

THE CITIZEN.

SATURDAY, NOVEMBER 18, 1876.

Delegate to Congress.

It is as difficult to decide who is the next delegate to Congress from Arizona as to determine who is next President of the nation.

Pinia county.—Stevens 499, Oury 210, Hardy 26. Yavapai county.—Stevens 297, Oury 203, Hardy 837.

Mohave county.—Stevens 13, Oury 10, Hardy 165. Yuma county.—Stevens 164, Oury 31, Hardy 7.

Final county.—Stevens 76, Oury 203, Hardy 63. Maricopa county.—Stevens 31, Oury 249, Hardy 14.

Recapitulation from the whole Territory, as far as now known.—Stevens 1080, Hardy 1052, Oury 909.

There remains yet to hear from some outlying precincts in Mohave, Pinal and Yavapai counties.

As the dangers gather about the Presidential election and the talk of war gathers head in the ominous suspense, we suggest to those who doubt the growth of education and intelligence among the people, to stand around and listen to the ordinary street conversation.

To those who anticipate danger to the republic we would say: Look at and listen to the men who talk and dispute in public places, and compare them with the public of even sixteen years ago.

Mark the advance of education and intelligence, and argue the brightest promise to our beloved country from the spread of education.

The great questions of general government are about as well understood by the American populace to-day as they were erstwhile by the scholars of the Republic.

Let us continue to educate the people. Let us look faithfully to our public schools.

The latest news we have of the election in New Mexico is November 11, when Romero, the republican candidate for delegate, was 1200 ahead in the Territory.

In Grant county, the democratic ticket was elected, while in Doña Ana county, according to the Mesilla News, the republican ticket was elected.

In Pinal county the vote as far as heard from stands: Oury 205, Stevens 66, Hardy 3. Levi Roggles is elected to the Council and George Scott to the House.

TELEGRAPHIC NEWS.

Special Dispatches to THE CITIZEN, by United States Telegraph Line.

PACIFIC COAST MATTERS.

SAN DIEGO, November 13.—The situation regarding the presidential election remains unchanged.

SAN DIEGO, November 14.—The Union special from New York yesterday says the Tribune's special correspondent at Washington says it is now considered established that the election turns upon the result in Louisiana.

SAN DIEGO, November 15.—Nearly all western telegrams now concede the election of Hayes and Wheeler.

A political mob has been rioting in Baltimore for two or three days. The dispatches do not state the origin of the riot which appears to have been spontaneous.

SAN DIEGO, November 15.—The office of the American newspaper was surrounded by an excited throng, and the publishers were obliged to take down their bulletin board of election news and to haul down their Hayes and Wheeler flag.

SAN DIEGO, November 15.—The situation in regard to result of the election is unchanged since last dispatch, and may be summed up thus:—Returns as received from all the States except Louisiana, South Carolina and Florida, are sufficiently complete to give Tilden the presidency if either of the three doubtful States should prove to be democratic.

Prand in doubtful States is charged by both parties. President Grant urged fair men of both parties, in whose people have confidence, to go to these states and insure a fair count.

The democrats sent none to South Carolina and Florida, thereby apparently conceding those States to the Republicans.

Both parties sent none to Louisiana. Returns from the latter States as far as received, indicate R. success. The returning board

of that State meets 17th inst. at latest. Republicans every where say positively that Hayes is elected.

SAN DIEGO, November 17.—Mail from the north did not arrive yesterday until 8 o'clock in the evening.

SAN DIEGO, November 17.—A New York dispatch says: It is estimated that there are two millions of dollars locked up in pool boxes here.

SAN DIEGO, November 17.—The Presidential election now having been settled as far as can be until the official vote is received from Louisiana, Florida and South Carolina.

from thirteen counties show that Tilden is 1800 behind Hampton.

NEW YORK, November 15.—The Times' Tallahassee dispatch today says, as the county canvassers go on with returns it becomes more and more apparent that Hayes will run far ahead of the state ticket.

NEW YORK, November 16.—The Herald is tired of the constant attacks upon the President in the Democratic press, in connection with his provisions to preserve public order.

NEW YORK, November 16.—It is the opinion of gentlemen connected with foreign embassies here that war in Europe is inevitable before Spring.

WASHINGTON, November 16.—It is said that six of the Presidential electors elected in the south have never had their disabilities removed.

SAN DIEGO, November 16.—The special correspondent at New Orleans telegraphs the New York Tribune as follows:—"Though outwardly there is a calmer feeling, a strong undercurrent is noticeable, and there is no attempt to disguise the determination to make war in case the returns are not so counted as to give the state and nation to the Democrats.

SAN DIEGO, November 16.—The special correspondent at New Orleans telegraphs the New York Tribune as follows:—"Though outwardly there is a calmer feeling, a strong undercurrent is noticeable, and there is no attempt to disguise the determination to make war in case the returns are not so counted as to give the state and nation to the Democrats.

FROM Governor Safford who returned from the Silver King mine last Wednesday, we get the following items relative to mining in that district:

The Silver King company are working forty two men and are sending by wagons to San Francisco, twenty-five to thirty tons of ore per month, which is sold there for from one to two thousand dollars per ton.

The company also takes out and lays aside about eight tons of ore per day, worth from \$300 to \$400, per ton. A shaft has been sunk on the lode 115 feet and a cut has been run across at one point 97 feet.

Both the shaft and cross-cut are in the same rich ore described above and the wall on either side has not yet been reached by the cross cut.

One of the predominant features of the ore found, is the immense quantities of silver. At every stroke of the pick the pure silver glitters and pieces are taken out weighing hundreds of pounds permeated through and through with strata of pure silver.

A number of persons have examined the Silver King who have been familiar with the Comstock from the first discovery of that lode, and the universal testimony is that the Comstock never showed at any point on the lode so rich or extensive a deposit of mineral as that shown by the Silver King at its present stage of development.

The King is now owned by B. W. Reagan and Chas. Mason, and is superintended by Aaron Mason, brother of one of the owners. He is an experienced miner and the mine is now being well managed.

M. L. Power is sinking on the south extension and will doubtless soon find the lode. The Mountaineer Company, on the South-east, have also commenced work and have a well defined lode.

The Athens company are taking out considerable quantities of chloride ore, with from \$3 to \$5 per pound. The Silver King district bids fair to become one of the richest and most extensive in the Territory, and as the Comstock made the State of Nevada, it is not improbable that the Silver King will do much toward making the State of Arizona.

UNDER date of November 2, a correspondent of the Silver City Herald writes the editor of that sheet as follows:

Editor Herald: THE ARIZONA CRITIC of the 28th ult., in its usual off-handed way and disregard of newspaper courtesy indulges its propensity to charge as a life your pleasantlies in regard to the small-like drag of public justice in the district court of Pima.

For the editor's information I will state that the reason for the adjournment of that court at the last term until "after the election" was for cause which did not and never will appear on the docket, and which cause is more than guessed at by nine-tenths of the intelligent citizens of Tucson.

Ugly facts, if not to say damning, will sometimes creep out during the course of a trial more damaging perhaps to parties not named on the record, than the prisoner at the bar. An indictment is based upon ex-parte testimony which sometimes changes its color before a petty jury, and sometimes upon a cross-examination a chain of evidence before a trial jury proves a mere rope of sand.

Justice certainly is shipshod when a defendant's right to speedy trial by a jury of his peers is disregarded and he is made to travel from his home with the alacrity of a weaver's shuttle at stated times of holding court.

Mr. Samuel Lauren has traveled eight hundred and eighty miles and in extension of the hardship imposed upon him the CRITIC'S "court sessions are expensive" and comments "the present head of this judicial district" for "cutting court sessions off short."

Short shorter than a yellow pup's tail, he might have added in order to round a period. THE CRITIC'S rings in, in this connection, the blowing up of "Hell gate," but in the same breath becomes the apologist for staving off another explosion, that is likely to follow the examination in question.

Our remarks, referred to above, were only made in defense of the adjournment of our August term of court for good, wise and sufficient reasons. But if any good citizen of Silver City or elsewhere is being wronged by the machinations of any one connected with our court we should like to help him, and published the above as an opening wedge. We are not very well posted in the case in question, but we understand that with every disposition to try Mr. Lauren's case, (conspiracy,) the absence of all the charged fellow conspirators causes the delay in trial.

MARRIED. In Tucson, on November 16, at the residence of the bride's parents, the Rev. Father Antonio Jouveaux officiating, Mr. S. W. Carpenter to Miss Tomasa Meyers.

[The congratulations of many friends are extended to Reeler Carpenter in this new departure of his, and the happy couple have the wishes of all for a long life and wedded bliss.]
