ-  
 ing have not returned. This camp is about  
 twenty miles out, around N. W. point of  
 the Santa Catarina mountains.

Mr. Lee returned last evening. There  
 had been no attack on his camp and no  
 stock stolen, but the Indians had been  
 around for several days and one of the  
 employees of the camp venturing a short  
 distance in hunting, was killed by them.

The Indians have seemed to take a  
 special liking to the vicinity of Tucson  
 during the past two months, hanging  
 around our outskirts and crossing between  
 the mountains on all sides of town. It  
 would be best for all who go on the roads  
 in this vicinity for some time to come,  
 to look well to themselves.

LADIES' and children's dresses cut and  
 made in best style, to order at Welisch's. \*

**Mining Prospects.**

In the way of mining news, we are in-  
 formed that Messrs. Jaeger and DeArmitt  
 have applied for a survey of the Fernan-  
 dez Vein mining claim, with the inten-  
 tion of applying for patent thereto. The  
 mines which deputy surveyor DeLong has  
 lately surveyed for Mr. Jaeger are the Pi-  
 cacho, the Cokespa and the Cobreza. They  
 are situated about sixty miles nearly due  
 west of Tucson, in the Cababi district.  
 These mines are old acquaintances of  
 residents of Tucson, have been worked  
 more or less for years and are noted for  
 the richness of the ores, containing cop-  
 per, silver, lead and gold. Mr. Jaeger, in  
 proceeding to patent, intends to do with  
 these mines, what should and would have  
 been done long ago under more favorable  
 circumstances, properly develop them.

The Picacho is the oldest, having been  
 worked since 1861. It is safe to say that  
 more ore has been taken from this mine  
 than from any other silver mine in this  
 Territory. Those who know, state that  
 it has already produced over half a million  
 in silver.

The second mine, the Cokespa, is of  
 more recent date. We believe it was first  
 worked in 1867. The ore is good and al-  
 together it is a promising location.

The third mine of Mr. Jaeger is the Co-  
 breza. We are under the impression that  
 this claim has only been worked for the  
 past two years; but the developments  
 have been to some purpose and a more  
 determined and systematic course seems  
 to have been pursued, during the time the  
 work has been carried on. There are ex-  
 tensive shafts and a considerable line of  
 works on this claim. It is confidently  
 believed that the Cobreza will prove the  
 best mine of the three.

A late letter from Mohave county says:  
 "Our mining interests were never looking  
 so well before; not in the "going to  
 strike it when we get below water" kind  
 of way, but in actual developments made  
 in the last two months. At Stockton the  
 "63" has had six men sinking for two  
 months and all the time in not less than  
 two feet of good shipping ore. Another  
 mine, the "Tigress," has a little more  
 than ten tons on the dump, sacked for  
 shipment, which assays, (samples drawn  
 from each sack and mixed,) over \$600 per  
 ton, and more ore in sight in the mine,  
 than ever before. The Keystone company  
 have had their pumping machinery at  
 work for several weeks, and are sinking  
 with a force of fifteen men, a shaft 5x8  
 feet, all in ore, and most of it rich enough  
 to ship."
