

SPECIAL NOTICE on the reading volume will be charged at the rate of THREE CENTS per line for first insertion, and one cent for each subsequent insertion.

TUESDAY.

Mr. Tibbets, the old freighter, arrived yesterday from California.

Dr. Day discharged four of our indigent sick from the hospital yesterday, thus relieving the county of quite a burden.

J. M. More who recently sold his band of axes to La Rue & Co of New Mexico still holds forth at his ranch on Kirkland creek.

The Messrs Cooke Brothers of Williamson Valley are in town to talk with several tons of hay. An eye for business these moist times.

The first snow fell in Prescott this season on the 14th inst., and since that date the clouds have been holding close communion with mother earth with various moistening rains.

S. O. Fredericks, from the Senator mine and mill, is in town and informs us that the mill is running successfully and the yield of bullion being produced is quite large.

Persons holding vouchers issued to general service men, by the Commissary Department, can get their money by calling on Captain Egan, Chief Commissary of Subsistence of Arizona.

Not half a dozen rods from the MINER office is being propagated a five-year-old specimen of Young America. The other day his father noticing his neck being bare, and the weather chilly, told him to go and get a collar on his neck, whereupon the urchin asked his father: "Is you 'traid Fank Murray 'll shoot me?"

George E. Brown has returned from the ranch at the junction of Ash Creek and Agua Fria. The ague is still shaking him, but his partners, Marsh and Boettcher, have sufficiently recovered from their recent illness to be able to work and are gathering their corn and fodder crop prior to the coming in of the fence law which begins on the 1st of November.

A REMEMBRANCE.—B. H. Weaver, who was a printer's devil when the art of taking pictures by sunlight was in its infancy, has sent all the way to Michigan for a copy of his own shadow as he stood at the case-ticking type at the age of fifteen. Such a picture, in after life, is of incalculable value as a keepsake. How wouldn't take a farm for this one if it is not to be duplicated. We advise all young people to have their pictures taken in their everyday clothes and while engaged in their everyday employment. They will find them a source of comfort when, like Ben, they are able to retire from a life of drudgery and settle down to more congenial pursuits.

A CHANCE FOR MINERS WHO WANT TO WORK.—An advertisement to-day tells how the Tip-Top Company are ready to contract for a large amount of work, all of which they want done in a hurry, and are ready to pay for it. They will receive bids up to the 22d inst., at the mine. The notice is short, but the season is far advanced and those who wish to take contracts early will get a snifter of Arizona in six days. We cannot enumerate all that is to be done, but the advertisement tells it all. Read it.

WEDNESDAY.

The people of Prescott are to be favored with a Catholic Priest.

Woolsey the aspirant to the next Delegation from this Territory was chairman of the Democratic meeting recently held at Phoenix, Maricopa county.

Judge Kutz came in yesterday from the Tiger mine and Bradshaw, bringing good reports from the mines in that section.

Judge J. W. Kelsey and wife, of Kirkland Valley, came up yesterday, and are spending a few days with their daughter, Mrs. C. W. Beach.

DISSENT.—The co-partnership heretofore existing between T. M. Alexander and Wm. M. Buffum, merchants at Alexandria, has been dissolved, mutually, Mr. Buffum continuing to run the business.

Mr. Jay G. Kelley informs us that he has postponed the publication of his book, "Mineral Resources of Arizona," and woeily says that the people of the country will get a snifter of Arizona from the two "Kernels," Hodge and Hinton.

Jan. Moon has gone into the cattle business, and will now let any man, black or white, even be a Bill Johnson boy from Texas, a yearling steer, that he can beat any man in the county shooting with a rifle. Moon doesn't propose to bet Polly off, now that he has steers.

Gov. Coles Bashford and family have returned from an all summer trip to California. Mrs. B. in the meantime making a flying visit to the East. Their son W. C. who accompanied his wife as far as Elmore, on her way to make a two month's visit to her sister in Stockton, California, also returned this morning by stage, having given up his private conveyance to his parents.

CELEBRATED ROOFING.—The new roof has been completed on Dr. Day's octagonal brick house, by the firm of Lovell & Crouch, in a most substantial and excellent style. We would recommend those who are erecting new buildings or are about to re-roof their old structures to examine the work on the Doctor's house, and we are satisfied they will patronize the celebrated roof builders, Lovell & Crouch, who have their manufactory on the west side of Granite Creek, on McCormick street.

Mr. Jay G. Kelley, the assayer and metallurgist, has been engaged to run Master-son's mill, on Turkey Creek, as soon as completed, which will be in about 20 days. The successful working of the Goodwin and Black Warrior ores will be a severe test of the abilities of Mr. Kelley as an assayer. We have confidence in his working these ores and sustaining the title given to him by a Mexican newspaper years ago, which was "El Rey de los Metales Rebeldes," or King of Rebel Metals. We congratulate Mr. Masterson in the good fortune of securing the services of Mr. Kelley, who is an experienced assayer and metallurgist, who probably has no superior in the Territory.

TROOPS RETURNING.—The companies of the 12th Infantry which were called away from Arizona, several months since, to assist General Howard in subduing the Nez Perces, are liable to return soon to their stations along the Colorado. The Twelfth is composed of good men, and officered by excellent gentlemen, and would have been a valuable auxiliary in the Nez Perces war had they been commanded by a wide-awake officer in the place of Gen. Howard, who is rather a failure on the war path of the Indians.

MILITARY.—Captain Porter and Lieutenants Hyde, of Camp Verde, are at Fort Whipple, having been summoned to appear as witnesses before the General Court Martial, now in session. A Board of Survey consisting of Lieutenants Perrine, O'Connell and Bailey is appointed to fix responsibility for the loss of 600 pounds of coal, lost on the Steamer Montana.

THURSDAY.

Hon. Paul Weber advertises for proposals in to-day's MINER for the erection of a new mansard roof. Read and see.

Manuel Dias from Paraji New Mexico arrived to-day from that country with two loads of salt which he has for sale at a bargain.

Albert Belan fell from the top of a pile of wood on Saturday last, receiving quite severe injuries in the fall, although not of a fatal character.

Jesus Bega the Mexican shot by Stillwell at Millers ranch a few days since is still alive, although but little hope is entertained of his recovery.

George Wilson alias Vaughn the desperado who was wounded in the head by the authorities in trying to arrest him, is still lingering with but little hopes of recovery.

Little Bennie Weaver has been the two men who were shot on Tuesday, and is quite confident in the belief that Frank Murray shot them, because they had no collars, and to indicate that they had paid their dog tax.

A RESULT.—The rush to Saul's Shoe shop to-day, has been immense. Goods are being sold for less than cost and the entire assortment, which is large and varied, will be disposed of this week. Now is the time to secure a bargain.

We are informed by postmaster Otis, that the practice of stamping letters with mutilated stamps is becoming quite common. For the benefit of those who are gathered in this small business, we would say that the offense is punishable by imprisonment in the Penitentiary for a term not less than two years nor more than five.

J. L. Fisher, the auctioneer, goes to San Francisco in the morning on business and may extend his trip to Chicago and New York. It is whispered that on his return Prescott will add another city air, in consequence of an auction store with weekly supplies of fine goods imported direct from Eastern markets.

Jan. Wilson, alias Josh, applied to the county physician, to-day, for admission into the hospital, where he might be able to eat drink and partake of the requisite medicines applicable to his disease, at the expense of the hard working citizen of Yavapai county.

The Superintendent of the Tip-top mine has let the contract for running a drift 350 feet on that lead at \$8 per foot, which is considered a good contract as the work is in a formation of rock quite soft and still timbering will not be necessary. The same company have several other large contracts to bestow within a few days, and parties who want good contracts, with sure pay, would do well to examine their advertisement.

A MODEL PRAYER.—It is related of Wilson, alias Vaughn, the man who lies in a critical condition in Dr. Day's hospital with a bullet hole through his head, received while resisting the officers, that yesterday morning he essayed to make a prayer in prospect of death, and began thus: "O Lord have mercy on me, a poor drunken, worthless fellow, who has done nothing but sin and misery in this world. It was the only language with which he was familiar, and no doubt, expressed his sincere desire. The question is, are not such earnest prayers as likely to be answered as those hypocritically expressed in more elegant phrase.

Col. Wood came up from the Kit Carson to-day bringing some samples of fine carbonate and chloride ore, a considerable body of which they have struck in the south shaft at a depth of twenty-five feet, corresponding exactly in quality with that found in the north shaft, and which proved to be the easiest ore worked of any ever taken to the Agua Fria Smelter.

The owners of the Kit Carson are now certain of a large body of ore, extending from one shaft to the other, that will work several hundreds of dollars to the ton, and extending southward, no one knows how far.

Another Mormon Settlement.—We are reliably informed that quite a number of Latter Day Saints have moved into Tonto Basin county, about 60 miles south-west of Camp Verde and will there start a Mormon colony.

They have purchased the interest of Mr. W. S. Hill and others to the property known as Round Valley, which is said to be one of the best if not the very best stock ranges in Arizona. At the present time we have several Mormon colonies in the Territory and the people are as industrious and worthy as any like number of citizens, belonging to different creeds and denominations revered through out the Territory.

Taking it for granted, that those constituting the settlement of the new colony, were formerly old Big Bump, reigned supreme, and equally worthy, with their brethren, in other localities, we consider the acquisition a good one.

Hugo Richards tells a good story of two friends who were attacked by Indians in the dark and bloody days of Arizona, which illustrates the strong propensity in some people for a joke no matter how serious the surroundings may be. They were both on their backs and the Indians right at their heels letting the arrows fly past them thick as a swarm of grasshoppers in Kansas. One of the mules could not run, the other and his rider became alarmed for the safety of his friend who was exerting every nerve to the utmost tension, shouting, whistling and yelling at the animal to urge it along, but it was doing its best and could not keep up.

The foremost man looked back, saw the peril of his friend and in a frenzy bordering on despair, sang out, "Joe, why don't you come along?"

Joe, whose legs and hands were flying in a storm, saw that he had run away windmill in a storm, and could not let the opportunity pass, and as an arrow fitted by his ear which, if possible, increased his exertions he exclaimed, "Do I act like a man that was throwing you along?"

Joe, whose legs and hands were flying in a storm, saw that he had run away windmill in a storm, and could not let the opportunity pass, and as an arrow fitted by his ear which, if possible, increased his exertions he exclaimed, "Do I act like a man that was throwing you along?"

Friday's News.

The Peck bullion shipment this morning amounted to \$3,398.65.

George Wilson, the desperado, died at noon to-day.

Mr. Sol Barish, of the Little Colorado, sold four ox teams with wagons, yesterday, to James Graham and John Hance for \$2600.

Francisco Baca of Paraji, N. M., arrived in town last evening and wishes to contract a few tons of beans which he has for sale.

The train of Geo. Young five wagons loaded at Curtis's saw-mill, yesterday with lumber for the McCrackin Company in Mojave county and pulled out for that place to-day.

CHURCH NOTICE.—Sunday next at Marina street Church, preaching in the forenoon by the Pastor, and in the evening Rev. J. A. Merrill will deliver his last lecture on the book of Acts.

General Harlan, of Kentucky, who was nominated by the President on the 17th inst., Associate Justice, to fill the vacancy caused by the election of Judge David Davis, of Illinois, to the United States Senate, is an uncle to Mrs. Paul Weber of this town.

Lieutenant Philip Reade has sent us an Act of Congress which says that any person or persons who shall hinder, obstruct or delay the transmission of any communication over a telegraph line, belonging to the United States, shall be punished by fine or imprisonment. Some of the operators, agents or other employees of that institution would be apt to get into trouble if they were to forget themselves and delay the press dispatches. The Lieutenant would not doubt make it warm for them, and should he neglect his duty, some old fraud at Wharpy would poke him up with a sharp stick.

The card of Harris & Bennett, Commission and Stock Brokers, San Francisco will be seen in this issue of the MINER. Hon. D. A. Bennett of this Territory, a very intelligent and competent business man, perfectly reliable in every respect, is anxious to bring Arizona mines to the front, and Arizonians who have business in his line could not do better than to entrust it to him. They will receive consignments of ore or bullion, make advances to parties who desire it, and will always be glad to receive calls or communications by letter at their office No. 324 1/2, Montgomery street at any time.

VERMILION.—We learn that the young folks of Verde Valley have been enjoying themselves of late in the way of parties, the last one on the docket coming off at the residence of our old friend, J. W. Johnson. The grace and beauty of the valley was out in force, and some of the young and manly hearts of the male population were made to tremble by coquetry practiced by modest angels. We hear of one young man who attended, and represented himself as brother to Osman Pasha, in borrowed apparel. He was the hero of the night "until broad daylight," when he shed his borrowed garments and disappeared through a window in the rear of the house, rather in fear of his *debt* would drop on his real character and nationality and behold him in his blue overalls, woolen shirt, slouch hat and sandals for shoes. We mistrust the young man is a genuine sheep herder. We would suggest to the gentleman in question to get clear in an undertaking. The great beauty of life is hope, and pluck bridges over many a difficulty.

MILITARY.—A General Court Martial is appointed to meet at Camp Apache, A. T., at 10 o'clock, a. m., on Tuesday the 30th instant, or as soon thereafter as practicable, for the trial of such persons as may be properly brought before it. Details for the court as follows: Captain J. N. Andrews, Eighth Infantry; Captain Adam Kramer, Sixth Cavalry; Captain C. C. Henge, Sixth Cavalry; First Lieutenant Samuel Craig, Eighth Infantry; First Lieutenant William Stanton, Sixth Cavalry; Assistant Surgeon Walter Reed, U. S. A.; First Lieutenant P. Henry Ray, Eighth Infantry; Judge Advocate: First Lieutenant L. A. Abbott, Sixth Cavalry, having completed the duties assigned him in telegraphic instructions from these Headquarters, dated the 19th instant, will return at once, to his station. (San Carlos, A. T.)

Pacheco, of California has taken his seat in Congress, although Wiggington hotly contested his right to the same.

IMMIGRATION SOCIETY.—The following letter is handed us by the Receiver of the Land Office, and as it looks like the writer means business, we publish it although the number of members look almost too large for belief:

HOLLY SPRINGS, MISS., Sept. 31, 1877. To the Local Commissioner of Arizona: Sir:—As Corresponding Secretary of the Immigration Society of the County of Marshall, of this State, it is desired that I correspond with your office for the purpose of gaining all the information that can possibly be had relating to the Government lands of that Territory; also, the climate, fertility of the soil, the water, etc., also the nearest railroad terminus, or whether or not there are any railroads passing through or leading into the Territory. We have about seventeen thousand persons represented by the Society of this County, who expect to make their first move at the expiration of thirteen months, and perhaps a few hundred this fall.

Hopeing that your office will furnish me with maps, pamphlets and other desired information, as soon as practicable, I remain your obedient servant. B. F. PHILIPS, Cor. Sec'y of the Colonization Society of Marshall County, Mississippi.

Postoffice Letter List. List of letters remaining in the Prescott Postoffice, Yavapai county, Arizona, for the week ending Oct. 19, 1877:

Anderson G Adams T Borden W C-2 Blakely S W Coffey C W Cook B-3 Cary W R Clark T J-2 Court H Donahue I Elden S D Eldon John Egan M Elyard W H Franchi L Facalre Mr Gouffeur C M Gardiner J Gray F Green F Glover W Henry J J Head F Heath A M Hartly W D Weston W Wager C G Wagner A Young

The above named persons will please call for "Advertised Letter." T. W. OTIS, P. M.

MARRIED. POSTER-EHLE.—At Wickenburg, Saturday evening Oct. 13th, 1877, at the home of P. E. Will, Frederick and Mary E. Eble, both of Prescott, A. T.

POSTPONEMENT. The above sale is hereby postponed to Saturday the 15th day of October, 1877, at the same hour and place. Ed. P. BOWERS, Sheriff.

POSTPONEMENT. The above sale is hereby further postponed till Saturday, November 3d, at the same hour and place, by direction of plaintiff's attorney. ED. P. BOWERS, Sheriff. Prescott, Arizona, October 13, 1877.

NEW ADVERTISEMENTS.

For Rent. Two comfortable rooms, with or without furniture. Apply to T. J. Butler at the MINER office. Prescott, October 19, 1877.

For Sale. Choice building lots in Prescott. Apply to T. J. Butler at the MINER office. Prescott, October 19, 1877.
