

The Miner.

J. H. Marion, Editor.

THE MINER has much the largest list of subscribers of any paper in Arizona, Southern California or New Mexico, and is, of course, the best advertising medium in this great southern belt of country.

VOLUME TWELVE.

With this number we commence the Twelfth Volume of the Weekly ARIZONA MINER. Many changes and improvements have taken place in the Territory since the commencement of its career. The circulation of the paper has steadily increased, and we have endeavored to make it a live newspaper, devoted to the interests of the Territory and the welfare of its citizens.

The latest news from Washington in regard to the Southern Pacific Railroad is to the effect that the California Railroad people were making war upon Tom Scott and his proposed road. General Colton says his people control the passes between California and Arizona and in the event of no equitable adjustment of the present complications being speedily effected, they will push their road through independent of other interests.

Portions of California are suffering for rain. Arizona is not now in that condition, thank God.

30° below zero in New Hampshire! No wonder the Spragues "froze out." Come to Arizona, New Hampshireers, where frost will not nip you.

We, yesterday, commenced the payment, in advance, of postage upon Daily MINERS, and shall have to do the same thing by our Weeklies, Friday next.

Who wants to bet that our present Delegate in Congress will not get us increased mail service from Prescott to Tucson, and from Prescott to California and New Mexico?

The telegraph tells us that U. S. Senator John P. Jones, of Nevada, has surrendered to the beautiful daughter of Eugene L. Sullivan, of San Francisco, and so, we congratulate Mr. Jones and Mrs. Jones; we hope they get along through life without bulling and bearing each other, and always be able to hire a good cook, and have a great many Welsh rabbits.

We have, so far, no cause to complain of the Arizona Legislature. Its members have followed our advice, by electing Col. Woolse, President of the Council; Judge J. T. Alsap, Speaker; E. S. Penwell, Secretary of the Council, and other officers.

Now for a Registry Law, and a fairer School Law than the one now on the Statute Books.

The greatest triumph of telegraphy ever achieved in Arizona was accomplished by Messrs. Kearny, of Ft. Whipple, and Strachan, of Tucson, Wednesday night and Thursday. These gentlemen transmitted Gov. Safford's message, which appears in our issue of to-day, it being the largest telegram ever received by an Arizona paper, amounting as it does to 3,450 words, all of which was placed in type in the MINER office Thursday.

Senator Stewart left Panamint a few days ago for Washington. He expressed regret at having to leave, as he would like to remain and assist in the development of the mining resources of that district. But Senator Stewart has a just appreciation of the fact that the place for a Senator, during the session, is the Senate.

A CHERRING SIGN.—Arizona is giving attention to manufacturers as well as to mining and agricultural operations. A woolen mill has been started at Tucson, which has turned out its first blanket. Twenty-five years ago, when the Apaches were issued rations by the Mexican government, at that point, to conciliate their friendship, and the town was no more than a few straggling adobe buildings, if the possibility of the erection of a woolen mill within the century had been spoken of, it would have caused a smile. General Crook's exploits and a liberal infusion of the American element at Tucson have brought about this gratifying change.—(San Francisco Call.)

The recent escape of the prisoners from the jail at Tucson is a serious matter. While jails are breakable they fail to deter the march of crime. When felons, convicted of crimes alike revolting to humanity and inimical to the reputation of the country, can, by an easy effort, obtain their release, thus laughing to scorn the verdict of a jury, and making a farce of the solemnly pronounced sentence of a court, we have fallen upon a lamentable state of affairs. The ends of justice "to punish crime and reform the offender" are, neither of them, attained, and the only result is the entailment of expense on the country.

We have received a letter from Washington which states that the Centennial Tea party was a grand success. All the ladies were dressed in Martha Washington style, powdered hair, profusion of court-plaster, etc. Clara Louise Kellogg, at the Connecticut table, was employed for hours pinning bouquets on the lapels of gentlemen's coats at fifty cents apiece. Arizona was represented by Hon. R. C. McCormick and lady. —Dr. Tonner was to leave for the Pacific coast in a few days.

SPAIN.—We have not the pleasure of an acquaintance with the young new King of Spain. Neither do we know very much about Spain, yet, we are heartily glad that its slow fighting citizens have at last grown tired of trying to scare each other, and settled down, like whipped Spaniards; no Spaniards under a Bourbon dynasty; which ought to be nasty enough for any country. It was a Spanish affair that brought on the late war between Germany and France, and Spain has been pretty well punished for it. It looks as if the new King will be friendly to France. The United States ought to make him show his friendship by paying our claims and giving us Cuba as a present, since he expresses himself friendly to all countries and parties. But, oh! Lord, we know, or think we know, all about a Bourbon King's friendship.

BY TELEGRAPH.

Foreign and Domestic.

Washington, Jan. 5.—The sub-committee of the Senate Committee on Pacific R.R.'s will agree to Houghton's amendments to the Texas & Pacific aid bill requiring the construction to proceed from both ends of the line and the building of 35 miles of road from San Diego eastward the first year and 50 miles each year thereafter. The attacks upon the proposed aid to the Texas & Pacific which have been made in New York and Chicago, in the interest of the Union and Central Pacific, have had the effect to concentrate the southern members in behalf of Scott's proposition. There has, till lately, been a lack of organization on the part of the friends of the measure. All of the southern Congressmen favor government assistance but hold a diversity of views as to the plan proposed. Objections have been urged by some of the Texas and Louisiana members to the proposed Atlantic and Pacific combination, which they think would divert too much of the traffic of the Trans-continental road to the North. It is now believed, however, that there is a satisfactory adjustment of these conflicting interests and there is a disposition on the part of the representatives of the Southern States to make a united and aggressive movement in behalf of the measure, as one of justice to the South. Stephens, of Georgia, it is said, will be prepared to make a powerful argument for the bill in the House.

Washington, Jan. 5.—Later dispatches from New Orleans show that yesterday's Session of the Louisiana Legislature was more stormy than at first represented. The Conservatives elected their officers and rushed things through the House, and were running the whole thing, when General De Trobrand came in, leaving the troops on the outside, and unseated the Democratic officers. The troops remained while the clerk called the roll of officers elected, and the Governor's Message was read.

General Phil Sheridan has assumed command of the Department.

New York, Jan. 5.—The press is very severe in its denunciation of military interference in New Orleans. The Tribune says that it is the crowning indignity of the Federal administration. The Herald and Sun denounces the action of the troops, in bitter terms.

San Diego, Jan. 6.—Lieut. Smith, superintendent of the military telegraph, will issue to-day a new tariff of rates on the Arizona U. S. telegraph line, established by the decision of the Secretary of War, and conforming to rates fixed by the Postmaster-General for Gov't communications on civil lines. The new rates reduce the tariff between San Diego and Prescott, to 75 cents for ten words, and from Prescott to Tucson, to 25 cents. It will take effect from and after the 15th instant.

Washington, January 6.—Republican opinion is divided in relation to the present aspect of affairs in Louisiana. Nearly everybody is disgusted with Kellogg. It is felt that the time has come when Congressional action is indispensable in order to effect a permanent settlement of the Louisiana issue. In the Senate to-day, Thurman introduced a resolution of inquiry as to the recent acts of military interference in Louisiana, which elicited a warm discussion.

Carson, Nev., January 6.—The friends of Sharon claim that he will have twenty-three majority in the first ballot for U. S. Senator in the Legislature next Tuesday.

San Francisco, January 6.—The Pacific Mail Steamship Company has closed negotiations for the sale of their Southern Coast steamers and the business of the route between San Francisco and San Diego to a party of capitalists who in turn have sold to Goodall, Nelson & Perkins, who will control the whole southern coast trade.

Gold in New York 112; Greenbacks in San Francisco 88 1/2 and 89.

Arizona Dispatches.

Wickenburg, Jan. 6.—C. C. Bean arrived last evening from Tucson and departed this morning for Prescott.

J. H. Hundelmark arrived yesterday from Minnehaha Flat. The snow on an average near the mines is fifteen inches deep. The arastras are idle for the present but will resume work as soon as the weather moderates.

Messrs. Barnard, Simmons, D. C. Moreland and Hammond have taken advantage of the late act and re-located their claims in the vicinity of Minnehaha. They leave in a few days for Prescott.

Chas. Taylor and James Fine have also relocated the Bully Bueno mine.

Martinez, Jan. 6.—The teams of James Quintan and Fred Meyer arrived here yesterday well loaded and left this morning for Tucson. They complain of very heavy roads between Burks' station and this place.

David Schultes left here yesterday morning for the Quailty mines with a load of arastras. He proposes to erect three or four amalgamating barrels as soon as possible.

Joe Buck's teams left yesterday for Phoenix. Weather clear and the roads gradually drying.

Yuma, Jan. 6.—The following candidates were elected at the city election yesterday, viz: A. J. Finlay, Mayor; J. M. Barney, Treasurer; David Nahr and Andrew J. Keen, Trustees; James M. Brown, Marshal; E. J. Smith, Assessor. But little interest was taken in the election and everything passed off quietly.

The steamer Colorado arrived yesterday from the mouth of the river to take freight and passengers from here to connect with the Newbergs for San Francisco. She will leave here at daylight on the 8th.

The Col. S. N. Co. are now requiring all consignees who have freight on the Montana to sign an average bond before freight is delivered.

Another party will take place at the Court-house Thursday night.

To-Day's Dispatches.

Tucson, January 7.—Last evening a fracas occurred between a Mexican and a party of soldiers. The Mexican was slapped in the face by one of the soldiers and ejected from the saloon. The Mexican went out and armed himself and returned to the saloon. He stood in the door and fired into the crowd. One shot struck Corp. Buck. Co. F, 5th Cav., from the effects of which he died. The soldiers were quiet and orderly; the Mexican drunk and abusive. Buck was a quiet and inoffensive man, aged about 35 years. He leaves a wife and mother in Philadelphia, Pa. Mexican escaped and has not been heard from. Corp. Buck will be buried with military honors to-morrow.

Yuma, Jan. 7.—The Colorado Steam Navigation Co. notify all consignees per Montana, voyage ten, that before delivery of their goods, freight must be paid, deposit given of 15 per cent. on value of goods, general average bond signed, and true copies of invoices must be furnished the company's agent at once; they must also write their Ehrenberg agents.

OFFICE OF THE COUNTY TREASURER, PRESCOTT, A. T., December 29, 1874.

TERRITORIAL LEGISLATURE.

[From our Special Legislative Reporter.]

Tucson, January 5. Nothing of any particular importance in either House of the Legislature to-day. The Council passed joint resolutions authorizing the publication of the Journals each day at the office of the Arizona Citizen. The Governor's message will be delivered to-morrow.

Tucson, January 6th. The House to-day passed a resolution authorizing the Chief Clerk to subscribe for five copies of the Citizen, Sentinel and Miner for each of its members and clerks during the session. There are twenty-two persons in the House.

At 11 o'clock A. M. to-day the two houses met in joint-convention in the Assembly Chamber and heard the Governor's message. In the Council nothing of importance was transacted. To-morrow may develop a new state of affairs.

Tucson, Jan. 7.—The first matter of any consequence outside of the usual preliminaries in the Legislature is the account of U. A. Luke, late Commissioner to Vienna, wherein he asks \$1,070, as expenses incurred on his recent trip, and which was transmitted to the House by the Governor. The matter was referred to the Committee on Claims.

Another bill has been presented in the House, which is intended to encourage the sinking of Artesian wells. It will probably increase the bonus to \$5,000, and allow persons to operate as near running water as they choose, instead of 10 miles distant as required heretofore with only \$1,500. This last matter comes from the Yuma delegation.

In the Council, to-day, a resolution was passed, authorizing subscription for five copies of each of the newspapers in the Territory for each of the members and the chief clerk. Nothing further of any importance.

BORN.

In Santa Barbara, California, December 17, 1874, to the wife of George Tyng, late U. S. Marshal of Arizona, a fine boy.

When last heard from "Taps" Tyng was rushing to see the new comer.

At Tucson, December 24th, to the wife of J. W. Hopkins, a son.

We congratulate Mr. Hopkins on his Christmas Gift and wish him "many happy returns" of the like good fortune.

MARRIED.

At Yuma, A. T., Dec. 23, by H. E. Lindsey, J. P., Joe Jones to Allargracia Preciado.

In Tucson, Dec. 24, at the residence of Dr. Charles H. Lord, by Chas. J. E. P. Dunn, Mr. Wheeler W. Williams and Miss Elizabeth D. Mulford—the latter of Elizabeth, New Jersey.

DIED.

In San Francisco, Cal., December 14, of apoplexy, John Wigham, a native of Baltimore, Md., aged 47 years.

HALL'S VEGETABLE SICILIAN HAIR RENEWER.

This standard article is compounded with the greatest care. Its effects are as wonderful and satisfactory as ever. It restores gray or faded hair to its youthful color. It removes all eruptions, itching, and dandruff; and the scalp by its use becomes white and clean. By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong. As a dressing nothing has been found so effectual, or desirable. Dr. A. Hayes, State Assayer of Massachusetts, says of it: "I consider it the best preparation for its intended purposes."

BUCKINGHAM'S DYE, FOR THE WEISKER'S

This elegant preparation may be relied on to change the color of the beard from gray or any other undesirable shade, to brown, or black, at discretion. It is easily applied, being in one preparation, and quickly and effectually produces a permanent color which will neither rub nor wash off. MANUFACTURED BY R. P. HALL & CO., Nashua, N. H.
