Messrs. Wilson & Haskell filed their petition with the Probate Judge, yesterday, for the construction of our County buildings. The bond was approved by the Judge, and you may presume the work will commence, and in a short time a fine stone edifice will grace the public square.

Uncle Ike Bradshaw, brother to the late J. Bradshaw, arrived from Bradshaw Mountain, yesterday, coming by way of Phoenix. Bradshaw and the Peck Mine, which he describes as being the richest bonanza ever seen by him, not excepting the rich silver mines of old Mexico.

Master Charlie Curtis had a surgical operation performed upon one of his limbs this morning by Dr. Lincoln. In play, Charley had the misfortune to fall upon a sharp stone, a piece of which penetrated the limb, and broke off. It has remained in the limb for some time and has been a continual source of annoyance as well as being quite painful. Like a true hero he walked up to the doctor's office this morning and had the fragment removed from the resting place of the last two years.

J. W. Swilling, of Black Canyon, has sold his interest in the Basin Lead, a very valuable mine, to Thomas Bartram and T. Bronson for the sum of \$1,500. The Basin mine is in Humboldt district and carries ore of a very high grade. The new owners will work this mine with a view of testing its real worth as they are confident that they have a big thing in this investment, which only requires a little exertion on the part of man to bring forth.

TERRITORIAL TREASURER.—Our predecessor, Hon. Tom Butler, was tendered the position of territorial Treasurer some time since, and he accepted the office. Mr. Butler will be in Prescott, probably, some time this week. He will have business here which will require his presence most of the time in this city. No other selection could have been made by the Governor, nor one that would give more general satisfaction. Mr. Butler is a good business man, perfectly reliable, and any money entrusted to his care will be as safe as though deposited in the bank of England.

The Honor, Judge French, rendered his decision in the mandamus issue of the Iron spring road, owned by S. C. Miller, vs. the Board of Supervisors of Yavapai County. The Board of Supervisors was ordered to issue the writ of mandamus, and the machinery is in place, and ore is being piled in front of the battery, for working, selected from the Grotto mine. When the mill starts up for good, which will be so soon as the smokes stack arrives on the ground, and that will be in about five or six days, as it had arrived at Skull Valley yesterday morning and was transferred to other wagons to be started for the Bradshaw immediately.

The Board of Supervisors met this morning. The members being present, as follows: Gilson Brooke, Chairman; Geo. W. Curtis and Jos. S. Cook. A contract covering 30 pages, between Yavapai county, through the Board of Supervisors, and Wilson & Haskell, was examined in detail, signed by the parties thereto, and Messrs. Wilson & Haskell have the contract for building the new court house, jail, offices, etc., which are to be erected on the Plaza. Now, we will say to our friends on the outside that the County Supervisors have concluded that this is the time to erect said buildings and there is no use kicking.

Notice is hereby given to the general public, that the Peck Mining Company, desiring to illuminate all the world and the rest of mankind by something other than giant powder, have engaged the highly honored, Wm. M. Buffum as their first Assistant, to discharge from the top of Capital Hill, in the city of Prescott, Arizona, on the 8th day of July, 1877, the first explosion of dynamite. These dynamites have been constructed expressly to illuminate the Indian question from Granite Mountain to San Francisco, Peck and elsewhere, whether far or near, are invited to witness the results and draw their own conclusions.

Mr. Sam Goodwin, son of Michael Goodwin, because "Annie" named her, to-day, having attained 21 years. With his birthday came also valuable presents from relatives. From his father he was the recipient of a beautiful steam-winding gold watch, chronometer balance, manufactured by Anderson & Randolph, San Francisco. From his mother came a solid gold chain to be attached to the instrument presented to him, which, undoubtedly, will be used as an adviser in many ways. From brothers and sisters came shirt studs of beautiful manufacture, silver buttons of the solid metal, every watch and cigarette cases, and delicately embroidered handkerchiefs. These presents were justly bestowed, and were highly appreciated by Sam, who we are satisfied will be an exemplary man and good as he has been boy and young gentleman for quite a number of years that we have known him.

When we looked upon that bright watch and chain we almost wished that we were just twenty-one and the recipient of those valuable mementoes.

DANCE AT LEE'S.—About sixty couples from the different valleys and the town of Prescott celebrated the Fourth with a grand ball at the American Ranch. There will be a public exhibition of the champion (Baraback) fire extinguisher on the plaza, Saturday evening next at 8 o'clock. The public are respectfully invited to attend and observe the promptness with which this little machine does its work. The extinguisher is a cylinder about two and a half feet long by nine inches in diameter, holds carbonic acid gas equivalent to seventy-five buckets of water, will throw a stream thirty feet in height, in ten minutes, and can be recharged in one minute. Will stand a test pressure of 220 pounds to the square inch, and gas pressure of 100 pounds to the square inch. Is light, easily handled, and can be carried by an adult, and once in position may be controlled by a child.

They are perfectly safe in every respect, and every holder of perishable property should own one. No fire can gain headway against the stream of gas.

Insurance companies make a marked reduction where these extinguishers are available.

Prescott has been remarkably fortunate in escaping the ravages of the Fire of 1876. The public are respectfully invited to attend and observe the promptness with which this little machine does its work.
