W. R. Crane, 212 Pine St., San Francisco, Cal.

THE

ARE COMING!!

Colonel Haren has sent us the following notice, clipped from the Tonska, Kansas, Commonwealth, which settles the question as to what is being done by the A., T. & S. P. R. R. in the way of building towards the Pacific Coast:

W. R. Morley has gone to Guaymas and will immediately begin the construction of the Sonora railway eastward to meet this line. This will be one coast terminus of the Santa Fe.

Holbrook's leading party are now at work on the first fifty miles of the A. & P. R. R., west of Albuquerque and the construction will begin inside of sixty days.

This looks like business. The A. & P. R. R. mentioned in the Atlantic and Pacific, which a subsidy of land was granted years ago along the 35th parallel of latitude.

This franchise now belongs to the A., T. & S. P. Co., and this first fifty miles west of Albuquerque means a railroad through Northern and Central Arizona on the 35th parallel, or within from 30 to 40 miles north of Prescott.

Talk is cheap, and railroad men are lavish of it, as the people of San Diego have reason to know in their dealings with Tom Scott, but this locating and building west from Albuquerque has substance in it, and is worth more than a volume of talk.

WORK ON THE 35TH PARALLEL COMMENCED

Ben Baker in a letter to W. J. Tompkins of March 21st, in which he says that the work east of Fort Wingate, New Mexico, writes that there are now four parties at work, grading on the 35th parallel route west of Albuquerque.

UNKEPT PLEDGES.

P. S. As for the high per cent that are worked at the Mineral Park mill, experts are allowed to judge for themselves. There is no secret in it.

New Mexico Indians.

Victorio, with a large retinue of followers, has been committing depredations for over twelve months in our sister Territory, New Mexico, with success and impunity.

Mr. C. J. Stokes is waiting for his tools to arrive from Maricopa, when he will commence the construction of a road from the mine to the Polana camp.

MONEY, NOT PRINCIPLE.

There was a time when "principles, not money" was the political battle cry, but of late, especially in the territories, the system seems to be "money, not principles," or rather "not money."

MOHAVE ITEMS.

MINERAL PARK, March 19th, 1879. The Corbat mine, owned by Joe Berry, and sold to Mr. Baldwin, is a six foot ledge, assaying from \$90 to \$400 per ton.

Wants to Know Who is Strongest.

The Yuma Sentinel is sending out postal cards with a view to ascertaining the will of the Territory on the Presidential and Delegate questions.

Sign This Position.

A petition is lying on the counter at W. F. & Co's address to Hon. D. M. Key, Postmaster-General, asking that Wells, Fargo & Co. be allowed to continue their foreign-stamped letter service as heretofore, notwithstanding the adverse reports of the postal commission.

This petition truthfully represents the fact that Wells, Fargo & Co. have been letter carriers on this coast for nearly thirty years to the satisfaction and advantage of the people, and the petitioners believe the Postoffice Department derives more revenue by reason of W. F. & Co's letter service than it would if such service were discontinued.

DeLesseps, the great engineer, who turned the first sod of the Suez Canal, is in San Francisco in the interest of the Panama Canal, which, if completed, will be the means of making San Francisco one of the great est commercial ports of the earth.

For Delegate give us a true man who is identified with the Territory's interests and has the honesty and ability to represent us at Washington; fidelity and as our good. A sound Republican would, of course, be best, because he would have no influence, and would not be spending his time in trumping up charges against Federal office holders.

A Carson, Nevada physician has found several mental and physical wrecks among the whites of that town, caused by eating and smoking opium.

Luke J. Gannon the Sand-Letter who was going to reduce San Francisco to a mass of ashes and fill the ruins with roasted boilers, is keeping company with Kearney in the House of Correction.

The San Bernardino Index takes the Phoenix Herald to task for publishing that Rev. J. W. Warren would preach all day, on a certain Sunday, in Phoenix. The Index cannot conceive of any reason for such an infatuation.

The Commercial Bulletin says that the Little Pittsburg mine, at Leadville, has fallen in consequence of bad management. The doings of the Company seem to have been conducted in a manner purposely to bring mining into contempt.

The Prince and Princess of Wales have decided to change the fashionable dinner hour in Great Britain from nine to seven p. m. The Prince has also announced through an interviewer that his sons were not tattooed in India, as reported, therefore the world may rest easy on that score, as well as the dinner hour.

Some public spirited soups made haste to telegraph to the San Francisco Bulletin, on the 19th inst, that certain parties were arrested in Prescott for a violation of the Revenue laws, but neglected to telegraph the further fact that the Court Commissioner found the charges false and immediately dismissed them.

Dr. Samuel Langdon, of the firm of Langdon & Clark, Stockton, Cal., died in that city of dropsy on the 18th inst. Dr. Langdon has resided and practiced medicine in Stockton 31 years and had attained considerable eminence in the profession, besides holding an enviable position in society and in business circles.

LETTER FROM BIG BUG. BIG BUG CREEK, March 22, 1880. ED. MINER: As it is now six or eight weeks since I wrote to you from this mining district, and having promised to write when there were any items of interest, I will try and fulfill my promise by furnishing you with the following notes of interest:

Last Saturday Messrs. Stokes, Collins, Gleason, Roberts, Poland and Boggs arrived from Prescott, where Mr. Stokes paid to Roberts and Poland the nice little sum of \$29,000, the balance of the \$35,000, for their mining property on this creek. Mr. Stokes has taken charge of the property and put men to work building cabins for the use of the workmen. There is also in course of erection a substantial building which the superintendent will occupy as an office.

Following are the names of the gentlemen who arrived last week from Chicago to work at the Polana camp: T. W. Swales, Clark, C. O. Gleason, head carpenter; C. K. McKinnis, assistant carpenter; Prof. J. G. Anstine, machinist; J. L. Brandt, engineer.

Mr. C. J. Stokes is waiting for his tools to arrive from Maricopa, when he will commence the construction of a road from the mine to the Polana camp. Mr. S. has purchased Clark's 10-stamp mill, which lies on this creek, and will remove it as soon as the road is completed.

M. E. Collins, who has worked hard for this camp, left to-day by stage for the East. He goes to negotiate the sale of other promising mines in this district and will return in July.

John Rees and Mr. Cushing, the latter from Chicago, left last week for Mohave county, where they go to examine some mineral properties owned by Reese, Pierce & Co.

Mr. Fletcher arrived yesterday from Prescott with a wagon load of assorted merchandise for the house of D. Levy & Co. Rees & Co. have a force of men working their copper mine and have from twenty to thirty tons of ore on the dump, which assays 80 per cent.

M. A. Steadman, agent for the Valley Forge Mining Company, has put men to work on some of the company's mines. The mines of this creek hold a meeting on Saturday, April 2, for the purpose of adopting laws for the district.

I will write again as soon as the mill starts. POCO TIEMPO.

MINERAL PARK, March 19th, 1879. The Corbat mine, owned by Joe Berry, and sold to Mr. Baldwin, is a six foot ledge, assaying from \$90 to \$400 per ton. Mr. Baldwin will erect a ten stamp mill on it.

Smyth & Milligan's mine, the Fontenoy, carries \$300, at a depth of 110 feet. The Gibraltar, owned by Fish & Hill, is improving, the rock mills \$107.

The Governor Fremont is gaining in width and richness. The owners, Fish & Hill, are determined to sink on it 100 feet. Wood and water abundant in the immediate vicinity.

Fish & Hill also own the Chumpon, a very rich stratum. The Lone Star is owned by Bad Grounds, has levels run east and west at a depth of 200 feet, and is yielding better than ever. This is one of the finest properties in the country.

Gray Boss own the Hope and Blue Belle, N. Y., which contains more than 24,000 apple trees, 1700 pear, 4000 cherries, 500 peaches, 200 plums, 200 crows, 15,000 vines, 6,000 currants and 500 chesnuts. The apple crop of 1878 was 30,000 barrels.

A Tennessee man accidentally shot a dog and in trying to explain to the owner how it occurred accidentally shot him. A coroner though he ought to explain how he shot the man, but couldn't get a jury that was willing to listen to the explanation; they were "kind o' shy of him," as it were.

At the municipal elections in Maine all the large towns elected the Republican candidates by very good majorities over the combined Democrats and Greenbackers, which goes to show how the people of that state regard the recent attempt to steal its government.

PRINCE, WARRIOR, TUSCUMBIA!!

AN IMMENSE MINING PROPERTY!

\$1,000,000 in Sight.

The Prince Mining Company own three mines in Yavapai county which, taking everything into consideration, surpass in value any other three mining properties on the Pacific Coast.

The Prince, Little Prince and Princess form what is generally called the Prince mine. There are three distinct veins running parallel within 270 feet, all producing high grade ore, running, by average assay, from \$700 up to \$900 per ton.

The Warrior, which is located near the Prince, is thought by many to be even better than the Prince, from the fact that the ledge is of immense width, supposed to be 90 feet. This ledge has a shaft 190 feet deep, a tunnel 300 feet tapping the ledge, and 400 feet of drifts. The Warrior has also three veins. As yet the lancing wall of the mine has not been found, although an immense amount of prospecting has been done on the property, revealing immense bodies of very high grade ore.

The other mine, completing the three, is called the Tuscumbia, and is probably the most wonderful mine in America, as it is worked at the base of a mountain, and is found to a depth of 1,100 feet by tunnel. There is a tunnel running in on the ledge between walls very perfect and beautiful, 275 feet. The ledge carries from 36 to 40 inches of solid ore which pays from \$300 to \$3,400 per ton.

A good company own this property and have great faith in their management and ultimate success. In prospecting and working the immense ore deposits of these mines it will of necessity and a natural result increase the circulation of money in this section. And while the lucky owners are reaping a just reward for their energy and enterprise, we will all come in for a small or large amount of the metallic substance put into circulation.

To Judge Sient and Governor Fremont is due much for bringing about the purchase and development of this very excellent mining property. Let others do on half what they have done and Yavapai county will have no equal as a bullion producer in the United States.

Tucson Items. (Pima County Record, March 24th.) Railroad Celebration. The advent of the Southern Pacific Railroad was celebrated to-day by a general suspension of business.

Fredericks & Hill are doing a large business in the way of tin roofing, and are receiving from San Francisco large shipments of tin for use at present. Some weeks ago, through mistake, Mr. Heenan's name appeared in the firm advertisement, which they read "Fredericks & Heenan," when it should have read "Fredericks & Hill."

The case of the Territory vs. J. H. Campbell, indicted by the Grand Jury for murder of Jos. Gannon in the Santa Rita, Jan. 25, is closed Friday evening, the jury being unanimous in a verdict of "not guilty," after five minutes absence.

The concert last night given by the Sixth Cavalry Band for the Sisters' Hospital was largely attended, and was a success pecuniarily and otherwise.

According to the railroad schedule and time table it is 978 miles from Tucson to San Francisco and 4,122 miles to New York.

The following is the first verse of the Canadian national hymn composed by the Marquis of Lorne and set to music by Mr. Arthur Sullivan:

God bless our wide Dominion, Our happy homes, and our brave men, And bind in lasting union, Each people that we defend— From where Atlantic tapers Our happy season tapers To where the Pacific chain, O'er the world's wide domain, True freedom's fairest scene; Deeds our people's nation, God save our Empire's Queen.

A contemporary propounds the inquiry whether that country can be "made up" which contains 99,000,000 gallons of whiskey, 10,000,000 barrels of beer and 2,000,000 cigars in a single year. Judging the country as one judges an individual, it is safe to say that it not only can, but most likely will be hard up if it keeps on at that rate of consumption.

The largest orchard in the world is probably that of Robert McKimstry, of Hudson, N. Y., which contains more than 24,000 apple trees, 1700 pear, 4000 cherries, 500 peaches, 200 plums, 200 crows, 15,000 vines, 6,000 currants and 500 chesnuts. The apple crop of 1878 was 30,000 barrels.

A Tennessee man accidentally shot a dog and in trying to explain to the owner how it occurred accidentally shot him. A coroner though he ought to explain how he shot the man, but couldn't get a jury that was willing to listen to the explanation; they were "kind o' shy of him," as it were.

At the municipal elections in Maine all the large towns elected the Republican candidates by very good majorities over the combined Democrats and Greenbackers, which goes to show how the people of that state regard the recent attempt to steal its government.

BY TELEGRAPH.

(SPECIAL TO THE MINER.)

Nominations. Washington, March 24th.—The President sent the following nominations to the Senate this morning: J. B. Angel, of Michigan, Extraordinary and Minister Plenipotentiary to China, vice Seward, recalled; J. S. Swift, of California, and W. M. Trescott, of South Carolina, to be commissioned to China to negotiate a treaty with China; S. Newton Prentiss, of Pennsylvania, Associate Justice of the Supreme Court of New Mexico; J. C. Tiffany, of New York, Indian Agent at San Carlos Reservation, Arizona.

TELEGRAPHIC GLEANINGS. The Herald fund amounts to \$300,312. General Grant is on his way home from Mexico. The German Reichstag has adjourned to April 14th.

The illness of Minister Lowell's wife takes him back to Madrid. The Senate has confirmed the nomination of Upton, as Assistant Secretary of the Treasury.

A British gunboat has left to take the Greek brigand money for the ransom of Col. Syngde and wife. The Treasury has ordered all interest on the public debt due April 1st, to be paid without rebate on and after March 23rd.

Irish relief supplies are likely to require Secretary Thompson to furnish a second vessel, which he will do if necessary. Hartmann, the nihilist, is coming to the United States. He acknowledges that he was chosen by the nihilist Committee to assassinate the late President Lincoln.

There was a very large increase in receipts at the Treasury during the month of February over the corresponding month a year ago, but the increase during the first half of March has been even larger. The rejection of Wells for Surveyor of the Port of New Orleans, was made for the purely political reason that the Democrats hate his father, J. Madison Wells. Nothing was urged against him.

William A. Wheeler—Got any bait? John Kelley—As I go, so goes New York. John Wheeler—I am opposed to giving any man a third term. W. A. Wheeler—Grant must be elected. I must be vindicated. R. B. Hayes—Speaking of a third term, Barkis is willing.

Simon Cameron—I perfectly agree with what my son Don says in respect to Grant. Winfield S. Hancock—Speaking of strong men, where are they now? Ex-Governor Sprague—Has any one seen an ex-Governor Sprague? Col. Fred Grant—Fun for a second "Papa" last and all time. Thomas A. Hendricks—Take and "Papa" will be hanged if I do. Ben Butler—Although slightly disgraced about the eyes, I'm still in the ring. Wm. J. Watson—It seems strange that no one has started a Wallace boom. Peter Cooper—My air cushion would just about fit the Presidential chair. Allen G. Thurman—Where was the bandana, there is the path to victory. Scourgey Colfax—It seems strange that no one has started a Wallace boom. Peter Cooper—My air cushion would just about fit the Presidential chair.

Allen G. Thurman—Where was the bandana, there is the path to victory. Scourgey Colfax—It seems strange that no one has started a Wallace boom. Peter Cooper—My air cushion would just about fit the Presidential chair.

Dennis Kearney—Bids for California's goldmine. A. G. Curtis—Think I would make a better Vice President than a Congressman. Henry Watterson—Those one hundred thousand unarm'd Kentuckians are still in the field. Samuel J. Tilden—Talking of nominations I refuse to be counted in. Carl Schurz—It's not the Presidential bid that is buzzing in my bonnet. It's beer. "Mortar" you know—Excess me gentleman. U. S. Grant—Accept if of course I will. Was I ever known to refuse anything?

THE PENTITE FOR SNAKE BITES.—A writer says: "I had stopped for the night at a certain hotel in Southern Missouri, when another traveler in my room, whose dog had bitten him a mile away, and his throat was then swollen equal in size with his heart, and the animal was in great agony. Its owner, being furnished, he applied repeatedly to the doctor, until the dog became quiet, and by morning it was well. The traveler resides in the Ozark mountain regions in Arkansas, where he had, as he said, witnessed many such cures, not of animals only, but also of men, and that he believed in an infallible remedy, if soon applied. It quickly relieves the sting of a bee and may cure the bite of a cobra if immediately applied outwardly, and a little internally on sugar, as is done by hunters and the Ozarks, who carry it in their pockets as they traverse that region where snakes do abound.—Ex.

St. Louis and San Francisco. The earnings of the St. Louis and San Francisco Railroad for the fourth week in February was \$56,100; increase, 31,000; gross earnings, \$120,600; increase, 30,000; for month, \$120,600; increase, 30,000; for year, \$2,000,000.—Boston Economist.

A Chicago man's nightmare turned out to be the shadow of his wife's foot on the bed-room wall, instead of an unearthly monster with five legs.

Tucson was founded in 1542, seven years after Santa Fe, New Mexico. Both of these ancient cities are now in possession of the iron highway.

William Pulsipher, near Piche, has become insane by grieving over the loss of his cattle by cold weather this winter.

One of the latest novelties in photography is putting likenesses on the initial corner of handkerchiefs.

The United States, thus far, has contributed nearly five times as much as England to the relief of Ireland.

J. C. Tiffany, of New York, has been appointed Indian Agent at San Carlos, Arizona.

New Mexico has a new Associate Justice in the person of S. Newton Prentiss of Penn.

The Rhode Island delegation to Chicago is said to be solid for Blaine.

Notice to Creditors. Estate of FELIX SCOTT, deceased. Notice is hereby given that the undersigned, administrator of the estate of Felix Scott, deceased, to the creditors of and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within the term of three months from the date of this notice, to the undersigned, at his residence in show law, Apache County, Arizona.

MISCELLANEOUS.

Application for Patent. FOR THE ETHICA MINING CLAIM AND THE MINERAL PARK MILL SITE CLAIM. U. S. LAND OFFICE, PRESCOTT, A. T., FEBRUARY 15, 1880.

Notice is hereby given that the Mineral Park Mining Co. of Arizona, a Company incorporated under the laws of the State of New York, by their authorized Agent, Benjamin H. Spear, whose residence is at Mineral Park, Mohave County, have this day filed application for a patent for Ethica mining claim, located on the Ethica mining claim, bearing previous number with surface ground six hundred (600) feet in width, and six hundred (600) feet in length, and known as the Ethica mining claim, located on the Ethica mining claim, in Township 20 North Range 17, west of title and back River Meridian. The exterior boundaries of said claim are as follows: To the north, a line 600 feet long, commencing at center of S 1/2 sec. 24, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 25, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 26, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 27, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 28, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 29, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 30, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 31, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 32, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 33, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 34, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 35, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 36, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 37, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 38, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 39, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 40, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 41, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 42, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 43, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 44, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 45, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 46, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 47, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 48, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 49, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 50, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 51, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 52, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 53, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 54, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 55, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 56, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 57, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 58, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 59, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 60, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 61, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 62, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 63, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 64, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 65, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 66, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 67, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 68, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 69, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 70, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 71, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 72, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 73, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 74, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 75, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 76, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 77, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 78, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 79, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 80, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 81, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 82, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 83, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 84, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 85, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 86, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 87, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 88, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 89, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 90, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 91, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 92, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 93, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 94, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 95, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 96, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 97, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 98, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 99, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 100, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 101, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 102, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 103, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 104, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 105, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 106, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 107, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 108, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 109, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 110, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 111, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 112, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 113, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 114, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 115, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 116, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 117, T. 20 N., R. 17 W., and extending north to center of S 1/2 sec. 118, T. 20 N., R. 17 W., and extending
